REGULATIONS

COUNCIL REGULATION (EU) 2022/515

of 31 March 2022

amending Regulation (EU) 2022/109 fixing for 2022 the fishing opportunities for certain fish stocks and groups of fish stocks applicable in Union waters and for Union fishing vessels in certain non-Union waters

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 43(3) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) Council Regulation (EU) 2022/109 ⁽¹⁾ fixes for 2022 the fishing opportunities for certain fish stocks and groups of fish stocks applicable in Union waters and for Union fishing vessels in certain non-Union waters.
- (2) On 21 December 2021, the Union agreed with the United Kingdom on the setting of a large number of total allowable catches (TACs) for 2022 for stocks listed in Annex 35 to the Trade and Cooperation Agreement between the Union and United Kingdom (TCA) ⁽²⁾. The outcome of the consultations was documented in the Written Record, which was endorsed by the Council on 21 December 2021 and signed on the same day by the Head of Delegation of the United Kingdom and by the Commission representative on behalf of the Union, in accordance with Article 498(6) of the TCA and Council Decision (EU) 2021/1875 ⁽³⁾.
- (3) The Written Record is a result of consultations conducted by the Union with the United Kingdom in accordance with Article 498(2), Article 498(4), points (a) to (d), and Article 498(6) of the TCA, with the objectives and principles set out in Articles 2, 3, 28 and 33 of Regulation (EU) No 1380/2013 of the European Parliament and of the Council ⁽⁴⁾, Articles 4 and 5 of Regulations (EU) 2019/472 ⁽⁵⁾ and 2018/973 ⁽⁶⁾ of the European Parliament and of the Council,

⁽¹⁾ Council Regulation (EU) 2022/109 of 27 January 2022 fixing for 2022 the fishing opportunities for certain fish stocks and groups of fish stocks applicable in Union waters and for Union fishing vessels in certain non-Union waters (OJ L 21, 31.1.2022, p. 1).

⁽²⁾ Trade and Cooperation Agreement between the European Union and the European Atomic Energy Community, of the one part, and the United Kingdom of Great Britain and Northern Ireland, of the other part (OJ L 149, 30.4.2021, p. 10).

⁽³⁾ Council Decision (EU) 2021/1875 of 22 October 2021 concerning the position to be adopted on behalf of the Union in the annual consultations with the United Kingdom to agree on total allowable catches (OJ L 378, 26.10.2021, p. 6).

⁽⁴⁾ Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy, amending Council Regulations (EC) No 1954/2003 and (EC) No 1224/2009 and repealing Council Regulations (EC) No 2371/2002 and (EC) No 639/2004 and Council Decision 2004/585/EC (OJ L 354, 28.12.2013, p. 22).

⁽⁵⁾ Regulation (EU) 2019/472 of the European Parliament and of the Council of 19 March 2019 establishing a multiannual plan for stocks fished in the Western Waters and adjacent waters, and for fisheries exploiting those stocks, amending Regulations (EU) 2016/1139 and (EU) No 2018/973, and repealing Council Regulations (EC) No 811/2004, (EC) No 2166/2005, (EC) No 388/2006, (EC) No 509/2007 and (EC) No 1300/2008 (OJ L 83, 25.3.2019, p. 1).

⁽⁶⁾ Regulation (EU) 2018/973 of the European Parliament and of the Council of 4 July 2018 establishing a multiannual plan for demersal stocks in the North Sea and the fisheries exploiting those stocks, specifying details of the implementation of the landing obligation in the North Sea and repealing Council Regulations (EC) No 676/2007 and (EC) No 1342/2008 (OJ L 179, 16.7.2018, p. 1).

and Decision (EU) 2021/1875. The Union position was based during the consultations on the best available scientific advice as provided by the International Council for the Exploration of the Sea (ICES) in accordance with Article 494(3), point (c), of the TCA.

- (4) It is therefore necessary to replace the provisional TACs that were established in Regulation (EU) 2022/109 in accordance with the fishing opportunities agreed in the Written Record and to implement other measures functionally linked to the fishing opportunities also agreed in the Written Record.
- (5) Such fishing opportunities for 2022 will allow for long-term environmentally sustainable fishing activities, managed with the aim of achieving economic, social and employment benefits and contributing to the availability of food supplies, including the promotion of a level playing field for Union operators where stocks are shared with the United Kingdom.
- (6) There are certain stocks for which ICES, while assessing them against maximum sustainable yield (MSY), has issued scientific advice for no catches. If TACs for those stocks were established at the level indicated in such scientific advice, the obligation to land all catches both in the Union and United Kingdom waters, including by-catches from those stocks, in mixed fisheries, would lead to the phenomenon of 'choke species'. In order to balance the need for the continuation of those mixed fisheries in view of the potentially severe socioeconomic implications of complete interruption of those fisheries with the need to achieve a good biological status for those stocks, and taking into account the difficulty of fishing all stocks in a mixed fishery at MSY at the same time, the Union and the United Kingdom agreed that it is appropriate to establish specific TACs for by-catches for those stocks. Those TACs should be set at a level which decreases mortality for those stocks and provides incentives for improvements in selectivity and avoidance. The levels of the fishing opportunities for those stocks should be established in accordance with the Written Record in order to ensure a level playing field for Union operators while providing for the significant recovery of the biomass of those stocks.
- (7) Since the biomass of certain blue ling (BLI/12INT, BLI/24, BLI/03A), cod (COD/5BE6A, COD/7XAD34), herring (HER/7G-K) and whiting (WHG/07A) stocks are below the biomass reference points (B_{lim}), the Union and the United Kingdom agreed in the Written Record that it is necessary that Member States do not apply Article 15(9) of Regulation (EU) No 1380/2013 in respect of those stocks for transfers from 2021 to 2022, so that catches in 2022 do not exceed the TAC established for those stocks. The Union and the United Kingdom also agreed that the same applies for one stock of picked dogfish (DGS/15X14), which is a prohibited species under Article 18(1), point (o), of Regulation (EU) 2022/109.
- (8) The Union sought with the United Kingdom to find the highest possible level of convergence in the application of the landing obligation, including *de minimis* and survivability exemptions, to ensure adherence to conservation objectives and a level playing field. The fishing opportunities that were agreed with the United Kingdom for stocks of species to which the landing obligation applies take into account the fact that discarding is in principle no longer allowed. The amounts that, by way of exception, may continue to be discarded during the operation of the landing obligation were therefore deducted from the advice figure for total catches as provided by ICES.
- (9) The Union and the United Kingdom agreed to continue the approach developed for the conservation of the northern stock of European seabass (*Dicentrarchus labrax*), as set out in Article 11 of Regulation (EU) 2021/92 ⁽⁷⁾. According to that approach, the overall fishing pressure on the stock is to remain below, or equal to, that advised by ICES. Therefore, catch limitation measures should continue to be established for 2022 for that stock in ICES divisions 4b, 4c, 7a, and 7d to 7h. In light of the advice provided by ICES, the Union and the United Kingdom agreed to increases in catch limits for fishing activities using hooks and lines, and fixed gillnets. The Union and the United Kingdom also agreed a change from monthly to bi-monthly limits for trawls and seines. The Union and the United Kingdom also agreed to prioritise the improvement of the ICES assessment tool for European seabass to allow for forecast calculations on the basis of MSY models. The Union and the United Kingdom further agreed that it is necessary to maintain the existing catch limitation measures applicable to recreational fishing. Since the provisional catch limits are now being replaced with catch limits for the full year, the relevant catch limitation measures should also cover the period from 1 April to 31 December 2022.

⁽⁷⁾ Council Regulation (EU) 2021/92 of 28 January 2021 fixing for 2021 the fishing opportunities for certain fish stocks and groups of fish stocks, applicable in Union waters and, for Union fishing vessels, in certain non-Union waters (OJ L 31, 29.1.2021, p. 31).

- (10) Regulation (EU) 2022/109 provides for a rollover of 2022 seasonal closures for sandeel (*Ammodytes* spp.) fisheries using certain towed gear in ICES divisions 2a and 3a and in ICES subarea 4. Since the provisional TAC, covering the period from 1 January to 31 March 2022, will now be replaced with a definitive TAC for the full year, the applicable closure period should also cover the period from 1 August to 31 December 2022.
- (11) In Regulation (EU) 2022/109, the TAC for sandeel in ICES divisions 2a and 3a and in ICES subarea 4 was set at zero pending the publication of the relevant scientific advice, provided by ICES, which became available on 25 February 2022. In accordance with the procedure provided for in the TCA, the Union has held bilateral consultations with the United Kingdom on the level of fishing opportunities for sandeel in ICES divisions 2a and 3a and in ICES subarea 4 for 2022. The Union and the United Kingdom have agreed on a total allowable catch of 167 558 tonnes, to be distributed across all seven sandeel management areas. The Union and the United Kingdom have also agreed to monitoring TACs in management areas 1r and 4, and to the continuation of footnotes with by-catch percentages for whiting and mackerel catches. In addition, the Union and the United Kingdom have agreed that the banking of unutilised quota between years should apply at the management area level. Finally, in the case of sandeel in the management area 4 (SAN/234_4), the Union and the United Kingdom further agreed that no more than 800 tonnes of unutilised quota allocated for 2021 can be fished in 2022.
- (12) Regulation (EU) 2022/109 provides for fishing opportunities for 2022 for North Sea herring (*Clupea harengus*). Those fishing opportunities should be adjusted to bring them into line with the historic allocation key for Sweden as set out in Article 121(1) of the Act concerning the conditions of accession of the Kingdom of Sweden to the European Union ⁽⁸⁾, as modified by Council Decision 95/1/EC, Euratom, ECSC ⁽⁹⁾.
- (13) Regulation (EU) 2022/109 sets a provisional TAC for anchovy (*Engraulis encrasicolus*) in ICES subarea 8 applying from 1 January 2022 to 30 June 2022, pending the availability of scientific advice. ICES released the scientific advice for that stock for 2022 on 17 December 2021. The TAC for that stock for 2022 should therefore be amended in line with that advice.
- (14) Regulation (EU) 2022/109 established for the first quarter of 2022 a provisional Union quota of 4 500 tonnes for Union fleets fishing for cod (*Gadus morhua*) in Spitzbergen (Svalbard) waters and international waters of ICES subarea 1 and division 2b. As the discussions with Norway on equal and non-discriminatory access to Svalbard waters for Union fleets fishing for cod in that area are ongoing, it is appropriate that the Union extend the period of application of that Union quota of 4 500 tonnes until 30 April 2022.
- (15) The Union quota for Mediterranean albacore (*Thunnus alalunga*) was provisionally determined on 10 February 2022 by the International Commission for the Conservation of Atlantic Tunas (ICCAT) Working Group dedicated to establishing the allocation key at ICCAT level, as per paragraph 3 of the ICCAT Recommendation 21-06, and will be subject to endorsement by ICCAT at its annual meeting in 2022. The Union quota for Mediterranean albacore and its internal allocation should be implemented in Union law. Moreover, the Union notified ICCAT of its choices of closure periods and reference year for the capacity limitation to be applied with respect to the Union's Mediterranean albacore fishery. Those choices should be implemented in Union law.
- (16) Fishing effort limits for Union vessels fishing for bluefin tuna (*Thunnus thynnus*) in the ICCAT Convention Area and maximum input and capacity for farms of bluefin tuna are based on information provided in the annual fishing plan, the annual capacity management plan and the annual farming management plan for bluefin tuna. Member States transmit those plans to the Commission, in accordance with Article 6(1) of Regulation (EU) 2016/1627 of the European Parliament and of the Council ⁽¹⁰⁾. The fishing effort and maximum input and farming capacity are then reported by the Commission to the ICCAT Secretariat through the Union fishing and capacity management plan for discussion and approval by ICCAT. ICCAT endorsed the Union fishing and capacity management plan on 3 March 2022. The fishing effort and maximum input and farming capacity contained in that plan should be implemented in Union law.

⁽⁸⁾ Act concerning the conditions of accession of the Kingdom of Norway, the Republic of Austria, the Republic of Finland and the Kingdom of Sweden and the adjustments to the Treaties on which the European Union is founded (OJ C 241, 29.8.1994, p. 9).

⁽⁹⁾ Decision 95/1/EC, Euratom, ECSC of the Council of the European Union of 1 January 1995 adjusting the instruments concerning the accession of new Member States to the European Union (OJ L 1, 1.1.1995, p. 1).

⁽¹⁰⁾ Regulation (EU) 2016/1627 of the European Parliament and of the Council of 14 September 2016 on a multiannual recovery plan for bluefin tuna in the eastern Atlantic and the Mediterranean, and repealing Council Regulation (EC) No 302/2009 (OJ L 252, 16.9.2016, p. 1).

- (17) The quotas for individual Member States for certain stocks were established on the basis of the total Union quota for 2022 as determined by ICCAT before any carry-overs of unused quotas. The Union quota for fishing opportunities for those stocks were adjusted during the ICCAT annual meeting in November 2021 in accordance with several ICCAT recommendations under which the Union is allowed, upon request, to carry over a set percentage of its unused quota of fishing opportunities from 2020 to 2022. The quotas for individual Member States for those stocks should take into account the carry-overs of unused Union quotas allowed by ICCAT before the start of the fishing seasons for these stocks. Therefore, the quotas for northern albacore (*Thunnus alalunga*) (ALB/AN05N), for southern albacore (ALB/AS05N), for bigeye tuna (*Thunnus obesus*) in the Atlantic Ocean (BET/ATLANT), for swordfish (*Xiphias gladius*) in the Atlantic Ocean, north of 5° N (SWO/AN05N) and for swordfish in the Atlantic Ocean, south of 5° N (SWO/AS05N) should be amended to reflect such adjustment, taking into account the principle of relative stability. Furthermore, certain measures functionally linked to the fishing opportunities should be maintained in order to respect the Union's international commitments.
- (18) The numbers in point 6 of Annex VI to Regulation (EU) 2022/109 should be amended in order to reflect agreements concluded between certain Member States to temporarily transfer between themselves, exclusively for year 2022, certain amounts of bluefin tuna farming capacity and input. Those changes have been notified to ICCAT in the Union farming plan and do not affect the total farming capacity and input capacity of the Union in the ICCAT Convention Area.
- (19) At its 10th annual meeting in 2022, the South Pacific Regional Fisheries Management Organisation (SPRFMO) adopted catch limits for jack mackerel (*Trachurus murphyi*) and maintained exploratory fisheries for toothfishes (*Dissostichus* spp.). Those measures should be implemented in Union law.
- (20) At its 2021 annual meeting, the Indian Ocean Tuna Commission (IOTC) revised the previously adopted conservation and management measures. Regulation (EU) 2022/109 already implemented those measures in Union law, except for the revised catch limits for yellowfin tuna (*Thunnus albacares*). The IOTC Secretariat confirmed the revised catch limits for yellowfin tuna on 17 December 2021 after the end of the period of objection. The revised catch limits are no longer limited to purse seiners, and now include all gears involved in the yellowfin tuna fishery. Those revised catch limits should be implemented in Union law. Since an agreement among the involved Member States has not yet been found on the most appropriate way to share the revised catch limits, only an initial portion of the Union quota should be attributed and the remaining portion should be attributed via a subsequent amendment of Regulation (EU) 2022/109 once an agreement among the Member States has been reached.
- (21) In order to protect certain species from being fished, the Union and the United Kingdom agreed to maintain the existing lists of prohibited species.
- (22) Regulation (EU) 2022/109 should therefore be amended accordingly.
- (23) The catch limits provided for in Regulation (EU) 2022/109 apply from 1 January 2022. The provisions introduced by this Regulation concerning catch limits should therefore also apply from that date. Such retroactive application does not affect the principles of legal certainty and protection of legitimate expectations, as the fishing opportunities concerned are increased or have not yet been exhausted. Given the urgency to avoid interruptions of fishing activities, this Regulation should enter into force on the date of its publication in the *Official Journal of the European Union*,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EU) 2022/109 is amended as follows:

- (1) Article 7 is deleted;
- (2) Article 11 is replaced by the following:

'Article 11

Measures on European seabass fisheries in ICES divisions 4b and 4c and ICES subarea 7

1. It shall be prohibited for Union fishing vessels, as well as for any commercial fisheries from shore, to fish for European seabass (*Dicentrarchus labrax*) in ICES divisions 4b and 4c and in ICES subarea 7 or to retain on board, tranship, relocate or land European seabass caught in that area.

2. The prohibition set out in paragraph 1 shall not apply to by-catches of seabass in shore-based commercial netting activities. This exemption applies to historic numbers of beach nets set at pre-2017 levels. Shore-based commercial netting activities shall not target seabass and only unavoidable by-catches of seabass may be landed.

3. By way of derogation from paragraph 1, in January 2022 and from 1 April to 31 December 2022, Union fishing vessels in ICES divisions 4b, 4c, 7d, 7e, 7f and 7h may fish for, retain on board, tranship, relocate or land European seabass caught in that area with the following gear and within the following limits:

- (a) using demersal trawls ⁽¹¹⁾, for unavoidable by-catches not exceeding 760 kilogrammes per two calendar months (January and April; May and June; July and August; September and October; November and December) and 5 % of the weight of the total catches of marine organisms on board caught by the vessel concerned per fishing trip;
- (b) using seines ⁽¹²⁾, for unavoidable by-catches not exceeding 760 kilogrammes per two calendar months (January and April; May and June; July and August; September and October; November and December) and 5 % of the weight of the total catches of marine organisms on board caught by the vessel concerned per fishing trip;
- (c) using hooks and lines ⁽¹³⁾, not exceeding 5,95 tonnes per vessel;
- (d) using fixed gillnets ⁽¹⁴⁾, for unavoidable by-catches not exceeding 1,5 tonnes per vessel.

The derogations set out in the first subparagraph, point (c), shall apply to Union fishing vessels that have recorded catches of European seabass using hooks and lines over the period from 1 July 2015 to 30 September 2016.

The derogations set out in the first subparagraph, point (d), shall apply to Union fishing vessels that have recorded catches of European seabass using fixed gillnets over the period from 1 July 2015 to 30 September 2016.

In the case of a replacement of a Union fishing vessel, Member States may allow the derogations to apply to another Union fishing vessel provided that the number of Union fishing vessels subject to each of the derogations and their overall fishing capacity do not increase.

4. The catch limits set out in paragraph 3 shall not be transferable between vessels and, where a bi-monthly limit applies, from one calendar two-month period to another.

For Union fishing vessels using more than one gear in two calendar months, the lowest catch limit set out in paragraph 3 for either gear shall apply.

Member States shall report to the Commission all catches of European seabass per type of gear no later than 15 days after the end of each month.

5. In recreational fisheries, including from shore, in ICES divisions 4b, 4c, 6a and 7a to 7k:

- (a) from 1 January to 28 February 2022 and from 1 to 31 December 2022:
 - (i) only catch-and-release fishing with a rod or a handline for European seabass shall be allowed;
 - (ii) it shall be prohibited to retain, relocate, tranship or land European seabass caught in that area;

⁽¹¹⁾ All types of demersal trawls (OTB, OTT, PTB, TBB, TBN, TBS and TB).

⁽¹²⁾ All types of seines (SSC, SDN, SPR, SV, SB and SX).

⁽¹³⁾ All long lines or pole and line or rod and line fisheries (LHP, LHM, LLD, LL, LTL, LX and LLS).

⁽¹⁴⁾ All fixed gillnets and traps (GTR, GNS, GNC, FYK, FPN and FIX).

(b) from 1 March to 30 November 2022:

- (i) not more than two specimens of European seabass may be caught and retained per fisher per day;
- (ii) the minimum size of European seabass retained shall be 42 cm;
- (iii) fixed nets shall not be used to catch or retain European seabass.

6. Paragraph 5 shall be without prejudice to more stringent national measures on recreational fisheries.’;

(3) Article 15 is replaced by the following:

‘Article 15

Closed fishing seasons for sandeels

Commercial fishing for sandeels (*Ammodytes* spp.) with demersal trawl, seine or similar towed gears with a mesh size of less than 16 mm shall be prohibited in ICES divisions 2a and 3a and in ICES subarea 4 from 1 January to 31 March 2022 and from 1 August to 31 December 2022.’;

(4) in Article 31, paragraph 4 is replaced by the following:

‘4. The maximum number of supply vessels shall be three supply vessels in support of not less than ten purse-seine vessels, all flying the flag of a Member State. This provision shall not apply to Member States using only one supply vessel.’;

- (5) Annex IA is amended in accordance with Annex I to this Regulation;
- (6) Annex IB is amended in accordance with Annex II to this Regulation;
- (7) Annex IC is amended in accordance with Annex III to this Regulation;
- (8) Annex ID is amended in accordance with Annex IV to this Regulation;
- (9) Annex IH is replaced by the text appearing in Annex V to this Regulation;
- (10) Annex IJ is replaced by the text appearing in Annex VI to this Regulation;
- (11) Annex II is amended in accordance with Annex VII to this Regulation;
- (12) Annex VI is amended in accordance with Annex VIII to this Regulation.

Article 2

This Regulation shall enter into force on the date of its publication in the *Official Journal of the European Union*.

It shall apply from 1 January 2022.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 31 March 2022.

For the Council
The President
J.-Y. LE DRIAN

ANNEX I

Annex IA to Regulation (EU) 2022/109 is amended as follows:

(1) in Part A, concerning autonomous Union stocks, the first table is replaced by the following:

'Species:	Anchovy <i>Engraulis encrasicolus</i>	Zone:	8 (ANE/08.)
Spain	29 700	Analytical TAC	
France	3 300		
Union	33 000		
TAC	33 000		

(2) In Part B, concerning shared stocks, the tables for the stocks listed below are replaced by the following:

'Species:	Sandeel and associated by-catches <i>Ammodytes</i> spp.	Zone:	United Kingdom and Union waters of 4; United Kingdom waters of 2a; Union waters of 3a ⁽¹⁾
Denmark	83 123 ⁽²⁾⁽³⁾	Analytical TAC	
Germany	127 ⁽²⁾⁽³⁾		
Sweden	3 053 ⁽²⁾⁽³⁾		
Union	86 303 ⁽²⁾	Article 4 of Regulation (EC) No 847/96 shall not apply	
United Kingdom	2 541 ⁽²⁾		
TAC	88 844 ⁽²⁾		

⁽¹⁾ Excluding waters within six nautical miles of the United Kingdom's baselines at Shetland, Fair Isle and Foula.

⁽²⁾ In management areas 1r and 4, the TAC may only be fished as monitoring TAC with an associated sampling protocol for the fishery.

⁽³⁾ Up to 2 % of the quota may consist of by-catches of whiting and mackerel (OT1/*2A3A4X). By-catches of whiting and mackerel counted against the quota pursuant to this provision and by-catches of species counted against the quota pursuant to Article 15(8) of Regulation (EU) No 1380/2013 shall, together, not exceed 9 % of the quota.

Special condition: within the limits of these quotas, no more than the quantities given below may be taken in the following sandeel management areas, as defined in Annex III:

Zone: United Kingdom and Union waters of sandeel management areas

	1r	2r	3r	4	5r	6	7r
	(SAN/ 234_1R) ⁽¹⁾	(SAN/ 234_2R) ⁽¹⁾	(SAN/ 234_3R) ⁽¹⁾	(SAN/ 234_4) ⁽¹⁾⁽²⁾	(SAN/ 234_5R) ⁽¹⁾	(SAN/ 234_6) ⁽¹⁾	(SAN/ 234_7R) ⁽¹⁾
Denmark	4 678	67 232	6 404	4 678	0	131	0
Germany	7	103	10	7	0	0	0

Sweden	172	2 469	235	172	0	5	0
Union	4 857	69 804	6 649	4 857	0	136	0

(1) Catches of blonde ray (*Raja brachyura*) in United Kingdom and Union waters of 4 (RJH/04-C.), cuckoo ray (*Leucoraja naevus*) (RJN/2AC4-C), thornback ray (*Raja clavata*) (RJC/2AC4-C) and spotted ray (*Raja montagui*) (RJM/2AC4-C) shall be reported separately.

(2) By-catch quota. These species shall not comprise more than 25 % by live weight of the catch retained on board per fishing trip. This condition applies only to vessels over 15 metres' length overall. This provision shall not apply for catches subject to the landing obligation as set out in Article 15(1) of Regulation (EU) No 1380/2013, which was retained by the United Kingdom.

(3) Shall not apply to blonde ray (*Raja brachyura*) in United Kingdom waters of 2a and small-eyed ray (*Raja microcellata*) in United Kingdom and Union waters of 2a and 4. When accidentally caught, these species shall not be harmed. Specimens shall be promptly released. Fishers shall be encouraged to develop and use techniques and equipment to facilitate the rapid and safe release of the species.

(4) Special condition: of which up to 10 % may be fished in 7d (SRX/*07D2.), without prejudice to the prohibitions set out in Articles 18 and 56 of this Regulation and in the relevant provisions of the United Kingdom law for the areas specified therein. Catches of blonde ray (*Raja brachyura*) (RJH/*07D2.), cuckoo ray (*Leucoraja naevus*) (RJN/*07D2.), thornback ray (*Raja clavata*) (RJC/*07D2.) and spotted ray (*Raja montagui*) (RJM/*07D2.) shall be reported separately. This special condition shall not apply to small-eyed ray (*Raja microcellata*) and undulate ray (*Raja undulata*).

⁽¹⁾ Up to 5 % of the quota may consist of by-catches of whiting and haddock (OTH/*03A.). By-catches of whiting and haddock counted against the quota pursuant to this provision and by-catches of species counted against the quota pursuant to Article 15(8) of Regulation (EU) No 1380/2013 shall, together, not exceed 9 % of the quota.

⁽²⁾ This quota may only be fished from 1 July 2022 to 30 June 2023. Transfers of this quota may be effected to United Kingdom and Union waters of 2a and 4. However, such transfers shall be notified in advance to the Commission and to the United Kingdom.

Species:	Sprat and associated by-catches <i>Sprattus sprattus</i>	Zone:	United Kingdom and Union waters of 4; United Kingdom waters of 2a (SPR/2AC4-C)
Belgium	0 ⁽¹⁾⁽²⁾	Analytical TAC	
Denmark	0 ⁽¹⁾⁽²⁾		
Germany	0 ⁽¹⁾⁽²⁾		
France	0 ⁽¹⁾⁽²⁾		
Netherlands	0 ⁽¹⁾⁽²⁾		
Sweden	0 ⁽¹⁾⁽²⁾⁽³⁾		
Union	0 ⁽¹⁾⁽²⁾		
Norway	0 ⁽¹⁾		
Faroe Islands	0 ⁽¹⁾⁽⁴⁾		
United Kingdom	0 ⁽¹⁾		
TAC	0 ⁽¹⁾		

⁽¹⁾ The quota may only be fished from 1 July 2022 to 30 June 2023.

⁽²⁾ Up to 2 % of the quota may consist of by-catches of whiting (OTH/*2AC4C). By-catches of whiting counted against the quota pursuant to this provision and by-catches of species counted against the quota pursuant to Article 15(8) of Regulation (EU) No 1380/2013 shall, together, not exceed 9 % of the quota.

⁽³⁾ Including sandeels.

⁽⁴⁾ May contain up to 4 % of by-catch of herring.

Species:	Sprat <i>Sprattus sprattus</i>	Zone:	7d and 7e (SPR/7DE.)
Belgium	1 ⁽¹⁾	Precautionary TAC	
Denmark	96 ⁽¹⁾		
Germany	1 ⁽¹⁾		
France	21 ⁽¹⁾		
Netherlands	21 ⁽¹⁾		
Union	140		
United Kingdom	410		
TAC	550		

⁽¹⁾ The quota may only be fished from 1 January 2022 to 30 June 2022.

Species:	Picked dogfish <i>Squalus acanthias</i>	Zone:	6, 7 and 8; United Kingdom and international waters of 5; international waters of 1, 12 and 14 (DGS/15X14)
Belgium	18 ⁽¹⁾	Precautionary TAC

Netherlands	0 ⁽¹⁾		
Portugal	0 ⁽¹⁾		
Union	153 ⁽¹⁾		
United Kingdom	117 ⁽¹⁾		
TAC	270 ⁽¹⁾		

⁽¹⁾ Picked dogfish shall not be targeted in the areas covered by this by-catch allowance. Vessels participating in by-catch management schemes may however land not more than 2 tonnes per month per vessel of picked dogfish that is dead at the moment when the fishing gear is hauled on board under this quota. The Union and the United Kingdom shall each independently determine how to allocate its quota to the vessels participating in its by-catch management schemes. The Union and the United Kingdom shall each ensure that the total annual landing of picked dogfish on the basis of the by-catch allowance does not exceed the above amounts. The Union and the United Kingdom should exchange the list of participating vessels before allowing any landings.

Species:	Horse mackerel and associated by-catches <i>Trachurus</i> spp.	Zone:	United Kingdom and Union waters of 4b, 4c and 7d (JAX/4BC7D)
Belgium	7 ⁽¹⁾	Precautionary TAC

- ⁽¹⁾ Up to 5 % of the quota may consist of by-catches of haddock and whiting (OT2/*2A3A4). By-catches of haddock and whiting counted against the quota pursuant to this provision and by-catches of species counted against the quota pursuant to Article 15(8) of Regulation (EU) No 1380/2013 shall, together, not exceed 9 % of the quota.
- ⁽²⁾ Quota may be fished in United Kingdom and Union waters of 2a, 3a and 4 only.
- ⁽³⁾ May only be fished from 1 November 2021 to 31 October 2022.
- ⁽⁴⁾ A sorting grid shall be used.
- ⁽⁵⁾ A sorting grid shall be used. This amount includes a maximum of 15 % of unavoidable by-catches (NOP/*2A3A4), to be counted against this quota.
- ⁽⁶⁾ May only be fished from 1 November 2022 to 31 October 2023.'

ANNEX II

In Annex IB to Regulation (EU) 2022/109, the fourth table, establishing catch limits for cod (*Gadus morhua*) in 1 and 2b, is replaced by the following:

'Species:	Cod <i>Gadus morhua</i>	Zone: 1 and 2b (COD/1/2B.)
Germany	923 ⁽¹⁾⁽²⁾	Analytical TAC
Spain	2 220 ⁽¹⁾⁽²⁾	Article 3 of Regulation (EC) No 847/96 shall not apply
France	407 ⁽¹⁾⁽²⁾	Article 4 of Regulation (EC) No 847/96 shall not apply
Poland	419 ⁽¹⁾⁽²⁾	
Portugal	463 ⁽¹⁾⁽²⁾	
Other Member States	68 ⁽¹⁾⁽²⁾⁽³⁾	
Union	4 500 ⁽¹⁾⁽²⁾	

TAC	Not relevant
-----	--------------

- ⁽¹⁾ Shall apply provisionally from 1 January to 30 April 2022. The allocation of the share of the cod stock available to the Union in the zone Spitzbergen and Bear Island and the associated by-catches of haddock are entirely without prejudice to the rights and obligations deriving from the 1920 Treaty of Paris.
- ⁽²⁾ By-catches of haddock may represent up to 14 % per haul. The by-catch quantities of haddock are in addition to the quota for cod.
- ⁽³⁾ Except Germany, Spain, France, Poland and Portugal. Catches to be counted against this shared quota shall be reported separately (COD/1/2B_AMS).'

ANNEX III

In Annex IC to Regulation (EU) 2022/109, the last table, establishing catch limits for white hake (*Urophycis tenuis*) in NAFO 3NO, is replaced by the following:

Species: White hake <i>Urophycis tenuis</i>		Zone: NAFO 3NO (HKW/N3NO.)
Spain	255	Analytical TAC
Portugal	333	Article 3 of Regulation (EC) No 847/96 shall not apply
Union	588 ⁽¹⁾	Article 4 of Regulation (EC) No 847/96 shall not apply
TAC	1 000	
⁽¹⁾ Where, in accordance with Annex IA to the NAFO Conservation and Enforcement Measures, a positive vote by the NAFO Contracting Parties confirms the TAC to be 2 000 tonnes, the corresponding Union and Member State quotas shall be as below:		
Spain	509	
Portugal	667	
Union	1 176'	

ANNEX IV

Annex ID to Regulation (EU) 2022/109 is amended as follows:

- (1) the seventh, eighth and ninth tables, establishing catch limits for northern albacore (*Thunnus alalunga*) (ALB/AN05N) and for southern albacore (ALB/AS05N) in the Atlantic Ocean, as well as for Mediterranean albacore (*Thunnus alalunga*) in the Mediterranean Sea (ALB/MED), are replaced by the following:

Species:	Northern albacore <i>Thunnus alalunga</i>	Zone:	Atlantic Ocean, north of 5° N (ALB/AN05N)
Ireland	3 316,79	Analytical TAC	
Spain	18 694,64		
France	5 879,76		
Portugal	2 050,38		
Union	29 941,57 ⁽¹⁾		
TAC	37 801		

⁽¹⁾ The number of Union fishing vessels fishing for northern albacore as a target species, in accordance with Article 12 of Regulation (EC) No 520/2007, shall be 1 241.

Species:	Southern albacore <i>Thunnus alalunga</i>	Zone:	Atlantic Ocean, south of 5° N (ALB/AS05N)
Spain	905,86	Analytical TAC	
France	297,70		
Portugal	633,94		
Union	1 837,50		
TAC	24 000		

Species:	Mediterranean albacore <i>Thunnus alalunga</i>	Zone:	Mediterranean Sea (ALB/MED)
Greece	400	Analytical TAC	
Spain	103,26		
France	15	Article 3 of Regulation (EC) No 847/96 shall not apply	
Croatia	7		
Italy	1 171,29		
Cyprus	431,94	Article 4 of Regulation (EC) No 847/96 shall not apply	
Malta	41,19		
Union	2 169,68		
TAC	2 500 ⁽¹⁾⁽²⁾		

- (1) In order to protect juvenile swordfish, a closure period shall also apply to longline vessels targeting Mediterranean albacore from 1 October to 30 November. In addition, Mediterranean albacore, either as a targeted species or as by-catch, shall not be caught, retained on board, transhipped or landed during the following periods:
- Greece, Croatia, Italy and Cyprus: 1 October to 30 November and 1 to 31 March,
 - Spain, France and Malta: 1 January to 31 March.
- (2) Each Member State shall limit the number of their fishing vessels authorised to fish for Mediterranean albacore to the number of vessels authorised to fish this species in 2017. Member States may apply a tolerance of 10 % to this capacity limit.'

- (2) the table establishing catch limits for bigeye tuna (*Thunnus obesus*) in the Atlantic Ocean (BET/ATLANT) is replaced by the following:

'Species: Bigeye tuna <i>Thunnus obesus</i>		Zone: Atlantic Ocean (BET/ATLANT)
Spain	8 181,90 ⁽¹⁾	Analytical TAC
France	3 475,31 ⁽¹⁾	
Portugal	3 106,23 ⁽¹⁾	
Union	14 763,44 ⁽¹⁾	
TAC	62 000 ⁽¹⁾	
⁽¹⁾ Catches of bigeye tuna by purse seiners (BET/*ATLPS) and longliners with an overall length of 20 metres and above (BET/*ATLLL) shall be reported separately. As of June 2022, when catches reach 80 % of the quota, Member States are required to transmit the catches for these vessels on a weekly basis.'		

- (3) in the twelfth table, establishing catch limits for bluefin tuna (*Thunnus thynnus*) in the Atlantic Ocean, east of 45° W, and Mediterranean (BFT/AE45WM), footnote 5 is replaced by the following:

⁽⁵⁾ Special condition: within this TAC, the following catch limits and allocations between Member States shall apply to catches of bluefin tuna between 8 kg/75 cm and 30 kg/115 cm by the vessels referred to in point 3 of Annex VI (BFT/*643):		
Italy	94,91	
Union	94,91'	

- (4) the thirteenth and fourteenth tables, establishing catch limits for swordfish (*Xiphias gladius*) in the Atlantic Ocean, north of 5° N (SWO/AN05N), and for swordfish in the Atlantic Ocean, south of 5° N (SWO/AS05N), are replaced by the following:

'Species: Swordfish <i>Xiphias gladius</i>		Zone: Atlantic Ocean, north of 5° N (SWO/AN05N)
Spain	6 392,46 ⁽²⁾	Analytical TAC
Portugal	1 161,84 ⁽²⁾	
Other Member States	130,72 ⁽¹⁾⁽²⁾	
Union	7 685,03	
TAC	13 200	

- (1) Exclusively for by-catches. Catches to be counted against this shared quota shall be reported separately (SWO/AN05N_AMS).
- (2) Special condition: up to 2,39 % of this quantity may be fished in the Atlantic Ocean, south of 5° N (SWO/*AS05N). Catches to be counted against the special condition of the shared quota shall be reported separately (SWO/*AS05N_AMS).

Species:	Swordfish <i>Xiphias gladius</i>	Zone:	Atlantic Ocean, south of 5° N (SWO/AS05N)
Spain	4 770,75 ⁽¹⁾	Analytical TAC	
Portugal	314,25 ⁽¹⁾		
Union	5 085,01		
TAC	14 000		

(1) Special condition: up to 3,51 % of this quantity may be fished in the Atlantic Ocean, north of 5° N (SWO/*AN05N).'

ANNEX V

‘ANNEX IH

SPRFMO CONVENTION AREA

Species:	Toothfishes <i>Dissostichus</i> spp.	Zone:	SPRFMO Convention Area (TOT/SPR-RB)
TAC	75 ⁽¹⁾	Precautionary TAC	
⁽¹⁾	This annual TAC is for exploratory fisheries only. Fishing shall take place only within the following research block:		
	— NW	50° 30' S, 136° E	
	— NE	50° 30' S, 140° 30' E	
	— E-Indent	52° 45' S, 140° 30' E	
	— E-corner	52° 45' S, 145° 30' E	
	— SE	54° 50' S, 145° 30' E	
	— SW	54° 50' S, 136° E	
Species:	Jack mackerel <i>Trachurus murphyi</i>	Zone:	SPRFMO Convention Area (CJM/SPRFMO)
Germany	13 826,71	Analytical TAC	
Netherlands	14 986,73	Article 3 of Regulation (EC) No 847/96 shall not apply	
Lithuania	9 620,98	Article 4 of Regulation (EC) No 847/96 shall not apply	
Poland	16 542,58		
Union	54 977,00		
TAC	Not relevant'		

ANNEX VI

'ANNEX II'

IOTC AREA OF COMPETENCE

Catches of yellowfin tuna (*Thunnus albaceres*) by Union vessels fishing with purse seiners shall not exceed the catch limits set out in this Annex.

Species:	Yellowfin tuna <i>Thunnus albaceres</i>	Zone:	IOTC Area of Competence (YFT/IOTC)
France	13 868 ⁽¹⁾	Analytical TAC Article 3 of Regulation (EC) No 847/96 shall not apply Article 4 of Regulation (EC) No 847/96 shall not apply	
Italy	1 183 ⁽¹⁾		
Spain	21 472 ⁽¹⁾		
Portugal	50 ⁽¹⁾⁽²⁾		
Union	36 573 ⁽¹⁾		

TAC	Not relevant
-----	--------------

⁽¹⁾ Quotas shall apply provisionally from 1 January 2022 to 30 June 2022. The provisional quotas shall be without prejudice to the setting of definitive quotas for 2022 in accordance with the Union quota for 2022 of 73 146 tonnes, established by the IOTC, and the definitive allocation of that Union quota among Member States.

⁽²⁾ Exclusively for by-catches. No directed fisheries are permitted under this quota.'

ANNEX VII

In Chapter III, point 5 of Annex II to Regulation (EU) 2022/109, Table I is replaced by the following table:

Table I

Maximum number of days a vessel may be present within the area by category of regulated gear during the current management period

Regulated gear	Maximum number of days	
Beam trawls of mesh size ≥ 80 mm	Belgium	176
	France	188
Static nets with mesh size ≤ 220 mm	Belgium	176
	France	191'

ANNEX VIII

Annex VI to Regulation (EU) 2022/109 is amended as follows:

(1) point 4 is replaced by the following:

- ‘4. Maximum number of fishing vessels of each Member State that may be authorised to fish for, retain on board, tranship, transport, or land bluefin tuna in the eastern Atlantic and Mediterranean

Table A

	Number of fishing vessels ⁽¹⁾							
	Greece ⁽²⁾	Spain	France	Croatia	Italy	Cyprus ⁽³⁾	Malta ⁽⁴⁾	Portugal
Purse seiners ⁽⁵⁾	0	6	22	18	21	1	1	0
Longliners	0	43	23	0	40	27 ⁽⁶⁾	63	0
Baitboat	0	66	8	0	0	0	0	76 ⁽⁷⁾
Handline	0	1	47 ⁽⁸⁾	12	0	0	0	0
Trawler	0	0	57	0	0	0	0	0
Small-scale	45	660	140	0	0	0	120	0
Other artisanal ⁽⁹⁾	74	0	0	0	0	0	0	0

⁽¹⁾ The numbers in this Table may be further increased, provided that the international obligations of the Union are complied with.

⁽²⁾ One medium-size purse seiner has been replaced by no more than 10 longline vessels or one small purse seiner and three other artisanal vessels.

⁽³⁾ One medium-size purse seiner may be replaced by no more than 10 longline vessels or one small purse seiner and no more than three longline vessels.

⁽⁴⁾ One medium-size purse seiner may be replaced by no more than 10 longline vessels.

⁽⁵⁾ The individual numbers of purse seiners in this Table are the result of transfers between Member States and do not constitute historical rights for the future.

⁽⁶⁾ Polyvalent vessels, using multi-gear equipment.

⁽⁷⁾ Baitboats of the outermost regions of Azores and Madeira.

⁽⁸⁾ Line vessels operating in the Atlantic.

⁽⁹⁾ Polyvalent vessels, using multi-gear equipment (longline, handline, trolling line).

(2) point 6 is replaced by the following:

- ‘6. Maximum bluefin tuna farming capacity and fattening capacity for each Member State and maximum input of wild caught bluefin tuna that each Member State may allocate to its farms in the Eastern Atlantic and Mediterranean

Table A

Maximum bluefin tuna farming capacity and fattening capacity		
	Number of farms	Capacity (in tonnes)
Greece	2	2 100
Spain	10	11 852
Croatia	4	7 880
Italy	13	8 370
Cyprus	3	3 000
Malta	6	15 703
Portugal	2	500

Table B

Maximum input of wild caught bluefin tuna (in tonnes)	
Greece	785
Spain	6 850
Croatia	2 947
Italy	945
Cyprus	2 195
Malta	11 054
Portugal	350'

COMMISSION DELEGATED REGULATION (EU) 2022/516**of 26 October 2021****amending Annex IV to Council Regulation (EC) No 708/2007 concerning use of alien and locally absent species in aquaculture**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 708/2007 of 11 June 2007 concerning use of alien and locally absent species in aquaculture ⁽¹⁾, and in particular Article 24(1) thereof,

Whereas:

- (1) Regulation (EC) No 708/2007 establishes a framework governing aquaculture practices in relation to alien and locally absent species to assess and minimise the possible impact of these and any associated non-target species on aquatic habitats.
- (2) Annex IV to Regulation (EC) No 708/2007 lists species that have commonly been used in aquaculture for a long time in certain parts of the Union and thus benefit from a differential treatment facilitating their development without any additional administrative burden, as foreseen in Article 2(5) of that Regulation.
- (3) Member States may request the Commission to add species to Annex IV of the Regulation (EC) No 708/2007 in accordance with Article 24(4) of the Regulation (EC) No 708/2007. Detailed rules on the conditions necessary for adding species to Annex IV are specified in Commission Regulation (EC) No 535/2008 ⁽²⁾.
- (4) Greece requested to add the species Red seabream, also known as Japanese seabream (*Pagrus major*) to Annex IV of the Regulation (EC) No 708/2007, pursuant to the detailed rules of the Regulation (EC) No 535/2008, and in particular Article 3 thereof. A study submitted with the request concluded that this species has been used in Greek aquaculture for a long time with no adverse effect. After the assessment of this request, the Commission concluded that the request is justified and substantiated with all information required.
- (5) The amendment to Annex IV following the request from Greece provides an opportunity to make adjustments in the terminology used in the Annex. The Latin name of the Russian sturgeon (*Acipenser gueldenstaedtii*) was misspelled and is to be replaced with a correct name. An update of the Latin name of the Big head carp from *Aristichthys nobilis* to *Hypophthalmichthys nobilis* is also opportune.
- (6) For the sake of clarity, a footnote added to Annex IV explains that hybrids of species listed in this annex do not automatically benefit from the differential treatment provided to the listed species. In order to benefit from that treatment, the procedure of adding species to the annex is to be followed.
- (7) Annex IV to Regulation (EC) No 708/2007 should therefore be amended accordingly,

HAS ADOPTED THIS REGULATION:

Article 1

Annex IV to Regulation (EC) No 708/2007 is amended as follows:

- (1) in the PART A – General, the following species is added: *Pagrus major*, Red seabream, also known as Japanese seabream;

⁽¹⁾ OJ L 168, 28.6.2007, p. 1.

⁽²⁾ Commission Regulation (EC) No 535/2008 of 13 June 2008 laying down detailed rules for the implementation of Council Regulation (EC) No 708/2007 concerning use of alien and locally absent species in aquaculture (OJ L 156, 14.6.2008, p. 6).

- (2) the Latin name of species *Acipenser gueldenstaeti* is replaced by *Acipenser gueldenstaedtii*;
- (3) the Latin name of species *Aristichthys nobilis* is replaced by *Hypophthalmichthys nobilis*;
- (4) a footnote is added to the title in Annex IV with the following text: 'Hybrids of species included in this Annex should not be considered as part of this list.'

Article 2

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 26 October 2021.

For the Commission
The President
Ursula VON DER LEYEN

COMMISSION DELEGATED REGULATION (EU) 2022/517**of 18 November 2021****amending Regulation (EU) 2017/1938 of the European Parliament and of the Council as regards the composition of the risk groups**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2017/1938 of the European Parliament and of the Council of 25 October 2017 concerning measures to safeguard the security of gas supply and repealing Regulation (EU) No 994/2010 ⁽¹⁾, and in particular Article 3(8) thereof,

Whereas:

- (1) Regional cooperation, in a spirit of solidarity, is a core principle on which the security of gas supply mechanism established by Regulation (EU) 2017/1938 is based. To make regional cooperation operational in practice, Annex I to that Regulation identifies thirteen risk groups corresponding to four main emergency gas supply corridors. For each risk group, Annex I lists the Member States that may be affected or play a role in case of supply disruption along the corridor, or both. Under Article 3(8) of Regulation (EU) 2017/1938, the Commission is empowered to adopt delegated acts in order to update the composition of those risk groups.
- (2) New major gas infrastructures have entered into operation since the adoption of Regulation (EU) 2017/1938 and several infrastructures are expected to be commissioned in the following months. Those infrastructures create new emergency supply corridors. They also have an impact on the Member States that can be affected by or contribute to addressing potential failures of the main gas supply routes.
- (3) Under Article 7(1) of Regulation (EU) 2017/1938, the European Network of Transmission System Operators for Gas (ENTSOG) is to carry out a revised Union-wide simulation of gas supply and infrastructure disruption scenarios by November 2021. This simulation will take into account the evolution of the Union gas infrastructures since 2017 and its impact on the different emergency gas supply corridors. The simulation will also cover all gas infrastructures that are expected to be in operation in January 2023.
- (4) The impact of the new and upcoming gas infrastructures on the emergency gas corridors, as reflected in ENTSOG's Union-wide simulations, justifies that the composition of the risk groups be adapted accordingly.
- (5) The impact of new gas infrastructures on the composition of some risk groups was discussed at several ordinary meetings of the Gas Coordination Group (GCG) in 2020 and 2021. The content of this act was discussed at a GCG meeting restricted to Member States representatives and ENTSOG, as an observer.
- (6) The United Kingdom ceased to be a Member State of the Union as from 1 February 2020. In the interest of legal certainty, it should be removed from the lists of Member States in Annex I to Regulation (EU) 2017/1938.
- (7) Regulation (EU) 2017/1938 should therefore be amended accordingly

HAS ADOPTED THIS REGULATION:

Article 1

Annex I to Regulation (EU) 2017/1938 is replaced by the text in the Annex to this Regulation.

⁽¹⁾ OJ L 280, 28.10.2017, p. 1.

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 November 2021.

For the Commission
The President
Ursula VON DER LEYEN

ANNEX

‘ANNEX 1

Regional cooperation

The risk groups of Member States that serve as the basis for risk associated cooperation as referred to in Article 3(7) are the following:

1. Eastern gas supply risk groups:

- (a) Ukraine: Bulgaria, Czechia, Denmark, Germany, Greece, Croatia, Italy, Luxembourg, Hungary, Austria, Poland, Romania, Slovenia, Slovakia, Sweden;
- (b) Belarus: Belgium, Czechia, Denmark, Germany, Estonia, Latvia, Lithuania, Luxembourg, Netherlands, Poland, Slovakia, Finland, Sweden;
- (c) Baltic Sea: Belgium, Czechia, Denmark, Germany, France, Luxembourg, Netherlands, Austria, Slovakia, Sweden;
- (d) North-Eastern: Czechia, Denmark, Germany, Estonia, Latvia, Lithuania, Poland, Slovakia, Finland, Sweden;
- (e) Trans-Balkan: Bulgaria, Greece, Hungary, Romania.

2. North Sea gas supply risk groups:

- (a) Norway: Belgium, Denmark, Germany, Ireland, Spain, France, Italy, Luxembourg, Netherlands, Poland, Portugal, Sweden;
- (b) Low-calorific gas: Belgium, Germany, France, Netherlands;
- (c) Denmark: Denmark, Germany, Luxembourg, Netherlands, Poland, Sweden;
- (d) United Kingdom: Belgium, Germany, Ireland, Luxembourg, Netherlands.

3. North African gas supply risk groups:

- (a) Algeria: Greece, Spain, France, Croatia, Italy, Malta, Austria, Portugal, Slovenia;
- (b) Libya: Croatia, Italy, Malta, Austria, Slovenia.

4. South-East gas supply risk groups:

- (a) Southern Gas Corridor – Caspian: Bulgaria, Greece, Croatia, Italy, Hungary, Malta, Austria, Romania, Slovenia, Slovakia;
 - (b) Eastern Mediterranean: Greece, Italy, Cyprus, Malta.’
-

COMMISSION DELEGATED REGULATION (EU) 2022/518**of 13 January 2022****amending Delegated Regulation (EU) 2018/985 as regards its transitional provisions for certain agricultural and forestry vehicles fitted with engines in the power range greater than or equal to 56 kW and less than 130 kW in order to address the impact of the COVID-19 crisis****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 167/2013 of the European Parliament and of the Council of 5 February 2013 on the approval and market surveillance of agricultural and forestry vehicles ⁽¹⁾, and in particular Article 19(6) thereof,

Whereas:

- (1) Pursuant to Article 19(3) of Regulation (EU) No 167/2013, the engines fitted in agricultural and forestry vehicles follow Stage V pollutant emissions limits and transitional provisions laid down in Regulation (EU) 2016/1628 of the European Parliament and of the Council ⁽²⁾.
- (2) As a result of the continued disruption caused by the COVID-19 pandemic, Regulation (EU) 2021/1068 of the European Parliament and of the Council ⁽³⁾ amended Regulation (EU) 2016/1628 to postpone the deadlines occurring in 2021 for the non-road mobile machinery fitted with transition engines in the power range between 56 kW and 130 kW. The deadline of 30 June 2021 for the production of the machinery fitted with those engines was extended by 6 months and the deadline of 31 December 2021 for the placing on the market of the machinery fitted with those engines was extended by 9 months.
- (3) The continued supply chain and production disruption caused by the COVID-19 pandemic still leads to delays for the production and placing on the market of agricultural and forestry vehicles fitted with transition engines in the power range between 56 kW and 130 kW. In order to ensure the smooth functioning of the internal market, to provide legal certainty, and to avoid potential market disruption, it is necessary to prolong the transitional provisions of Commission Delegated Regulation (EU) 2018/985 ⁽⁴⁾ for those categories of engines.
- (4) Delegated Regulation (EU) 2018/985 should therefore be amended accordingly.
- (5) Given that the prolongation of the transitional provisions will have no environmental impact, as the transition engines concerned have already been produced, the extension of the relevant periods should be of 9 and 6 months in order to reflect extended periods provided in Regulation (EU) 2016/1628.
- (6) In view of the fact that the transition period provided for in Article 13(5) of Delegated Regulation (EU) 2018/985 for certain engines is to expire on 31 December 2021 and that manufacturers had until 30 June 2021 to produce the agricultural and forestry vehicles fitted with transition engines of those sub-categories, this Regulation should enter into force as a matter of urgency on the day following that of its publication in the *Official Journal of the European*

⁽¹⁾ OJ L 60, 2.3.2013, p. 1.

⁽²⁾ Regulation (EU) 2016/1628 of the European Parliament and of the Council of 14 September 2016 on requirements relating to gaseous and particulate pollutant emission limits and type-approval for internal combustion engines for non-road mobile machinery, amending Regulations (EU) No 1024/2012 and (EU) No 167/2013, and amending and repealing Directive 97/68/EC (OJ L 252, 16.9.2016, p. 53).

⁽³⁾ Regulation (EU) 2021/1068 of the European Parliament and of the Council of 24 June 2021 amending Regulation (EU) 2016/1628 as regards its transitional provisions for certain machinery fitted with engines in the power range greater than or equal to 56 kW and less than 130 kW, and greater than or equal to 300 kW, in order to address the impact of the COVID-19 crisis (OJ L 230, 30.6.2021, p. 1).

⁽⁴⁾ Commission Delegated Regulation (EU) 2018/985 of 12 February 2018 supplementing Regulation (EU) No 167/2013 of the European Parliament and of the Council as regards environmental and propulsion unit performance requirements for agricultural and forestry vehicles and their engines and repealing Commission Delegated Regulation (EU) 2015/96 (OJ L 182, 18.7.2018, p. 1).

Union and should apply from 1 July 2021. Such provision is necessary by the continued disruption of the COVID-19 pandemic that was unforeseen as well as by the need to ensure legal certainty and equal treatment of manufacturers regardless of whether they produce agricultural and forestry vehicles before or after the date of entry into force of this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

In Article 13, paragraph 5, the following subparagraph is added:

‘For engines of sub-categories of category NRE for which the mandatory date of application set out in Annex III to Regulation (EU) 2016/1628 in respect of the placing on the market of Stage V engines is 1 January 2020, except for the engines referred to in the third subparagraph, Member States shall authorise the extension of the 24-month period referred to in the first and second subparagraphs by 9 months and the extension of the 18-month period referred to in the second subparagraph by 6 months.’.

Article 2

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 1 July 2021.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 13 January 2022.

For the Commission
The President
Ursula VON DER LEYEN

COMMISSION DELEGATED REGULATION (EU) 2022/519
of 14 January 2022
amending Delegated Regulation (EU) 2016/127 as regards the protein requirements for infant and
follow-on formula manufactured from protein hydrolysates

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 609/2013 of the European Parliament and of the Council of 12 June 2013 on food intended for infants and young children, food for special medical purposes and total diet replacement for weight control and repealing Council Directive 92/52/EEC, Commission Directives 96/8/EC, 1999/21/EC, 2006/125/EC and 2006/141/EC, Directive 2009/39/EC of the European Parliament and of the Council and Commission Regulations (EC) No 41/2009 and (EC) No 953/2009 ⁽¹⁾, and in particular Article 11(2) thereof,

Whereas:

- (1) Commission Delegated Regulation (EU) 2016/127 ⁽²⁾ lays down, amongst others, specific compositional requirements for infant formula and follow-on formula manufactured from protein hydrolysates. It provides that infant and follow-on formula manufactured from protein hydrolysates are to comply with the requirements for protein content, protein source, protein processing as well as with the requirements for indispensable and conditionally indispensable amino acids and L-carnitine as set out in point 2.3 of Annex I and point 2.3 of Annex II to that Regulation.
- (2) As stated in the recitals of Delegated Regulation (EU) 2016/127, in its opinion of 24 July 2014 on the essential composition of infant and follow-on formulae ⁽³⁾, the European Food Safety Authority ('the Authority') noted that the safety and suitability of each specific formula containing protein hydrolysates has to be established by clinical evaluation in the target population. The Authority further stated that only one formula containing partially hydrolysed whey protein had been positively evaluated by the Authority so far. The composition of the formula evaluated by the Authority corresponds to the requirements currently set out in Delegated Regulation (EU) 2016/127. However, those requirements may be updated in order to allow the placing on the market of formula manufactured from protein hydrolysates with a composition different from the one already positively assessed, following a case-by-case evaluation of their safety and suitability by the Authority.
- (3) On 20 September 2019, the Commission received a request from Danone Trading ELN B.V. for the evaluation by the Authority of the safety and suitability of an infant and follow-on formula manufactured from a protein hydrolysate, the composition of which does not comply with the requirements laid down in point 2.3 of Annex I and point 2.3 of Annex II to Delegated Regulation (EU) 2016/127.

⁽¹⁾ OJ L 181, 29.6.2013, p. 35.

⁽²⁾ Commission Delegated Regulation (EU) 2016/127 of 25 September 2015 supplementing Regulation (EU) No 609/2013 of the European Parliament and of the Council as regards the specific compositional and information requirements for infant formula and follow-on formula and as regards requirements on information relating to infant and young child feeding (OJ L 25, 2.2.2016, p. 1).

⁽³⁾ EFSA NDA Panel (EFSA Panel on Dietetic Products, Nutrition and Allergies), 2014. Scientific Opinion on the essential composition of infant and follow-on formulae. EFSA Journal 2014;12(7):3760.

- (4) Upon request from the Commission, the Authority issued a scientific opinion on 28 November 2020 on the nutritional safety and suitability of the specific protein hydrolysate derived from whey protein concentrate and used in an infant and follow-on formula manufactured from hydrolysed protein by Danone Trading ELN B.V.⁽⁴⁾. The Authority concluded that the protein hydrolysate in question is a nutritionally safe and suitable protein source for use in infant and follow-on formula, as long as the formula in which it is used contains a minimum of 0,55 g/100 kJ (2,3 g/100 kcal) protein and complies with the other compositional criteria set out in Delegated Regulation (EU) 2016/127 and with the amino acid pattern contained in Section A of Annex III to that Regulation.
- (5) Taking into account the conclusions of the Authority's opinion of 2020, it is appropriate to allow the placing on the market of infant and follow-on formula manufactured from the protein hydrolysate in question. Therefore, the requirements for protein hydrolysates set out in Regulation (EU) 2016/127 should be updated and adapted to include also the requirements concerning this protein hydrolysate.
- (6) Delegated Regulation (EU) 2016/127 provides that its provisions on infant and follow-on formula manufactured from protein hydrolysates are to apply from 22 February 2022. In order to allow infant and follow-on formula manufactured from hydrolysed protein in accordance with the requirements set out in this Regulation to remain in the market from that date, this Regulation should enter into force as a matter of urgency.
- (7) Annexes I, II and III to Delegated Regulation (EU) 2016/127 should therefore be amended accordingly,

HAS ADOPTED THIS REGULATION:

Article 1

Annexes I, II and III to Delegated Regulation (EU) 2016/127 are amended in accordance with the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 14 January 2022.

For the Commission
The President
Ursula VON DER LEYEN

⁽⁴⁾ EFSA NDA Panel (EFSA Panel on Nutrition, Novel Foods and Food Allergens), 2020. Nutritional safety and suitability of a specific protein hydrolysate derived from whey protein concentrate and used in an infant and follow-on formula manufactured from hydrolysed protein by Danone Trading ELN B.V. EFSA Journal 2020;18(11):6304.

ANNEX

Annexes I, II and III to Delegated Regulation (EU) 2016/127 are amended as follows:

(1) in Annex I, point 2.3 is replaced by the following:

2.3. Infant formula manufactured from protein hydrolysates

Infant formula manufactured from protein hydrolysates shall comply either with the protein related requirements provided under point 2.3.1, or with the protein related requirements provided under point 2.3.2.

2.3.1. Protein related requirements group A

2.3.1.1. Protein content

Minimum	Maximum
0,44 g/100 kJ	0,67 g/100 kJ
(1,86 g/100 kcal)	(2,8 g/100 kcal)

2.3.1.2. Protein source

Demineralised sweet whey protein derived from cows' milk after enzymatic precipitation of caseins using chymosin, consisting of:

- (a) 63 % caseino-glycomacropeptide free whey protein isolate with a minimum protein content of 95 % of dry matter and protein denaturation of less than 70 % and a maximum ash content of 3 %; and
- (b) 37 % sweet whey protein concentrate with a minimum protein content of 87 % of dry matter and protein denaturation of less than 70 % and a maximum ash content of 3,5 %.

2.3.1.3. Protein processing

Two-stage hydrolysis process using a trypsin preparation with a heat-treatment step (from 3 to 10 minutes at 80 to 100 °C) between the two hydrolysis steps.

2.3.1.4. Indispensable and conditionally indispensable amino acids and L-carnitine

For an equal energy value, infant formula manufactured from protein hydrolysates must contain an available quantity of each indispensable and conditionally indispensable amino acid at least equal to that contained in the reference protein as set out in Section B of Annex III. Nevertheless, for calculation purposes, the concentration of methionine and cysteine may be added together if the methionine:cysteine ratio is not greater than 2, and the concentration of phenylalanine and tyrosine may be added together if the tyrosine:phenylalanine ratio is not greater than 2. The ratio of methionine:cysteine and of tyrosine:phenylalanine may be greater than 2, provided that the suitability of the product concerned for infants is demonstrated in accordance with Article 3(3).

The L-carnitine content shall be at least equal to 0,3 mg/100 kJ (1,2 mg/100 kcal).

2.3.2. Protein related requirements group B

2.3.2.1. Protein content

Minimum	Maximum
0,55 g/100 kJ	0,67 g/100 kJ
(2,3 g/100 kcal)	(2,8 g/100 kcal)

2.3.2.2. Protein source

Whey protein derived from cows' milk, consisting of:

- (a) 77 % acid whey, coming from whey protein concentrate with a protein content of 35 to 80 %;
- (b) 23 % sweet whey, coming from demineralised sweet whey with a minimum protein content of 12,5 %.

2.3.2.3. Protein processing

The source material is hydrated and heated. Following the heat-treatment step, the hydrolysis is carried out at a pH of 7,5 to 8,5 and a temperature of 55 to 70 °C with the use of an enzyme mixture of a serine endopeptidase and a protease/peptidase complex. The food enzymes are inactivated in a heat treatment step (from 2 to 10 seconds at 120 to 150 °C) during the production process.

2.3.2.4. Indispensable and conditionally indispensable amino acids and L-carnitine

For an equal energy value, infant formula manufactured from protein hydrolysates must contain an available quantity of each indispensable and conditionally indispensable amino acid at least equal to that contained in the reference protein as set out in Section A of Annex III. Nevertheless, for calculation purposes, the concentration of methionine and cysteine may be added together if the methionine: cysteine ratio is not greater than 2, and the concentration of phenylalanine and tyrosine may be added together if the tyrosine: phenylalanine ratio is not greater than 2. The ratio of methionine:cysteine and of tyrosine:phenylalanine may be greater than 2, provided that the suitability of the product concerned for infants is demonstrated in accordance with Article 3(3).

The L-carnitine content shall be at least equal to 0,3 mg/100 kJ (1,2 mg/100 kcal).;

(2) in Annex II point 2.3 is replaced by the following:

2.3. Follow-on formula manufactured from protein hydrolysates

Follow-on formula manufactured from protein hydrolysates shall comply either with the protein related requirements provided under point 2.3.1, or with the protein related requirements provided under point 2.3.2.

2.3.1. Protein related requirements group A

2.3.1.1. Protein content

Minimum	Maximum
0,44 g/100 kJ	0,67 g/100 kJ
(1,86 g/100 kcal)	(2,8 g/100 kcal)

2.3.1.2. Protein source

Demineralised sweet whey protein derived from cows' milk after enzymatic precipitation of caseins using chymosin, consisting of:

- (a) 63 % caseino-glycomacropeptide free whey protein isolate with a minimum protein content of 95 % of dry matter and protein denaturation of less than 70 % and a maximum ash content of 3 %; and
- (b) 37 % sweet whey protein concentrate with a minimum protein content of 87 % of dry matter and protein denaturation of less than 70 % and a maximum ash content of 3,5 %.

2.3.1.3. Protein processing

Two-stage hydrolysis process using a trypsin preparation with a heat-treatment step (from 3 to 10 minutes at 80 to 100 °C) between the two hydrolysis steps.

2.3.1.4. Indispensable and conditionally indispensable amino acids and L-carnitine

For an equal energy value, follow-on formula manufactured from protein hydrolysates must contain an available quantity of each indispensable and conditionally indispensable amino acid at least equal to that contained in the reference protein as set out in Section B of Annex III. Nevertheless, for calculation purposes, the concentration of methionine and cysteine and the concentration of phenylalanine and tyrosine may be added together.

2.3.2. Protein related requirements group B

2.3.2.1. Protein content

Minimum	Maximum
0,55 g/100 kJ	0,67 g/100 kJ
(2,3 g/100 kcal)	(2,8 g/100 kcal)

2.3.2.2. Protein source

Whey protein derived from cows' milk, consisting of:

- (a) 77 % acid whey, coming from whey protein concentrate with a protein content of 35 to 80 %;
- (b) 23 % sweet whey, coming from demineralised sweet whey with a minimum protein content of 12,5 %.

2.3.2.3. Protein processing

The source material is hydrated and heated. Following the heat-treatment step, the hydrolysis is carried out at a pH of 7,5 to 8,5 and a temperature of 55 to 70 °C with the use of an enzyme mixture of a serine endopeptidase and a protease/peptidase complex. The food enzymes are inactivated in a heat treatment step (from 2 to 10 seconds at 120 to 150 °C) during the production process.

2.3.2.4. Indispensable and conditionally indispensable amino acids

For an equal energy value, follow-on formula manufactured from protein hydrolysates must contain an available quantity of each indispensable and conditionally indispensable amino acid at least equal to that contained in the reference protein as set out in Section A of Annex III. Nevertheless, for calculation purposes, the concentration of methionine and cysteine and the concentration of phenylalanine and tyrosine may be added together.;

(3) Annex III is amended as follows:

(a) Section A is amended as follows:

(i) the title is replaced by the following:

'Infant formula and follow-on formula manufactured from cows' milk or goats' milk proteins and infant formula and follow-on formula manufactured from soya protein isolates, alone or in a mixture with cows' milk or goats' milk proteins and infant formula and follow-on formula manufactured from protein hydrolysates';

(ii) the introductory sentence is replaced by the following:

'For the purposes of points 2.1, 2.2 and 2.3.2 of Annexes I and II, the indispensable and conditionally indispensable amino acids in breast milk, expressed in mg per 100 kJ and 100 kcal, are the following:';

(b) in Section B, the introductory sentence is replaced by the following:

'For the purposes of point 2.3.1 of Annexes I and II, the indispensable and conditionally indispensable amino acids in breast milk, expressed in mg per 100 kJ and 100 kcal, are the following:'.

COMMISSION REGULATION (EU) 2022/520**of 31 March 2022****amending Regulation (EC) No 1418/2007 concerning the export for recovery of certain waste listed in Annex III or IIIA to Regulation (EC) No 1013/2006 of the European Parliament and of the Council to certain countries to which the OECD Decision on the control of transboundary movements of wastes does not apply****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1013/2006 of the European Parliament and of the Council of 14 June 2006 on shipments of waste ⁽¹⁾, and in particular Article 37(2), third sentence.

Whereas:

- (1) The Annex to Commission Regulation (EC) No 1418/2007 ⁽²⁾ was amended by Regulation (EU) 2021/1840 ⁽³⁾.
- (2) Pursuant to Article 37(1) and (2) of Regulation (EC) No 1013/2006, when that Annex was amended by Regulation (EU) 2021/1840, the Commission took into account the respective replies received from India and Moldova to its written request. India subsequently stated in writing that the information provided in its reply regarding the sub-entry B3020 did not reflect the existing legislation and procedures, which did not prohibit imports of those wastes. Therefore, India requested that the procedure for sub-entry B3020 should be changed from option (a) to option (d).
- (3) Moldova subsequently stated in writing that the information in its reply regarding sub-sections of several entries did not reflect the existing legislation and procedures, which did not prohibit imports of those sub-categories of wastes. Therefore, Moldova requested that the procedure for specified sub-categories of waste codes B1010, B1200, B2020, B2110, B3011, B3020, B3030 and B3060 should be moved from option (a) to option (d).
- (4) At the time of the amendment, Chile was incorrectly listed in Regulation (EC) No 1418/2007 as belonging to those countries to which the OECD Decision on the control of transboundary movements of wastes destined for recovery operations does not apply. On 10 April 2018, the OECD Council approved the Opinion of the Environment Policy Committee regarding the compliance by Chile with this OECD Decision. Consequently, Article 37(2) of Regulation (EC) No 1013/2006 is no longer applicable to Chile and the table for Chile should be deleted from the Annex to Regulation (EC) No 1418/2007.
- (5) At the time of the amendment, waste codes B3010 and GH013 were listed in the table for Algeria. When Regulation (EC) No 1418/2007 was amended by Regulation (EU) 2021/1840 waste code GC040 was listed in the table for Thailand. These codes are no longer in use and should therefore be deleted from the Annex to Regulation (EC) No 1418/2007.
- (6) The punctuation in the tables for Chinese Taipei and Liberia is inconsistent. In the table for Chinese Taipei, column (b) 'B1030 – B1031' should read 'B1030; B1031', to be in accordance with the rules on reading the Annex. In the table for Liberia, column (a) '– B1010 – B1250' should read 'B1010 – B1250', to be consistent with the rule for reading column (b).

⁽¹⁾ OJ L 190, 12.7.2006, p. 1.

⁽²⁾ Commission Regulation (EC) No 1418/2007 of 29 November 2007 concerning the export for recovery of certain waste listed in Annex III or IIIA to Regulation (EC) No 1013/2006 of the European Parliament and of the Council to certain countries to which the OECD Decision on the control of transboundary movements of wastes does not apply (OJ L 316, 4.12.2007, p. 6).

⁽³⁾ Commission Regulation (EU) 2021/1840 of 20 October 2021 amending Regulation (EC) No 1418/2007 concerning the export for recovery of certain waste listed in Annex III or IIIA to Regulation (EC) No 1013/2006 of the European Parliament and of the Council to certain countries to which the OECD Decision on the control of transboundary movements of wastes does not apply (OJ L 373, 21.10.2021, p. 1).

- (7) In order to rectify these mistakes and considering the impact on economic operators, the Annex to Regulation (EC) No 1418/2007 should be amended accordingly.
- (8) Considering the urgent need to resume shipments of the waste concerned to India and Moldova, this Regulation should enter into force on the day following that of its publication,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to Regulation (EC) No 1418/2007 is amended in accordance with the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 31 March 2022.

For the Commission
The President
Ursula VON DER LEYEN

ANNEX

The Annex to Regulation (EC) No 1418/2007 is amended as follows:

(1) the table for Algeria is replaced by the following:

Algeria

(a)	(b)	(c)	(d)
Single waste entries			
			B1010 – B1020
B1030			
			B1031
B1040			
			B1050
B1070 – B1220			
			B1230 – B1240
B1250 – B2020			
from B2030: — Ceramic based fibres not elsewhere specified or included			from B2030: — Cermet waste and scrap (metal ceramic composites)
B2040 – B2130			
B3020			
			B3030 – B3035
B3040 – B3065			
B3080			
B3100 – B4030			
GB040 – GC050			
			GF010
GG030			
			GG040'
GN010			
GN030			
Mixtures of wastes			
All mixtures of wastes listed in Annex IIIA of Regulation (EC) No 1013/2006			

(2) the table for Chile is deleted;

(3) in the table for Chinese Taipei, third row, second column:

'B1030 – B1031' is replaced by 'B1030; B1031';

(4) the table for India is replaced by the following:

India

(a)	(b)	(c)	(d)

DECISIONS

DECISION (EU, Euratom) 2022/521 OF THE EUROPEAN PARLIAMENT, THE COUNCIL AND THE COMMISSION

of 28 March 2022

appointing the members of the Supervisory Committee of the European Anti-Fraud Office (OLAF)

THE EUROPEAN PARLIAMENT, THE COUNCIL AND THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to the Treaty establishing the European Atomic Energy Community,

Having regard to Regulation (EU, Euratom) No 883/2013 of the European Parliament and of the Council, as amended ⁽¹⁾, concerning investigations conducted by the European Anti-Fraud Office (OLAF) and repealing Regulation (EC) No 1073/1999 of the European Parliament and of the Council and Council Regulation (Euratom) No 1074/1999 ⁽²⁾, and in particular Article 15(2) of this Regulation,

Whereas:

- (1) Article 15(2) of Regulation (EU, Euratom) No 883/2013 provides that the Supervisory Committee of the European Anti-Fraud Office (OLAF) shall be composed of five independent members having experience in senior judicial or investigative functions or comparable functions relating to the areas of activity of the Office. They shall be appointed by common accord of the European Parliament, the Council and the Commission. The decision appointing the members of the Supervisory Committee shall also include a reserve list of potential members to replace members of the Supervisory Committee for the remainder of their term of office in the event of the resignation, death or permanent incapacity of one or more of those members.
- (2) According to Article 15(3) of Regulation (EU, Euratom) No 883/2013, the term of office of the members of the Supervisory Committee shall be five years and shall not be renewable. Three and two members shall be replaced alternately in order to preserve the Supervisory Committee's expertise.
- (3) According to Article 15(6) of Regulation (EU, Euratom) No 883/2013, in accordance with the applicable Commission rules, members of the Supervisory Committee shall receive a daily allowance and shall be reimbursed for expenses incurred by them in the course of their duties.
- (4) According to Article 15(7) of Regulation (EU, Euratom) No 883/2013, in carrying out their duties, the Members of the Supervisory Committee shall neither seek nor take instructions from any government or any institution, body, office or agency.
- (5) According to Article 10(5), third subparagraph, of Regulation (EU, Euratom) No 883/2013, the members of the Supervisory Committee shall be bound by an obligation of professional secrecy in the exercise of their functions, and shall continue to be bound by that obligation after the end of their mandate.
- (6) According to Article 1 of Decision (EU, Euratom) 2016/1201 of the European Parliament, the Council and the Commission, of 13 July 2016, appointing the members of the Supervisory Committee of OLAF, the duties of two members of the Supervisory Committee, Ms Grażyna Stronikowska and Mr Rafael Muñoz López-Carmona, ended on 12 July 2021 and the duties of three members, Mr Jan Mulder, Ms Maria Helena Pereira Loureiro Correia Fazenda and Ms Dobrinka Mihaylova, ended on 22 January 2022. In accordance with Article 15(4) of Regulation

⁽¹⁾ Regulation (EU, Euratom) 2020/2223 of the European Parliament and of the Council of 23 December 2020 amending Regulation (EU, Euratom) No 883/2013, as regards cooperation with the European Public Prosecutor's Office and the effectiveness of the European Anti-Fraud Office investigations (OJ L 437, 28.12.2020, p. 49).

⁽²⁾ OJ L 248, 18.9.2013, p. 1.

(EU, Euratom) No 883/2013, these members have remained in office after the expiry of their term of office, pending completion of the process of appointment of new members of the Supervisory Committee. New members should therefore be appointed to replace these five members, respecting the alternate replacement laid down in Article 15(3) of Regulation (EU, Euratom) No 883/2013. The two persons starting their mandate immediately and the three starting on 23 September 2022 have been chosen by drawing lots.

- (7) Following a selection procedure, the European Parliament, the Council and the Commission are satisfied that the persons to be appointed as members of the Supervisory Committee and also those included in the reserve list of potential members fulfil the requirements of independence and experience in senior judicial or investigative functions or comparable functions relating to the areas of activity of OLAF laid down in Article 15(2) of Regulation (EU, Euratom) No 883/2013. The persons in the reserve list are presented in an order of merit, as it results from the selection procedure.

HAVE DECIDED AS FOLLOWS:

Article 1

1. The following persons are hereby appointed as members of the Supervisory Committee of the European Anti-Fraud Office (OLAF) as from the day of entry into force of this decision, in replacement of the members whose mandate ended in July 2021:

- Mr Dusan STERLE,
- Mr Carsten ZATSCHLER.

2. The following persons are hereby appointed as members of the Supervisory Committee of the European Anti-Fraud Office (OLAF) as from 23 September 2022, in replacement of the members whose mandate ended in January 2022:

- Ms Teresa ANJINHO,
- Ms Marita SALGRAVE,
- Mr Angelo Maria QUAGLINI.

3. Should any of the above persons resign from the Supervisory Committee, die or become permanently incapacitated, he or she shall immediately be replaced for the remainder of the term of office by the first named person on the following list who has not yet replaced a member of the Supervisory Committee:

- Mr Thierry CRETIN,
- Mr Ilias KONSTANTAKOPOULOS,
- Ms Maria STYLIANIDI,
- Mr Andrei Atila Luca CHENDI,
- Ms Sophie DE WAEL,
- Mr Igors LUDBORŽS,
- Ms Gabriella NAGY,
- Mr Joaquin SILGUERO ESTAGNAN.

Article 2

The Members of the Supervisory Committee shall not deal with a matter in which, directly or indirectly, they have any personal interest such as to impair their independence, and, in particular, family and financial interests.

Article 3

The amount of the reimbursement for expenses incurred in the course of duties as a Member of the Supervisory Committee, the amount of the payment for each day spent on those duties as well as the procedure for reimbursement and payment shall be determined by the Commission in accordance with its applicable rules.

Article 4

The Commission shall inform the above persons of this Decision, and shall immediately inform any person replacing a member of the Supervisory Committee pursuant to Article 1(3).

Article 5

The Decision shall enter into force on 28 March 2022.

Done at Brussels, 28 March 2022.

COMMISSION IMPLEMENTING DECISION (EU) 2022/522**of 29 March 2022****amending the Annex to Implementing Decision (EU) 2021/641 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States***(notified under document C(2022) 2058)***(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2016/429 of the European Parliament and of the Council of 9 March 2016 on transmissible animal diseases and amending and repealing certain acts in the area of animal health ('Animal Health Law') ⁽¹⁾, and in particular Article 259(1), point (c), thereof,

Whereas:

- (1) Highly pathogenic avian influenza (HPAI) is an infectious viral disease in birds and may have a severe impact on the profitability of poultry farming causing disturbance to trade within the Union and exports to third countries. HPAI viruses can infect migratory birds, which can then spread these viruses over long distances during their autumn and spring migrations. Therefore, the presence of HPAI viruses in wild birds poses a continuous threat for the direct and indirect introduction of these viruses into holdings where poultry or captive birds are kept. In the event of an outbreak of HPAI, there is a risk that the disease agent may spread to other holdings where poultry or captive birds are kept.
- (2) Regulation (EU) 2016/429 establishes a new legislative framework for the prevention and control of diseases that are transmissible to animals or humans. HPAI falls within the definition of a listed disease in that Regulation, and it is subject to the disease prevention and control rules laid down therein. In addition, Commission Delegated Regulation (EU) 2020/687 ⁽²⁾ supplements Regulation (EU) 2016/429 as regards the rules for the prevention and control of certain listed diseases, including disease control measures for HPAI.
- (3) Commission Implementing Decision (EU) 2021/641 ⁽³⁾ has been adopted within the framework of Regulation (EU) 2016/429 and it lays down disease control measures in relation to outbreaks of HPAI.
- (4) More particularly, Implementing Decision (EU) 2021/641 provides that the protection and surveillance zones established by the Member States following outbreaks of HPAI, in accordance with Delegated Regulation (EU) 2020/687, are to comprise at least the areas listed as protection and surveillance zones in the Annex to that Implementing Decision.
- (5) The Annex to Implementing Decision (EU) 2021/641 was recently amended by Implementing Decision (EU) 2022/454 ⁽⁴⁾ following outbreaks of HPAI in poultry or captive birds in Czechia, Germany, Spain, France, the Netherlands and Poland that needed to be reflected in that Annex.
- (6) Since the date of adoption of Implementing Decision (EU) 2022/454, Germany, Spain, France, Italy and Portugal have notified the Commission of further outbreaks of HPAI in establishments where poultry or captive birds were kept, located within or outside the areas listed in the Annex to that Implementing Decision.

⁽¹⁾ OJ L 84, 31.3.2016, p. 1.

⁽²⁾ Commission Delegated Regulation (EU) 2020/687 of 17 December 2019 supplementing Regulation (EU) 2016/429 of the European Parliament and the Council, as regards rules for the prevention and control of certain listed diseases (OJ L 174, 3.6.2020, p. 64).

⁽³⁾ Commission Implementing Decision (EU) 2021/641 of 16 April 2021 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States (OJ L 134, 20.4.2021, p. 166).

⁽⁴⁾ Commission Implementing Decision (EU) 2022/454 of 16 March 2022 amending the Annex to Implementing Decision (EU) 2021/641 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States (OJ L 92, 21.3.2022, p. 12).

- (7) In addition, Romania has notified the Commission of an outbreak of HPAI of subtype H5N1 in an establishment where poultry or captive birds were kept, located in Giurgiu County of that Member State.
- (8) The competent authorities of Germany, Spain, France, Italy, Portugal and Romania have taken the necessary disease control measures required in accordance with Delegated Regulation (EU) 2020/687, including the establishment of protection and surveillance zones around those outbreaks.
- (9) Moreover, the outbreaks confirmed in Portugal and Romania are located in close proximity to the borders with Spain and Bulgaria, respectively. Accordingly, the competent authorities of those Member States have duly collaborated with regard to the establishment of the necessary surveillance zones, in accordance with Delegated Regulation (EU) 2020/687, as the surveillance zones extend into the territories of Spain and Bulgaria, respectively.
- (10) The Commission has examined the disease control measures taken by Germany, Spain, France, Italy, Portugal and Romania in collaboration with those Member States and it is satisfied that the boundaries of the protection and surveillance zones in Germany, Spain, France, Italy, Portugal and Romania, established by the competent authorities of those Member States and of the surveillance zone in Bulgaria are at a sufficient distance from the establishments where the recent outbreaks of HPAI have been confirmed.
- (11) In the Annex to Implementing Decision (EU) 2021/641, there are currently no areas listed as protection and surveillance zones for Romania and no areas listed as surveillance zone for Bulgaria.
- (12) In order to prevent any unnecessary disturbance to trade within the Union and to avoid unjustified barriers to trade being imposed by third countries, it is necessary to rapidly describe at Union level, in collaboration with Germany, Spain, France, Italy, Portugal and Romania, the protection and surveillance zones established by those Member States and the surveillance zone established by Bulgaria, in accordance with Delegated Regulation (EU) 2020/687.
- (13) Therefore, the areas listed for Germany, Spain, France, Italy and Portugal in the Annex to Implementing Decision (EU) 2021/641 should be amended.
- (14) In addition, protection and surveillance zones should be listed for Romania and surveillance zone should be listed for Bulgaria in the Annex to Implementing Decision (EU) 2021/641.
- (15) Accordingly, the Annex to Implementing Decision (EU) 2021/641 should be amended to update regionalisation at Union level to take account of the protection and surveillance zones duly established by Germany, Spain, France, Italy, Portugal and Romania and of the surveillance zone duly established by Bulgaria, in accordance with Delegated Regulation (EU) 2020/687, and the duration of the measures applicable therein.
- (16) Implementing Decision (EU) 2021/641 should therefore be amended accordingly.
- (17) Given the urgency of the epidemiological situation in the Union as regards the spread of HPAI, it is important that the amendments to be made to Implementing Decision (EU) 2021/641 by this Decision take effect as soon as possible.
- (18) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS DECISION:

Article 1

The Annex to Implementing Decision (EU) 2021/641 is replaced by the text set out in the Annex to this Decision.

Article 2

This Decision is addressed to the Member States.

Done at Brussels, 29 March 2022.

For the Commission
Stella KYRIAKIDES
Member of the Commission

* In accordance with the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community, and in particular Article 5(4) of the Protocol on Ireland/Northern Ireland in conjunction with Annex 2 to that Protocol, for the purposes of this Annex, references to Member State include the United Kingdom in respect of Northern Ireland.'

COMMISSION IMPLEMENTING DECISION (EU) 2022/523**of 31 March 2022****amending Implementing Decision (EU, Euratom) 2018/194 as regards the collection costs and models for statements of accounts for entitlements to traditional own resources and the form for reports on irrecoverable amounts**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to the Treaty establishing the European Atomic Energy Community,

Having regard to Council Regulation (EU, Euratom) No 609/2014 of 26 May 2014 on the methods and procedure for making available the traditional, VAT and GNI-based own resources and on the measures to meet cash requirements ⁽¹⁾, and in particular Articles 6(4) and 13(3) thereof,

After consulting the Advisory Committee on Own Resources,

Whereas:

- (1) In Commission Implementing Decision (EU, Euratom) 2018/194 ⁽²⁾, some of the models used by the Member States to communicate information to the Commission need to be updated and improved to take into account the experience gained in recent years using those models. To that end, the models in Annexes I, II, III and V to that Implementing Decision, used for the transmission of the account statements referred to in Article 6(4) of Regulation (EU, Euratom) No 609/2014, and for the reports on irrecoverable amounts corresponding to entitlements to own resources referred to in Article 13(3) of that Regulation, should be replaced by new models.
- (2) Council Decision (EU, Euratom) 2020/2053 ⁽³⁾ introduced a 25 % deduction rate to cover costs related to the collection of 'traditional' own resources. It is therefore necessary to reflect that deduction rate in the models used by Member States for the transmission of the monthly statements of the 'A' account as set out in Annexes I and II to Implementing Decision (EU, Euratom) 2018/194. The models in Annexes I and II to that Implementing Decision should also indicate clearly the different rates to apply, depending on the due date for making the amount available to the Union budget.
- (3) Following the advanced phasing-out of sugar levies in accordance with Article 124 of Regulation (EU) No 1308/2013 ⁽⁴⁾ it is possible to simplify the models set out in Annexes I and III to Implementing Decision (EU, Euratom) 2018/194 by merging all sub-categories of those levies.
- (4) The report of Annex V, referred to in Article 13(3) of Regulation (EU, Euratom) No 609/2014, should contain all the facts necessary for a full examination of the reasons, which prevented the Member States from making available amounts deemed or declared irrecoverable exceeding EUR 100 000, including the recovery measures taken by the Member States. However, the reports submitted under Implementing Decision (EU, Euratom) 2018/194 are sometimes not correctly completed or inconsistent with other available information and for that reason requests for additional information need to be made to the Member States concerned. Therefore, it is appropriate to include several clarifications in the existing forms such as on the amounts of corrections recorded pursuant to Article 8 of Regulation (EU, Euratom) No 609/2014 and the indications on the legal instruments used as basis for enforced recovery under national law.

⁽¹⁾ OJ L 168, 7.6.2014, p. 39.

⁽²⁾ Commission Implementing Decision (EU, Euratom) 2018/194 of 8 February 2018 establishing models for statements of accounts for entitlements to own resources and a form for reports on irrecoverable amounts corresponding to the entitlements to own resources pursuant to Council Regulation (EU, Euratom) No 609/2014 (OJ L 36, 9.2.2018, p. 20).

⁽³⁾ Council Decision (EU, Euratom) 2020/2053 of 14 December 2020 on the system of own resources of the European Union and repealing Decision 2014/335/EU, Euratom (OJ L 424, 15.12.2020, p. 1).

⁽⁴⁾ Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 (OJ L 347, 20.12.2013, p. 671).

- (5) In order to give Member States sufficient time to adapt to the amendments introduced in the models set out in Annexes I, II and III to Implementing Decision (EU, Euratom) 2018/194, it is appropriate to defer the date of application of those amendments.
- (6) Implementing Decision (EU, Euratom) 2018/194 should therefore be amended accordingly,

HAS ADOPTED THIS DECISION:

Article 1

Implementing Decision (EU, Euratom) 2018/194 is amended as follows:

- (1) Article 3 is deleted;
- (2) Annexes I, II and III are replaced by the text in Annex I to this Decision;
- (3) Annex V is replaced by the text in Annex II to this Decision.

Article 2

This Decision shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

Article 1, point (2) shall apply from 1 July 2022.

Done at Brussels, 31 March 2022.

For the Commission
The President
Ursula VON DER LEYEN

“A” ACCOUNT OF OWN RESOURCES OF THE EUROPEAN UNIONStatement of established entitlements ⁽¹⁾

Member State:

Month/year:

(national currency)								
NATURE OF RESOURCE		Member State's reference (optional)	Amounts established during month ⁽²⁾	Amounts recovered from separate account ⁽³⁾	Corrections to earlier establishments ⁽⁴⁾		Gross amounts (5) = (1) + (2) + (3) – (4)	Net amounts (6)
			(1)	(2)	+	-		
					(3)	(4)		
1210	Customs duties (excluding countervailing and anti-dumping)							
1230	Countervailing and anti-dumping duties on products							
1240	Countervailing and anti-dumping duties on services							
12	CUSTOMS DUTIES							
1100	Sugar levies							
11	SUGAR LEVIES							
TOTAL 12 + 11								
					– 25 % collection costs ⁽⁵⁾ – 20 % collection costs ⁽⁶⁾ – 25 % collection costs ⁽⁷⁾ – 10 % collection costs ⁽⁸⁾			
					Total to be paid to the EU			

-
- (¹) Including entitlements as a result of inspections and detected cases of fraud and irregularities.
- (²) Including accounting corrections.
- (³) Including amounts declared or deemed irrecoverable for reasons attributable to the Member States.
- (⁴) Corrections to initial establishments, in particular cases of post-clearance recovery and repayment. For sugar, corrections relating to earlier years must mention the corresponding marketing year.
- (⁵) The 25 % deduction rate is to be applied to amounts, which in accordance with applicable Union rules, were to be made available after 28 February 2021.
- (⁶) The 20 % deduction rate is to be applied to amounts, which in accordance with applicable Union rules, were to be made available between 1 March 2014 and 28 February 2021.
- (⁷) The 25 % deduction rate is to be applied to amounts, which in accordance with applicable Union rules, were to be made available between 1 March 2001 and 28 February 2014.
- (⁸) The 10 % deduction rate is to be applied to amounts, which in accordance with applicable Union rules, were to be made available before 28 February 2001.
-

ANNEX TO THE STATEMENT OF THE “A” ACCOUNT OF THE OWN RESOURCES OF THE EUROPEAN UNION

Monitoring of recovery of amounts which relate to cases of irregularities or delays identified through control and supervision measures ⁽¹⁾

Month/year

(national currency)								
Gross amount of own resources recovered	References to irregularities or delays in the establishment, entry in the accounts and making available of own resources noted as a result of national or Union inspections ⁽²⁾ ⁽³⁾ ⁽⁴⁾	Rate of deduction to be applied ⁽⁵⁾				Amounts included under the heading “Total to be paid to the EU”		Other information ⁽⁶⁾
		25 % (from 1 March 2021 on)	20 % (1 March 2014 – 28 February 2021)	25 % (1 March 2001 – 28 February 2014)	10 % (before 28 February 2001)	YES ⁽⁷⁾	NO ⁽⁸⁾	
Total:								

⁽¹⁾ Article 2(3) or Article 4(6), third subparagraph, of Regulation (EU, Euratom) 2021/768.⁽²⁾ References to reports pursuant to Article 13(3) of Regulation (EU, Euratom) No 609/2014 are also to be shown in this column.⁽³⁾ References to Commission letters and inspection reports are also to be mentioned in this column.⁽⁴⁾ If applicable, the following specific references shall also be mentioned:

(a) OWNRES reference;

(b) references to identify individual payments related to Member States' financial responsibility for administrative errors;

(c) references to the national decisions, as also included in the Annex to the statement of the separate account (Annex IV) in cases where the Member State autonomously considers that the conditions of Article 13(2) of Regulation (EU, Euratom) No 609/2014 are not met and TOR is made available voluntarily.

⁽⁵⁾ Mark with an X the retention rate applied to the amount.⁽⁶⁾ Include in this heading further information regarding each amount entered in the annex:

(a) if an amount is made available separately from the current monthly statement and not included in the “Total to be paid to the EU”, indicate here the date of making available of the amount and information to identify the amount at stake;

(b) indicate here if a payment is made under reservation;

(c) regular date for making the amount available.

⁽⁷⁾ Mark with an X, if the amount is included in the current monthly statement.⁽⁸⁾ Mark with an X if the amount was made available separately and not included in a previous statement or Annex.

OWN RESOURCES OF THE EUROPEAN UNION – SEPARATE ACCOUNT ⁽¹⁾

Statement of established entitlements not included in “A” account

Member State:

Quarter/year:

(national currency)								
NATURE OF RESOURCE		Outstanding from previous quarter	Established entitlement for current quarter	Corrections of establishments (Article 8) ⁽²⁾	Irrecoverable amounts which cannot be made available for justified reasons (Article 13(2)) ⁽⁴⁾	Total (1 + 2 ± 3 – 4)	Amounts recovered for the EU budget during current quarter ⁽³⁾ ⁽⁶⁾	Outstanding at end of current quarter
		(1)	(2)	(3)	(4)	(5)	(6)	(7) = (5) – (6)
1210	Customs duties (excluding countervailing and anti-dumping)							
1230	Countervailing and anti-dumping duties on products							
1240	Countervailing and anti-dumping duties on services							
12	CUSTOMS DUTIES							
1100	Sugar levies							
11	SUGAR LEVIES							
TOTAL 12 + 11								
						Estimate of amounts established for which recovery is unlikely ⁽⁶⁾		

⁽¹⁾ 'B' account kept pursuant to the second subparagraph of Article 6(3) of Regulation (EU, Euratom) No 609/2014, including entitlements established as a result of inspections and detected cases of fraud and irregularities.

⁽²⁾ Correction of establishments shall be understood as corrections, including cancellations resulting from a revision of the initial establishment arising from previous quarters. They differ by nature from those entered in column (4).

⁽³⁾ All the cases are to be set out in Annex IV, which is to be returned at the same time as this quarterly statement. The total for this column (4) and the total in column 2 of Annex IV shall be the same.

⁽⁴⁾ The total for this column shall be the same as the total given in column (2) of the statement of the 'A' account for the three months concerned.

⁽⁵⁾ Including all amounts, which had not been recovered from debtors for reasons attributable to the Member State. These need to be entered in column 2 of the 'A' account statement (Annex I) and are equally to be shown in column 1 of Annex IV.

⁽⁶⁾ Compulsory for the final quarter of each year. If the estimate comes to zero, the word 'nil' shall be entered.

ANNEX II

ANNEX V

Form of the report ⁽¹⁾ on irrecoverable amounts corresponding to the entitlements to own resources

Unless otherwise stated, all information must be provided if available and relevant. All amounts are to be indicated in the currency of the respective Member State at the time of reporting.

1. GENERAL DATA

Member State:

Reference of the report:

(the Member State's code/year of reporting/serial number of the year of reporting)

Reference to a related information form sent beforehand pursuant to Article 5(1) of Regulation (EU, Euratom) 2021/768:

Justification of absence of a reference to the aforementioned information form:

.....

Case related to a Union inspection (Yes/No)

Reference to a related Union inspection:

Total amount irrecoverable:

(Please specify here the entire irrecoverable amount arising from the same circumstances – irregularities or fraud involving at least one common main debtor and discovered as a result of the same clearance or post-clearance control)

Authority that declared or deemed the amount irrecoverable:

National reference of the administrative decision of irrecoverability:

(See third column of Annex IV)

Date of the administrative decision on irrecoverability:

Date on which the amount was to be deemed irrecoverable:

2. DEBT INCURRED

Date or period during which the debt was incurred:

Legal basis for the incurrence of the debt:

(Legal bases preceding Council Regulation (EEC) No 2913/92 ⁽²⁾ are to be indicated by using the relevant article of Regulation (EEC) No 2913/92)

Indirect representation (Article 18 of Regulation (EU) No 952/2013 of the European Parliament and of the Council ⁽³⁾ or precursors): (Yes/No)

Customs situation:

(Customs procedure in force, situation of the goods or customs-approved treatment at the time of the customs debt being incurred)

Additional details to be indicated in the case of transit movements (for each movement separately):

— Date(s) of acceptance of the customs declaration ⁽⁴⁾:

— Member State(s) of departure or entry into the Union (ISO Code):

— Member State(s) of destination or exit from the Union (ISO Code):

⁽¹⁾ Referred to in Article 13(3), the second and third subparagraph, of Regulation (EU, Euratom) No 609/2014.

⁽²⁾ Council Regulation (EEC) No 2913/92 of 12 October 1992 establishing the Community Customs Code (OJ L 302, 19.10.1992, p. 1).

⁽³⁾ Regulation (EU) No 952/2013 of the European Parliament and of the Council of 9 October 2013 laying down the Union Customs Code (OJ L 269, 10.10.2013, p. 1).

⁽⁴⁾ Including TIR Carnets.

- MRN ⁽³⁾(s) of the transit declaration(s) or TIR operation(s):
.....
- TIR carnet number(s):
- Type of check that led to the establishment of the entitlement:
- Checks not related to the acceptance of a customs declaration:
- Checks during clearance of a customs declaration including sample taking:
.....
- Checks after clearance but before discharge of the customs procedure:
- Checks after discharge of the customs procedure for the goods:
- Checks after clearance and release for free circulation:

Date(s) of presumed discharge of the customs procedure(s), to be communicated exclusively in the case of customs situations involving suspensive arrangements, under the Union Customs Code special procedures referred to in Article 210 of Regulation (EU) No 952/2013 of the European Parliament and of the Council, such as in case of fraudulent transit arrival confirmation, initially considered authentic:
.....

Comprehensive description of events leading to the establishment of the entitlement:

(The following questions shall be always addressed: What triggered the checks or investigations and when? When ended the checks or investigations (give data of report)? Which goods were involved? Give details of the grounds for which duties were evaded. Did the check or investigation allow for the calculation of additional duties and the identification of debtor(s)? Give the date, when the different debtors were identified and if applicable indicate the parts of the debt for which they became debtors.)

Date when the investigation/customs inspection/control started:

Date when the report of the customs inspection/control was produced, allowing to identify the debtor(s) and the amount of additional duties:

3. MUTUAL ASSISTANCE

Case related to Mutual assistance (MA) within the meaning of Council Regulation (EC) No 515/97 ⁽⁶⁾ involving Commission departments (Yes/No)

Reference of the MA communication:

Date of receipt:

Comments (optional):

OLAF File reference (format: LL/yyyy/nnnn):

Joint Customs Operation (JCO) reference(if applicable):
.....

Case related to a Risk information Form (RIF) or to a Common Priority Control Area (CPCA) (Yes/No)

RIF reference (if applicable):

CPCA reference (if applicable):

4. ESTABLISHMENT OF THE ENTITLEMENT (Article 2 of Regulation (EU, Euratom) No 609/2014 ⁽⁷⁾)

Office of establishment:

Date of establishment:

Accounting reference of establishment (optional):

⁽³⁾ International acronym for Master Reference Number/Movement Reference Number.

⁽⁶⁾ Council Regulation (EC) No 515/97 of 13 March 1997 on mutual assistance between the administrative authorities of the Member States and cooperation between the latter and the Commission to ensure the correct application of the law on customs and agricultural matters (OJ L 82, 22.3.1997, p. 1).

⁽⁷⁾ Entry in the accounts as referred to in Article 104(1) of Regulation (EU) No 952/2013 and Article 217(1) of Regulation (EEC) No 2913/92.

Date of entry in the B account (Article 6 of Regulation (EU, Euratom) No 609/2014):

Accounting reference of the B account (optional):

Entry in the accounts or notification of the customs debt deferred in order not to prejudice a criminal investigation affecting the financial interests of the Union (the second subparagraph of Article 13(2) of Regulation (EU, Euratom) No 609/2014) (yes/no)

Total amount of traditional own resources established:

(Please specify here the entire amount established arising from the same circumstances – irregularities or fraud involving at least one common main debtor and discovered as a result of the same clearance or post-clearance control)

.....

Amount of customs and agricultural duties established, not including countervailing and antidumping duties:

.....

Amount of countervailing and antidumping duties established:

Amount of sugar levies established:

Corresponding established amount of national excise duties and VAT (optional):

.....

Amount of correction ⁽⁸⁾ of traditional own resources (increase or decrease) after the initial establishment:

.....

Amount of correction of customs and agricultural duties (increase or decrease) after the initial establishment, not including countervailing and antidumping duties:

.....

Amount of correction of countervailing and antidumping duties (increase or decrease) after the initial establishment:

.....

Amount of correction related to sugar levies (addition or deduction) after the initial establishment:

.....

Corresponding amount of correction related to national excise duties and VAT (addition or deduction) after the initial establishment (optional):

Total amount of traditional own resources to be recovered after correction

Total amount of security/guarantee ⁽⁹⁾:

(Amount covering Union own resources and if applicable national duties. It can be nil if there is a waiver or if a security is not lodged. In the case of a comprehensive guarantee less than 100 % of the reference amount, the reference amount shall also be indicated)

Part of security to be allocated to Union own resources:

Type of security (compulsory, optional, not planned):

Type of compulsory security:

Additional explanations as regards security

(Reason why a planned security was not lodged, comments on application of Articles 89(4), subparagraph 3, of Regulation (EU) No 952/2013, ...):

Security amount made available to the Union:

Date on which the security amount was made available to the Union:

5. RECOVERY PROCESS

(If there are several debtors for the same debt, the following information needs to be provided for each debtor)

⁽⁸⁾ Corrections of establishments as referred to in Article 8 of Regulation (EU, Euratom) No 609/2014.

⁽⁹⁾ Security as referred to in Article 6(3), second subparagraph of Regulation (EU, Euratom) No 609/2014.

Quality of debtor ⁽¹⁰⁾:

Amount owed, if less than total amount established:

Date of notification of the debt:

Date(s) of payment reminders:

Establishment subject to an appeal procedure within the meaning of Article 243(1) of Regulation (EEC) No 2913/92 or Article 44 of Regulation (EU) No 952/2013 or a remission procedure within the meaning of Articles 236, 238 and 239 of Regulation (EEC) No 2913/92 or Articles 117 to 120 of Regulation (EU) No 952/2013 (Yes/No)

Levels attained in appeal/remission procedure:

Date of first appeal/remission lodged:

Date on which the definitive judgment is notified:

Comments

(Please also specify here, if applicable, the different periods of appeal/remission):

Suspension of implementation within the meaning of Articles 222 and 244 of Regulation (EEC) No 2913/92 and Article 876a of Commission Regulation (EEC) No 2454/93 ⁽¹¹⁾ or Articles 108(3) and 45 of Regulation (EU) No 952/2013 (Yes/No)

Security lodged on suspension (Yes/No)

Amount of security on suspension:

Reasons why no security was lodged on suspension:

(Member States need to specify whether or not a security was waived because of foreseeable economic and social difficulties and the grounds for such a decision)

Payment facilities within the meaning of Article 229 of Regulation (EEC) No 2913/92 or Article 112 of Regulation (EU) No 952/2013 (no request/request rejected/request accepted)

Description of payment facility arrangements:

Security lodged pursuant to payment facilities (Yes/No)

Amount of security pursuant to payment facilities:

Reason why no security was lodged on payment facilities:

(Member States need to specify whether or not a security was waived because of foreseeable economic and social difficulties and the grounds for such a decision)

Date of issue of enforcement order:

Notification of enforcement order (Yes/No)

Date of notification of enforcement order:

Comments on enforcement order (indication of the legal instrument under national law):

Date(s) of any payment(s) (including from attachment and from bankruptcy proceedings) received and made available to the Union:

Corresponding amount(s) of payment(s) received and made available to the Union:

Total amounts paid and made available:

Date(s) of attachments:

Amount obtained by way of attachment:

Comments on the attachment (optional):

⁽¹⁰⁾ Including civil liability debtors, indirect representatives and guarantors.

⁽¹¹⁾ Commission Regulation (EEC) No 2454/93 of 2 July 1993 laying down provisions for the implementation of Council Regulation (EEC) No 2913/92 establishing the Community Customs Code (OJ L 253, 11.10.1993, p. 1).

Date of opening of bankruptcy/liquidation/insolvency proceedings:
 Date of declaring the claim in those proceedings:
 Date of closure of bankruptcy/liquidation/insolvency proceedings:
 Amount of own resources recovered from bankruptcy/liquidation/insolvency proceedings:

 Mutual assistance by other Member States in recovery (Council Directive 2010/24/EU ⁽¹²⁾ or precursors) (Yes/No)
 Reference of Mutual assistance in recovery:
 Member State contacted:
 Date of request:
 Amount recovered:
 Date of reply:
 Comments on the reply (in particular if the Member State contacted has not acted on the request):

6. REASONS WHY RECOVERY HAS PROVED IMPOSSIBLE FOR THE REMAINING AMOUNT

(In this part, the Member States shall clearly indicate for instance all the specific enforcement measures taken and the reasons why in the case of a bankruptcy/liquidation/insolvency procedure the amount received was not sufficient to cover the debt or why it covers only a part of the debt. Also, Member States shall explain in detail the circumstances if entry in the accounts or notification of customs debts was deferred in order not to prejudice criminal investigations affecting the financial interests of the Union.)

(Member States do not need to provide information they have already provided under points 1 to 5)

7. OTHER INFORMATION

⁽¹²⁾ Council Directive 2010/24/EU of 16 March 2010 concerning mutual assistance for the recovery of claims relating to taxes, duties and other measures (OJ L 84, 31.3.2010, p. 1).'

CORRIGENDA

Corrigendum to Council Decision (CFSP) 2022/472 of 23 March 2022 amending Decision (CFSP) 2022/339 on an assistance measure under the European Peace Facility to support the Ukrainian Armed Forces*(Official Journal of the European Union L 96 of 24 March 2022)*
