REGULATIONS

COMMISSION DELEGATED REGULATION (EU) 2018/707

of 28 February 2018

amending Delegated Regulation (EU) No 639/2014 as regards the eligibility criteria for support for hemp under the basic payment scheme and certain requirements in respect of voluntary coupled support

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1307/2013 of the European Parliament and of the Council of 17 December 2013 establishing rules for direct payments to farmers under support schemes within the framework of the common agricultural policy and repealing Council Regulation (EC) No 637/2008 and Council Regulation (EC) No 73/2009 ⁽¹⁾, and in particular Articles 35(3), 52(9) and 67(1) and (2) thereof,

Whereas:

- (1) Article 9(1) of Commission Delegated Regulation (EU) No 639/2014 ⁽²⁾ requires seed used for the production of hemp to be certified in accordance with Council Directive 2002/57/EC ⁽³⁾. However, Commission Directive 2008/62/EC ⁽⁴⁾ provides for an alternative certification of hemp seed in the case of conservation varieties. Therefore it is appropriate to include a reference to that Directive in Article 9(1) of Delegated Regulation (EU) No 639/2014.
- (2) Pursuant to Article 52 of Regulation (EU) No 1307/2013 Member States may grant coupled support to farmers under the conditions laid down in Chapter 1 of Title IV of that Regulation and in Delegated Regulation (EU) No 639/2014.
- (3) Article 52 of Regulation (EU) No 1307/2013 has been amended by Regulation (EU) 2017/2393 of the European Parliament and of the Council ⁽⁵⁾ in order to provide more clarity with regard to the responsibilities of Member States in respect of the production-limiting character of voluntary coupled support. It is therefore necessary to align the terminology used in Section 1 of Chapter 5 and in Article 67 of Delegated Regulation (EU) No 639/2014 as well as in Annex I to that Regulation with the new wording of Article 52 of Regulation (EU) No 1307/2013. On the basis of the experience gained with the application of Article 53 of Regulation (EU) No 1307/2013, it is also appropriate to update the content of the information to be submitted by the Member States to the Commission in accordance with Annex I to Delegated Regulation (EU) No 639/2014.

⁽¹⁾ OJ L 347, 20.12.2013, p. 608.

⁽²⁾ Commission Delegated Regulation (EU) No 639/2014 of 11 March 2014 supplementing Regulation (EU) No 1307/2013 of the European Parliament and of the Council establishing rules for direct payments to farmers under support schemes within the framework of the common agricultural policy and amending Annex X to that Regulation (OJ L 181, 20.6.2014, p. 1).

⁽³⁾ Council Directive 2002/57/EC of 13 June 2002 on the marketing of seed of oil and fibre plants (OJ L 193, 20.7.2002, p. 74).

⁽⁴⁾ Commission Directive 2008/62/EC of 20 June 2008 providing for certain derogations for acceptance of agricultural landraces and varieties which are naturally adapted to the local and regional conditions and threatened by genetic erosion and for marketing of seed and seed potatoes of those landraces and varieties (OJ L 162, 21.6.2008, p. 13).

⁽⁵⁾ Regulation (EU) 2017/2393 of the European Parliament and of the Council of 13 December 2017 amending Regulations (EU) No 1305/2013 on support for rural development by the European Agricultural Fund for Rural Development (EAFRD), (EU) No 1306/2013 on the financing, management and monitoring of the common agricultural policy, (EU) No 1307/2013 establishing rules for direct payments to farmers under support schemes within the framework of the common agricultural policy, (EU) No 1308/2013 establishing a common organisation of the markets in agricultural products and (EU) No 652/2014 laying down provisions for the management of expenditure relating to the food chain, animal health and animal welfare, and relating to plant health and plant reproductive material (OJ L 350, 29.12.2017, p. 15).

- (4) In accordance with Article 52(3) of Regulation (EU) No 1307/2013, voluntary coupled support may only be granted to sectors or regions where specific types of farming or agricultural sectors undergo certain difficulties. Pursuant to Article 52(3) of Delegated Regulation (EU) No 639/2014, a type of farming or specific agricultural sector can only be considered as being in difficulties if there is a risk of abandonment or of decline of production. As a consequence of the clarification of the responsibilities of Member States in respect of the production-limiting character of voluntary coupled support, such limitation is not justified. It is therefore appropriate to delete Article 52(3) of Delegated Regulation (EU) No 639/2014. It is also appropriate to update the prohibition of cumulating support as laid down in Article 54(3) of that Regulation.
- (5) Delegated Regulation (EU) No 639/2014 should therefore be amended accordingly.
- (6) As the deletion of Article 52(5) of Regulation (EU) No 1307/2013 and the reformulation of Article 52(6) of that Regulation by Regulation (EU) 2017/2393 apply from 1 January 2015, it is appropriate that the corresponding amendments of Delegated Regulation (EU) No 639/2014 apply with respect to aid applications relating to calendar years subsequent to calendar year 2014, with the exception of the provision on the cumulation of support. For reasons of legal certainty, cumulation of support should continue to be determined on the basis of a comparison between the respective objectives of the coupled support measures or other Union measures and policies concerned. In that respect, the objective of voluntary coupled support should be regarded as the maintenance of the current levels of production in accordance with Article 52(5) of Regulation (EU) No 1307/2013 before being amended by Regulation (EU) 2017/2393. The amendment of Article 54(3) of Delegated Regulation (EU) No 639/2014 should therefore apply with respect to aid applications relating to calendar year 2019 and subsequent calendar years.
- (7) With regard to the new provision on the certification of hemp seed, it is appropriate that it applies with respect to aid applications relating to calendar year 2018 and subsequent calendar years,

HAS ADOPTED THIS REGULATION:

Article 1

Amendment of Delegated Regulation (EU) No 639/2014

Delegated Regulation (EU) No 639/2014 is amended as follows:

- (1) in Article 9, paragraph 1 is replaced by the following:

‘1. For the purposes of Article 32(6) of Regulation (EU) No 1307/2013, the eligibility of areas used for the production of hemp shall be subject to the use of seed of the varieties listed in the ‘Common Catalogue of Varieties of Agricultural Plant Species’ on 15 March of the year in respect of which the payment is granted and published in accordance with Article 17 of Council Directive 2002/53/EC (*). The seed shall be certified in accordance with Council Directive 2002/57/EC (**) or in accordance with Article 10 of Commission Directive 2008/62/EC (***) in the case of conservation varieties.

(*) Council Directive 2002/53/EC of 13 June 2002 on the common catalogue of varieties of agricultural plant species (OJ L 193, 20.7.2002, p. 1).

(**) Council Directive 2002/57/EC of 13 June 2002 on the marketing of seed of oil and fibre plants (OJ L 193, 20.7.2002, p. 74).

(***) Commission Directive 2008/62/EC of 20 June 2008 providing for certain derogations for acceptance of agricultural landraces and varieties which are naturally adapted to the local and regional conditions and threatened by genetic erosion and for marketing of seed and seed potatoes of those landraces and varieties (OJ L 162, 21.6.2008, p. 13).;

- (2) in Article 52, paragraph 3 is deleted;

- (3) in Article 53(2), the third subparagraph is replaced by the following:

‘Without prejudice to Article 52(6) of Regulation (EU) No 1307/2013, for the per unit amount of support referred to in the second subparagraph of this paragraph, Member States may decide to apply modulated per unit amounts in respect of certain categories of farmers or at farm level in order to take into account economies of scale resulting from the size of the production structures in the targeted specific type of farming or specific agricultural sector, or, if the measure targets a region or an entire sector, in the region or sector concerned. Article 67(1) of this Regulation shall apply *mutatis mutandis* to the notification of such decisions.’;

(4) in Article 53a, paragraphs 2 and 3 are replaced by the following:

‘2. Where the area or the number of animals eligible for support under a voluntary coupled support measure in the claim year concerned equals to or exceeds the area or the number of animals referred to in Article 52(6) of Regulation (EU) No 1307/2013 as notified in accordance with point (3)(j) of Annex I to this Regulation, the support measure shall not benefit from a transfer of funds from any other support measure(s).

3. Where the area or the number of animals eligible for support under a voluntary coupled support measure in the claim year concerned is lower compared to the area or the number of animals referred to in Article 52(6) of Regulation (EU) No 1307/2013 as notified in accordance with point (3)(j) of Annex I to this Regulation, a transfer of funds shall not result in the per unit amount becoming lower than the ratio between the amount fixed for the financing as notified in accordance with point (3)(i) of that Annex and the area or the number of animals referred to in Article 52(6) of Regulation (EU) No 1307/2013.’;

(5) in Article 54, paragraph 3 is replaced by the following:

‘3. Where support under a certain coupled support measure may also be granted under another coupled support measure, or under a measure implemented under other Union measures and policies, Member States shall ensure that the farmer concerned may receive support aiming at addressing the same difficulty, as referred to in Article 52(3) of Regulation (EU) No 1307/2013 and as defined for that coupled support measure, under only one such measure per sector, region, specific type of farming or specific agricultural sector that is targeted in accordance with that provision.’;

(6) in Article 67(3), point (c) is replaced by the following:

‘(c) for each affected measure, a justification that a transfer is consistent with the production-limiting character of the scheme referred to in Article 52(6) of Regulation (EU) No 1307/2013 and that the decisions notified to the Commission pursuant to Article 54 of that Regulation and paragraphs 1 and 2 of this Article do not become void.’;

(7) Annex I is replaced by the text set out in the Annex to this Regulation.

COMMISSION IMPLEMENTING REGULATION (EU) 2018/708**of 17 April 2018****laying down implementing technical standards with regard to the template to be used by managers of money market funds when reporting to competent authorities as stipulated by Article 37 of Regulation (EU) 2017/1131 of the European Parliament and of the Council****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2017/1131 of the European Parliament and of the Council of 14 June 2017 on money market funds ⁽¹⁾, and in particular Article 37(4) thereof,

Whereas:

- (1) In addition to the reporting requirements laid down in Directives 2009/65/EC ⁽²⁾ and 2011/61/EU ⁽³⁾ of the European Parliament and of the Council, further reporting requirements are needed to ensure that competent authorities can effectively detect, monitor and respond to risks in the money market funds (MMFs) market.
- (2) Article 37 of Regulation (EU) 2017/1131 requires MMFs to provide their competent authorities with a detailed list of information. To ensure consistency throughout the European Union in the way these authorities collect such data, and to ensure that the said authorities are informed of the main developments in the MMF market and can facilitate a collective analysis of the potential impacts of the MMF market in the Union, the information needs to be conveyed to the competent authorities in a uniform fashion throughout the EU. Moreover, using a standard reporting template makes it easier to carry out the procedures and processes associated with MMFs' reporting requirements, and minimises the associated costs.
- (3) To ensure effective supervision within the Union, such data must be forwarded to the European Securities and Markets Authority (ESMA), so that a central database for MMFs is established.
- (4) This Regulation is based on the draft implementing technical standards submitted by ESMA to the Commission.
- (5) ESMA has held an open public consultation on the draft implementing technical standards on which this Regulation is based, analysed the potential related costs and benefits, and requested the opinion of the Securities and Markets Stakeholder Group established by Article 37 of Regulation (EU) No 1095/2010 of the European Parliament and of the Council ⁽⁴⁾.
- (6) The application date of this Implementing Regulation should be aligned with the date of entry into application of Regulation (EU) 2017/1131 in order to enable the national authorities to collect information to be forwarded to ESMA's data base referred to in Article 37(5) of Regulation (EU) 2017/1131.

HAS ADOPTED THIS REGULATION:

Article 1

Managers of money market funds (MMFs) shall use the template in the Annex to this Regulation when reporting to the competent authority of a particular MMF, as stipulated by Article 37 of Regulation (EU) 2017/1131.

COMMISSION IMPLEMENTING REGULATION (EU) 2018/710**of 14 May 2018****renewing the approval of the active substance silthiofam in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market, and amending the Annex to Commission Implementing Regulation (EU) No 540/2011****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1107/2009 of the European Parliament and of the Council of 21 October 2009 concerning the placing of plant protection products on the market and repealing Council Directives 79/117/EEC and 91/414/EEC ⁽¹⁾, and in particular Article 20(1) thereof,

Whereas:

- (1) Commission Directive 2003/84/EC ⁽²⁾ included silthiofam as an active substance in Annex I to Council Directive 91/414/EEC ⁽³⁾.
- (2) Active substances included in Annex I to Directive 91/414/EEC are deemed to have been approved under Regulation (EC) No 1107/2009 and are listed in Part A of the Annex to Commission Implementing Regulation (EU) No 540/2011 ⁽⁴⁾.
- (3) The approval of the active substance silthiofam, as set out in Part A of the Annex to Implementing Regulation (EU) No 540/2011, expires on 31 October 2018.
- (4) An application for the renewal of the approval of silthiofam was submitted in accordance with Article 1 of Commission Implementing Regulation (EU) No 844/2012 ⁽⁵⁾ within the time period provided for in that Article.
- (5) The applicant submitted the supplementary dossiers required in accordance with Article 6 of Implementing Regulation (EU) No 844/2012. The application was found to be complete by the rapporteur Member State.
- (6) The rapporteur Member State prepared a renewal assessment report in consultation with the co-rapporteur Member State and submitted it to the European Food Safety Authority ('the Authority') and the Commission on 22 June 2015.
- (7) The Authority communicated the renewal assessment report to the applicant and to the Member States for comments and forwarded the comments received to the Commission. The Authority also made the supplementary summary dossier available to the public.
- (8) On 1 August 2016 the Authority communicated to the Commission its conclusion ⁽⁶⁾ on whether silthiofam can be expected to meet the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009. The Commission presented the draft renewal report for silthiofam to the Standing Committee on Plants, Animals, Food and Feed on 22 March 2018.
- (9) The applicant was given the opportunity to submit comments on the draft renewal report.

- (10) It has been established with respect to one or more representative uses of at least one plant protection product containing silthiofam that the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009 are satisfied. It is therefore appropriate to renew the approval of silthiofam.
- (11) The risk assessment for the renewal of the approval of silthiofam is based on a limited number of representative uses, which however do not restrict the uses for which plant protection products containing silthiofam may be authorised. It is therefore appropriate to remove the restriction for use only as a herbicide.
- (12) In accordance with Article 14(1) of Regulation (EC) No 1107/2009 in conjunction with Article 6 thereof and in the light of current scientific and technical knowledge, it is, however, necessary to include certain conditions and restrictions. It is, in particular, appropriate to require further confirmatory information.
- (13) The Annex to Implementing Regulation (EU) No 540/2011 should therefore be amended accordingly.
- (14) Commission Implementing Regulation (EU) 2017/1511 ⁽¹⁾ extended the approval period of silthiofam to 31 October 2018 in order to allow the renewal process to be completed before the expiry of the approval of that substance. However, given that a decision on renewal has been taken ahead of that extended expiry date, this Regulation should apply from 1 July 2018.
- (15) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,
