COMMISSION DELEGATED REGULATION (EU) 2021/702

of 10 December 2020

amending Delegated Regulation (EU) 2015/2195 on supplementing Regulation (EU) No 1304/2013 of the European Parliament and of the Council on the European Social Fund, regarding the definition of standard scales of unit costs and lump sums for reimbursement of expenditure by the Commission to Member States

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1304/2013 of the European Parliament and of the Council of 17 December 2013 on the European Social Fund and repealing Council Regulation (EC) No 1081/2006 ⁽¹⁾, and in particular Article 14(1) thereof,

Whereas:

- (1) With a view to simplifying the use of the European Social Fund ('ESF') and reducing the administrative burden for beneficiaries, it is appropriate to increase the scope of standard scales of unit costs and lump sums available for reimbursement to Member States. The standard scales of unit costs and lump sums for reimbursement to Member States should be established on the basis of data submitted by Member States or published by Eurostat and on the basis of methods commonly agreed, including the methods set out in Article 67(5) and the flat rate established in Article 68b(1) of Regulation (EU) No 1303/2013 of the European Parliament and of the Council ⁽²⁾.
- (2) Taking into account the significant disparities between Member States regarding the level of costs for a particular type of operation, the definition and amounts of standard scales of unit costs and lump sums may differ according to the type of operation and the Member State concerned in order to reflect their specificities.
- (3) France, Czechia, Malta, Italy, Germany, Austria, Lithuania, Poland, Cyprus, Croatia, and Portugal have submitted methods for either amending existing standard scales of unit costs or defining additional standard scales of unit costs for reimbursement by the Commission concerning types of operations not yet covered by Commission Delegated Regulation (EU) 2015/2195 ⁽³⁾.
- (4) For the standard scales of unit costs relating to operations supporting training and counseling services and applicable to all Member States, the amounts should be updated in line with changes to costs.

⁽¹⁾ OJ L 347, 20.12.2013, p. 470.

- (5) For operations where the implementation of an action is impacted by restrictive measures imposed by the competent authorities in a Member State to delay the spread of the coronavirus, conditions for using the standard scales of unit costs and lump sums should be established.
- (6) Delegated Regulation (EU) 2015/2195 should therefore be amended accordingly,

(2) The diploma can be obtained within 13 months after the end of the training, as long as remedial sessions are offered to students.

2. Adjustment of amounts

The amount of unit cost 1. is based partly on a standard scale of unit cost funded entirely by France. Out of the 6 400 EUR, 1 600 EUR correspond to the standard scale of unit cost set out by the “instruction ministérielle du 11 octobre 2013 relative à l’expérimentation Garantie Jeunes prise pour l’application du décret 2013-80 du 1er octobre 2013 ainsi que par l’instruction ministérielle du 20 mars 2014” to cover the costs borne by the Youth Public Employment Services “Missions Locales” to coach each NEET entering the “Garantie Jeunes”.

Unit cost 1. shall be updated by the Member State in line with adjustments under national rules to the standard scale of unit cost of 1 600 EUR mentioned in paragraph 1 above that covers the costs borne by the Youth Public Employment Services.

The amount of unit costs 2. and 3. are based on publicly procured prices for training hours in the respective fields and geographical areas. These amounts will be adjusted when the procurement process for the underlying training courses is repeated according to the following formula:

New price (excl. VAT) = Old price (excl. VAT) × (0,5 + 0,5 × Sr/So)

Sr is the index of employed persons INSEE (identifier 1 567 446) of the last monthly publication at the date of the adjustment

So is the index of employed persons INSEE (identifier 1 567 446) of the monthly publication at the date of submission of the tender for the first adjustment then, for the following adjustments, of the monthly publication of the anniversary date of submission of the tender

The amounts of the unit costs 4, 5, 7, 8 and 9 may be adjusted based on the Reunion inflation rate (INSEE index) – reference year 2017 for unit costs 4,5 and 7; reference year 2018 for unit costs 8 and 9.

The amounts for unit costs 6 may be adjusted according to the price review mechanism in the event of a renewal of the tender of the Reunion Region. The amounts of the scales are updated annually, as of 1 January N on the basis of the latest index known, according to the following formula:

Scale review formula: $B - B0 (Im/I0)$

B – amount of revised scale N

B0 – amount of the initial scale (N-1).

I0 – reference value, the last known value of the SYNTEC index as of January 1, N-1

Im – I0 – 12 months

The intermediate calculations will be carried out with four decimal places, the scale comprising two decimals and the coefficient applicable to rounded P0, if any at the top thousandth.

The selected BSCU scale is the value of 2017. The reference year is therefore 2017 as a starting point for indexing.

Indexing applies to courses that started in year N.

2. Adjustment of amounts

Unit cost 1 may be adjusted by replacing the initial minimum wage and/or the statutory bonus and/or weekly allowances and/or social security contributions in the calculation method that consists of the lowest weekly rate of national minimum wage for a particular year, the statutory bonus, weekly allowances and social security contributions, and dividing this result by 2.

Unit Cost 2 may be adjusted by applying the annual rate of inflation to the respective rates. From 2017, for a given year N, this can be done by applying the inflation rate for year N-1 as published by the Maltese National Statistics Office at: https://nso.gov.mt/en/nso/Selected_Indicators/Retail_Price_Index/Pages/Index-of-Inflation.aspx

Unit costs 3-4 may be adjusted by replacing the initial national minimum wage for persons 18 years or over and/or the statutory bonuses and/or weekly allowances and/or social security contributions in the calculation method that consists of the hourly rate of national minimum wage for persons 18 years or over for a particular year, the statutory bonuses, the weekly allowances and social security contributions.

Adjustments will be based on updated data as follows:

- The national minimum wage is specified in national Subsidiary Legislation 452.71 (National Minimum Wage Standing Order).
- The statutory bonuses, weekly allowances and social security contributions provided for in Chapter 452 of the Maltese legislation on the Employment and Industrial relations Act.

Unit costs 5-9 may be adjusted in line with the cost of inflation at a national level for the relevant year the particular intervention is being undertaken. The annual rates of inflation are published by the National Statistics Office and can be found at: https://nso.gov.mt/en/nso/Selected_Indicators/Retail_Price_Index/Pages/Index-of-Inflation.aspx.

Unit cost 10 will be adjusted in line with inflation according to the country in which the course is being undertaken. For courses awarded by a body that is not based in Malta and for joint study programmes an average of the rates of inflation applicable at the time will be applied.

⁽²⁷⁾ Maximum number of students per training: 3 people

2. Adjustment of amounts

- (a) For standard scales of unit costs 1-9 and 19-20, the amounts may be adjusted where the FOI index (consumer price index for blue and white collar worker households, excluding tobacco products) shows a monetary revaluation equal to or exceeding 5 %. In particular, in a given year y , the adjustment is made if in a period $y+t$ the difference between the benchmarking coefficients shown by the FOI index for such years is equal to or higher than 5 %. The base year applied – and on the basis of which the amounts were adjusted – is 2014. Where this rate is equal to or higher than 5 %, each unit cost may be adjusted accordingly.
- (b) For standard scale of unit costs 10, the rate may be adjusted by replacing the monthly scholarship and/or social security contributions in the calculation method that consists of monthly scholarship plus social security contributions plus an amount for all other costs. Updated data can be found in amendments to the Ministerial Decree of 18.6.2008 (which defines the total gross annual amount of PhD scholarships) and biannual adjustment of the rate of social security contributions (Circular letter No 13 of 29/01/2016 of the Director-General of INPS, the National Institute for Social Security).
- (c) For standard scales of unit costs 11-15, which are based on the historical average number of certificates (output) awarded per module, the rate may be adjusted at the end of each financial year (31/12) following an assessment by the Managing Authority of the implementation of the operations related to each of the unit costs. Where such an assessment shows a divergence in the average number of certificates awarded per module for each type of training as compared to the average number used as the basis for calculating the existing unit cost, then a new unit cost will be calculated according to the following formula:

$$UC_{\text{new}} = UC_{\text{old}} + \text{Variation}$$

where

$$\text{Variation} = UC_{\text{old}} - (UC_{\text{old}} * \text{Output}_{\text{new}} / \text{Output}_{\text{old}})$$

- (d) For standard scales of unit costs 17, the rates will be reviewed every four years and if, taking 2017 as the reference year, there is an increase of more than 5 % an adjustment will be made by ISTAT based on the FOI consumer price index (consumer price index for blue and white collar worker households, excluding tobacco products).
- (e) For standard scales of unit costs 18, the rates may be adjusted following amendments of the current legislation (which includes Law n.240/2010, the Presidential Decree n.232/2011, the Law n.232/2016 (Budget Law 2017), Law n.448/1998 “Misure di finanza pubblica per la stabilizzazione e lo sviluppo”, Law n.335/1995, Legislative Decree n.446/1997, and the Presidential Decree n.1032/1973.) as well as changes of the social security contribution rates.
- (f) The amounts for unit costs 21 and 22 may be adapted following amendments to the legislative provisions of Legislative Decree 77/2002, Directorial Determination (DD) of 19 December 2007 and D.D. n. 348 of 18 May 2016 of the Presidency of the Council of Ministers – Department of Youth and Civilian Service

The amounts of unit costs 1 to 4 may also be adjusted by replacing:

- the national minimum wage rate in Lithuania;
- the maximum expenses that cover vocational training;
- the training scholarship coefficient laid down in the Republic of Lithuanian Law of the Employment Support;
- the 1 kilometre tariff fee approved by the Order of the Minister of Social Security and Labour (20 July, 2010, Order No A1-352 on 1 kilometre tariff approval) in the calculation method; and
- the indirect costs flat rate stated in The Application of Flat rate to Indirect Project Costs Scheme approved by the Order of the Minister of Finance (8 October, 2014, Order No 1K-316 on the projects administration and financing regulation approval);

in the calculation method whereby the total cost of vocational training consists of the total of: vocational training services costs, vocational training scholarships costs, travel expenses to the place of vocational training and back, accommodation costs, costs of compulsory health screening and vaccination against infectious diseases and indirect costs.

The amounts of unit cost 5 may be re-calculated once a year, in year N, when the Lithuanian Department of Statistics (Statistics Lithuania) publishes the annual (in the absence of an annual – quarterly) data on average wage by type of economic activity for year N-1. The adjustment shall be made no later than by the second quarter of year N⁽¹⁾. The amounts are re-calculated based on data about the average wages and salaries from year N-1 (using annual data) or from the latest four quarters (using quarterly data).

The amounts of unit cost 5 may be re-calculated also when the values of the state social insurance contributions, paid by the employer, and contributions to the Guarantee Fund and long-term employment benefits fund change on the basis of established legal acts of the Republic of Lithuania,

⁽¹⁾ The latest official data for the last 12 months (i.e. quarters I to IV of the year concerned) in the private sector with individual enterprises (gross, male and female) are used – <https://www.stat.gov.lt/>

The amount of unit cost 6 may be adjusted by any change in:

- the value of the average monthly wages (gross) in the public sector in the previous calendar year, as announced by the Lithuanian Department of Statistics.
- the rates (by percent) of contributions of the Social Insurance or Guarantee Fund defined in the legal acts of the Republic of Lithuania or legal acts regulating the duration of annual leave.

The amount may be adjusted on 1 July each year and shall be applied only to new contracts.

The amounts of unit cost 7 may be adjusted annually, in year N, using the monthly wage (gross) index of year N-1 as specified by the Lithuanian Department of Statistics compared to year N-2 ⁽²⁾.

The amounts of unit cost 8 may be adjusted using the monthly wage (gross) index annually, in year N, according to the classification of the economic activities (area of scientific research and applied activity, M72) of year N-1, as specified by the Lithuanian Department of Statistics compared to year N-2 ⁽³⁾.

The amount of unit cost 9 may be adjusted annually at the beginning of each year, in year N, taking into account the (public) information provided by the Lithuanian Department of Statistics (Statistics Lithuania) and applying the consumer price change calculated based on the consumer price index ⁽⁴⁾ of year N-1 compared to year N-2.'

6. Managing new child care places for children of up to 3 years of age at a crèche, a kids club, and within the institution of a day-care provider, newly-created under the project as referred to in the “Act on Care for Children up to the age of 3” ⁽²⁾ and occupied for one month, under the 16 Regional Operational Programmes – priority axis 8(iv).	a) Newly created care place for children of up to 3 years of age at a crèche. b) Newly created care place for children of up to 3 years of age at a kids club. c) Newly-created care place for children of up to 3 years of age at a day-care provider. ⁽¹⁾ As defined in the Act of 27 August 1997 on Vocational and Social Rehabilitation and Employment of Persons with Disabilities, <http://isap.sejm.gov.pl/DetailsServlet?id=WDU19971230776>

⁽²⁾ Dz.U. 2011 nr 45 poz. 235 – <http://prawo.sejm.gov.pl/isap.nsf/DocDetails.xsp?id=WDU20110450235>.

⁽³⁾ The amount to be paid depends on the presence rate of a child in the crèche, kids club or day-care:

1. attendance of at least 75 % in a month – full payment;
2. attendance between 20 % and 75 % in a month – 75 % of payment;
3. attendance below 20 % in a month – no payment.

Non-compliance with the durability requirement will result in ineligibility of the operation.

2. Adjustments of amounts.

In the event of changes in the Erasmus+ national rates, which form the basis for the unit costs of type 1 to 5 set in this regulation, the managing authority may adjust the rates accordingly. If the Erasmus+ rates change, the same change may be reflected in the respective standard scale of unit costs for new calls (i.e. calls launched after the new Erasmus+ rates come into force). For operations 1-4, the formula used to update the respective daily rates is $(14 \times A + 46 \times B)/60$, where “A” represents the daily rate from the Polish Erasmus+ programme for the first 14 days of the stay abroad and “B” the remaining 46 days.

Unit costs of type 6 shall be updated annually if the indexation factor exceeds 3 %. The indexation factor is based on the change of average remuneration, specified in Communications of the President of Statistics Poland. The 3rd quarter of 2019 is a starting point, which means that the first unit costs update will take place when the average remuneration for the 3rd quarter of 2020 compared to the corresponding quarter of the previous year will increase by over 3 %. In the following periods, the 3rd quarter of 2019 or the 3rd quarter of the indexation year is the starting point.’

Conditions for reimbursement of expenditure on the basis of standard scales of unit costs to all Member States specified.

Type of operations	Indicator name	Category of costs	Measurement unit for the indicators	Amounts (in EUR)
1. Formal education operations (from early childhood education to tertiary level including formal vocational education) in all ESF operational programmes, except types of operations for which other simplified cost options have been established in another annex to this Delegated Regulation.	Participants in an academic year of formal education.	All eligible costs directly related to providing core goods and services of education ⁽¹⁾ .	Number of participants with verified enrolment ⁽²⁾ in an academic year of formal education, differentiated by ISCED ⁽³⁾ classification.	See point 3.1 ⁽⁴⁾ The amounts are for full-time participation in an academic year. In case of part-time participation the amount shall be established on a pro rata basis reflecting the participation of the student. In case the course lasts less than one academic year, the amount shall be established on a pro rata basis reflecting the duration of the course. For vocational and educational training (upper secondary level and non-tertiary post-secondary level) courses where there is a reduced share of time spent in a formal education institute as compared to the courses reported for data collection during the reference year, the amount shall be proportionally reduced reflecting the time spent in the education institute.
2. Any operations concerning training ⁽⁵⁾ of registered unemployed, job-seekers or inactive people, except types of operations for which other simplified cost options have been established in another annex to this Delegated Regulation.	Participants who have successfully completed a training course ⁽⁶⁾ .	All eligible costs of the operation except allowances paid to participants, including transport allowances.	Number of participants who have successfully completed a training course.	See column 3.2.1 of Table at point 3.2. For those Regions of Member States listed in point 3.3: — the amounts set out in point 3.2 for the relevant Member State shall be multiplied by the index for the relevant regional Operational Programme set out in point 3.3; — where an operational programme covers more than one region, the amount to be reimbursed shall be calculated using the index for the region in which the operation or project is implemented.

Type of operations	Indicator name	Category of costs	Measurement unit for the indicators	Amounts (in EUR)
				Where these unit costs are used in payment applications submitted to the Commission for an operation under an Operational Programme, the applicable unit cost shall also be used for all operations concerning training of registered unemployed, job-seekers or inactive people under the same Operational Programme. In case an Operational Programme covers more than one region and is delivered through several Intermediate Bodies, the obligation to use the applicable unit costs in payment applications submitted to the Commission for all operations concerning training of registered unemployed, job-seekers or inactive people only applies at the level of the Intermediate Body that uses the unit cost.
3. Any operations concerning the provision of employment-related counselling services ⁽⁷⁾ to registered unemployed, job-seekers or inactive people, except types of operations for which other simplified cost options have been established in another annex to this Delegated Regulation.	1. Hourly rate for provision of counselling services 2. Monthly rate for provision of counselling services 3. Annual rate for provision of counselling services	All eligible costs of the operation, except allowances paid to participants	1. Number of hours of counselling services provided ⁽⁸⁾ 2. Number of months of counselling services provided 3. Number of years of counselling services provided	When applying the monthly or yearly rate in case of part-time provision, the amount shall be established on a pro rata basis of the monthly or yearly rate. See column 3.2.2, 3.2.3 and 3.2.4 of Table at point 3.2. For those Regions of Member States listed in point 3.3: — the amounts set out in point 3.2 for the relevant Member State shall be multiplied by the index for the relevant regional Operational Programme set out in point 3.3; — where an operational programmes covers more than one region, the amount to be reimbursed shall be calculated using the index for the region in which the operation or project is implemented.

4. Any operations concerning the provision of training to employed persons, except types of operations for which other simplified cost options have been established in another annex to this Delegated Regulation.	1. Hourly rate of training provided to employed persons 2. Hourly rate of salary paid to an employee while on a training course.	All eligible costs of the operation. Where the salary of the employee while on a training course is not an eligible cost, only unit cost 1 shall be reimbursed. Where the salary of the employee while on training is considered as an eligible cost, the combined amount from unit costs 1 and 2 may be reimbursed.	1. Number of completed hours ⁽⁹⁾ of training to employed persons per participant. 2. Number of hours of salary paid to employees while on a training course ⁽¹⁰⁾.	See column 3.2.5 and 3.2.6 of Table at point 3.2. For those Regions of Member States listed in point 3.3: — the amounts set out in point 3.2 for the relevant Member State shall be multiplied by the index for the relevant regional Operational Programme set out in point 3.3; — where an operational programmes covers more than one region, the amount to be reimbursed shall be calculated using the index for the region in which the operation or project is implemented.

In case an Operational Programme covers more than one region and is delivered through several Intermediate Bodies, the obligation to use the applicable unit costs in payment applications submitted to the Commission for all operations concerning the provision of training to employed persons only applies at the level of the Intermediate Body that uses the unit cost.

- (¹) Other potential eligible costs of this type of operation, such as allowances, transport, accommodation or other type of support provided to students participating in these types of operations, are not covered by the unit cost.
- (²) Verified enrolment means that proof of the enrolment of the student in the formal education or training course is to be verified by national authorities on two or three occasions during the academic year, in accordance with each Member State's normal practices and procedures for verifying enrolment in formal education or training.
- (³) International Standard Classification of Education: [http://ec.europa.eu/eurostat/statistics-explained/index.php/International_Standard_Classification_of_Education_\(ISCED\)](http://ec.europa.eu/eurostat/statistics-explained/index.php/International_Standard_Classification_of_Education_(ISCED))
- (⁴) The table in point 3.1 sets out rates for all Member States with the exception of Denmark for which data is not currently available. For courses lasting at least one full academic year, these amounts can be reimbursed to the Member State on the following basis: 50 % for the first proof of enrolment during the academic year (normally at the beginning of the academic year, in accordance with national rules and practices), 30 % for the second proof of enrolment and 20 % for the third and final proof of enrolment. For those Member States whose national systems provide for this information to be collected only twice per year, or for courses lasting less than one full academic year, it will be 50 % for the first proof of enrolment and 50 % for the second and final proof of enrolment.
- (⁵) The training courses can be primarily either institutional or workplace-based, but must be delivered at least partly in an institutional setting.
- (⁶) A training course will be considered as 'successfully completed' when there is a document demonstrating completion in accordance with national rules or practices. For example, this could be a certificate issued by the training provider or an equivalent document which is acceptable under national rules or practices.
The condition of successfully completing a training course shall not be regarded as being met where a participant successfully only completes some of the modules within a training course.
- (⁷) Employment-related counselling services can be provided in a one-on-one situation or as part of a group. They include all services and activities undertaken by the PES and services provided by other public agencies or any other public bodies, which facilitate the integration of unemployed and other jobseekers in the labour market or which assist employers in recruiting and selecting staff.

2. Adjustment of Amounts.

For the unit cost under point 2, the amount may be adjusted each year based on the latest Labour Cost Index (LCI) ⁽¹⁾ data on economic activities in the area of 'Education'. The adjustment shall be based on the following formula:

$$AdjustedSCO_1 = BaseSCO_1 * LCI_{Education\ latest}$$

LC – Labour cost index by NACE Rev. 2 activity – nominal value, annual data [lc_lci_r2_a] NACE Rev. 2 (activity = P. Education)

For the unit cost under point 3, the amount may be adjusted each year based on the latest Labour Cost Index (LCI) ⁽²⁾ data on economic activities in the area of public administration.

For the hourly rate, the adjustment shall be based on the following formula:

$$AdjustedSCO_{2,1} = BaseSCO_{2,1} * LC_{Publicadministration\ latest}$$

LC – Labour cost index by NACE Rev. 2 activity – nominal value, annual data [lc_lci_r2_a] NACE Rev. 2 (activity = O. Public administration and defence; compulsory social security)

For the monthly and annual rate respectively, the adjustment shall be based on the following formulas:

$$AdjustedSCO_{2,2} = AdjustedSCO_{2,1} * Ti * 4,348121417$$

$$AdjustedSCO_{2,3} = AdjustedSCO_{2,2} * Ti * 52,177457$$

T_i – average hours worked per week of full-time employment [lfsa_ewhuis] in country I;

4,348121417 – number of work days per month;

52,177457 – number of weeks per year;

For the first unit cost under point 4 (hourly rate of training provided to employed persons), the amount may be adjusted each year based on the latest data from Eurostat's Harmonised Index of Consumer Prices (HICP) ⁽³⁾, in particular the annual average index for: services (overall index excluding goods "SERV"); catering services ("CP111"); accommodation ("CP112") and data for the Labour Cost Index (LCI) ⁽⁴⁾ for the economic activity "Education" (NACE Rev. 2, P). The formulas to be applied shall be the following:

$$1. HICP_{lastest} = \frac{HICP_{services\ lastest} + HICP_{catering\ lastest} + HICP_{accommodation\ lastest}}{3}$$

HICP – Harmonised Index of Consumer Prices (HICP) – annual data (average index and rate of change) [prc_hicp_aind]. COICOP 3 digit = services (overall index excluding goods "SERV"); catering services ("CP111"); accommodation ("CP112").

$$2. AdjustedSCO_{3,1} = BaseSCO_{3,1} * Ti * \frac{HICP_{lastest} + LC_{Education\ latest}}{2}$$

LC – Labour cost index by NACE Rev. 2 activity – nominal value, annual data [lc_lci_r2_a]. NACE Rev. 2 (activity = P. Education)

For the second unit cost under point 4 (hourly rate of salary paid to an employee while on a training course), the amount may be adjusted each year based on the latest Labour Cost Index (LCI) ⁽⁵⁾ data on economic activities in the area of “Administrative and support services”. The adjustment shall be based on the following formula:

$$AdjustedSCO_{3,2} = BaseSCO_{3,2} * LC_{Adminsupport\ latest}$$

LC – Labour cost index by NACE Rev. 2 activity – nominal value, annual data [lc_lci_r2_a], NACE Rev. 2 (activity = N. Administrative and support service activities)
