COMMISSION IMPLEMENTING REGULATION (EU) 2021/709**of 29 April 2021****concerning the authorisation of L-histidine monohydrochloride monohydrate produced by *Escherichia coli* KCCM 80212 as a feed additive for all animal species****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1831/2003 of the European Parliament and of the Council of 22 September 2003 on additives for use in animal nutrition ⁽¹⁾, and in particular Article 9(2) thereof,

Whereas:

- (1) Regulation (EC) No 1831/2003 provides for the authorisation of additives for use in animal nutrition and for the grounds and procedures for granting such authorisation.
- (2) In accordance with Article 7 of Regulation (EC) No 1831/2003 an application was submitted for the authorisation of L-histidine monohydrochloride monohydrate. The application was accompanied by the particulars and documents required under Article 7(3) of that Regulation.
- (3) The application concerns the authorisation of L-histidine monohydrochloride monohydrate produced by *Escherichia coli* KCCM 80212 as a feed additive for all animal species, to be classified in the category 'nutritional additives'.
- (4) The European Food Safety Authority ('the Authority') concluded in its opinion of 30 September 2020 ⁽²⁾ that, under the proposed conditions of use, L-histidine monohydrochloride monohydrate produced by *Escherichia coli* KCCM 80212, when supplemented at levels appropriate to the requirements of the target species, does not have an adverse effect on animal health, consumer health or the environment. With respect to the safety of the user of the additive, the Authority stated that L-histidine monohydrochloride monohydrate produced by *Escherichia coli* KCCM 80212 is a skin sensitiser and that there is a risk from exposure to endotoxins by inhalation. Therefore, appropriate protective measures should be taken for this additive to prevent adverse effects on human health, in particular as regards the users of the additive. Furthermore, the Authority concluded that L-histidine monohydrochloride monohydrate produced by *Escherichia coli* KCCM 80212 is an efficacious source of the essential amino acid L-histidine for animal nutrition and that in order to be efficacious in ruminants, the additive should be protected against degradation in the rumen. The Authority considered that there is no need for specific requirements of post-market monitoring. It also verified the report on the method of analysis of the feed additive in feed submitted by the Reference Laboratory set up by Regulation (EC) No 1831/2003.
- (5) The assessment of that substance shows that the conditions for authorisation, as provided for in Article 5 of Regulation (EC) No 1831/2003, are satisfied. Accordingly, the use of that substance should be authorised as specified in the Annex to this Regulation.
- (6) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

L-histidine monohydrochloride monohydrate produced by *Escherichia coli* KCCM 80212 specified in the Annex, belonging to the additive category 'nutritional additives' and to the functional group 'amino acids, their salts and analogues', is authorised as a feed additive subject to the conditions laid down in that Annex.

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

DECISIONS

COUNCIL DECISION (CFSP) 2021/710

of 29 April 2021

appointing the European Union Special Representative for the Middle East Peace Process

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Article 33 and Article 31(2) thereof,

Having regard to the proposal from the High Representative of the Union for Foreign Affairs and Security Policy,

Whereas:

- (1) The resolution of the Israeli-Palestinian conflict is a strategic priority for the Union and the Union must remain actively engaged until that conflict is solved on the basis of the two-State solution.
- (2) The Union is committed to a comprehensive and lasting peace for the entire Middle East region and stands ready to work to that end together with regional and international partners.
- (3) A European Union Special Representative (EUSR) for the Middle East Peace Process should be appointed for a period of 22 months.
- (4) The EUSR will implement the mandate in the context of a situation which may deteriorate and could impede the achievement of the objectives of the Union's external action as set out in Article 21 of the Treaty,

HAS ADOPTED THIS DECISION:

Article 1

European Union Special Representative

Mr Sven KOOPMANS is hereby appointed as the EUSR for the Middle East Peace Process from 1 May 2021 until 28 February 2023. The Council may decide that the mandate of the EUSR be terminated earlier, on the basis of an assessment by the Political and Security Committee (PSC) and a proposal from the High Representative of the Union for Foreign Affairs and Security Policy (HR).

Article 2

Policy objectives

The mandate of the EUSR shall be based on the following policy regarding the Middle East Peace Process (MEPP):

- (a) the overall objective is a just, lasting and comprehensive peace that should be achieved on the basis of a two-State solution, with Israel and a democratic, contiguous, viable, peaceful and sovereign Palestinian State living side by side within secure and recognised borders enjoying normal relations with their neighbours in accordance with the relevant United Nations Security Council Resolutions (UNSCRs) 242 (1967) and 338 (1973) and recalling other relevant UNSCRs, including UNSCR 2334 (2016), the Madrid principles, including land for peace, the Roadmap, the agreements previously reached by the parties, the Arab Peace Initiative and the recommendations of the Middle East Quartet ('the Quartet') of 1 July 2016. In light of the different strands of Israeli-Arab relations, the regional dimension constitutes an essential component for a comprehensive peace;

- (b) in achieving this objective, policy priorities are the preservation of the two-State solution and relaunching and supporting the peace process. Clear parameters defining the basis for negotiations are key elements for a successful outcome and the Union has set out its position with regard to such parameters in the Council conclusions of December 2009, December 2010 and July 2014, which it will continue to actively promote;
- (c) the Union is committed to working with the parties and with partners in the international community, including through participating in the Quartet and actively pursuing appropriate international initiatives to create a new dynamic for the negotiations.

Article 3

Mandate

1. In order to achieve the policy objectives, the mandate of the EUSR shall be to:
 - (a) provide an active and efficient Union contribution to actions and initiatives leading to a final settlement of the Israeli-Palestinian conflict based on the two-state solution and in line with the Union parameters and relevant UNSCRs, including UNSCR 2334 (2016), and put forward proposals for Union action in this regard;
 - (b) facilitate and maintain close contacts with all the parties to the peace process, relevant political actors, other countries of the region, members of the Quartet and other relevant countries, as well as the UN and other relevant international organisations, like the League of Arab States, in order to work with them in strengthening the peace process;

 - (d) pay particular attention to factors affecting the regional dimension of the peace process, to the engagement with Arab partners and to the implementation of the Arab Peace Initiative;
 - (e) work as appropriate to promote and contribute to a possible new framework of negotiations in consultation with all the key stakeholders and the Member States;
 - (f) actively support and contribute to peace negotiations between the parties, including by putting forward proposals on behalf of the Union and in line with its consolidated longstanding policy in the context of those negotiations;
 - (g) ensure the continued presence of the Union in relevant international fora;

 - (j) contribute to political efforts to bring about a fundamental change leading to a sustainable solution for the Gaza Strip which is an integral part of a future Palestinian State and should be addressed in the negotiations;
 - (k) engage constructively with signatories to agreements within the framework of the peace process in order to promote compliance with the basic norms of democracy, including respect for international humanitarian law, human rights and the rule of law;
 - (l) make proposals for Union intervention in the peace process and on the best way of pursuing Union initiatives and ongoing peace-process-related Union efforts, such as the Union's contribution to Palestinian reforms and including the political aspects of relevant Union development projects;
 - (m) engage the parties in refraining from unilateral actions threatening the viability of the two-State solution, notably in Jerusalem and in Area C of the Occupied West Bank;
 - (n) report regularly, as Envoy to the Quartet, on progress and evolution in the negotiations, as well as on the Quartet activities, and contribute to the preparation of Quartet Envoys meetings on the basis of Union positions and through coordination with other Quartet members;

COMMISSION IMPLEMENTING DECISION (EU) 2021/713**of 29 April 2021****postponing the expiry date of approval of sulfuryl fluoride for use in biocidal products of product-types 8 and 18****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 528/2012 of the European Parliament and of the Council of 22 May 2012 concerning the making available on the market and use of biocidal products ⁽¹⁾, and in particular Article 14(5) thereof,

After consulting the Standing Committee on Biocidal Products,

Whereas:

- (1) The active substance sulfuryl fluoride was included in Annex I to Directive 98/8/EC of the European Parliament and of the Council ⁽²⁾ for use in biocidal products of product-types 8 and 18, and pursuant to Article 86 of Regulation (EU) No 528/2012 is therefore considered approved under that Regulation subject to the specifications and conditions set out in Annex I to that Directive.
- (2) On 28 June 2017, an application was submitted in accordance with Article 13(1) of Regulation (EU) No 528/2012 for the renewal of the approval of sulfuryl fluoride for use in biocidal products of product-types 8 and 18.
- (3) On 14 February 2018, the evaluating competent authority of Sweden informed the Commission that it had decided, pursuant to Article 14(1) of Regulation (EU) No 528/2012, that a full evaluation of the application was necessary. Pursuant to Article 8(1) of that Regulation, the evaluating competent authority is to perform a full evaluation of the application within 365 days of its validation.
- (4) As the competent authority is carrying out a full evaluation of the application, in accordance with Article 14(3) of Regulation (EU) No 528/2012, the European Chemicals Agency ('the Agency') is to prepare and submit to the Commission an opinion on renewal of the approval of the active substance within 270 days of receipt of the recommendation from the evaluating competent authority.
- (5) Pursuant to Commission Implementing Decision (EU) 2018/1479 ⁽³⁾, the expiry date of approval of sulfuryl fluoride for use in biocidal products of product-type 8 has been postponed to 30 June 2021, which corresponds to the expiry date of approval of sulfuryl fluoride for use in biocidal products of product-type 18 under Commission Directive 2009/84/EC ⁽⁴⁾, in order to allow sufficient time for the examination of the application. However, the evaluating competent authority has not yet finalised the examination and has not yet submitted its assessment report and the conclusions of its evaluation to the Agency.
- (6) On 18 February 2020, the evaluating competent authority requested the applicant to submit additional information to carry out the evaluation in accordance with Article 8(2) of Regulation (EU) No 528/2012 and has set the deadline of 31 March 2022 for submitting this information.

⁽¹⁾ OJ L 167, 27.6.2012, p. 1.

⁽²⁾ Directive 98/8/EC of the European Parliament and of the Council of 16 February 1998 concerning the placing of biocidal products on the market (OJ L 123, 24.4.1998, p. 1).

⁽³⁾ Commission Implementing Decision (EU) 2018/1479 of 3 October 2018 postponing the expiry date of approval of sulfuryl fluoride for use in biocidal products of product-type 8 (OJ L 249, 4.10.2018, p. 16).

⁽⁴⁾ Commission Directive 2009/84/EC of 28 July 2009 amending Directive 98/8/EC of the European Parliament and of the Council to include sulfuryl fluoride as an active substance in Annex I thereto (OJ L 197, 29.7.2009, p. 67).

- (7) Consequently, the approval of sulfuryl fluoride for use in biocidal products of product-types 8 and 18 is likely to expire before a decision has been taken on its renewal. It is therefore appropriate to postpone the expiry date of approval of sulfuryl fluoride for use in biocidal products of product-types 8 and 18 for a period of time sufficient to enable the completion of the examination of the application.
- (8) Considering the time necessary for the completion of the evaluation by the evaluating competent authority and for the preparation and submission of the opinion by the Agency, it is appropriate to postpone the expiry date of approval to 31 December 2023.
- (9) Except for the expiry date of approval, sulfuryl fluoride remains approved for use in biocidal products of product-types 8 and 18 subject to the specifications and conditions set out in Annex I to Directive 98/8/EC,

HAS ADOPTED THIS DECISION:

Article 1

The expiry date of approval of sulfuryl fluoride for use in biocidal products of product-types 8 and 18 is postponed to 31 December 2023.

Article 2

This Decision shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.
