COMMISSION IMPLEMENTING DECISION (EU) 2022/690**of 26 April 2022****amending the Annex to Implementing Decision (EU) 2021/641 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States***(notified under document C(2022) 2794)***(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2016/429 of the European Parliament and of the Council of 9 March 2016 on transmissible animal diseases and amending and repealing certain acts in the area of animal health ('Animal Health Law') ⁽¹⁾, and in particular Article 259(1), point (c), thereof,

Whereas:

- (1) Highly pathogenic avian influenza (HPAI) is an infectious viral disease in birds and may have a severe impact on the profitability of poultry farming causing disturbance to trade within the Union and exports to third countries. HPAI viruses can infect migratory birds, which can then spread these viruses over long distances during their autumn and spring migrations. Therefore, the presence of HPAI viruses in wild birds poses a continuous threat for the direct and indirect introduction of these viruses into holdings where poultry or captive birds are kept. In the event of an outbreak of HPAI, there is a risk that the disease agent may spread to other holdings where poultry or captive birds are kept.
- (2) Regulation (EU) 2016/429 establishes a new legislative framework for the prevention and control of diseases that are transmissible to animals or humans. HPAI falls within the definition of a listed disease in that Regulation, and it is subject to the disease prevention and control rules laid down therein. In addition, Commission Delegated Regulation (EU) 2020/687 ⁽²⁾ supplements Regulation (EU) 2016/429 as regards the rules for the prevention and control of certain listed diseases, including disease control measures for HPAI.
- (3) Commission Implementing Decision (EU) 2021/641 ⁽³⁾ has been adopted within the framework of Regulation (EU) 2016/429 and it lays down disease control measures in relation to outbreaks of HPAI.
- (4) More particularly, Implementing Decision (EU) 2021/641 provides that the protection, surveillance and further restricted zones established by the Member States following outbreaks of HPAI, in accordance with Delegated Regulation (EU) 2020/687, are to comprise at least the areas listed as protection, surveillance and further restricted zones in the Annex to that Implementing Decision.
- (5) The Annex to Implementing Decision (EU) 2021/641 was recently amended by Commission Implementing Decision (EU) 2022/623 ⁽⁴⁾ following outbreaks of HPAI in poultry or captive birds in Belgium, Bulgaria, Denmark, Germany, France, Italy and Romania that needed to be reflected in that Annex.

⁽¹⁾ OJ L 84, 31.3.2016, p. 1.

⁽²⁾ Commission Delegated Regulation (EU) 2020/687 of 17 December 2019 supplementing Regulation (EU) 2016/429 of the European Parliament and the Council, as regards rules for the prevention and control of certain listed diseases (OJ L 174, 3.6.2020, p. 64).

⁽³⁾ Commission Implementing Decision (EU) 2021/641 of 16 April 2021 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States (OJ L 134, 20.4.2021, p. 166).

⁽⁴⁾ Commission Implementing Decision (EU) 2022/623 of 11 April 2022 amending Implementing Decision (EU) 2021/641 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States (OJ L 115, 13.4.2022, p. 90).

- (6) Since the date of adoption of Implementing Decision (EU) 2022/623, Bulgaria, Czechia, Germany, France and the Netherlands have notified the Commission of further outbreaks of HPAI in establishments where poultry or captive birds were kept, located within or outside the areas listed in the Annex to that Implementing Decision.
- (7) In addition, Hungary has notified the Commission of outbreaks of HPAI of subtype H5N1 in establishments where poultry or captive birds were kept, located in the Bács-Kiskun, Békés and Csongrád-Csanád counties of that Member State.
- (8) The competent authorities of Bulgaria, Czechia, Germany, France, Hungary and the Netherlands have taken the necessary disease control measures required in accordance with Delegated Regulation (EU) 2020/687, including the establishment of protection and surveillance zones around those outbreaks.
- (9) Moreover, Poland has notified the Commission of the extension of the disease control measures for an outbreak of HPAI previously confirmed in poultry kept in an establishment in Wielkopolskie voivodship of that Member State, where derogations from the killing of animals have been granted by the competent authority of Poland in accordance with Article 13(1) of Delegated Regulation (EU) 2020/687. Therefore, a protection zone has been re-established for that outbreak and the validity of the measures in the surveillance zone already in place has been extended.
- (10) The Commission has examined the disease control measures taken by Bulgaria, Czechia, Germany, France, Hungary, the Netherlands and Poland in collaboration with those Member States and it is satisfied that the boundaries of the protection and surveillance zones in Bulgaria, Czechia, Germany, France, Hungary, the Netherlands and Poland, established by the competent authorities of those Member States, are at a sufficient distance from the establishments where the outbreaks of HPAI have been confirmed.
- (11) In the Annex to Implementing Decision (EU) 2021/641, there are currently no areas listed as protection and surveillance zones for Hungary, and no areas listed as a protection zone for Czechia, the Netherlands and Poland.
- (12) In order to prevent any unnecessary disturbance to trade within the Union and to avoid unjustified barriers to trade being imposed by third countries, it is necessary to rapidly describe at Union level, in collaboration with Bulgaria, Czechia, Germany, France, Hungary, the Netherlands and Poland, the protection and surveillance zones established by Bulgaria, Czechia, Germany, France, Hungary and the Netherlands and the protection zone established by Poland in accordance with Delegated Regulation (EU) 2020/687.
- (13) Therefore, the areas listed for Bulgaria, Czechia, Germany, France and the Netherlands in the Annex to Implementing Decision (EU) 2021/641 should be amended.
- (14) In addition, protection and surveillance zones should be listed for Hungary and protection zones should be listed for Czechia, the Netherlands and Poland in the Annex to Implementing Decision (EU) 2021/641.
- (15) Accordingly, the Annex to Implementing Decision (EU) 2021/641 should be amended to update regionalisation at Union level to take account of the protection and surveillance zones duly established by Bulgaria, Czechia, Germany, France, Hungary, the Netherlands and Poland in accordance with Delegated Regulation (EU) 2020/687, and the duration of the measures applicable therein.
- (16) Implementing Decision (EU) 2021/641 should therefore be amended accordingly.
- (17) Given the urgency of the epidemiological situation in the Union as regards the spread of HPAI, it is important that the amendments to be made to Implementing Decision (EU) 2021/641 by this Decision take effect as soon as possible.
- (18) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS DECISION:

COMMISSION IMPLEMENTING DECISION (EU) 2022/691**of 28 April 2022****amending Implementing Decision (EU) 2016/2323 establishing the European List of ship recycling facilities pursuant to Regulation (EU) No 1257/2013 of the European Parliament and of the Council****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1257/2013 of the European Parliament and of the Council of 20 November 2013 on ship recycling and amending Regulation (EC) No 1013/2006 and Directive 2009/16/EC ⁽¹⁾, and in particular Article 16 thereof,

Whereas:

- (1) Article 6(2) of Regulation (EU) No 1257/2013 requires ship owners to ensure that ships destined to be recycled are only recycled at ship recycling facilities included in the European List of ship recycling facilities ('European List') published pursuant to Article 16 of that Regulation.
- (2) The European List is set out in Commission Implementing Decision (EU) 2016/2323 ⁽²⁾.
- (3) The Netherlands has informed the Commission that DECOM Amsterdam B.V., a ship recycling facility located in its territory, has been authorised by the competent authority, in accordance with Article 14 of Regulation (EU) No 1257/2013. The Netherlands has provided the Commission with all information relevant for that facility to be included in the European List. The European List should therefore be updated to include that facility.
- (4) The authorisation of Navalria – Docas, Construções e Reparações Navais, a ship recycling facility located in Portugal expired on 31 December 2021 and the Commission has received information from Portugal that the process to renew the authorisation is still ongoing. Therefore, the facility currently does not meet the requirement set out in Article 13(1), point (a), of Regulation (EU) No 1257/2013. The European List should therefore be updated to remove that facility.
- (5) The authorisation of Grand Port Maritime de Bordeaux and GARDET & DE BEZENAC Recycling, two ship recycling facilities located in France, expired on 21 October 2021 and 30 December 2021, respectively. The Commission has received information from France that the authorisations granted to those facilities to conduct ship recycling have been renewed prior to their expiry, in accordance with Article 14 of Regulation (EU) No 1257/2013. The date of expiry of the inclusion of those facilities in the European List should therefore be updated.
- (6) The Commission has received two applications, in accordance with Article 15(1) of Regulation (EU) No 1257/2013, for Dales Marine Services Ltd and Kishorn Port Ltd, two ship recycling facilities located in other parts of the United Kingdom than Northern Ireland, to be included in the European List. Having assessed the information and supporting evidence provided or gathered in accordance with Article 15 of that Regulation, the Commission considers that the facilities comply with the requirements set out in Article 13 of that Regulation to conduct ship recycling and to be included in the European List. The European List should therefore be updated to include those facilities.

⁽¹⁾ OJ L 330, 10.12.2013, p. 1.

⁽²⁾ Commission Implementing Decision (EU) 2016/2323 of 19 December 2016 establishing the European List of ship recycling facilities pursuant to Regulation (EU) No 1257/2013 of the European Parliament and of the Council on ship recycling (OJ L 345, 20.12.2016, p. 119).

- (7) Spain has informed the Commission of changes concerning the contact details and the method of recycling applied at a facility, DESGUACE INDUSTRIAL Y NAVAL, S.L.U. (DINA), located in its territory. Furthermore, it has informed the Commission of changes concerning the process for the approval of ship recycling plans in Spain. The European List should therefore be updated to reflect these changes.
- (8) Implementing Decision (EU) 2016/2323 should therefore be amended accordingly.
- (9) The measures provided for in this Decision are in accordance with the opinion of the Committee established by Article 25 of Regulation (EU) No 1257/2013,

HAS ADOPTED THIS DECISION:

Article 1

The Annex to Implementing Decision (EU) 2016/2323 is replaced by the text in the Annex to this Decision.

Article 2

This Decision shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

Done at Brussels, 28 April 2022.

RULES OF PROCEDURE

Code of Conduct for the Members and former Members of the Court

THE EUROPEAN COURT OF AUDITORS ('the Court'),

Having regard to the Treaty on the Functioning of the European Union, and in particular Articles 285, 286 and 339 thereof,

Having regard to the Rules of Procedure of the Court, and in particular Articles 3 and 34(1) thereof, and to the Rules for Implementing the Rules of Procedure of the Court, in particular Article 81(4) thereof,

Whereas the Members of the Court are required, in the Union's general interest, to be completely independent in the performance of their duties, neither to seek nor to take instructions from any government or from any other body, and to refrain from any action incompatible with their duties,

Whereas, when entering upon their duties, the Members of the Court give a solemn undertaking that, both during and after their term of office, they will respect the obligations arising therefrom,

Whereas Members have a special responsibility in ethical matters since, through their example, they have a significant influence on the culture of the organisation and on facilitating a good working environment,

Whereas this Code of Conduct reflects the fundamental ethical values and principles laid out, for example, in the Code of Ethics of the International Organization of Supreme Audit Institutions (ISSAI 130), such as integrity, independence and objectivity, competence, professional behaviour, confidentiality and transparency,

Whereas the Code of Conduct for the Members of the Court of 8 February 2012 needs to be revised in order to take account of the experience gained in its application and for the Court to ensure the highest ethical standards, as expected of Members of the Court, and to take account of the conclusions of the peer review report on the ethical framework of the Court completed in 2019 by the Supreme Audit Institutions of Croatia and Poland,

Whereas, in order to ensure greater transparency and consistency, all relevant provisions regarding the ethical obligations of Members should be merged into this Code of Conduct, which forms an integral part of the Rules for Implementing the Rules of Procedure of the Court,

Whereas the Court has adopted a policy for maintaining a satisfactory working environment and combating psychological and sexual harassment,

Whereas certain obligations arising from this Code of Conduct in relation to the Members of the Court should also apply to former Members in order to be fully effective,

Has decided to adopt the following *Code of Conduct for the Members and former Members of the Court*:

Article 1

Article 2

General provisions

1. Members shall observe the highest standards of ethical conduct and set the tone at the top by their actions.
2. Members shall observe the following ethical values and principles: integrity, independence, objectivity, competence, professional behaviour, confidentiality and transparency, dignity, commitment and loyalty, and discretion and collegiality.

Article 3

Integrity

1. Members shall act honestly, reliably, in good faith and solely in the public interest.
2. Members shall refrain from accepting any gifts or similar benefits with a value of more than EUR 150. Members shall also refrain from accepting from third parties the covering of manifestly disproportionate subsistence or travel costs.
3. Members may not accept payment for any type of external activity carried out or work published during their term of office.
4. Members shall use the infrastructure and resources placed at their disposal in full compliance with the general and specific rules laid down to that effect, and in particular the Court decisions in force concerning the procedure for recruiting staff to Members' cabinets, representation and reception expenses, and use of the Court's official vehicles.
5. Members of the Court shall choose the members of their cabinets taking into account the demanding nature of the function, the professional profiles required and the need to establish a relationship based on mutual trust between themselves and the members of their cabinets. Spouses, partners and direct family members shall not be part of the cabinets of Members of the Court.

Article 4

Independence

1. Members shall be free from circumstances or influences that compromise, or may be seen as compromising, their professional judgement.
2. Members shall neither seek nor take any instructions from any institution, body, office or agency of the Union, or from any government or from any other public or private entity.
3. Members shall maintain independence from political influence. In particular, they may not exercise any political office.
4. Members' relations with interest groups shall be compatible with the need to preserve their independence.

Article 5

Objectivity

1. Members shall act in an impartial and unbiased manner.
2. Members shall avoid any situation that is liable to give rise to a conflict of interest, or that could objectively be perceived as such. A conflict of interest arises where a personal interest could influence the independent performance of a Member's duties. Personal interests include, but are not limited to, any potential benefit or advantage to Members themselves, their spouses, partners or direct family members.

*Article 6***Competence**

Members shall develop and maintain knowledge and skills relevant for their duties and shall act in accordance with the applicable standards and with due care.

*Article 7***Professional behaviour**

1. Members shall comply with the applicable rules set out in the Treaties, in secondary law and by the Court. They shall avoid any conduct that could discredit the Court.
2. Members of the Court shall be mindful of the importance of their duties and responsibilities; they shall, leading by example, take into account the public nature of their duties and shall conduct themselves in a way that maintains and promotes the public's trust in the Court.

*Article 8***Confidentiality and transparency**

1. Members shall respect the confidential nature of the Court's work. They shall not divulge confidential information of the kind covered by the obligation of professional secrecy, as specified in Article 339 TFEU.
2. Members shall be responsible for the proper handling of any classified, confidential or sensitive documents and information with which they or their cabinet come into contact in the course of their duties.
3. Members shall not use for private purposes, either for themselves or on behalf of others, any information to which they have access by virtue of their official position and which has not been made available to the general public.
4. Members should be mindful that their public office requires enhanced transparency and accountability towards the public. They should balance the need for transparency with confidentiality.

*Article 9***Dignity**

1. Members shall respect the dignity of their office and shall not express themselves, through whatever medium, in a manner that adversely affects its public perception.
2. Members shall behave in a courteous and respectful manner. They shall establish and maintain a working environment that discourages any behaviour that might undermine an individual's dignity.

*Article 10***Commitment and loyalty**

2. They shall attend the meetings of the Court, of the Chambers, and of the Committees to which they belong, in accordance with Article 6 of the Rules for Implementing the Rules of Procedure of the Court.
3. In the spirit of loyalty, they shall provide their constant support to the Court in the discharge of its prerogatives.

*Article 11***Discretion and collegiality**

1. Members shall act and express themselves, both within and outside the institution, with the restraint their office requires.
2. Members shall under all circumstances respect the collegiate nature of the Court's organisation, and adhere to and take collective responsibility for any decisions adopted by the Court. However, Members may have recourse to the judicial instruments provided for under European Union law if they consider that those decisions have caused them harm.
3. Without prejudice to the President's responsibility for external relations, Members shall have authority outside the Court to communicate and comment upon any reports, opinions or information that the Court has decided to make public, subject to the conditions in paragraph 4 below.
4. Members shall refrain from making any comment outside the Court that:
 - (a) would call into question a decision taken by the Court;
 - (b) could damage the Court's reputation;
 - (c) could be interpreted as a statement of the Court's position on matters that do not fall within its institutional remit or on which the Court has not taken a position; or
 - (d) might involve the Court in any controversy, even after they have ceased to hold office.

*Article 12***External activities**

1. Members shall not engage in any professional activity outside the Court, or in any other external activity, whether gainful or not, that is incompatible with their duties, as specified in Article 286(3) and (4) TFEU.
2. Under the conditions laid down in this article, Members may be authorised to assume unremunerated duties in foundations or similar bodies in the legal, scientific, cultural, artistic, social, sporting or charitable spheres or in educational establishments. Such duties cannot include a management role, decision-making power, or responsibility for or control of the operations of the body in question, but only a representative or advisory role. 'Foundation or similar body' means any non-profit organisation or association engaged in activities in the public interest in the aforementioned areas. Members shall avoid any conflict of interest that could arise, or that could be objectively perceived as arising, from these offices, particularly if the body in question receives any kind of financing from the EU budget.
3. Members may also engage in the following external activities, providing they observe Articles 2 and 10:
 - (a) giving courses in the interests of European integration, the rule of law or ethics, or delivering speeches, or taking part in conferences, provided that either no payment is made or, should a payment be made, that it is paid directly by the organiser to a charity of the Member's choice;
 - (b) publishing a book or writing an article, provided that any royalties from works published in connection with a Member's functions are paid directly by the publisher to a charity of the Member's choice;
4. External activities shall not:
 - (a) undermine the Court's impartiality;
 - (b) create a conflict of interest, or be objectively perceived as creating a conflict of interest;
 - (c) take up an excessive amount of time, taking into account the cumulative impact of a Member's total external activities;
 - (d) afford the Member any pecuniary gain.

*Article 13***Obligations of Members after ceasing to hold office**

1. After ceasing to hold office, former Members shall respect those obligations arising from their duties that continue to have an effect after their term, in particular the duty to behave with integrity and discretion as regards the acceptance of certain appointments or benefits in line with Article 286(4) TFEU, and the obligations specified in this Code of Conduct.
2. They shall continue to be bound by the duties of discretion and collegiality, as laid down in Article 11, with respect to the activities performed during their term of office. In accordance with Article 339 TFEU, the obligation of professional secrecy shall continue to apply after Members have ceased to hold office.

II. PROCEDURAL RULES*Article 14***Declaration of Interests**

1. Members shall submit a Declaration of Interests:
 - (a) within a maximum of one month of taking office;
 - (b) on an annual basis on 31 January;
 - (c) at any time, in the event of significant changes in the information to be declared (including new external activities covered by paragraph 10); and
 - (d) on leaving office.
2. These Declarations of Interests shall be submitted to the President using the form in Annex I to this Code of Conduct.
3. The Declaration of Interests shall contain the items listed in paragraphs 4 to 11 of this Article.
4. Members of the Court shall declare any financial interests, assets, or liabilities that might create or objectively be perceived as creating a conflict of interest in the performance of their duties.
5. This includes individual holdings in company capital, in particular shares, and other forms of holding such as convertible bonds or investment certificates. Units in unit trusts, which do not constitute a direct interest in company capital, do not have to be declared.
6. Any property owned either directly or through a real estate company shall be declared, and its approximate location and nature identified, with the exception of homes reserved for the exclusive use of the owner and their family. This shall not include moveable assets.
7. These obligations apply to the financial interests of spouses, partners ⁽¹⁾ and minor children, where those interests might be objectively considered capable of giving rise to a conflict of interest.
8. On first taking office, Members shall declare all activities, professional and honorary, engaged in during the previous three years.
9. Members shall, in order to obviate any potential risk of conflict of interests, declare any professional activities of their spouses or partners ⁽²⁾.
10. Members shall declare all current external activities in addition to declaring them in accordance with the specific procedure laid down in Article 16(1). This shall exclude external activities falling under Article 12(3).

⁽¹⁾ Stable non-matrimonial partner as defined in Article 1(2)(c) of Annex VII of the Staff Regulations.

⁽²⁾ *Ibid.*

11. Members shall declare any decoration, prize or honour bestowed on them.
12. Members are responsible for their own declarations.
13. The President of the Court shall examine the declarations from a formal point of view, with the support of the Legal Service. The Declaration of Interests made by the President shall be examined by the Member next in order of precedence to the President under Article 5 of the Rules of Procedure.
14. Following this examination and with due regard to the protection of personal data, these Declarations of Interests shall be published on the Court's website.
15. The President shall take account of the declarations when proposing the assignment of the Member to a Chamber or Committee of the Court, in order to avoid any possible conflict of interests.
16. If Members are confronted with a situation outside the scope of the Declaration of Interests that may give rise to a conflict of interest, they shall inform the President of the Court. Following an examination by the Ethics Committee, the matter shall be submitted to the Court, which shall take any measure it considers appropriate.

Article 14a

Members' obligations regarding certain contractual relationships

1. Any long-term contractual relationships between Members and staff of the Court, whether or not they involve any remuneration, shall be declared to the Ethics Committee, which is responsible for their examination.
2. Members shall not enter into long-term rental, sub-rental, or loan agreements with staff of the Court.

Article 15

Acceptance of gifts and similar benefits

1. If, by virtue of diplomatic and courtesy usage, Members receive gifts or similar benefits of a value of more than EUR 150, they shall hand them over to the Secretary-General. In case of doubt, they shall declare to the Secretary-General any gift received in the performance of their duties, asking for an assessment of its value.
2. The Secretariat of the Court shall keep a register of gifts and similar benefits with a value of more than EUR 150, identifying the donors, which shall be publicly available on the Court's website.
3. This Article shall not apply to authorised official missions involving a Member's participation in an event where the organiser bears certain costs (for example, travel or hotel costs).

Article 16

Members' obligations regarding external activities

1. Members shall declare without delay to the President of the Court all external activities or changes to a declared activity, using the form in Annex II. Members shall describe the external activities as accurately as possible according to each of the criteria listed in paragraph 3.
2. The President shall forward any such declaration concerning external activities to the Ethics Committee, which is responsible for its examination.
3. To that end, the Ethics Committee shall examine any existing or requested external activity in the light of the general criteria laid down in Article 12(4).

4. By way of exception, external activities pursuant to Article 12(3)(a) and (b) shall be declared to the President using the form in Annex II and sent for information purposes to the Ethics Committee, which shall not issue an opinion unless it deems this necessary.

5. Activities falling within the scope of the Court's Decision on the mission expenses of the Members of the Court cannot constitute 'external activities' within the meaning of Articles 12 and 16 of this Code. Members remain free to provide any such information they see fit to the Ethics Committee, purely for its information. Conversely, an external activity declared under this Code cannot benefit from reimbursement under the Court's Decision on the mission expenses of the Members of the Court.

Article 17

Members' occupations after ceasing to hold office

1. Whenever Members or former Members of the Court intend to engage in an occupation during the two years after they have ceased to hold office, they shall declare it to the President of the Court using the form in Annex III as soon as they become aware of the matter, and if possible with at least two months' notice.

2. For the purposes of this Code, 'occupation' means any professional activity, whether gainful or not. It excludes:

- (a) honorary, unremunerated offices in foundations or similar organisations, with no link to the activities of the European Union, in the political, legal, scientific, cultural, artistic, social, sporting or charitable sphere or in educational establishments;
- (b) the mere management in a private capacity of assets or holdings or personal or family fortune; and
- (c) comparable activities.

3. The President shall forward such declarations for examination by the Ethics Committee. The Ethics Committee shall examine whether the nature of the planned occupation is compatible with Article 286(4) TFEU and the present Code, whether it undermines the Court's impartiality, and whether there is a conflict of interest.

4. Where necessary, the Ethics Committee shall, in carrying out this examination under paragraph 3, identify and assess if there are any specific and substantiated risks to the criteria in paragraph 3 arising from reports for which the Member acted as Reporting Member in the last two years of his or her mandate. The Committee shall also have regard to Article 15 of the EU Charter of Fundamental Rights on the Freedom to choose an occupation and the right to engage in work.

5. If the Ethics Committee considers that the occupation would be incompatible with Article 286(4) TFEU and the present Code, the President shall inform the former Member, who shall refrain from engaging in that activity.

6. By way of exception, where the former Member intends to engage in public office, a conflict of interest is, in principle, not to be expected.

III. ORGANISATIONAL FRAMEWORK

Article 18

The Ethics Committee

1. The Court hereby establishes an Ethics Committee, which shall consider any matter of an ethical nature it deems relevant to the standards laid down in this Code and the reputation of the Court, including their further improvement.

2. The Committee's composition is laid down in Article 33 of the Court's Rules Implementing the Rules of Procedure.

3. The Committee shall elect a chairperson from among its Members.

4. The Committee shall convene at the request of its chairperson or following a request for an opinion submitted to it by the President or a Member of the Court. The Committee's deliberations shall be confidential.
5. The Committee shall issue an opinion within 30 days of being consulted. On a proposal from its chairperson, the Committee may issue an opinion by written procedure. By way of exception, when consulted under Article 17, it shall issue an opinion as soon as possible.
6. The Committee shall adopt its opinions by majority vote. Its opinions shall be reasoned with reference made to any dissenting view. Such opinions shall immediately be communicated to any Member or former Member that may be concerned by the Committee's opinion and forwarded to the President and Court for their information.
7. Where the Committee must consider a declaration of interests or a declaration concerning an external activity of a Member of the Committee, that Member shall be substituted by an alternate Member of the Committee and shall not take part in the Committee's work on the matter.
8. The Ethics Committee shall fulfil the role assigned to it in the decision setting out the Court's policy for maintaining a satisfactory working environment and combating psychological and sexual harassment.
9. The Legal Service shall assist the Ethics Committee in its tasks and provide secretarial support.
10. A contract shall be signed between the Court and the external Member of the Committee laying down their rights and obligations with regard to their mandate, including the amount of the fees.

Article 19

Interaction between the Members, the Ethics Committee and the Court

1. The President and the Members and former Members of the Court may seek the Committee's advice on any ethical question, in particular relating to the interpretation of this Code of Conduct.
