THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1069/2009 of the European Parliament and of the Council of 21 October 2009 laying down health rules as regards animal by-products and derived products not intended for human consumption and repealing Regulation (EC) No 1774/2002 ('Animal by-products Regulation') ⁽¹⁾, and in particular Article 41(3), first and third subparagraphs, Article 42(2), first subparagraph, introductory phrase and points (a) and (b), and second subparagraph thereof,

Whereas:

- (1) Commission Regulation (EU) No 142/2011 ⁽²⁾ lays down implementing measures for the public and animal health rules for animal by-products and derived products laid down in Regulation (EC) No 1069/2009, including the lists of third countries authorised for imports into and transit through the Union of animal by-products and derived products.
- (2) More specifically, Annex XIV to Regulation (EU) No 142/2011 refers to the lists of third countries authorised for imports into and transit through the Union of certain animal by-products and derived products, in particular, by cross-references to the lists of third countries authorised for imports into and transit through the Union of products of animal origin for human consumption laid down in other Commission acts.

⁽¹⁾ OJ L 300, 14.11.2009, p. 1.

⁽²⁾ Commission Regulation (EU) No 142/2011 of 25 February 2011 implementing Regulation (EC) No 1069/2009 of the European Parliament and of the Council laying down health rules as regards animal by-products and derived products not intended for human consumption and implementing Council Directive 97/78/EC as regards certain samples and items exempt from veterinary checks at the border under that Directive (OJ L 54, 26.2.2011, p. 1).

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1831/2003 of the European Parliament and of the Council of 22 September 2003 on additives for use in animal nutrition ⁽¹⁾, and in particular Article 9(2) thereof,

Whereas:

- (1) The use of tincture derived from *Artemisia vulgaris* L. (mugwort tincture) as a feed additive for all animal species was authorised by Commission Implementing Regulation (EU) 2021/421 ⁽²⁾ for a 10-year period.
- (2) The use of ginger essential oil from *Zingiber officinale* Roscoe as a feed additive for all animal species, ginger oleoresin from *Zingiber officinale* Roscoe as a feed additive for chickens for fattening, laying hens, turkeys for fattening, piglets, pigs for fattening, sows, dairy cows, veal calves (milk replacers), cattle for fattening, sheep, goats, horses, rabbits, fish and pets and ginger tincture from *Zingiber officinale* Roscoe as a feed additive for horses and dogs was authorised by Commission Implementing Regulation (EU) 2021/485 ⁽³⁾ for a 10-year period.
- (3) The use of turmeric extract, turmeric oil, turmeric oleoresin from *Curcuma longa* L. rhizome as feed additives for all animal species and turmeric tincture from *Curcuma longa* L. rhizome as a feed additive for horses and dogs was authorised by Commission Implementing Regulation (EU) 2021/551 ⁽⁴⁾ for a 10-year period.
- (4) In the Annexes to Implementing Regulations (EU) 2021/421, (EU) 2021/485 and (EU) 2021/551, an incorrect provision for the labelling of the recommended maximum content of the active substances in premixtures was inserted in the column 'Other provisions'. That provision should only apply to the additives themselves.

⁽¹⁾ OJ L 268, 18.10.2003, p. 29.

⁽²⁾ Commission Implementing Regulation (EU) 2021/421 of 9 March 2021 concerning the authorisation of tincture derived from *Artemisia vulgaris* L. (mugwort tincture) as a feed additive for all animal species (OJ L 83, 10.3.2021, p. 21).

- (5) Implementing Regulations (EU) 2021/421, (EU) 2021/485 and (EU) 2021/551 should therefore be corrected accordingly. For the sake of clarity, it is appropriate to replace the whole Annex to those Implementing Regulations.
- (6) In order to allow feed business operators to adapt the labelling of the additives and feed containing them to the corrected terms of authorisation, a transitional period should be provided for as regards the placing on the market of those products.
- (7) In order to preserve the legitimate expectations of the interested parties in relation to the terms of the authorisation of these additives, this Regulation should enter into force as a matter of urgency.
- (8) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

of 3 March 2022

on the position to be taken on behalf of the European Union in the World Forum for Harmonisation of Vehicle Regulations of the United Nations Economic Commission for Europe as regards the proposals for modifications to UN Regulations Nos 0, 9, 10, 13, 39, 46, 51, 53, 55, 63, 78, 79, 90, 107, 108, 109, 116, 117, 121, 125, 141, 142, 148, 149, 152, 154, 155, 160, 161, 162 and 163, as regards the proposal for a new UN Regulation on studded tyres, as regards the proposal for a new UN Global Technical Regulation on in-vehicle battery durability for electric vehicles, as regards the proposal for amendments to Consolidated Resolution R.E.5, as regards the proposal for authorisation to develop amendment 4 to UN GTR No 3, and as regards the proposal for authorisation to develop a new UN Global Technical Regulation on brake particulate emissions

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 114, in conjunction with Article 218(9) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) By Council Decision 97/836/EC ⁽¹⁾, the Union acceded to the Agreement of the United Nations Economic Commission for Europe (UNECE) concerning the adoption of uniform technical prescriptions for wheeled vehicles, equipment and parts which can be fitted to and/or be used on wheeled vehicles and the conditions for reciprocal recognition of approvals granted on the basis of those prescriptions ('Revised 1958 Agreement'). The Revised 1958 Agreement entered into force on 24 March 1998.
- (2) By Council Decision 2000/125/EC ⁽²⁾, the Union acceded to the Agreement concerning the establishing of global technical regulations for wheeled vehicles, equipment and parts, which can be fitted and/or be used on wheeled vehicles ('Parallel Agreement'). The Parallel Agreement entered into force on 15 February 2000.
- (3) Regulation (EU) 2018/858 of the European Parliament and of the Council ⁽³⁾ lays down administrative provisions and technical requirements for the type-approval and placing on the market of all new vehicles, systems, components and separate technical units. That Regulation incorporates regulations adopted under the Revised 1958 Agreement ('UN Regulations') in the EU type-approval system, either as requirements for type-approval or as alternatives to Union legislation.

⁽¹⁾ Council Decision 97/836/EC of 27 November 1997 with a view to accession by the European Community to the Agreement of the United Nations Economic Commission for Europe concerning the adoption of uniform technical prescriptions for wheeled vehicles, equipment and parts which can be fitted to and/or be used on wheeled vehicles and the conditions for reciprocal recognition of approvals granted on the basis of these prescriptions ('Revised 1958 Agreement') (OJ L 346, 17.12.1997, p. 78).

⁽²⁾ Council Decision 2000/125/EC of 31 January 2000 concerning the conclusion of the Agreement concerning the establishing of global technical regulations for wheeled vehicles, equipment and parts which can be fitted and/or be used on wheeled vehicles ('Parallel Agreement') (OJ L 35, 10.2.2000, p. 12).

⁽³⁾ Regulation (EU) 2018/858 of the European Parliament and of the Council of 30 May 2018 on the approval and market surveillance of motor vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles, amending Regulations (EC) No 715/2007 and (EC) No 595/2009 and repealing Directive 2007/46/EC (OJ L 151, 14.6.2018, p. 1).

- (4) Pursuant to Article 1 of the Revised 1958 Agreement and Article 6 of the Parallel Agreement, the UNECE World Forum for Harmonisation of Vehicle Regulations ('UNECE WP.29') may adopt proposals for modifications to UN Regulations, UN Global Technical Regulations ('UN GTRs') and UN Resolutions as well as proposals for new UN Regulations, UN GTRs and UN Resolutions concerning the approval of vehicles. Moreover, pursuant to those provisions, UNECE WP.29 may adopt proposals for authorisations to develop amendments to UN GTRs or to develop new UN GTRs and may adopt proposals for the extension of mandates for UN GTRs.
- (5) At the 186th session of the World Forum to be held between 8 and 11 March 2022, UNECE WP.29 intends to adopt the proposals for modifications to UN Regulations Nos 0, 9, 10, 13, 39, 46, 51, 53, 55, 63, 78, 79, 90, 107, 108, 109, 116, 117, 121, 125, 141, 142, 148, 149, 152, 154, 155, 160, 161, 162 and 163, the proposal for a new UN Regulation on studded tyres, the proposal for a new UN GTR on in-vehicle battery durability for electric vehicles and the proposal for amendments to Consolidated Resolution R.E.5. Moreover, UNECE WP.29 intends to adopt the proposal for authorisation to develop amendment 4 to UN GTR No 3 on motorcycle braking and the proposal for authorisation to develop a new UN GTR on brake particulate emissions.
- (6) It is appropriate to establish the position to be taken on the Union's behalf in UNECE WP.29, as regards the adoption of those proposals, as the UN Regulations will be binding on the Union and, together with the UN GTRs and UN Resolutions, capable of decisively influencing the content of Union law in the field of vehicle type-approval.
- (7) In the light of experience and technical developments, the requirements relating to certain elements or features covered by UN Regulations Nos 0, 9, 10, 13, 39, 46, 51, 53, 55, 63, 78, 79, 90, 107, 108, 109, 116, 117, 121, 125, 141, 142, 148, 149, 152, 154, 155, 160, 161, 162 and 163, need to be amended, corrected or supplemented.
- (8) In order to allow for technical progress and in order to improve vehicle safety and reduce environmental footprint, a new UN Regulation on studded tyres and a new UN GTR on in-vehicle battery durability for electric vehicles need to be adopted.
- (9) In addition, certain provisions in the UN Resolution R.E.5 on common specification of light source categories need to be amended,

HAS ADOPTED THIS DECISION:

Article 1

The position to be taken on behalf of the European Union in the 186th session of the UNECE World Forum for Harmonisation of Vehicle Regulations to be held between 8 and 11 March 2022 shall be to vote in favour of the proposals listed in the Annex to this Decision.

Article 2

This Decision shall enter into force on the date of its adoption.

Done at Brussels, 3 March 2022.
