INTERNATIONAL AGREEMENTS

INTERNATIONAL AGREEMENT

between the European Union, of the one part, and Republic of Tunisia, of the other part, on the participation of the Republic of Tunisia in the Union programme Horizon Europe – the Framework Programme for Research and Innovation

The European Commission (hereinafter referred to as ‘the Commission’), on behalf of the European Union,

of the one part,

and

the Government of the Republic of Tunisia (hereinafter referred to as ‘Tunisia’),

of the other part,

hereinafter referred to as ‘the Parties’,

WHEREAS the Protocol ⁽¹⁾ to the Euro-Mediterranean Agreement ⁽²⁾ establishing an association between the European Communities and their Member States, of the one part, and the Republic of Tunisia, of the other part, on a Framework Agreement between the European Union and the Republic of Tunisia on the general principles for the participation of the Republic of Tunisia in Union programmes (hereinafter referred to as ‘the Protocol’), stipulates that the specific terms and conditions regarding the participation of Tunisia in each particular Union programme, in particular the financial contribution to be paid as well as reporting and evaluation procedures, are to be determined in a Memorandum of Understanding ⁽³⁾ between the European Commission and the competent authorities of Tunisia on the basis of the criteria established by the programmes concerned;

WHEREAS the European Union programme Horizon Europe - the Framework Programme for Research and Innovation - was established by Regulation (EU) 2021/695 of the European Parliament and of the Council ⁽⁴⁾ (hereinafter referred to it as the ‘Horizon Europe Programme’);

CONSIDERING the European Union’s efforts to lead the response by joining forces with its international partners to address global challenges in line with the plan of action for people, planet and prosperity in the United Nations Agenda ‘Transforming our World: the 2030 Agenda for Sustainable Development’, and acknowledging that research and innovation are key drivers and essential tools for innovation-led sustainable growth, for economic competitiveness and attractiveness;

⁽¹⁾ OJ L 96, 11.4.2015, p.3.

⁽²⁾ OJ L 97, 30.3.1998, p.2.

⁽³⁾ This International Agreement constitutes and has the same legal effects as a Memorandum of Understanding stated under the Protocol on the Framework Agreement between the European Union and the Republic of Tunisia on the general principles for the participation of the Republic of Tunisia in Union programmes.

⁽⁴⁾ Regulation (EU) 2021/695 of the European Parliament and of the Council of 28 April 2021 establishing Horizon Europe – the Framework Programme for Research and Innovation, laying down its rules for participation and dissemination, and repealing Regulations (EU) No 1290/2013 and (EU) No 1291/2013 (OJ L 170, 12.5.2021, p.1).

RECOGNISING the general principles as set out in Regulation (EU) 2021/695;

ACKNOWLEDGING the objectives of the renewed European Research Area to build a common scientific and technological area, create a single market for research and innovation, foster and facilitate the cooperation between universities and the exchange of best practices and attractive research careers, facilitate cross-border and inter-sectoral mobility of researchers, foster free movement of scientific knowledge and innovation, promote the respect of academic freedom and freedom of scientific research, support science education and communication activities, and encourage competitiveness and attractiveness of participating economies, and that associated countries are key partners in this endeavour;

EMPHASISING the role of the European Partnerships addressing some of Europe's most pressing challenges through concerted research and innovation initiatives contributing significantly to those European Union's priorities in the area of research and innovation that require critical mass and long-term vision and the importance of associated countries' involvement in those Partnerships;

SEEKING to establish mutually advantageous conditions in order to create decent jobs, to strengthen and support innovation ecosystems of the Parties by helping enterprises to innovate and scale up in the markets of the Parties and facilitating the uptake as well as deployment and accessibility of innovation, including capacity building activities;

RECOGNISING that reciprocal participation in each other's research and innovation programmes should provide mutual benefits; while acknowledging that the Parties reserve their right to limit or condition participation in their research and innovation programmes including in particular for actions related to their strategic assets, interests, autonomy or security;

CONSIDERING that the common goals, values and strong links of the Parties in the field of research and innovation, established in the past through relevant international agreements, including the Association Agreement to the Horizon 2020 Programme, and recognising the common desire of the Parties to further develop, strengthen, stimulate and extend their relations and cooperation therein,

HAVE AGREED AS FOLLOWS:

Article 1

Scope of the association

1. Tunisia shall participate as an associated country in and contribute to all parts of the Horizon Europe Programme - the Framework Programme for Research and Innovation (the Horizon Europe Programme) referred to in Article 4 of Regulation (EU) 2021/695 and implemented through the specific programme established by Decision (EU) 2021/764 ⁽⁵⁾, in their most up to date versions, and through a financial contribution to the European Institute of Innovation and Technology.
2. Regulation (EU) 2021/819 of the European Parliament and of the Council ⁽⁶⁾, and Decision (EU) 2021/820 ⁽⁷⁾, in their most up to date versions, shall apply to the participation of Tunisian legal entities in Knowledge and Innovation Communities.

⁽⁵⁾ Council Decision (EU) 2021/764 of 10 May 2021 establishing the Specific Programme implementing Horizon Europe – the Framework Programme for Research and Innovation, and repealing Decision 2013/743/EU (OJ L 167I, 12.5.2021, p.1).

⁽⁶⁾ Regulation (EU) 2021/819 of the European Parliament and of the Council of 20 May 2021 on the European Institute of Innovation and Technology (recast) (OJ L 189, 28.5.2021, p.61.).

⁽⁷⁾ Decision (EU) 2021/820 of the European Parliament and of the Council of 20 May 2021 on the Strategic Innovation Agenda of the European Institute of Innovation and Technology (EIT) 2021-2027: Boosting the Innovation Talent and Capacity of Europe and repealing Decision No 1312/2013/EU (OJ L 189, 28.5.2021, p.91.).

*Article 2***Terms and conditions of participation in the Horizon Europe Programme**

1. Tunisia shall participate in the Horizon Europe Programme in accordance with the conditions laid down in the Protocol to the Euro-Mediterranean Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republic of Tunisia, of the other part, on a Framework Agreement between the European Union and the Republic of Tunisia on the general principles for the participation of the Republic of Tunisia in Union programmes, and under the terms and conditions set forth in this Agreement, in the legal acts referred to in Article 1 of this Agreement, as well as in any other rules pertaining to the implementation of the Horizon Europe Programme, in their most up to date versions.
2. Unless otherwise provided for in the terms and conditions referred to in paragraph 1 of this Article, including in implementation of Article 22(5) of Regulation (EU) 2021/695, legal entities established in Tunisia may participate in indirect actions of the Horizon Europe Programme under conditions equivalent to those applicable to legal entities established in the European Union, including respect for the European Union restrictive measures ⁽⁸⁾.
3. Before deciding on whether legal entities established in Tunisia are eligible to participate in an action related to European Union's strategic assets, interests, autonomy or security under Article 22(5) of Regulation (EU) 2021/695, the Commission may request specific information or assurances, such as:
 - a) information whether reciprocal access has been or will be granted to legal entities established in the European Union to existing and planned programmes and projects of Tunisia equivalent to the Horizon Europe action concerned;
 - b) information whether Tunisia has in place a national investment screening mechanism and assurances that authorities of Tunisia will report on and consult the Commission on any possible cases where in application of such a mechanism they have become aware of planned foreign investment/takeover by an entity established or controlled from outside Tunisia of a Tunisian legal entity, which has received Horizon Europe funding in actions related to European Union's strategic assets, interests, autonomy or security, provided that the Commission supplies Tunisia with the list of the relevant legal entities established in Tunisia following the signature of grant agreements with these entities; and
 - c) assurances that none of the results, technologies, services and products developed under the concerned actions by entities established in Tunisia shall be subject to restrictions on their export to EU Member States during the action and for four years after the end of the action. Tunisia will share an up-to-date list of subjects of national export restrictions on annual basis, during the action and for four years after the end of the action.
4. Legal entities established in Tunisia may participate in the activities of the Joint Research Centre (JRC) under terms and conditions equivalent to those applicable to legal entities established in the European Union unless limitations are necessary to ensure consistency with the scope of participation stemming from the implementation of paragraph 2 and 3 of this Article.
5. Where the European Union implements the Horizon Europe Programme through the application of Articles 185 and 187 of the Treaty on the Functioning of the European Union, Tunisia and Tunisian legal entities may participate in the legal structures created under those provisions, in conformity with the European Union legal acts that have been or will be adopted for the establishment of those legal structures.
6. Representatives of Tunisia shall have the right to participate as observers in the committee referred to in Article 14 of Decision (EU) 2021/764, without voting rights and for points which concern Tunisia.

These committees shall meet without the presence of representatives of Tunisia at the time of the voting.

⁽⁸⁾ The EU restrictive measures are adopted pursuant to Article 29 of the Treaty on the European Union or Article 215 of the Treaty on the Functioning of the European Union.

Tunisia will be informed of the result. Participation as referred to in this paragraph shall take the same form including procedures for receipt of information and documentation, as that applicable to representatives of Members States of the European Union.

7. Tunisia rights of representation and participation in the European Research Area Committee and its subgroups shall be those applicable to associated countries.

8. Representatives of Tunisia shall have the right to participate as observers in the Board of Governors of the JRC, without voting rights. Subject to that condition, such participation shall be governed by the same rules and procedures as those applicable to representatives of Member States of the European Union, including speaking rights and procedures for receipt of information and documentation in relation to a point that concerns Tunisia.

9. Tunisia may participate in a European Research Infrastructure Consortium (ERIC) in accordance with Council Regulation (EC) No 723/2009 ^(*), in its most up to date version, and with the legal act establishing the ERIC.

10. Travel costs and subsistence expenses incurred by representatives and experts of Tunisia for the purposes of taking part as observers in the work of the committee referred to in Article 14 of Decision (EU) 2021/764, or in other meetings related to the implementation of the Horizon Europe Programme, shall be reimbursed by the European Union on the same basis as and in accordance with the procedures in force for representatives of the Member States of the European Union.

11. The Parties shall make every effort, within the framework of the existing provisions, to facilitate the free movement and residence of scientists participating in the activities covered by this Agreement and to facilitate cross-border movement of goods and services intended for use in such activities.

12. Tunisia shall take all necessary measures, as appropriate, to ensure that goods and services, purchased in Tunisia or imported into Tunisia, which are partially or entirely financed pursuant to the grant agreements and/or contracts concluded for the realisation of the activities in accordance with this Agreement, are exempted from customs duties, import duties and other fiscal charges, including the VAT, that are applicable in Tunisia.

Article 3

Financial contribution

1. Participation of Tunisia or Tunisian legal entities in the Horizon Europe Programme shall be subject to Tunisia contributing financially to the Programme and the related management, execution and operation costs under the general budget of the European Union (hereinafter referred to as the 'Union budget').

2. The financial contribution shall take the form of the sum of:

- a) an operational contribution; and
- b) a participation fee.

3. The financial contribution shall take the form of an annual payment made in one instalments, and shall be due at the latest in May.

^(*) Council Regulation (EC) No 723/2009 of 25 June 2009 on the Community legal framework for a European Research Infrastructure Consortium (ERIC) (OJ L 206, 8.8.2009, p.1).

4. The operational contribution shall cover operational and support expenditure of the Programme and be additional both in commitment and payment appropriations to the amounts entered in the Union budget definitively adopted for the Horizon Europe Programme, including any appropriations corresponding to decommitments made available again as referred to in Article 15(3) of Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council ⁽¹⁰⁾, in its most up to date version (hereinafter referred to as 'the Financial Regulation'), and increased by external assigned revenue that does not result from financial contributions to the Horizon Europe Programme from other donors ⁽¹¹⁾.

For external assigned revenue allocated to the Horizon Europe Programme under Article 3 (1) of Council Regulation (EU) 2020/2094 establishing a European Union Recovery Instrument to support the recovery in the aftermath of the COVID-19 crisis ⁽¹²⁾, this increase shall correspond to annual appropriations indicated in the documents accompanying the Draft Budget with regard to the Horizon Europe Programme.

5. The initial operational contribution shall be based on a contribution key defined as the ratio of the Gross Domestic Product (GDP) of Tunisia at market prices to the GDP of the European Union at market prices. The GDPs at market prices to be applied shall be determined by the dedicated Commission services based on the most recent statistical data available for budget calculations in the year prior to the year in which the annual payment is due. By derogation, for 2021, the initial operational contribution shall be based on the GDP of the year 2019 at market prices. Adjustments to this contribution key are laid down in Annex I.

6. The initial operational contribution shall be calculated applying the contribution key, as adjusted, to the initial commitment appropriations entered in the European Union budget definitively adopted for the applicable year for financing the Horizon Europe Programme, increased in accordance with paragraph 4 of this Article.

7. The participation fee shall be 4% of the annual initial operational contribution as calculated in accordance with paragraph 5 and 6 of this Article and shall be phased in as set out in Annex I. The participation fee shall not be subject to retrospective adjustments or corrections.

8. The initial operational contribution for a year N may be adjusted upwards or downwards retrospectively in one or more subsequent years on the basis of the budgetary commitments made on the commitment appropriations of that year N, increased in accordance with paragraph 4 of this Article, their implementation through legal commitments and their de-commitments. The detailed provisions for the implementation of this Article are set out in Annex I.

9. The European Union shall provide Tunisia with information in relation to its financial participation as included in the budgetary, accounting, performance and evaluation related information provided to the European Union budgetary and discharge authorities concerning the Horizon Europe Programme. That information shall be provided having due regard to the European Union's and Tunisia's confidentiality and data protection rules and shall be without prejudice to the information which Tunisia is entitled to receive under Annex III.

10. All contributions of Tunisia or payments from the European Union, and the calculation of amounts due or to be received shall be made in euro.

⁽¹⁰⁾ Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council of 18 July 2018 on the financial rules applicable to the general budget of the Union, amending Regulations (EU) No 1296/2013, (EU) No 1301/2013, (EU) No 1303/2013, (EU) No 1304/2013, (EU) No 1309/2013, (EU) No 1316/2013, (EU) No 223/2014, (EU) No 283/2014, and Decision No 541/2014/EU and repealing Regulation (EU, Euratom) No 966/2012 (OJ L 193, 30.7.2018, p. 1).

⁽¹¹⁾ This includes notably the resources from the European Union Recovery Instrument established by Council Regulation (EU) 2020/2094 of 14 December 2020 establishing a European Union Recovery Instrument to support the recovery in the aftermath of the COVID-19 crisis (OJ L 433I, 22.12.2020, p. 23).

⁽¹²⁾ OJ L 433I, 22.12.2020, p.23.

*Article 4***Automatic correction mechanism**

1. An automatic correction mechanism of the initial operational contribution of Tunisia for year N, as adjusted in accordance with Article 3(8), shall apply and shall be calculated in year N+2. It shall be based on the performance of Tunisia and Tunisian legal entities in the parts of the Horizon Europe Programme which are implemented through competitive grants financed from commitment appropriations from the year N, increased in accordance with Article 3(4).

The amount of the automatic correction shall be calculated based on the difference between:

- a) the initial amounts of the legal commitments for competitive grants actually entered into with Tunisia or Tunisian legal entities financed from commitment appropriations of the year N, increased in accordance with Article 3(4); and
- b) the corresponding operational contribution of the year N paid by Tunisia as adjusted pursuant Article 3(8), excluding non-intervention costs financed from commitment appropriations from the year N, increased in accordance with Article 3(4).

2. Where the amount referred to in paragraph 1, whether that amount is positive or negative, exceeds 8% of the corresponding initial operational contribution as adjusted pursuant to Article 3(8), the initial operational contribution of Tunisia for year N shall be corrected. The amount due by or to be received by Tunisia as an additional contribution or reduction of Tunisia's contribution under the automatic correction mechanism shall be the amount exceeding this 8% threshold, the amount below this threshold of 8% will not be taken into account in calculating the additional contribution due or compensated.

3. Detailed rules on the automatic correction mechanism are laid down in Annex I.

*Article 5***Reciprocity**

1. Legal entities established in the European Union may participate in programmes and projects of Tunisia equivalent to the Horizon Europe Programme, in accordance with Tunisia's legislation.

2. The non-exhaustive list of the equivalent programmes and projects of Tunisia is provided in Annex II.

3. Funding by Tunisia of legal entities established in the Union shall be subject to Tunisia's legislation governing the operation of research and innovation programmes and projects. Where funding is not provided, legal entities established in the Union may participate with their own means.

*Article 6***Open Science**

The Parties shall mutually promote and encourage open science practices in their programmes and projects in accordance with the rules of the Horizon Europe Programme and Tunisia's legislation.

*Article 7***Monitoring, Evaluation and Reporting**

1. Without prejudice to the responsibilities of the Commission, the European Anti-Fraud Office (OLAF) and the Court of Auditors of the European Union in relation to monitoring and evaluation of the Horizon Europe Programme, the participation of Tunisia in that Programme shall be continuously monitored on a partnership basis involving the Commission and Tunisia.

2. The rules concerning sound financial management, including the financial control, recovery and other antifraud measures in relation to European Union funding under this Agreement are laid down in Annex III.

Article 8

EU-Tunisia Joint Research and Innovation Committee

1. The EU-Tunisia Joint Research and Innovation Committee is hereby established (hereinafter referred to as 'EU-Tunisia Joint Committee'). The tasks of the EU-Tunisia Joint Committee shall include:

- a) assessing, evaluating and reviewing the implementation of this Agreement, in particular:
 - (i) the participation and performance of the legal entities of Tunisia in the Horizon Europe Programme;
 - (ii) the level of (mutual) openness to the legal entities established in each Party to participate in programmes and projects of the other Party;
 - (iii) the implementation of the financial contribution mechanism and the automatic correction mechanism in accordance with Article 3 and 4; and
 - (iv) information exchange and examining any possible questions on the exploitation of results, including intellectual property rights;
- b) discussing upon request of either Party restrictions applied or planned by the Parties on access to their respective research and innovation programmes, including in particular for actions related to their strategic assets, interests, autonomy or security;
- c) examining how to improve and develop cooperation;
- d) discussing jointly the future orientations and priorities of policies related to research and innovation and research planning of common interest; and
- e) exchanging information, inter alia, on new legislation, decisions or national research and innovation programmes that are relevant for the implementation of this Agreement.

2. The EU-Tunisia Joint Committee, which shall be composed of representatives of the European Union and of Tunisia, shall adopt its Rules of Procedure.

3. The EU-Tunisia Joint Committee may decide to set up any working party/advisory body on an ad hoc basis at expert level that can assist in carrying out the implementation of this Agreement.

4. The EU-Tunisia Joint Committee shall meet at least once a year, and, whenever special circumstances so require, at the request of any of the Parties. The meetings shall be organised and hosted alternately by the European Union and by Tunisia.

5. The EU-Tunisia Joint Committee shall work on an on-going basis through an exchange of relevant information by any means of communication, in particular in relation to the participation/performance of the legal entities of Tunisia. The EU-Tunisia Joint Committee may in particular conduct its tasks in writing whenever the need arises.

Article 9

Final provisions

1. This Agreement shall enter into force on the date on which the Parties have notified each other of the completion of their internal procedures necessary for that purpose.

2. This Agreement shall apply from 1 January 2021. It shall remain in force for as long as is necessary for all the projects, actions, activities or parts thereof financed from the Horizon Europe Programme, all the actions necessary to protect the financial interests of the European Union and all the financial obligations stemming from the implementation of this Agreement between the Parties to be completed.

3. The application of this Agreement may be suspended by the European Union in case of partial or full non-payment of the financial contribution due by Tunisia in accordance with point III of paragraph 4 of Annex I under this Agreement.

In case of non-payment which may significantly jeopardise the implementation and management of the Horizon Europe Programme, the Commission shall send a formal letter of reminder. Where no payment is made within 20 working days after the formal letter of reminder, suspension of the application of this Agreement shall be notified by the Commission to Tunisia by a formal letter of notification and shall take effect 15 days following the receipt of this notification by Tunisia.

In case the application of this Agreement is suspended, legal entities established in Tunisia shall not be eligible to participate in award procedures not yet completed when the suspension takes effect. An award procedure shall be considered completed when legal commitments have been entered into as a result of that procedure.

The suspension does not affect the legal commitments entered into with the legal entities established in Tunisia before the suspension took effect. This Agreement shall continue to apply to such legal commitments.

The European Union shall immediately notify Tunisia once the entire amount of the financial contribution due has been received by the European Union. The suspension shall be lifted with an immediate effect upon this notification.

As of the date when the suspension is lifted, legal entities of Tunisia shall be again eligible in award procedures launched after this date and in award procedures launched before this date, for which the deadlines for submission of applications has not expired.

4. Either Party may terminate this Agreement at any time by a written notification informing of the intent to terminate it. The termination shall take effect three calendar months after the date on which the written notification reaches its addressee. The date on which the termination takes effect shall constitute the termination date for the purposes of this Agreement.

5. Where this Agreement is terminated in accordance with paragraph 4 of this Article, the Parties agree that:

- (a) projects, actions, activities or parts thereof in respect of which legal commitments have been entered into after the entry into force of this Agreement, and before this Agreement is terminated shall continue until their completions under the conditions laid down in this Agreement;
- (b) the annual financial contribution of the year N during which this Agreement is terminated shall be paid entirely in accordance with Article 3. The operational contribution of the year N shall be adjusted in accordance with Article 3(8) and corrected in accordance with Article 4 of this Agreement. The participation fee paid for the year N shall not be adjusted or corrected;
- (c) following the year during which this Agreement is terminated, the initial operational contributions paid for the years during which this Agreement applied shall be adjusted in accordance with Article 3(8) and shall be automatically corrected in accordance with Article 4 of this Agreement.

The Parties shall settle by common consent any other consequences of termination of this Agreement.

6. This Agreement may only be amended in writing by common consent of the Parties. The entry into force of the amendments will follow the same procedure as that applicable for the entry into force of this Agreement.

7. The Annexes to this Agreement shall form an integral part of this Agreement.

This Agreement shall be drawn up in duplicate in English and Arabic, each text being equally authentic. In case of divergence of interpretation, the English text shall prevail.

Done at Brussels and Tunis, this 29 day of March in the year 2022 in two original copies, in English and Arabic.

ANNEX I

**Rules governing the financial contribution of Tunisia to the Horizon Europe Programme
(2021-2027)****I. Calculation of Tunisia's financial contribution**

1. The financial contribution of Tunisia to the Horizon Europe Programme shall be established on a yearly basis in proportion to, and in addition to, the amount available each year in the Union budget for commitment appropriations needed for the management, execution and operation of the Horizon Europe Programme, increased in accordance with Article 3(4) of this Agreement.
2. The participation fee referred to in Article 3(7) of this Agreement shall be phased in as follows:
 - 2021: 0,5%;
 - 2022: 1%;
 - 2023: 1,5%;
 - 2024: 2%;
 - 2025: 2,5%;
 - 2026: 3%;
 - 2027: 4%.
3. In accordance with Article 3(5) of this Agreement, the initial operational contribution to be paid by Tunisia for its participation in the Horizon Europe Programme will be calculated for the respective financial years by applying an adjustment to the contribution key.

The adjustment to the contribution key shall be:

$$\text{Contribution Key Adjusted} = \text{Contribution Key} \times \text{Coefficient}$$

The coefficient used for the above calculation to adjust the contribution key shall be 0,05.

4. In line with Article 3(8) of this Agreement, the first adjustment pertaining to the budget implementation of year N shall be made in year N+1 when the initial operational contribution of year N shall be adjusted upwards or downwards by the difference between:
 - a) an adjusted contribution calculated by applying the contribution key adjusted of year N to the sum of:
 - i. the amount of budgetary commitments made on commitment appropriations authorised for year N under the European Union voted budget and on commitment appropriations corresponding to decommitments made available again; and
 - ii. any commitment appropriations based on external assigned revenue that do not result from financial contributions to the Horizon Europe Programme from other donors and that were available at the end of year N ⁽¹⁾. For external assigned revenue allocated to Horizon Europe under Article 3(1) of Council Regulation (EU) 2020/2094 establishing a European Union Recovery Instrument to support the recovery in the aftermath of the COVID-19 crisis ⁽²⁾, the annual indicative amounts in the MFF programming shall be used for the purpose of calculating the adjusted contribution.
 - b) and the initial operational contribution of year N.

⁽¹⁾ This includes notably the resources from the European Union Recovery Instrument established by Council Regulation (EU) 2020/2094 of 14 December 2020 establishing a European Union Recovery Instrument to support the recovery in the aftermath of the COVID-19 crisis (OJ L 433I, 22.12.2020, p.23.).

⁽²⁾ OJ L 433I, 22.12.2020, p.23.

Starting in year N+2, and each subsequent year, until all the budgetary commitments financed under commitment appropriations originating from year N, increased in accordance with Article 3(4) of this Agreement, have been paid or decommitted, and at the latest 3 years after the end of the Horizon Europe Programme, the Union shall calculate an adjustment of the operational contribution of year N by reducing Tunisia operational contribution by the amount obtained by applying the contribution key adjusted of year N to the decommitments made each year on commitments of year N financed under the Union budget or from decommitments made available again.

If the amounts stemming from external assigned revenue of year N (to include commitment appropriations, and, for amounts under Council Regulation (EU) 2020/2094, the annual indicative amounts in the MFF programming) that do not result from financial contributions to the Horizon Europe Programme from other donors are cancelled, the operational contribution of Tunisia shall be reduced by the amount obtained by applying the contribution key adjusted of year N to the amount cancelled.

II. Automatic correction of Tunisia's operational contribution

1. For the calculation of the automatic correction as referred to in Article 4 of this Agreement, the following modalities shall apply:

- a) 'competitive grants' means grants awarded through calls for proposals where the final beneficiaries can be identified at the time of the calculation of the automatic correction. Financial support to third parties as defined in Article 204 of the Financial Regulation is excluded;
- b) where a legal commitment is signed with a consortium, the amounts used to establish the initial amounts of the legal commitment shall be the cumulative amounts allocated to beneficiaries that are Tunisian entities in accordance with the indicative budget breakdown of the grant agreement;
- c) all amounts of legal commitments corresponding to competitive grants shall be established using the European Commission electronic system eCorda and be extracted on the second Wednesday of February of year N+2;
- d) 'non-intervention costs' means costs of the Programme other than competitive grants, including support expenditure, programme-specific administration, other actions ⁽³⁾;
- e) amounts allocated to international organisations as legal entities being the final beneficiary ⁽⁴⁾ shall be considered as non-intervention costs.

2. The mechanism shall be applied as follows:

- a) Automatic corrections for year N in relation to the execution of commitment appropriations for year N, increased in accordance with Article 3(4) of this Agreement, shall be applied based on data on year N and year N+1 from e-Corda referred to in point c) of paragraph (1) of point (II) of this Annex in year N+2 after any adjustments in accordance with Article 3(8) of this Agreement have been applied to Tunisia's contribution to the Horizon Europe Programme. The amount considered will be the amount of competitive grants for which data is available, at the time of the calculation of the correction.
- b) Starting in year N+2 and up until 2029, the amount of the automatic correction shall be calculated for year N by taking the difference between:
 - i. the total amount of the competitive grants apportioned to Tunisia or Tunisian legal entities as commitments made on budget appropriations of year N; and
 - ii. the amount of Tunisia adjusted operational contribution for year N multiplied by the ratio between:

⁽³⁾ Other actions include notably procurement, prizes, financial instruments, direct actions of the Joint Research Centre, Subscriptions (OECD, Eureka, IPEEC, IEA, ...), experts (evaluators, monitoring of projects) etc.

⁽⁴⁾ International organisations would only be considered as non-intervention costs if they are final beneficiaries. This will not apply where an international organisation is a coordinator of a project (distributing funds to other coordinators).

- A. the amount of competitive grants made on commitment appropriations of year N, increased in accordance with Article 3(4) of this Agreement; and
- B. the total of all the authorised budgetary commitment appropriations of year N, including non-intervention costs.

III. Payment of Tunisia's financial contribution, payment of the adjustments made on Tunisia's operational contribution, and payment of the automatic correction applicable to Tunisia's operational contribution

1. The Commission shall communicate to Tunisia, as soon as possible and at the latest when issuing the first call for funds of the financial year, the following information:
 - a. the amounts in commitment appropriations in the Union budget definitively adopted for the year in question for the budget lines covering participation of Tunisia in the Horizon Europe Programme increased, if relevant, in accordance with Article 3(4) of this Agreement;
 - b. the amount of the participation fee referred to in Article 3(7) of this Agreement;
 - c. from year N+1 of implementation of the Horizon Europe Programme, the implementation of commitment appropriations corresponding to budgetary year N, increased in accordance with Article 3(4) of this Agreement and the level of decommitment;
 - d. for the part of the Horizon Europe Programme where such information is necessary to calculate the automatic correction, the level of commitments entered into in favour of Tunisian legal entities broken down according to the corresponding year of budgetary appropriations and the related total level of commitments.

On the basis of its Draft Budget, the Commission shall provide an estimate of information for the following year under points (a) and (b) as soon as possible, and, at the latest, by 1 September of the financial year.

2. The Commission shall issue, at the latest in April of each financial year, a call for funds to Tunisia corresponding to its contribution under this Agreement.

Each call for funds shall provide for the payment of Tunisia's contribution not later than 30 days after the call for funds is issued.

For the first year of implementation of this Agreement, the Commission shall issue a single call for funds, within 60 days following of the date on which this Agreement enters into force.

3. Each year starting in 2023, the call for funds shall also reflect the amount of the automatic correction applicable to the operational contribution paid for year N-2.

The call for funds issued at the latest in April may also include adjustments of the financial contribution paid by Tunisia for the implementation, management and operation of the previous Framework Programme(s) for Research and Innovation in which Tunisia participated.

For each of the financial years 2028, 2029 and 2030, the amount resulting from the automatic correction applied to the operational contributions paid in 2026 and 2027 by Tunisia or from the adjustments made in accordance with Article 3(8) of this Agreement will be due to or from Tunisia.

4. Tunisia shall pay its financial contribution under this Agreement in accordance with point (III) of this Annex. In the absence of payment by Tunisia by the due date, the Commission shall send a formal letter of reminder.

Any delay in the payment of the financial contribution shall give rise to the payment of default interest by Tunisia on the outstanding amount from the due date. The interest rate for amounts receivable not paid on the due date shall be the rate applied by the European Central Bank to its principal refinancing operations, as published in the C series of the *Official Journal of the European Union*, in force on the first calendar day of the month in which the due date falls, increased by one and half percentage points.

ANNEX II

Non-exhaustive list of the equivalent programmes and projects of Tunisia

The following non-exhaustive list shall be regarded as programmes and projects equivalent to the Horizon Europe Programme in Tunisia:

- Early Career Researchers Programme (PJEC);
 - Excellence Promoting Research Programme;
 - Valorisation of Post Graduated Research Programme;
 - Joint Research Programme (PRF);
 - PAQ Collaborative Programme;
 - Valorisation of Research Results Projects (VRR);
 - Mobility programme for Postgraduates to industry (MOBIDOC).
-

ANNEX III

Sound Financial Management

Protection of financial interests and recover

*Article 1***Reviews and audits**

1. The European Union shall have the right to conduct, in accordance with the applicable acts of one or more Union institutions or bodies and as provided in relevant agreements and/or contracts, technical, scientific, financial, or other types of reviews and audits on the premises of any natural person residing in or any legal entity established in Tunisia and receiving European Union funding, as well as any third party involved in the implementation of Union funds residing or established in Tunisia. Such review and audits may be carried out by the agents of the institutions and bodies of the European Union, in particular of the European Commission and the European Court of Auditors, or by other persons mandated by the European Commission.
2. The agents of the institutions and bodies of the European Union, in particular of the European Commission and the European Court of Auditors, and the other persons mandated by the European Commission, shall have appropriate access to sites, works and documents (both in electronic and paper versions) and to all the information required in order to carry out such audits, including the right of obtaining a physical/electronic copy of, and extracts from, any document or the contents of any data medium held by the audited natural or legal person, or by the audited third party.
3. Tunisia shall not prevent or raise any particular obstacle to the right of entrance in Tunisia and to the access to the premises of the agents and other persons referred to in paragraph 2 on the grounds of the exercise of their duties referred to in this Article.
4. The reviews and audits may be carried out, also after the suspension of application of this Agreement pursuant to its Article 9(5), or its termination, on the terms laid down in the applicable acts of one or more European Union institutions or bodies and as provided in relevant agreements and/or contracts in relation to any legal commitment implementing the European Union budget entered into by the European Union before the date on which the suspension of application of this Agreement pursuant to its Article 9(5), or termination of this Agreement takes effect.

*Article 2***Fight against irregularities, fraud and other criminal offences affecting the financial interests of the Union**

1. The European Commission and the European Anti-Fraud Office (OLAF) shall be authorised to carry out administrative investigations, including on-the-spot checks and inspections, on the territory of Tunisia. These investigations shall be carried out in accordance with the terms and conditions established by applicable acts of one or more Union institutions.
2. The competent Tunisian authorities shall inform the European Commission or OLAF within reasonable time of any fact or suspicion which has come to their notice relating to an irregularity, fraud or other illegal activity affecting the financial interests of the Union.
3. On-the-spot checks and inspections may be carried out on the premises of any natural person residing in or legal entity established in Tunisia and receiving Union funds, as well as of any third party involved in the implementation of Union funds residing or established in Tunisia.

4. On-the-spot checks and inspections shall be prepared and conducted by the European Commission or OLAF in close collaboration with the competent Tunisian authority designated by the Tunisian government. The designated authority shall be notified a reasonable time in advance of the object, purpose and legal basis of the checks and inspections, so that it can provide assistance. To that end, the officials of the competent Tunisian authorities may participate in the on-the-spot checks and inspections.
5. Upon request by the Tunisian authorities, the on-the-spot checks and inspections may be carried out jointly with the European Commission or OLAF.
6. Commission agents and OLAF staff shall have access to all the information and documentation, including computer data, on the operations concerned, which are required for the proper conduct of the on-the-spot checks and inspections. They may, in particular, copy relevant documents.
7. Where the person, entity or another third party resists an on-the-spot check or inspection, the Tunisian authorities, acting in accordance with national rules and regulations, shall assist the European Commission or OLAF, to allow them to fulfil their duty in carrying out an on-the-spot check or inspection. This assistance shall include taking the appropriate precautionary measures under national law, in particular in order to safeguard evidence.
8. The European Commission or OLAF shall inform the Tunisian authorities of the result of such checks and inspections. In particular, the European Commission or OLAF shall report as soon as possible to the competent Tunisian authority any fact or suspicion relating to an irregularity which has come to their notice in the course of the on-the-spot check or inspection.
9. Without prejudice to application of Tunisian criminal law, the European Commission may impose administrative measures and penalties on legal or natural persons of Tunisia participating in the implementation of a programme or activity in accordance with European Union legislation.
10. For the purposes of proper implementation of this Article, the European Commission or OLAF and the Tunisian competent authorities shall regularly exchange information and, at the request of one of the parties to this Agreement, consult each other.
11. In order to facilitate effective cooperation and exchange of information with OLAF, Tunisia shall designate a contact point.
12. Information exchanged between the European Commission or OLAF and the Tunisian competent authorities shall take place having due regard to the confidentiality requirements. Personal data included in the exchange of information shall be protected in accordance with applicable rules.
13. The Tunisian authorities shall cooperate with the European Public Prosecutor's Office to allow it to fulfil its duty to investigate, prosecute and bring to judgment the perpetrators of, and accomplices to, criminal offences affecting the financial interests of the European Union in accordance with the applicable legislation.

Article 3

Recovery and enforcement

1. Decisions adopted by the European Commission imposing a pecuniary obligation on legal or natural persons other than States in relation to any claims stemming from the Horizon Europe Programme shall be enforceable in Tunisia. The order for enforcement shall be appended to the decision, without any other formality than a verification of the authenticity of the decision by the national authority designated for this purpose by the government of Tunisia. The government of Tunisia shall make known its designated national authority to the Commission and the Court of Justice of the European Union. In accordance with Article 4, the European Commission shall be entitled to notify such enforceable decisions directly to persons residing and legal entities established in Tunisia. Enforcement shall take place in accordance with the Tunisia law and rules of procedure.

2. Judgments and orders of the Court of Justice of the European Union delivered in application of an arbitration clause contained in a contract or agreement in relation to Union programmes, activities, actions or projects shall be enforceable in Tunisia in the same manner as European Commission decisions referred to in paragraph (1).
3. The Court of Justice of the European Union shall have jurisdiction to review the legality of the decision of the Commission referred to in paragraph 1 and to suspend its enforcement. However, the Courts of Tunisia shall have jurisdiction over complaints that enforcement is being carried out in an irregular manner.

Article 4

Communication and exchange of information

The European Union institutions and bodies involved in the implementation of the Horizon Europe Programme, or in controls over that programme, shall be entitled to communicate directly, including through electronic exchange systems, with any natural person residing in or legal entity established in Tunisia and receiving Union funds, as well as any third party involved in the implementation of Union funds residing or established in Tunisia. Such persons, entities and parties may submit directly to the European Union institutions and bodies all relevant information and documentation which they are required to submit on the basis of the European Union legislation applicable to the Union programme and of the contracts or agreements concluded to implement that programme.

REGULATIONS

COUNCIL REGULATION (EU) 2022/2309

of 25 November 2022

concerning restrictive measures in view of the situation in Haiti

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 215 thereof,

Having regard to Council Decision (CFSP) 2022/2319 of 25 November 2022 concerning restrictive measures in view of the situation in Haiti ⁽¹⁾,

Having regard to the joint proposal of the High Representative of the Union for Foreign Affairs and Security Policy and of the European Commission,

Whereas:

- (1) On 21 October 2022, the United Nations Security Council adopted Resolution 2653 (2022) which establishes a framework for targeted restrictive measures in view of the situation in Haiti.
- (2) In accordance with the United Nations Security Council Resolution (UNSCR) 2653 (2022), on 25 November 2022, the Council adopted Decision (CFSP) 2022/2319, which provides for travel restrictions, a targeted arms embargo, the freezing of funds and economic resources of, and a prohibition to make funds and economic resources available to, persons, entities or bodies engaged in or supporting gangs involved in violence, criminal activities or human rights abuses which undermine the peace, stability and security of Haiti and the region. Persons, entities and bodies subject to those restrictive measures, as designated by the Committee established by paragraph 19 of UNSCR 2653 (2022), are listed in the Annex to Decision (CFSP) 2022/2319. In accordance with UNSCR 2653 (2022), Decision (CFSP) 2022/2319 includes one person in the Annex thereto.
- (3) Certain of those measures fall within the scope of the Treaty on the Functioning of the European Union and, therefore, notably with a view to ensuring its uniform application by economic operators in all Member States, regulatory action at the level of the Union is necessary in order to implement them.
- (4) This Regulation respects the fundamental rights and observes the principles recognised by the Charter of Fundamental Rights of the European Union, in particular the right to an effective remedy and to a fair trial, the rights of defence and the right to the protection of personal data. This Regulation should be applied in accordance with those rights.
- (5) The power to establish and amend the list in Annex I to this Regulation should be exercised by the Council in order to ensure consistency with the process for establishing, amending and reviewing the Annex to Decision (CFSP) 2022/2319.
- (6) The procedure for amending the list set out in Annex I to this Regulation should include providing designated natural or legal persons, entities or bodies with the grounds for listing, so as to give them an opportunity to submit observations.

⁽¹⁾ See page 135 of this Official Journal.

- (7) For the implementation of this Regulation, and in order to ensure maximum legal certainty within the Union, the names and other relevant data concerning natural and legal persons, entities and bodies whose funds and economic resources are to be frozen in accordance with this Regulation should be made public. Any processing of personal data should comply with Regulations (EU) 2016/679 ⁽²⁾ and (EU) 2018/1725 ⁽³⁾ of the European Parliament and of the Council.
- (8) Member States and the Commission should inform each other of the measures taken pursuant to this Regulation and of other relevant information at their disposal in connection with this Regulation.
- (9) Member States should lay down rules on penalties applicable to infringements of the provisions of this Regulation and make sure that they are implemented. Those penalties should be effective, proportionate and dissuasive,

HAS ADOPTED THIS REGULATION:

Article 1

For the purposes of this Regulation, the following definitions apply:

- (a) 'claim' means any claim, whether asserted by legal proceedings or not, made before or after 28 November 2022, under or in connection with a contract or transaction, and in particular:
 - (i) a claim for performance of any obligation arising under or in connection with a contract or transaction;
 - (ii) a claim for extension or payment of a bond, financial guarantee or indemnity of whatever form;
 - (iii) a claim for compensation in respect of a contract or transaction;
 - (iv) a counterclaim;
 - (v) a claim for the recognition or enforcement, including by the procedure of exequatur, of a judgment, an arbitration award or an equivalent decision, wherever made or given;
- (b) 'contract or transaction' means any transaction of whatever form and whatever the applicable law, whether comprising one or more contracts or similar obligations made between the same or different parties; for this purpose 'contract' includes a bond, guarantee or indemnity, particularly a financial guarantee or financial indemnity, and credit, whether legally independent or not, as well as any related provision arising under, or in connection with, the transaction;
- (c) 'competent authorities' means the competent authorities of the Member States as identified on the websites listed in Annex II;
- (d) 'economic resources' means assets of every kind, whether tangible or intangible, movable or immovable, which are not funds, but which may be used to obtain funds, goods or services;
- (e) 'freezing of economic resources' means preventing the use of economic resources to obtain funds, goods or services in any way, including, but not limited to, by selling, hiring or mortgaging them;
- (f) 'freezing of funds' means preventing any move, transfer, alteration, use of, access to, or dealing with funds in any way that would result in any change in their volume, amount, location, ownership, possession, character, destination or other change that would enable the funds to be used, including portfolio management;

⁽²⁾ Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) (OJ L 119, 4.5.2016, p. 1).

⁽³⁾ Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) No 45/2001 and Decision No 1247/2002/EC (OJ L 295, 21.11.2018, p. 39).

- (g) 'funds' means financial assets and benefits of every kind, including, but not limited to:
 - (i) cash, cheques, claims on money, drafts, money orders and other payment instruments;
 - (ii) deposits with financial institutions or other entities, balances on accounts, debts and debt obligations;
 - (iii) publicly and privately-traded securities and debt instruments, including stocks and shares, certificates representing securities, bonds, notes, warrants, debentures and derivative contracts;
 - (iv) interest, dividends or other income on or value accruing from or generated by assets;
 - (v) credit, right of set-off, guarantees, performance bonds or other financial commitments;
 - (vi) letters of credit, bills of lading, bills of sale;
 - (vii) documents showing evidence of an interest in funds or financial resources;
- (h) 'Sanctions Committee' means the Committee of the United Nations Security Council established pursuant to paragraph 19 of UNSCR 2653 (2022);
- (i) 'technical assistance' means any technical support related to repairs, development, manufacture, assembly, testing, maintenance or any other technical service, and may take forms such as instruction, advice, training, transmission of working knowledge or skills or consulting services, including verbal forms of assistance;
- (j) 'territory of the Union' means the territories of the Member States to which the Treaty is applicable, under the conditions laid down in the Treaty, including their airspace.

Article 2

It shall be prohibited to:

- (a) provide technical assistance related to military activities and to the provision, manufacture, maintenance and use of arms and related materiel of all types, including weapons and ammunition, military vehicles and equipment, paramilitary equipment, and spare parts therefor, directly or indirectly to any natural or legal person, entity or body, as listed in Annex I;
- (b) provide financing or financial assistance related to military activities, including in particular grants, loans and export credit insurance, as well as insurance and reinsurance, for any sale, supply, transfer or export of arms and related materiel, or for the provision of related technical assistance, directly or indirectly to any natural or legal person, entity or body, as listed in Annex I.

Article 3

1. All funds and economic resources belonging to, owned, held or controlled by any natural or legal person, entity or body as listed in Annex I shall be frozen.
2. No funds or economic resources shall be made available, directly or indirectly, to or for the benefit of natural or legal persons, entities or bodies listed in Annex I.

Article 4

1. Annex I shall include natural or legal persons, entities and bodies identified by the United Nations Security Council (the 'Security Council') or the Sanctions Committee as being responsible for or complicit in, or having engaged in, directly or indirectly, actions that threaten the peace, security or stability of Haiti, including but not limited to natural or legal persons having threatened the peace, security or stability of Haiti through any of the following actions:
 - (a) engaging in, directly or indirectly, or supporting criminal activities and violence involving armed groups and criminal networks that promote violence, including forcible recruitment of children by such groups and networks, kidnappings, trafficking in persons and the smuggling of migrants, and homicides and sexual and gender-based violence;

- (b) supporting illicit trafficking and diversion of arms and related materiel, or illicit financial flows related thereto;
- (c) acting for or on behalf of or at the direction of or otherwise supporting or financing a person or entity designated in connection with the activity described in points (a) and (b), including through the direct or indirect use of the proceeds from organised crime, including proceeds from illicit production and trafficking in drugs and their precursors originating in or transiting through Haiti, the trafficking in persons and the smuggling of migrants from Haiti or the smuggling and trafficking of arms to or from Haiti;
- (d) acting in violation of the arms embargo established in paragraph 11 of UNSCR 2653 (2022), or as having directly or indirectly supplied, sold, or transferred to armed groups or criminal networks in Haiti, or as having been the recipient of, arms or any related materiel, or any technical advice, training or assistance, including financing and financial assistance, related to violent activities of armed groups or criminal networks in Haiti;
- (e) planning, directing, or committing acts that violate international human rights law or acts that constitute human rights abuses, including those involving extrajudicial killing, including of women and children, and the commission of acts of violence, abduction, enforced disappearances or kidnappings for ransom in Haiti;
- (f) planning, directing or committing acts involving sexual and gender-based violence, including rape and sexual slavery, in Haiti;
- (g) obstructing delivery of humanitarian assistance to Haiti or access to, or distribution of, humanitarian assistance in Haiti;
- (h) attacking personnel or premises of United Nations missions and operations in Haiti, or providing support for such attacks.

2. Annex I shall include the grounds for the listing of natural or legal persons, entities or bodies concerned.

3. Annex I shall include, where available, information provided by the Security Council or by the Sanctions Committee necessary to identify the natural or legal persons, entities or bodies concerned. With regard to natural persons, such information may include names including aliases, date and place of birth, nationality, passport and identity card numbers, gender, address, if known, and function or profession. With regard to legal persons, entities or bodies, such information may include names, place and date of registration, registration number and place of business. Annex I shall also include the date of designation by the Security Council or by the Sanctions Committee.

Article 5

Article 3(1) and (2) shall not apply to the making available of funds or economic resources necessary to ensure the timely delivery of urgently needed humanitarian assistance or to support other activities that support basic human needs in Haiti, by the United Nations, its specialised agencies or programmes, humanitarian organisations having observer status with the United Nations General Assembly that provide humanitarian assistance and their implementing partners including bilaterally or multilaterally funded non-governmental organisations participating in the United Nations Humanitarian Response Plan for Haiti.

Article 6

1. By way of derogation from Article 3, the competent authorities may authorise the release of certain frozen funds or economic resources, or the making available of certain funds or economic resources, under such conditions as they deem appropriate, after having determined that the funds or economic resources concerned are:

- (a) necessary to satisfy the basic needs of natural or legal persons, entities or bodies listed in Annex I, and dependent family members of such natural persons, including payments for food, rent or mortgage, medicines and medical treatment, taxes, insurance premiums and public utility charges;
- (b) intended exclusively for the payment of reasonable professional fees or the reimbursement of incurred expenses associated with the provision of legal services;

- (c) intended exclusively for the payment of fees or service charges for the routine holding or maintenance of frozen funds or economic resources;

provided that the competent authority of the Member State concerned has notified the Sanctions Committee of that determination and of its intention to grant an authorisation and in the absence of a negative decision by the Sanctions Committee within 5 working days of such notification.

2. By way of derogation from Article 3, the competent authorities of the Member States may authorise the release of certain frozen funds or economic resources, or the making available of certain funds or economic resources, under such conditions as they deem appropriate, after having determined that the funds or economic resources concerned are necessary for extraordinary expenses, provided that such determination has been notified to the Sanctions Committee by the competent authority of the Member State concerned and that the determination has been approved by that Committee.

3. The Member State concerned shall inform the other Member States and the Commission of any authorisation granted under paragraphs 1 and 2 within 2 weeks of the authorisation.

Article 7

1. By way of derogation from Article 3(1), the competent authorities may authorise the release of certain frozen funds or economic resources, if the following conditions are met:

- (a) the funds or economic resources are the subject of a judicial, administrative or arbitral lien established prior to the date on which the natural or legal person, entity or body referred to in Article 4 was included in Annex I, or of a judicial, administrative or arbitral judgement rendered prior to that date;
- (b) the funds or economic resources will be used exclusively to satisfy claims secured by, or recognised as valid in, such a lien or judgment, within the limits set by applicable laws and regulations governing the rights of persons having such claims;
- (c) the decision is not for the benefit of a natural or legal person, entity or body listed in Annex I;
- (d) recognition of the decision is not contrary to public policy in the Member State concerned; and
- (e) the Sanctions Committee has been notified by the Member State of the lien or judgment.

2. The Member State concerned shall inform the other Member States and the Commission of any authorisation granted under paragraph 1 within 2 weeks of the authorisation.

Article 8

1. By way of derogation from Article 3(1) and provided that a payment by a natural or legal person, entity or body listed in Annex I is due under a contract or agreement that was concluded by, or an obligation that arose for, the natural or legal person, entity or body concerned, before the date on which that natural or legal person, entity or body was included in Annex I, the competent authorities may authorise, under such conditions as they deem appropriate, the release of certain frozen funds or economic resources, provided that the competent authority concerned has determined that:

- (a) the funds or economic resources will be used for the payment by a natural or legal person, entity or body listed in Annex I;
- (b) the payment is not in breach of Article 3(2); and
- (c) the Sanctions Committee has been notified by the relevant Member State of the intention to grant an authorisation 10 working days in advance.

2. The Member State concerned shall inform the other Member States and the Commission of any authorisation granted under paragraph 1 within 2 weeks of the authorisation.

Article 9

1. Article 3(2) shall not prevent the crediting of frozen accounts by financial or credit institutions that receive funds transferred by third parties onto the account of a listed natural or legal person, entity or body, provided that any additions to such accounts will also be frozen. The financial or credit institution shall inform the relevant competent authority about any such transaction without delay.

2. Article 3(2) shall not apply to the addition to frozen accounts of:

- (a) interest or other earnings on those accounts;
- (b) payments due under contracts, agreements or obligations that were concluded or arose before the date on which the natural or legal person, entity or body referred to in Article 4 was included in Annex I; or
- (c) payments due under judicial, administrative or arbitral decisions rendered in a Member State or enforceable in the Member State concerned,

provided that any such interest, other earnings and payments remain subject to the measures provided for in Article 3(1).

Article 10

1. Without prejudice to the applicable rules concerning reporting, confidentiality and professional secrecy, natural and legal persons, entities and bodies shall:

- (a) supply immediately any information which would facilitate compliance with this Regulation, such as information on accounts and amounts frozen in accordance with Article 3(1), to the competent authority of the Member State where they are resident or located, and transmit such information, directly or through the Member State, to the Commission; and
- (b) cooperate with the competent authority in any verification of the information referred to in point (a).

2. Any additional information received directly by the Commission shall be made available to the Member States.

3. Any information provided or received in accordance with this Article shall be used only for the purposes for which it was provided or received.

Article 11

1. It shall be prohibited to participate, knowingly and intentionally, in activities the object or effect of which is to circumvent the measures referred to in Articles 2 and 3.

2. Natural or legal persons, entities or bodies listed in Annex I, shall:

- (a) report before 9 January 2023 or within 6 weeks from the date of listing in Annex I, whichever is latest, funds or economic resources within the jurisdiction of a Member State belonging to, owned, held or controlled by them, to the competent authority of the Member State where those funds or economic resources are located; and
- (b) cooperate with the competent authority in any verification of such information.

3. Failure to comply with paragraph 2 shall be considered as participation, as referred to in paragraph 1, in activities the object or effect of which is to circumvent the measures referred to in Article 2.

4. The Member State concerned shall inform the Commission within 2 weeks of the information received pursuant to paragraph 2, point (a).

5. The obligation in paragraph 2, point (a) shall not apply until 1 January 2023 with regard to funds or economic resources located in a Member State that had laid down a similar reporting obligation under national law before 28 November 2022.

6. Any information provided or received in accordance with this Article shall be used only for the purposes for which it was provided or received.

7. Any processing of personal data shall be carried out in accordance with this Regulation, Regulation (EU) 2016/679 and Regulation (EU) 2018/1725 of the European Parliament and of the Council and only in so far as necessary for the application of this Regulation.

Article 12

1. The freezing of funds and economic resources or the refusal to make funds or economic resources available, carried out in good faith on the basis that such action is in accordance with this Regulation, shall not give rise to liability of any kind on the part of the natural or legal person or entity or body implementing it, or its directors or employees, unless it is proved that the funds and economic resources were frozen or withheld as a result of negligence.

2. Actions by natural or legal persons, entities or bodies shall not give rise to any liability of any kind on their part if they did not know, and had no reasonable cause to suspect, that their actions would infringe the measures set out in this Regulation.

Article 13

1. No claims in connection with any contract or transaction the performance of which has been affected, directly or indirectly, in whole or in part, by the measures imposed under this Regulation, including claims for indemnity or any other claim of this type, such as a claim for compensation or a claim under a guarantee, notably a claim for extension or payment of a bond, guarantee or indemnity, particularly a financial guarantee or financial indemnity, of whatever form, shall be satisfied, if they are made by:

- (a) natural or legal persons, entities or bodies listed in Annex I;
- (b) any natural or legal person, entity or body acting through or on behalf of one of the natural or legal persons, entities or bodies referred to in point (a).

2. In any proceedings for the enforcement of a claim, the onus of proving that satisfying the claim is not prohibited by paragraph 1 shall be on the natural or legal person, entity or body seeking the enforcement of that claim.

3. This Article is without prejudice to the right of the natural or legal persons, entities and bodies referred to in paragraph 1 to judicial review of the legality of the non-performance of contractual obligations in accordance with this Regulation.

Article 14

1. The Commission and Member States shall inform each other of the measures taken under this Regulation and share any other relevant information at their disposal in connection with this Regulation, in particular information in respect of:

- (a) funds frozen under Article 3(1) and authorisations granted under Articles 6, 7 and 8;
- (b) violation and enforcement problems and judgments handed down by national courts.

2. The Member States shall immediately inform each other and the Commission of any other relevant information at their disposal which might affect the effective implementation of this Regulation.

Article 15

The Commission shall be empowered to amend Annex II on the basis of information supplied by Member States.

Article 16

1. Where the Security Council or the Sanctions Committee lists a natural or legal person, entity or body and has provided a statement of reasons for the designation, the Council shall include that natural or legal person, entity or body in Annex I. The Council shall communicate its decision and the statement of reasons to the natural or legal person, entity or body concerned, either directly, if the address is known, or through the publication of a notice, providing that natural or legal person, entity or body with an opportunity to present observations.
2. Where observations are submitted, or where substantial new evidence is presented, the Council shall review its decision and inform the natural or legal person, entity or body accordingly.
3. Where the Security Council or the Sanctions Committee decides to de-list a natural or legal person, entity or body, or to amend the identifying data of a listed natural or legal person, entity or body, the Council shall amend Annex I accordingly.

Article 17

1. Member States shall lay down the rules on penalties applicable to infringements of the provisions of this Regulation and shall take all measures necessary to ensure that they are implemented. The penalties provided for must be effective, proportionate and dissuasive.
2. Member States shall notify the Commission of the rules referred to in paragraph 1 without delay after 28 November 2022 and shall notify it of any subsequent amendment.

Article 18

1. The Council, the Commission and the High Representative of the Union for Foreign Affairs and Security Policy (the 'High Representative') shall process personal data in order to carry out their tasks under this Regulation. Those tasks include:
 - (a) as regards the Council, preparing and making amendments to Annex I;
 - (b) as regards the High Representative, preparing amendments to Annex I;
 - (c) as regards the Commission:
 - (i) adding the contents of Annex I to the electronic, consolidated list of persons, groups and entities subject to Union financial sanctions and to the interactive sanctions map, both publicly available;
 - (ii) processing information on the impact of the measures provided for in this Regulation such as the value of frozen funds and information on authorisations granted by the competent authorities.
2. The Council, the Commission and the High Representative may process, where applicable, relevant data relating to criminal offences committed by listed natural persons, to criminal convictions of such persons or to security measures concerning such persons, only to the extent that such processing is necessary for the preparation of Annex I.
3. For the purposes of this Regulation, the Council, the Commission service listed in Annex II to this Regulation and the High Representative are designated as 'controller' within the meaning of Article 3, point (8), of Regulation (EU) 2018/1725, in order to ensure that the natural persons concerned can exercise their rights under Regulation (EU) 2018/1725.

Article 19

1. Member States shall designate the competent authorities referred to in this Regulation and identify them on the websites listed in Annex II. Member States shall notify the Commission of any changes in the addresses of their websites listed in Annex II.
2. Member States shall notify the Commission of their competent authorities, including the contact details of those competent authorities, without delay after 28 November 2022, and shall notify it of any subsequent amendment.

3. Where this Regulation sets out a requirement to notify, inform or otherwise communicate with the Commission, the address and other contact details to be used for such communication shall be those indicated in Annex II.

Article 20

This Regulation shall apply:

- (a) within the territory of the Union, including its airspace;
- (b) on board any aircraft or vessel under the jurisdiction of a Member State;
- (c) to any natural person inside or outside the territory of the Union who is a national of a Member State;
- (d) to any legal person, entity or body, inside or outside the territory of the Union, which is incorporated or constituted under the law of a Member State;
- (e) to any legal person, entity or body in respect of any business done in whole or in part within the Union.

Article 21

This Regulation shall enter into force on the date of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 25 November 2022.

For the Council
The President
J. SÍKELA

ANNEX I

List of natural and legal persons, entities and bodies referred to in Article 2, 3 and 9

PERSONS

1. **Jimmy Cherizier** (alias 'Barbeque') has engaged in acts that threaten the peace, security, and stability of Haiti and has planned, directed or committed acts that constitute serious human rights abuses.

Designation: 21 October 2022

Additional information from the narrative summary of reasons for listing provided by the Sanctions Committee:

Jimmy Cherizier is one of Haiti's most influential gang leaders and leads an alliance of Haitian gangs known as the 'G9 Family and Allies.'

While serving as an officer in the Haitian National Police (HNP), Cherizier planned and participated in the November 2018 deadly attack against civilians in a Port-au-Prince neighbourhood known as La Saline. During this attack, at least 71 people were killed, over 400 houses were destroyed and at least seven women were raped by armed gangs. Throughout 2018 and 2019, Cherizier led armed groups in coordinated, brutal attacks in Port-au-Prince neighbourhoods. In May 2020, Cherizier led armed gangs in a 5-day attack in multiple Port-au-Prince neighbourhoods in which civilians were killed and houses were set on fire. As of 11 October 2022, Cherizier and his G9 gang confederation are actively blocking the free movement of fuel from the Varreux fuel terminal – the largest in Haiti. His actions have directly contributed to the economic paralysis and humanitarian crisis in Haiti.

COMMISSION DELEGATED REGULATION (EU) 2022/2310**of 18 October 2022****amending the regulatory technical standards laid down in Delegated Regulation (EU) No 149/2013 as regards the value of the clearing threshold for positions held in OTC commodity derivative contracts and other OTC derivative contracts****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 648/2012 of the European Parliament and of the Council of 4 July 2012 on OTC derivatives, central counterparties and trade repositories ⁽¹⁾, and in particular Article 10(4), third subparagraph, thereof,

Whereas:

- (1) Commission Delegated Regulation (EU) No 149/2013 ⁽²⁾ specifies, among others, the values of the clearing thresholds for the purpose of the clearing obligation.
- (2) Pursuant to Article 10(4), fourth subparagraph, of Regulation (EU) No 648/2012, the European Securities and Markets Authority (ESMA) is to periodically review the values of those clearing thresholds and to propose regulatory technical standards to amend them. That review is to be preceded by a consultation of the European Systemic Risk Board (ESRB) and other relevant authorities and has to take into account, where necessary, the interconnectedness of financial counterparties.
- (3) For some third-country jurisdictions, no equivalence decision as referred to in Article 2a of Regulation (EU) No 648/2012 has yet been adopted. As a result, contracts executed on markets in those third-country jurisdictions are considered OTC and, although being cleared by recognised CCPs, count towards the clearing thresholds. In addition, commodity prices have recently increased, significantly exacerbated by Russia's unprovoked and unjustified military aggression against Ukraine. Those reasons call for a corresponding adjustment of the current threshold for commodity derivatives. The clearing threshold value for positions held in OTC commodity derivatives should therefore be increased from EUR 3 billion to EUR 4 billion.
- (4) Delegated Regulation (EU) No 149/2013 should therefore be amended accordingly.
- (5) This Regulation is based on a report and the draft regulatory technical standards submitted to the Commission by ESMA.

⁽¹⁾ OJ L 201, 27.7.2012, p. 1.

⁽²⁾ Commission Delegated Regulation (EU) No 149/2013 of 19 December 2012 supplementing Regulation (EU) No 648/2012 of the European Parliament and of the Council with regard to regulatory technical standards on indirect clearing arrangements, the clearing obligation, the public register, access to a trading venue, non-financial counterparties, and risk mitigation techniques for OTC derivatives contracts not cleared by a CCP (OJ L 52, 23.2.2013, p. 11).

- (6) ESMA conducted an open public consultation on the clearing thresholds for different asset classes and in particular on the clearing thresholds for commodity derivative asset classes. Given the limited scope of the amendment and its urgency in view of the rapidly increasing commodity prices, it would be highly disproportionate for ESMA to conduct an additional open public consultation on these draft regulatory technical standards. ESMA consulted the ESRB in accordance with Article 10(4), fourth subparagraph, of Regulation (EU) No 648/2012 and requested the advice of the Securities and Markets Stakeholder Group established in accordance with Article 37 of Regulation (EU) No 1095/2010 of the European Parliament and of the Council. ⁽³⁾
- (7) Given the recent increase of in commodity prices and its effect on non-financial counterparties taking positions in OTC commodity derivative contracts, it is necessary to adjust the clearing threshold value for positions held by non-financial counterparties in OTC commodity derivatives as quickly as possible. In the light of the current energy crisis and inflation, ESMA shall assess the impact of the revised threshold and come forward with amendments if deemed necessary and appropriate. This Regulation should therefore enter into force as a matter of urgency,

HAS ADOPTED THIS REGULATION:

Article 1

Amendment to Delegated Regulation (EU) No 149/2013

In Article 11 of Delegated Regulation (EU) No 149/2013, point (e) is replaced by the following:

- ‘(e) EUR 4 billion in gross notional value for OTC commodity derivative contracts and other OTC derivative contracts not provided for under points (a) to (d).’.

Article 2

Entry into force

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 October 2022.

For the Commission

The President

Ursula VON DER LEYEN

⁽³⁾ Regulation (EU) No 1095/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Securities and Markets Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/77/EC (OJ L 331, 15.12.2010, p. 84).

COMMISSION DELEGATED REGULATION (EU) 2022/2311**of 21 October 2022****amending the regulatory technical standards laid down in Delegated Regulation (EU) No 153/2013 as regards temporary emergency measures on collateral requirements****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 648/2012 of the European Parliament and of the Council of 4 July 2012 on OTC derivatives, central counterparties and trade repositories ⁽¹⁾, and in particular Article 46(3) thereof,

Whereas:

- (1) Commission Delegated Regulation (EU) No 153/2013 ⁽²⁾ lays down regulatory technical standards on requirements for central counterparties (CCPs) to accept highly liquid collateral with minimal credit and market risk.
- (2) Recent political and market developments have led to significant price and volatility increases on energy markets, which have triggered substantial margin increases by CCPs to cover the related exposures. Those margin increases have created liquidity strains on non-financial counterparties, which typically have fewer and less liquid assets to meet margin requirements. As a consequence, those non-financial counterparties have been forced to either reduce their positions or leave them not properly hedged, which exposes them to further price variations.
- (3) In order to ensure the smooth functioning of the Union financial and energy markets under the current circumstances and to alleviate the liquidity pressure on non-financial counterparties active on gas and electricity regulated markets cleared in CCPs established in the Union, the pool of eligible collateral available to non-financial clearing members should temporarily be expanded to include uncollateralised bank guarantees.
- (4) In order to contain the liquidity strains observed on energy derivative markets, guarantees issued or backed by public entities should also be considered as eligible collateral for financial and non-financial counterparties by the CCP, given that those guarantees have low counterparty credit risk and are irrevocable, unconditional and can be honoured within the period of liquidation of the portfolio of the defaulting clearing member, therefore carrying limited liquidity risk.
- (5) The risks related to an expansion of eligible collateral to uncollateralised bank guarantees and public guarantees are expected to remain limited, as the expansion would be subject to the risk management safeguards of the CCP and all other applicable requirements, as laid down in Delegated Regulation (EU) No 153/2013, would continue to apply.
- (6) Delegated Regulation (EU) No 153/2013 should therefore be amended accordingly.
- (7) In order to further limit the risks associated to the acceptance of uncollateralised bank guarantees for non-financial clearing members and public guarantees for financial and non-financial clearing members as collateral, those measures should be of temporary nature and granted for a period of 12 months, providing relief to market participants and incentivising them to return to the markets.
- (8) In the light of the recent market developments, it is necessary to expand the pool of eligible collateral available to non-financial clearing members as quickly as possible. This Regulation should therefore enter into force as a matter of urgency.

⁽¹⁾ OJ L 201, 27.7.2012, p. 1.

⁽²⁾ Commission Delegated Regulation (EU) No 153/2013 of 19 December 2012 supplementing Regulation (EU) No 648/2012 of the European Parliament and of the Council with regard to regulatory technical standards on requirements for central counterparties (OJ L 52, 23.2.2013, p. 41).

- (9) This Regulation is based on draft regulatory technical standards submitted to the Commission by the European Securities and Markets Authority (ESMA), after consulting the European Banking Authority, the European Systemic Risk Board and the European System of Central Banks.
- (10) ESMA has not conducted open public consultations on the draft regulatory technical standards on which this Regulation is based, nor did it analyse the potential costs and benefits, as this would have been highly disproportionate to the scope and impact of the amendments to be adopted, taking into account the urgent nature and the limited scope of the proposed changes. Given the urgency, ESMA has not requested the advice of the Securities and Markets Stakeholder Group established in accordance with Article 37 of Regulation (EU) No 1095/2010 of the European Parliament and of the Council ⁽³⁾. The Securities and Markets Stakeholder Group will be informed thereof pursuant to that provision,

HAS ADOPTED THIS REGULATION:

Article 1

Delegated Regulation (EU) No 153/2013 is amended as follows:

- (1) in Article 39, the following second paragraph is added:
- ‘Until 29 November 2023, for the purposes of Article 46(1) of Regulation (EU) No 648/2012, public guarantees that meet the conditions set out in Annex I shall be considered as highly liquid collateral.’;
- (2) in Article 62, second paragraph, the following sentence is added:
- ‘However, Section 2, paragraph 1, point (h), of Annex I shall not apply in respect of transactions on derivatives, as referred to in Article 2(4), points (b) and (d), of Regulation (EU) No 1227/2011 from 29 November 2022 to 29 November 2023.’;
- (3) Annex I is amended in accordance with the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 21 October 2022.

For the Commission
The President
Ursula VON DER LEYEN

⁽³⁾ Regulation (EU) No 1095/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Securities and Markets Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/77/EC (OJ L 331, 15.12.2010, p. 84).

ANNEX

In Annex I to Delegated Regulation (EU) No 153/2013, the following Section 2a is inserted:

*'SECTION 2a****Public guarantees***

Until 29 November 2023, a public guarantee that does not meet the conditions for a central bank guarantee set out in Section 2, paragraph 2, shall meet all of the following conditions to be accepted as collateral under Article 46(1) of Regulation (EU) No 648/2012:

- (a) it is explicitly issued or guaranteed by any of the following:
 - (i) a central government in the EEA;
 - (ii) regional governments or local authorities in the EEA, where there is no difference in risk between exposures of regional governments or local authorities and the central government of that Member State because of the specific revenue-raising powers of the former, and the existence of specific institutional arrangements the effect of which is to reduce their risk of default;
 - (iii) the European Financial Stability Facility, the European Stability Mechanism, or the Union, where applicable;
 - (iv) a multilateral development bank as listed under Article 117(2) of Regulation (EU) No 575/2013 of the European Parliament and of the Council (*) and established in the Union;
- (b) the CCP can demonstrate that it has low credit risk based upon an internal assessment by the CCP;
- (c) it is denominated in one of the following currencies:
 - (i) a currency the risk of which the CCP can demonstrate to the competent authorities that it is able to adequately manage;
 - (ii) a currency in which the CCP clears transactions, in the limit of the collateral required to cover the CCP's exposures in that currency;
- (d) it is irrevocable, unconditional and the issuing and guaranteeing entities cannot rely on any legal or contractual exemption or defence to oppose the payment of the guarantee;
- (e) it can be honoured within the period of liquidation of the portfolio of the defaulting clearing member providing it without any regulatory, legal or operational constraint or any third party claim on it.

For the purposes of point (b), the CCP shall employ, in performing the assessment referred to in that point, defined and objective methodology that shall not fully rely on external opinions.

(*) Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012 (OJ L 176, 27.6.2013, p. 1).'

COMMISSION IMPLEMENTING REGULATION (EU) 2022/2312**of 25 November 2022****on eight-yearly variables in the labour force domain on ‘young people on the labour market’, ‘educational attainment – details, including education interrupted or abandoned’ and ‘reconciliation of work and family life’ pursuant to Regulation (EU) 2019/1700 of the European Parliament and of the Council****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2019/1700 of the European Parliament and of the Council of 10 October 2019 establishing a common framework for European statistics relating to persons and households, based on data at individual level collected from samples, amending Regulations (EC) No 808/2004, (EC) No 452/2008 and (EC) No 1338/2008 of the European Parliament and of the Council, and repealing Regulation (EC) No 1177/2003 of the European Parliament and of the Council and Council Regulation (EC) No 577/98 ⁽¹⁾, and in particular Article 7(1) points (a) and (d) thereof,

Whereas:

- (1) To ensure an accurate and comparable data collection in the labour force domain, the Commission should specify the technical items of the data sets for the eight-yearly variables to be collected for the first time in the years 2024 and 2025.
- (2) The Commission should specify the description of the data sets for the eight-yearly variables in the labour force domain on ‘young people on the labour market’, ‘educational attainment – details, including education interrupted or abandoned’ and ‘reconciliation of work and family life’.
- (3) The measures provided for in this Regulation are in accordance with the opinion of the European Statistical System Committee set up by Article 7 of Regulation (EC) No 223/2009 of the European Parliament and of the Council ⁽²⁾,

HAS ADOPTED THIS REGULATION:

Article 1

The description of the data sets for the eight-yearly variables in the labour force domain on ‘young people on the labour market’ and ‘educational attainment – details, including education interrupted or abandoned’ (first implementation in 2024) and ‘reconciliation of work and family life’ (first implementation in 2025) shall be as set out in the Annex.

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

⁽¹⁾ OJ L 261 I, 14.10.2019, p. 1.

⁽²⁾ Regulation (EC) No 223/2009 of the European Parliament and of the Council of 11 March 2009 on European statistics and repealing Regulation (EC, Euratom) No 1101/2008 of the European Parliament and of the Council on the transmission of data subject to statistical confidentiality to the Statistical Office of the European Communities, Council Regulation (EC) No 322/97 on Community Statistics, and Council Decision 89/382/EEC, Euratom establishing a Committee on the Statistical Programmes of the European Communities (OJ L 87, 31.3.2009, p. 164).

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 25 November 2022.

For the Commission
The President
Ursula VON DER LEYEN

Description and technical format of the eight-yearly variables in the labour force domain to be collected on ‘young people on the labour market’, ‘educational attainment – details, including education interrupted or abandoned’ (first implementation in 2024) and ‘reconciliation of work and family life’ (first implementation in 2025) and codification to be used

COMMISSION IMPLEMENTING REGULATION (EU) 2022/2313**of 25 November 2022****entering a name in the register of traditional specialities guaranteed (Pizza Napoletana (TSG))**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1151/2012 of the European Parliament and of the Council of 21 November 2012 on quality schemes for agricultural products and foodstuffs ⁽¹⁾, and in particular Article 26 and Article 52(2) thereof,

Whereas:

- (1) In accordance with Article 26 of Regulation (EU) No 1151/2012, Italy submitted the name 'Pizza Napoletana' in view of enabling it to be registered in the register of Traditional Specialities Guaranteed provided for in Article 22 of Regulation (EU) No 1151/2012 with reservation of name.
- (2) The name 'Pizza Napoletana', had previously been registered by Regulation (EU) No 97/2010 ⁽²⁾ as traditional speciality guaranteed without reservation of name in accordance with Article 13(1) of Council Regulation (EC) No 509/2006 ⁽³⁾.
- (3) The submission of the name 'Pizza Napoletana' was examined by the Commission and subsequently published in the *Official Journal of the European Union* ⁽⁴⁾.
- (4) As no statement of opposition under Article 51 of Regulation (EU) No 1151/2012 has been received by the Commission, the name 'Pizza Napoletana' should therefore be entered in the register with reservation of name,

HAS ADOPTED THIS REGULATION:

Article 1

The name 'Pizza Napoletana' (TSG) is hereby entered in the register with reservation of name.

The product specification of the TSG 'Pizza Napoletana' shall be deemed to be the specification referred to in Article 19 of Regulation (EU) No 1151/2012 for the TSG 'Pizza Napoletana' with reservation of name.

The name specified in the first paragraph denotes a product in Class 2.27. bread, pastry, cakes, confectionery, biscuits and other baker's wares, as listed in Annex XI to Commission Implementing Regulation (EU) No 668/2014 ⁽⁵⁾.

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

⁽¹⁾ OJ L 343, 14.12.2012, p. 1.

⁽²⁾ Commission Regulation (EU) No 97/2010 of 4 February 2010 entering a name in the register of traditional specialities guaranteed [Pizza Napoletana (TSG)] (OJ L 34, 5.2.2010, p. 7).

⁽³⁾ Council Regulation (EC) No 509/2006 of 20 March 2006 on agricultural products and foodstuffs as traditional specialities guaranteed (OJ L 93, 31.3.2006, p. 1). Regulation repealed and replaced by Regulation (EU) No 1151/2012.

⁽⁴⁾ OJ C 176, 18.5.2016, p. 13.

⁽⁵⁾ Commission Implementing Regulation (EU) No 668/2014 of 13 June 2014 laying down rules for the application of Regulation (EU) No 1151/2012 of the European Parliament and of the Council on quality schemes for agricultural products and foodstuffs (OJ L 179, 19.6.2014, p. 36).

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION IMPLEMENTING REGULATION (EU) 2022/2314**of 25 November 2022****renewing the approval of the active substance *Pythium oligandrum* strain M1 in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market, and amending the Annex to Commission Implementing Regulation (EU) No 540/2011****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1107/2009, of the European Parliament and of the Council of 21 October 2009 concerning the placing of plant protection products on the market and repealing Council Directives 79/117/EEC and 91/414/EEC ⁽¹⁾, and in particular Article 20(1) thereof,

Whereas:

- (1) Commission Directive 2008/113/EC ⁽²⁾ included *Pythium oligandrum* strain M1 as an active substance in Annex I to Council Directive 91/414/EEC ⁽³⁾.
- (2) Active substances included in Annex I to Directive 91/414/EEC are deemed to have been approved under Regulation (EC) No 1107/2009 and are listed in Part A of the Annex to Commission Implementing Regulation (EU) No 540/2011 ⁽⁴⁾.
- (3) The approval of the active substance *Pythium oligandrum* strain M1, as set out in Part A of the Annex to Implementing Regulation (EU) No 540/2011, expires on 30 April 2023.
- (4) An application for the renewal of the approval of the active substance *Pythium oligandrum* strain M1 was submitted to the rapporteur Member State in accordance with Article 1 of Commission Implementing Regulation (EU) No 844/2012 ⁽⁵⁾ within the time period provided for in that Article.
- (5) The applicant submitted the supplementary dossiers required in accordance with Article 6 of Implementing Regulation (EU) No 844/2012 to the rapporteur Member State, the co-rapporteur Member State, the Commission and the European Food Safety Authority ('the Authority'). The application was found to be complete by the rapporteur Member State.
- (6) The rapporteur Member State prepared a draft renewal assessment report in consultation with the co-rapporteur Member State and submitted it to the Authority and the Commission on 26 September 2018.
- (7) The Authority circulated the draft renewal assessment report to the applicant and to the Member States for comments, launched a public consultation on it and forwarded the comments received to the Commission. The Authority also made the supplementary summary dossier available to the public.

⁽¹⁾ OJ L 309, 24.11.2009, p. 1.

⁽²⁾ Commission Directive 2008/113/EC of 8 December 2008 amending Council Directive 91/414/EEC to include several micro-organisms as active substances (OJ L 330, 9.12.2008, p. 6).

⁽³⁾ Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market (OJ L 230, 19.8.1991, p. 1).

⁽⁴⁾ Commission Implementing Regulation (EU) No 540/2011 of 25 May 2011 implementing Regulation (EC) No 1107/2009 of the European Parliament and of the Council as regards the list of approved active substances (OJ L 153, 11.6.2011, p. 1).

⁽⁵⁾ Commission Implementing Regulation (EU) No 844/2012 of 18 September 2012 setting out the provisions necessary for the implementation of the renewal procedure for active substances, as provided for in Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market (OJ L 252, 19.9.2012, p. 26).

- (8) On 8 October 2020, the Authority communicated to the Commission its conclusion ⁽⁶⁾ on whether *Pythium oligandrum* strain M1 can be expected to meet the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009.
- (9) The Commission presented a renewal report and a draft Regulation regarding *Pythium oligandrum* strain M1 to the Standing Committee on Plants, Animals, Food and Feed on 18 May 2022 and 15 July 2022, respectively.
- (10) The Commission invited the applicant to submit its comments on the conclusion of the Authority and, in accordance with Article 14(1), third paragraph, of Implementing Regulation (EU) No 844/2012 ⁽⁷⁾, on the renewal report. The applicant submitted its comments, which have been carefully examined.
- (11) It has been established with respect to one or more representative uses of at least one plant protection product containing the active substance *Pythium oligandrum* strain M1 that the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009 are satisfied.
- (12) It is therefore appropriate to renew the approval of *Pythium oligandrum* strain M1.
- (13) In accordance with Article 14(1) of Regulation (EC) No 1107/2009 in conjunction with Article 6 thereof and in the light of current scientific and technical knowledge, it is, however, necessary to provide for certain conditions. It is, in particular, appropriate to require that Member States, when assessing applications for authorisations of products containing *Pythium oligandrum* strain M1, pay particular attention to the specification of the technical material and to the protection of operators and workers, and foresee risk mitigation measures such as personal and respiratory protective equipments to address the risks of sensitisation or physical effects on the respiratory system that may be caused by the micro-organism.
- (14) Implementing Regulation (EU) No 540/2011 should therefore be amended accordingly.
- (15) Commission Implementing Regulation (EU) 2022/378 ⁽⁸⁾ extended the approval period of *Pythium oligandrum* strain M1 to 30 April 2023 in order to allow the renewal process to be completed before the expiry of the approval period of that active substance. However, given that a decision on renewal has been taken ahead of that extended expiry date, this Regulation should apply earlier than that date.
- (16) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

⁽⁶⁾ EFSA Journal 2020;18(11):6296, doi: 10.2903/j.efsa.2020.6296. Available online: www.efsa.europa.eu

⁽⁷⁾ This Regulation was replaced by Commission Implementing Regulation (EU) 2020/1740 (OJ L 392, 23.11.2020, p. 20), however, it continues to apply to the procedure for the renewal of the approval of active substances: (1) whose approval period ends before 27 March 2024; (2) for which a Regulation, adopted in accordance with Article 17 of Regulation (EC) No 1107/2009 on or after 27 March 2021, extends the approval period to 27 March 2024 or a later date.

⁽⁸⁾ Commission Implementing Regulation (EU) 2022/378 of 4 March 2022 amending Implementing Regulation (EU) No 540/2011 as regards the extension of the approval periods of the active substances abamectin, *Bacillus subtilis* (Cohn 1872) strain QST 713, *Bacillus thuringiensis* subsp. Aizawai strains ABTS-1857 and GC-91, *Bacillus thuringiensis* subsp. Israeliensis (serotype H-14) strain AM65-52, *Bacillus thuringiensis* subsp. Kurstaki strains ABTS 351, PB 54, SA 11, SA12 and EG 2348, *Beauveria bassiana* strains ATCC 74040 and GHA, clodinafop, *Cydia pomonella* Granulovirus (CpGV), cyprodinil, dichlorprop-P, fenpyroximate, fosetyl, malathion, mepanipyrim, metconazole, metrafenone, pirimicarb, *Pseudomonas chlororaphis* strain MA342, pyrimethanil, *Pythium oligandrum* M1, rimsulfuron, spinosad, *Trichoderma asperellum* (formerly *T. harzianum*) strains ICC012, T25 and TV1, *Trichoderma atroviride* (formerly *T. harzianum*) strain T11, *Trichoderma gamsii* (formerly *T. viride*) strain ICC080, *Trichoderma harzianum* strains T-22 and ITEM 908, triclopyr, trinexapac, triticonazole and ziram (OJ L 72, 7.3.2022, p. 2).

HAS ADOPTED THIS REGULATION:

Article 1

Renewal of the approval of the active substance

The approval of the active substance *Pythium oligandrum* strain M1, as specified in Annex I to this Regulation, is renewed subject to the conditions laid down in that Annex.

Article 2

Amendments to Implementing Regulation (EU) No 540/2011

The Annex to Implementing Regulation (EU) No 540/2011 is amended in accordance with Annex II to this Regulation.

Article 3

Entry into force and date of application

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 1 March 2023.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 25 November 2022.

For the Commission
The President

COMMISSION IMPLEMENTING REGULATION (EU) 2022/2315**of 25 November 2022****renewing the approval of the low-risk active substance heptamaloxyloglucan in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market, and amending the Annex to Commission Implementing Regulation (EU) No 540/2011****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1107/2009 of the European Parliament and of the Council of 21 October 2009 concerning the placing of plant protection products on the market and repealing Council Directives 79/117/EEC and 91/414/EEC ⁽¹⁾, and in particular Article 20(1) in conjunction with Article 22(1) thereof,

Whereas:

- (1) Commission Directive 2010/14/EU ⁽²⁾ included heptamaloxyloglucan as an active substance in Annex I to Council Directive 91/414/EEC ⁽³⁾.
- (2) Active substances included in Annex I to Directive 91/414/EEC are deemed to have been approved under Regulation (EC) No 1107/2009 and are listed in Part A of the Annex to Commission Implementing Regulation (EU) No 540/2011 ⁽⁴⁾.
- (3) The approval of the active substance heptamaloxyloglucan, as set out in Part A of the Annex to Implementing Regulation (EU) No 540/2011, expires on 31 May 2023.
- (4) An application for the renewal of the approval of the active substance heptamaloxyloglucan was submitted to the rapporteur Member State in accordance with Article 1 of Commission Implementing Regulation (EU) No 844/2012 ⁽⁵⁾ within the time period provided for in that Article.
- (5) The applicant submitted the supplementary dossiers required in accordance with Article 6 of Implementing Regulation (EU) No 844/2012 to the rapporteur Member State, the co-rapporteur Member State, the Commission and the European Food Safety Authority ('the Authority'). The application was found to be complete by the rapporteur Member State.
- (6) The rapporteur Member State prepared a draft renewal assessment report in consultation with the co-rapporteur Member State and submitted it to the Authority and the Commission on 29 September 2020.
- (7) The Authority made the supplementary summary dossier available to the public. The Authority also circulated the draft renewal assessment report to the applicant and to the Member States for comments and launched a public consultation on it. The Authority forwarded the comments received to the Commission.

⁽¹⁾ OJ L 309, 24.11.2009, p. 1.

⁽²⁾ Commission Directive 2010/14/EU of 3 March 2010 amending Council Directive 91/414/EEC to include heptamaloxyloglucan as active substance (OJ L 53, 4.3.2010, p. 7).

⁽³⁾ Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market (OJ L 230, 19.8.1991, p. 1).

⁽⁴⁾ Commission Implementing Regulation (EU) No 540/2011 of 25 May 2011 implementing Regulation (EC) No 1107/2009 of the European Parliament and of the Council as regards the list of approved active substances (OJ L 153, 11.6.2011, p. 1).

⁽⁵⁾ Commission Implementing Regulation (EU) No 844/2012 of 18 September 2012 setting out the provisions necessary for the implementation of the renewal procedure for active substances, as provided for in Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market (OJ L 252, 19.9.2012, p. 26).

- (8) On 2 March 2022, the Authority communicated to the Commission its conclusion ⁽⁶⁾ on whether heptamaloxyloglucan can be expected to meet the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009.
- (9) As regards the criteria to identify endocrine disrupting properties set out in points 3.6.5 and 3.8.2 of Annex II to Regulation (EC) No 1107/2009, the conclusion of the Authority indicated that, based on the scientific evidence, it is highly unlikely that heptamaloxyloglucan is an endocrine disrupter via the estrogenic, androgenic, thyroidogenic and steroidogenic modalities.
- (10) The Commission presented a renewal report and a draft Regulation regarding heptamaloxyloglucan to the Standing Committee on Plants, Animals, Food and Feed on 30 March 2022 and 13 October 2022 respectively.
- (11) The Commission invited the applicant to submit its comments on the conclusion of the Authority and, in accordance with Article 14(1), third subparagraph, of Implementing Regulation (EU) No 844/2012, on the renewal report. The applicant submitted its comments, which have been carefully examined.
- (12) It has been established with respect to one or more representative uses of at least one plant protection product containing the active substance heptamaloxyloglucan that the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009 are satisfied. It has also been established that heptamaloxyloglucan is not to be considered as having endocrine disrupting properties.
- (13) The risk assessment for the renewal of the approval of the active substance heptamaloxyloglucan is based on a limited number of representative uses, which however do not restrict the uses for which plant protection products containing heptamaloxyloglucan may be authorised. It is therefore appropriate not to maintain the restriction to use as a growth regulator.
- (14) The Commission further considers that heptamaloxyloglucan is a low-risk active substance pursuant to Article 22 of Regulation (EC) No 1107/2009. Heptamaloxyloglucan is not a substance of concern and fulfils the conditions set in point 5 of Annex II to Regulation (EC) No 1107/2009. Furthermore, heptamaloxyloglucan is present naturally as a component of plants and soil. The additional exposure of humans, animals and the environment by the uses approved under Regulation (EC) No 1107/2009 is expected to be negligible compared to exposure expected through realistic natural situations. It is therefore appropriate to renew the approval of heptamaloxyloglucan as a low risk active substance.
- (15) Implementing Regulation (EU) No 540/2011 should therefore be amended accordingly.
- (16) Commission Implementing Regulation (EU) 2022/814 ⁽⁷⁾ extended the approval period of heptamaloxyloglucan to 31 May 2023 in order to allow the renewal process to be completed before the expiry of the approval period of that active substance. However, given that a decision on renewal has been taken ahead of that extended expiry date, this Regulation should apply earlier than that date.
- (17) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

Article 1

Renewal of the approval of the active substance

The approval of the active substance heptamaloxyloglucan is renewed as set out in Annex I.

⁽⁶⁾ EFSA Journal 2022;20(3):7210. Available online: <https://doi.org/10.2903/j.efsa.2022.7210>.

⁽⁷⁾ Commission Implementing Regulation (EU) 2022/814 of 20 May 2022 amending Implementing Regulation (EU) No 540/2011 as regards the extension of the approval period of the active substance heptamaloxyloglucan (OJ L 146, 25.5.2022, p. 6).

*Article 2***Amendments to Implementing Regulation (EU) No 540/2011**

The Annex to Implementing Regulation (EU) No 540/2011 is amended in accordance with Annex II to this Regulation.

*Article 3***Entry into force and date of application**

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 1 March 2023.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 25 November 2022.

For the Commission
The President
Ursula VON DER LEYEN

ANNEX I

Common Name, Identification Numbers	IUPAC Name	Purity ⁽¹⁾	Date of approval	Expiration of approval	Specific provisions
Heptamaloxylglucan CAS No: 870721-81-6 CIPAC No: 851	α -L-fucopyranosyl-(1 $\rightarrow$ 2)- β -D-galactopyranosyl-(1 $\rightarrow$ 2)- α -D-xylopyranosyl-(1 $\rightarrow$ 6)-[α -D-xylopyranosyl-(1 $\rightarrow$ 6)- β -D-glucopyranosyl-(1 $\rightarrow$ 4)]- β -D-glucopyranosyl-(1 $\rightarrow$ 4)-D-glucitol	≥ 780 g/kg The following impurity is of toxicological and environmental concern and must not exceed the following levels in the technical material: — Patulin, max. 50 μ g/kg	1 March 2023	28 February 2038	For the implementation of the uniform principles as referred to in Article 29(6) of Regulation (EC) No 1107/2009, the conclusions of the review report on heptamaloxylglucan, and in particular Appendices I and II thereto, shall be taken into account.

⁽¹⁾ Further details on the identity and the specification of the active substance are provided in the renewal report.

ANNEX II

The Annex to Implementing Regulation (EU) No 540/2011 is amended as follows:

- (1) in Part A, entry 298 on heptamaloxyloglucan is deleted;
- (2) in Part D, the following entry is added:

No.	Common Name, Identification Numbers	IUPAC Name	Purity ⁽¹⁾	Date of approval	Expiration of approval	Specific provisions
'40	Heptamaloxyloglucan CAS No: 870721-81-6 CIPAC No: 851	α -L-fucopyranosyl-(1 $\rightarrow$ 2)- β -D-galactopyranosyl-(1 $\rightarrow$ 2)- α -D-xylopyranosyl-(1 $\rightarrow$ 6)-[α -D-xylopyranosyl-(1 $\rightarrow$ 6)- β -D-glucopyranosyl-(1 $\rightarrow$ 4)]- β -D-glucopyranosyl-(1 $\rightarrow$ 4)-D-glucitol	≥ 780 g/kg The following impurity is of toxicological and environmental concern and must not exceed the following levels in the technical material: - Patulin, max. 50 μ g/kg	1 March 2023	28 February 2038	For the implementation of the uniform principles as referred to in Article 29(6) of Regulation (EC) No 1107/2009, the conclusions of the review report on heptamaloxyloglucan, and in particular Appendices I and II thereto, shall be taken into account.'

⁽¹⁾ Further details on the identity and the specification of the active substance are provided in the renewal report.

COMMISSION IMPLEMENTING REGULATION (EU) 2022/2316**of 25 November 2022****amending Annexes V and XIV to Implementing Regulation (EU) 2021/404 as regards the entries for Canada, the United Kingdom and the United States in the lists of third countries authorised for the entry into the Union of consignments of poultry, germinal products of poultry and fresh meat of poultry and game birds****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2016/429 of the European Parliament and of the Council of 9 March 2016 on transmissible animal diseases and amending and repealing certain acts in the area of animal health ('Animal Health Law') ⁽¹⁾, and in particular Articles 230(1) and 232(1) and (3) thereof.

Whereas:

- (1) Regulation (EU) 2016/429 requires that consignments of animals, germinal products and products of animal origin must come from a third country or territory, or zone or compartment thereof, listed in accordance with Article 230(1) of that Regulation in order to enter the Union.
- (2) Commission Delegated Regulation (EU) 2020/692 ⁽²⁾ lays down the animal health requirements with which consignments of certain species and categories of animals, germinal products and products of animal origin from third countries or territories, or zones thereof, or compartments thereof, in the case of aquaculture animals, must comply with in order to enter the Union.
- (3) Commission Implementing Regulation (EU) 2021/404 ⁽³⁾ establishes the lists of third countries, or territories, or zones or compartments thereof, from which the entry into the Union of the species and categories of animals, germinal products and products of animal origin falling within the scope of Delegated Regulation (EU) 2020/692 is permitted.
- (4) More particularly, Annexes V and XIV to Implementing Regulation (EU) 2021/404 set out the lists of third countries, or territories, or zones thereof authorised for the entry into the Union, respectively, of consignments of poultry, germinal products of poultry, and of fresh meat from poultry and game birds.
- (5) Canada notified the Commission of 34 outbreaks of highly pathogenic avian influenza in poultry in the provinces of Alberta (4), British Columbia (4), Manitoba (6), Ontario (5), Quebec (6) and Saskatchewan (9) in Canada, confirmed between 27 September 2022 and 9 November 2022 by laboratory analysis (RT-PCR).
- (6) Furthermore, the United Kingdom notified the Commission of 39 outbreaks of highly pathogenic avian influenza in poultry in the counties of Cambridgeshire (1), Cheshire (1), Derbyshire (2), East Ayrshire (1), Lancashire (5), Leicestershire (1), Lincolnshire (4), Norfolk (9), North Yorkshire (3), Northamptonshire (4), Suffolk (3) and West Midlands (1) in England, United Kingdom, and in Aberdeenshire (3) and on Orkney Islands (1) in Scotland, United Kingdom, confirmed between 27 October 2022 and 18 November 2022 by laboratory analysis (RT-PCR).

⁽¹⁾ OJ L 84, 31.3.2016, p. 1.

⁽²⁾ Commission Delegated Regulation (EU) 2020/692 of 30 January 2020 supplementing Regulation (EU) 2016/429 of the European Parliament and of the Council as regards rules for entry into the Union, and the movement and handling after entry of consignments of certain animals, germinal products and products of animal origin (OJ L 174, 3.6.2020, p. 379).

⁽³⁾ Commission Implementing Regulation (EU) 2021/404 of 24 March 2021 laying down the lists of third countries, territories or zones thereof from which the entry into the Union of animals, germinal products and products of animal origin is permitted in accordance with Regulation (EU) 2016/429 of the European Parliament and of the Council (OJ L 114, 31.3.2021, p. 1).

- (7) Additionally, the United States notified the Commission of 26 outbreaks of highly pathogenic avian influenza in poultry located in the states of California (2), Iowa (2), Michigan (1), Minnesota (5), Mississippi (1), Montana (1), North Dakota (2), Ohio (1), Oregon(1), Pennsylvania (6), South Dakota (1), Tennessee (1) and Wisconsin (1), United States, confirmed between 27 October 2022 and 16 November 2022 by laboratory analysis (RT-PCR).
- (8) Following those outbreaks of highly pathogenic avian influenza, the veterinary authorities of Canada, the United Kingdom and the United States established a control zone of at least 10 km around the affected establishments and implemented a stamping-out policy in order to control the presence of highly pathogenic avian influenza and limit the spread of that disease.
- (9) Canada, the United Kingdom and the United States have submitted information to the Commission on the epidemiological situation on their territory and the measures they have taken to prevent the further spread of highly pathogenic avian influenza. That information has been evaluated by the Commission. On the basis of that evaluation and in order to protect the animal health status of the Union, the entry into the Union of consignments of poultry, germinal products of poultry, and fresh meat of poultry and game birds from the areas under restrictions established by the veterinary authorities of Canada, the United Kingdom and the United States due to the recent outbreaks of highly pathogenic avian influenza should no longer be authorised.
- (10) Annexes V and XIV to Implementing Regulation (EU) 2021/404 should be therefore amended to take account of the current epidemiological situation as regards highly pathogenic avian influenza in Canada, the United Kingdom and the United States.
- (11) Taking into account the current epidemiological situation in Canada, the United Kingdom and the United States as regards highly pathogenic avian influenza and the serious risk of its introduction into the Union, the amendments to be made to Implementing Regulation (EU) 2021/404 by this Regulation should take effect as a matter of urgency.
- (12) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

Article 1

Amendments to Implementing Regulation (EU) 2021/404

Annexes V and XIV to Implementing Regulation (EU) 2021/404 are amended in accordance with the Annex to this Regulation.

Article 2

Entry into force and application

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 25 November 2022.

For the Commission
The President
Ursula VON DER LEYEN

Annexes V and XIV to Implementing Regulation (EU) 2021/404 are amended as follows:

(1) Annex V is amended as follows:

(a) Part 1 is amended as follows:

(i) in the entry for Canada, the following rows for the zones CA-2.112 to CA-2.145 are added after the rows for the zone CA-2.111:

‘CA Canada	CA-2.112	Breeding poultry other than ratites and productive poultry other than ratites	BPP	N, P1		27.9.2022

	CA-2.145	Saskatchewan - Latitude 50.29, Longitude -103.77 The municipalities involved are: 3km PZ: Odessa 10km SZ: Odessa.'

(ii) in the entry for the United Kingdom, the following description of the zones GB-2.223 to GB-2.261 are added after the description of the zone GB-2.222:

'United Kingdom	GB-2.223	near Waltham on the Wolds, Melton, Leicestershire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.86 and W0.76
	GB-2.224	near Much Hoole, South Ribble, Lancashire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N53.71 and W2.78
	GB-2.225	near Attleborough, Breckland, Norfolk, England GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.47 and E1.04
	GB-2.226	near Saxmundham, East Suffolk, Suffolk, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.20 and E1.52
	GB-2.227	near Much Hoole, South Ribble, Lancashire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N53.71 and W2.79
	GB-2.228	near North Somercotes, East Lindsey, Lincolnshire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N53.47 and E0.12
	GB-2.229	near Much Hoole, South Ribble, Lancashire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N53.71 and W2.76

GB-2.230	near Huntly, Aberdeenshire, Scotland, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N57.44 and W2.55.
GB-2.231	near Kirkwall, Orkney Islands, Scotland, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N59.00 and W3.07.
GB-2.232	near Somersham, Huntingdon, Cambridgeshire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.40 and E0.01
GB-2.233	near Much Hoole, South Ribble, Lancashire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N53.71 and W2.79
GB-2.234	near North Thoresby, East Lindsey, Lincolnshire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N53.49 and E0.01
GB-2.235	near Thirsk, Hambleton, North Yorkshire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N54.22 and W1.43.
GB-2.236	near Boston, Boston, Lincolnshire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.96 and W0.06
GB-2.237	near Taverham, Broadland, Norfolk, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.74 and E1.18
GB-2.238	near Dereham, Breckland, Norfolk, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.71 and E0.83
GB-2.239	near Attleborough, Breckland, Norfolk, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.52 and E0.98.
GB-2.240	near Halesworth, East Suffolk, Suffolk, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.34 and E1.37
GB-2.241	near Kirkham, Fylde, Lancashire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N53.83 and W2.91

GB-2. 242	near Cumnock, East Ayrshire, Scotland, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N55.44 and W4.44.
GB-2. 243	near Dereham, Breckland, Norfolk, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.67 and E0.84.
GB-2. 244	near Turriff, Aberdeenshire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N57.50 and W2.47.
GB-2. 245	near Fakenham, North Norfolk, Norfolk, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.87 and E0.89.
GB-2. 246	near Reepham, Boradland, Norfolk, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.73 and E1.09.
GB-2. 247	near Oundle, North Northamptonshire, Northamptonshire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.43 and W0.40.
GB-2. 248	near Tattenhall, Cheshire West & Chester, Cheshire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N53.09 and W2.80.
GB-2. 249	near Hatton, South Derbyshire, Derbyshire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.89 and W1.69.
GB-2. 250	near Wymondham, South Norfolk, Norfolk, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.55 and E1.16'
GB-2. 251	near Northallerton, Hambleton, North Yorkshire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N54.30 and W1.46.
GB-2. 252	near Colkirk, Breckland, Norfolk, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.79 and E0.87.
GB-2. 253	near Berskswell, Solihull, West Midlands, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.38 and W1.63.

GB-2. 254	near Halesworth, East Suffolk, Suffolk, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.32 and E1.40
GB-2. 255	near Doveridge, Derbyshire Dales, Derbyshire, England, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N52.91 and W1.80

GB-2. 261	near Banff, Aberdeenshire, Scotland, GB The area contained with a circle of a radius of 10km, centred on WGS84 dec, coordinates N57.63 and W2.59'

(iii) in the entry for the United States, the following description of the zones US-2.324 to US-2.349 is added after the description of the zone US-2.323:

United States	US-2.324	State of Minnesota - LeSueur 03 LeSueur County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 93.7507555°W 44.4015961°N)
	US-2.325	State of Minnesota - Stearns 12 Stearns County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 94.7606591°W 45.7433239°N)
	US-2.326	State of Iowa - Wright 01 Wright County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 93.6640054°W 42.7489101°N)

US-2.327	State of Minnesota - Swift 06 Swift County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 95.4578113°W 45.4963445°N)
US-2.328	State of Minnesota - Stearns 13 Stearns County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 94.7461422°W 45.6144058°N)
US-2.329	State of Montana - Granite 01 Granite County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 113.1494792°W 46.7426831°N)
US-2.330	State of South Dakota - Gregory 02 Gregory County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 99.4956626°W 43.4907218°N)
US-2.331	State of California - San Diego 01 San Diego County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 116.9771801°W 33.2941226°N)
US-2.332	State of North Dakota - Bottineau 01 Bottineau County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 100.4854873°W 48.9206236°N)
US-2.333	State of Oregon - Yamhill 01 Yamhill County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 123.1385572°W 45.1794825°N)
US-2.334	State of Pennsylvania - Lehigh 01 Lehigh County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 75.5461185°W 40.7453390°N)
US-2.335	State of Mississippi - Lawrence 01 Lawrence County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 89.9717733°W 31.5302926°N)
US-2.336	State of Pennsylvania - Lehigh 02 Lehigh County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 75.5520616°W 40.7307305°N)
US-2.337	State of Iowa - Wright 02 Wright County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 93.6412236°W 42.7749291°N)
US-2.338	State of Ohio - Butler 01 Butler County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 84.3678852°W 39.4784902°N)

US-2.339	State of Wisconsin - Jefferson 02 Jefferson County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 88.6341986°W 43.2679684°N)
US-2.340	State of Pennsylvania - Lehigh 03 Lehigh County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 75.5396351°W 40.7325778°N)
US-2.341	State of Pennsylvania - Lehigh 04 Lehigh County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 75.5561628°W 40.7413412°N)
US-2.342	State of Michigan - Lapeer 03 Lapeer County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 83.2457088°W 43.0626871°N)
US-2.343	State of North Dakota - Ward 02 Ward County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 101.7189691°W 48.0547192°N)
US-2.344	State of Pennsylvania - Lehigh 05 Lehigh County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 75.5498835°W 40.7447598°N)
US-2.345	State of Pennsylvania - Lehigh 06 Lehigh County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 75.5479177°W 40.7270897°N)
US-2.346	State of New York - Queens 01 Queens County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 73.8759468°W 40.8518764°N)
US-2.347	State of Minnesota - Otter Tail 07 Otter Tail County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 95.9308419°W 46.3594924°N)
US-2.348	State of South Tennessee - Bledsoe 01 Bledsoe County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 85.0972017°W 35.7480654°N)
US-2.349	State of California - Fresno 07 Fresno County: A circular zone of a 10 km radius starting with North point (GPS coordinates: 120.3582891°W 36.7404721°N)

(2) in Annex XIV, Part 1 is amended as follows:

(i) in the entry for Canada, the following rows for the zones CA-2.112 to CA-2.145 are added after the rows for the zone CA-2.111:

‘CA Canada	CA-2.112	Fresh meat of poultry other than ratites	POU	N, P1		27.9.2022

DECISIONS

POLITICAL AND SECURITY COMMITTEE DECISION (CFSP) 2022/2317

of 22 November 2022

on the reconfirmation of the authorisation of the European Union military operation in the Mediterranean (EUNAVFOR MED IRINI) (EUNAVFOR MED IRINI/5/2022)

THE POLITICAL AND SECURITY COMMITTEE,

Having regard to the Treaty on European Union, and in particular Article 38 thereof,

Having regard to Council Decision (CFSP) 2020/472 of 31 March 2020 on a European Union military operation in the Mediterranean (EUNAVFOR MED IRINI) ⁽¹⁾, and in particular Article 8(3) thereof,

Whereas:

- (1) On 31 March 2020, the Council adopted Decision (CFSP) 2020/472, which established and launched a European Union military operation in the Mediterranean (EUNAVFOR MED IRINI) for the period until 31 March 2021.
- (2) Article 8(3) of Decision (CFSP) 2020/472 provides that, notwithstanding that period, the authorisation of the operation is to be reconfirmed every four months and that the Political and Security Committee is to prolong the operation unless the deployment of maritime assets of the operation produces a pull effect on migration on the basis of substantiated evidence gathered according to the criteria set out in the Operations Plan.
- (3) On 26 March 2021, the Council adopted Decision (CFSP) 2021/542 ⁽²⁾, extending the operation until 31 March 2023, subject to the same reconfirmation procedure.
- (4) The Operation Commander provided monthly pull factor reports.
- (5) The authorisation of the operation should be reconfirmed for the ninth four-month sub-period of its mandate and the operation should be prolonged accordingly,

HAS ADOPTED THIS DECISION:

Article 1

The authorisation of EUNAVFOR MED IRINI is hereby reconfirmed and the operation is prolonged from 1 December 2022 to 31 March 2023.

Article 2

This Decision shall enter into force on the date of its adoption.

Done at Brussels, 22 November 2022.

For the Political and Security Committee

The Chairperson

D. PRONK

⁽¹⁾ OJ L 101, 1.4.2020, p. 4.

⁽²⁾ Council Decision (CFSP) 2021/542 of 26 March 2021 amending Decision (CFSP) 2020/472 on the European Union military operation in the Mediterranean (EUNAVFOR MED IRINI) (OJ L 108, 29.3.2021, p. 57).

COUNCIL DECISION (CFSP) 2022/2318
of 25 November 2022
amending Decision 2010/452/CFSP on the European Union Monitoring Mission in Georgia, EUMM Georgia

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Articles 42(4) and 43(2) thereof,

Having regard to the proposal from the High Representative of the Union for Foreign Affairs and Security Policy,

Whereas:

- (1) On 12 August 2010, the Council adopted Decision 2010/452/CFSP ⁽¹⁾, which extended the European Union Monitoring Mission in Georgia (EUMM Georgia), established by Council Joint Action 2008/736/CFSP ⁽²⁾.
- (2) On 3 December 2020, the Council adopted Decision (CFSP) 2020/1990 ⁽³⁾, extending EUMM Georgia until 14 December 2022.
- (3) Following a strategic review of the Mission, the Political and Security Committee recommended that the mandate of EUMM Georgia be extended until 14 December 2024.
- (4) Decision 2010/452/CFSP should therefore be amended accordingly.
- (5) The Mission will be conducted in the context of a situation which may deteriorate and could impede the achievement of the objectives of the Union's external action as set out in Article 21 of the Treaty,

HAS ADOPTED THIS DECISION:

Article 1

Decision 2010/452/CFSP is amended as follows:

- (1) in Article 14(1), the following subparagraph is added:

‘The financial reference amount intended to cover the expenditure related to the Mission between 15 December 2022 and 14 December 2024 shall be EUR 47 141 684,02.’;

- (2) in Article 18, the second paragraph is replaced by the following:

‘It shall expire on 14 December 2024.’.

Article 2

This Decision shall enter into force on the date of its adoption.

It shall apply from 15 December 2022.

⁽¹⁾ Council Decision 2010/452/CFSP of 12 August 2010 on the European Union Monitoring Mission in Georgia, EUMM Georgia (OJ L 213, 13.8.2010, p. 43).

⁽³⁾ Council Decision (CFSP) 2020/1990 of 3 December 2020 amending Decision 2010/452/CFSP on the European Union Monitoring Mission in Georgia, EUMM Georgia (OJ L 411, 7.12.2020, p. 1).

Done at Brussels, 25 November 2022.

For the Council
The President
J. SÍKELA

COUNCIL DECISION (CFSP) 2022/2319
of 25 November 2022
concerning restrictive measures in view of the situation in Haiti

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Article 29 thereof,

Having regard to the proposal from the High Representative of the Union for Foreign Affairs and Security Policy,

Whereas:

- (1) On 21 October 2022, the United Nations Security Council (the 'Security Council') adopted Resolution 2653 (2022), reaffirming its strong commitment to the sovereignty, independence, territorial integrity and unity of Haiti.
- (2) United Nations Security Council Resolution (UNSCR) 2653 (2022) recalls all the Security Council's previous resolutions on Haiti, in particular its UNSCR 2645 (2022), which inter alia demanded an immediate cessation of gang violence and criminal activity, and expressed the Security Council's readiness to take appropriate measures, as necessary, against those engaged in or supporting gang violence, criminal activities or human rights abuses, or who otherwise take action that undermines the peace, stability, and security of Haiti and the region.
- (3) Determining that the situation in Haiti continues to constitute a threat to international peace and security, UNSCR 2653 (2022) requires that travel restrictions be applied to persons designated by the Committee established by paragraph 19 of UNSCR 2653 (2022) (the 'Sanctions Committee'), that all funds and economic resources of persons or entities designated by the Sanctions Committee be frozen, and that an arms embargo be applied to persons or entities designated by the Sanctions Committee.
- (4) Action by the Union is needed in order to implement certain measures,

HAS ADOPTED THIS DECISION:

Article 1

1. The direct or indirect supply, sale, transfer or export of arms and related materiel of all types, including weapons and ammunition, military vehicles and equipment, paramilitary equipment and spare parts for the aforementioned to, or for the benefit of, the persons and entities designated by the Committee established by paragraph 19 of United Nations Security Council Resolution (UNSCR) 2653 (2022) (the 'Sanctions Committee') by nationals of Member States or from the territories of Member States or using their flag vessels or aircraft, shall be prohibited whether originating or not in their territories.

The persons and entities referred to in this paragraph are listed in the Annex.

2. It shall be prohibited to:

- (a) provide technical assistance, training or other assistance, including the provision of armed mercenary personnel, related to military activities or the provision, maintenance or use of any arms and related materiel, directly or indirectly to any person or entity referred to in paragraph 1;
- (b) provide financing or financial assistance related to military activities, including in particular grants, loans and export credit insurance, as well as insurance and reinsurance for any sale, supply, transfer or export of arms and related materiel, or for the provision of related technical or other assistance, directly or indirectly to any person or entity referred to in paragraph 1.

3. Member States shall inspect, in accordance with their national authorities and legislation and consistent with international law, all cargo to Haiti in their territory, including seaports and airports, if they have information that provides reasonable grounds to believe that the cargo contains items the supply, sale, transfer or export of which is prohibited under this Article.

4. Member States shall report in a timely manner to the Sanctions Committee cases of violations of the measures under paragraphs 1 and 2.

5. Member States shall ensure that adequate marking and recordkeeping measures are in place to trace arms, including small arms and light weapons, in accordance with the international and regional instruments to which they are parties, and to consider how best to assist, where relevant and upon their request, neighbouring countries in preventing and detecting illicit trafficking and diversion in violation of measures imposed in paragraphs 1 and 2.

Article 2

1. Member States shall take the necessary measures to prevent the entry into, or transit through, their territories of persons designated by the Sanctions Committee as responsible for or complicit in, or having engaged in, directly or indirectly, actions that threaten the peace, stability and security of Haiti, including but not limited to:

- (a) engaging in, directly or indirectly, or supporting criminal activities and violence involving armed groups and criminal networks that promote violence, including forcible recruitment of children by such groups and networks, kidnappings, trafficking in persons and the smuggling of migrants, and homicides and sexual and gender-based violence;
- (b) supporting illicit trafficking and diversion of arms and related materiel, or illicit financial flows related thereto;
- (c) acting for or on behalf of or at the direction of or otherwise supporting or financing a person or entity designated in connection with the activity described in points (a) and (b), including through the direct or indirect use of the proceeds from organised crime, including proceeds from illicit production and trafficking in drugs and their precursors originating in or transiting through Haiti, the trafficking in persons and the smuggling of migrants from Haiti, or the smuggling and trafficking of arms to or from Haiti;
- (d) acting in violation of the arms embargo, or as having directly or indirectly supplied, sold, or transferred to armed groups or criminal networks in Haiti, or as having been the recipient of, arms or any related materiel, or any technical advice, training, or assistance, including financing and financial assistance, related to violent activities of armed groups or criminal networks in Haiti;
- (e) planning, directing or committing acts that violate international human rights law or acts that constitute human rights abuses, including those involving extrajudicial killing, including of women and children, and the commission of acts of violence, abduction, enforced disappearances or kidnappings for ransom in Haiti;
- (f) planning, directing or committing acts involving sexual and gender-based violence, including rape and sexual slavery, in Haiti;
- (g) obstructing delivery of humanitarian assistance to Haiti or access to, or distribution of, humanitarian assistance in Haiti;
- (h) attacking personnel or premises of United Nations missions and operations in Haiti, or providing support for such attacks.

The persons referred to in this paragraph are listed in the Annex.

2. Paragraph 1 shall not oblige a Member State to refuse its own nationals entry into its territory.

3. Paragraph 1 shall not apply where entry or transit is necessary for the fulfilment of a judicial process.

4. Paragraph 1 shall not apply where the Sanctions Committee determines, on a case-by-case basis, that:

- (a) entry or transit is justified on the grounds of humanitarian need, including religious obligation;
- (b) an exemption would further the objectives of peace and stability in Haiti.

5. In cases where, pursuant to paragraph 3 or 4, a Member State authorises the entry into, or transit through, its territory of persons listed in the Annex, the authorisation shall be limited to the purpose for which it is given and to the persons concerned by the authorisation.

Article 3

1. All funds and economic resources owned or controlled directly or indirectly by persons or entities designated by the Sanctions Committee as responsible for or complicit in, or having engaged in, directly or indirectly, actions that threaten the peace, stability and security of Haiti, including but not limited to:

- (a) engaging in, directly or indirectly, or supporting criminal activities and violence involving armed groups and criminal networks that promote violence, including forcible recruitment of children by such groups and networks, kidnappings, trafficking in persons and the smuggling of migrants, and homicides and sexual and gender-based violence;
- (b) supporting illicit trafficking and diversion of arms and related materiel, or illicit financial flows related thereto;
- (c) acting for or on behalf of or at the direction of or otherwise supporting or financing a person or entity designated in connection with the activity described in points (a) and (b), including through the direct or indirect use of the proceeds from organised crime, including proceeds from illicit production and trafficking in drugs and their precursors originating in or transiting through Haiti, the trafficking in persons and the smuggling of migrants from Haiti, or the smuggling and trafficking of arms to or from Haiti;
- (d) acting in violation of the arms embargo, or as having directly or indirectly supplied, sold, or transferred to armed groups or criminal networks in Haiti, or as having been the recipient of, arms or any related materiel, or any technical advice, training or assistance, including financing and financial assistance, related to violent activities of armed groups or criminal networks in Haiti;
- (e) planning, directing, or committing acts that violate international human rights law or acts that constitute human rights abuses, including those involving extrajudicial killing, including of women and children, and the commission of acts of violence, abduction, enforced disappearances or kidnappings for ransom in Haiti;
- (f) planning, directing or committing acts involving sexual and gender-based violence, including rape and sexual slavery, in Haiti;
- (g) obstructing delivery of humanitarian assistance to Haiti or access to, or distribution of, humanitarian assistance in Haiti;
- (h) attacking personnel or premises of United Nations missions and operations in Haiti, or providing support for such attacks;

or by persons or entities acting on their behalf or at their direction, or entities owned or controlled by them, shall be frozen.

The designated persons or entities referred to in this paragraph are listed in the Annex.

2. No funds or economic resources shall be made available directly or indirectly, to or for the benefit of the persons or entities listed in the Annex.

3. The measures referred to in paragraphs 1 and 2 shall not apply to funds and economic resources which the relevant Member State has determined to be:

- (a) necessary for basic expenses, including payment for foodstuffs, rent or mortgage, medicines and medical treatment, taxes, insurance premiums and public utility charges;
- (b) intended exclusively for payment of reasonable professional fees and reimbursement of incurred expenses associated with the provision of legal services or fees or service charges, in accordance with national laws;
- (c) intended exclusively for the payment of fees or service charges for routine holding or maintenance of frozen funds, other financial assets and economic resources;

after notification by the relevant Member State to the Sanctions Committee of the intention to authorise, where appropriate, access to such funds, other financial assets or economic resources and in the absence of a negative decision by the Sanctions Committee within five working days of such notification.

4. The measures referred to in paragraphs 1 and 2 shall not apply to funds or economic resources which the relevant Member State has determined to be:

- (a) necessary for extraordinary expenses, provided that such determination has been notified by the Member States to the Sanctions Committee and has been approved by the Sanctions Committee;
- (b) the subject of a judicial, administrative or arbitral lien or judgment, in which case the funds, other financial assets and economic resources may be used to satisfy that lien or judgment provided that the lien was established or the judgment was rendered prior to the date on which the person or entity was included in the Annex, is not for the benefit of a person or entity designated by the Sanctions Committee and has been notified by the Member States to the Sanctions Committee.

5. Paragraph 1 shall not prevent a designated person or entity from making payment due under a contract entered into prior to the listing of such a person or entity, provided that the relevant Member State has determined that the payment is not directly or indirectly received by a person or entity referred to in paragraph 1, and after notification by the relevant Member State to the Sanctions Committee of the intention to make or receive such payments or to authorise, where appropriate, the unfreezing of funds, other financial assets or economic resources for this purpose, 10 working days prior to such authorisation.

6. Paragraph 2 shall not apply to the addition to frozen accounts of:

- (a) interest or other earnings on those accounts; or
- (b) payments due under contracts, agreements or obligations that arose prior to the date on which those accounts became subject to the measures provided for in paragraphs 1 and 2;

provided that any such interest, other earnings and payments are frozen and continue to be subject to the measures provided for in paragraph 1.

7. Without prejudice to humanitarian assistance programmes conducted elsewhere, the measures provided for in paragraphs 1 and 2 shall not apply to the payment of funds, other financial assets or economic resources necessary to ensure the timely delivery of urgently needed humanitarian assistance or to support other activities that support basic human needs in Haiti, by the United Nations, its specialised agencies or programmes, humanitarian organisations having observer status with the United Nations General Assembly that provide humanitarian assistance, and their implementing partners including bilaterally or multilaterally funded non-governmental organisations participating in the United Nations Humanitarian Response Plan for Haiti.

Article 4

The Council, acting by unanimity, shall amend the list in the Annex in accordance with determinations made by the United Nations Security Council (the 'Security Council') or by the Sanctions Committee.

Article 5

1. Where the Security Council or the Sanctions Committee designates a person or entity, the Council shall include that person or entity in the Annex. The Council shall communicate its decision, including the grounds for listing, to the person or entity concerned, either directly, if the address is known, or through the publication of a notice, providing that person or entity with an opportunity to present observations.
2. Where observations are submitted or where substantial new evidence is presented, the Council shall review its decision and inform the person or entity concerned accordingly.

Article 6

1. The Annex shall include the grounds for listing the persons and entities as provided by the Security Council or the Sanctions Committee.
2. The Annex shall also include, where available, information provided by the Security Council or by the Sanctions Committee necessary to identify the persons or entities concerned. With regard to persons, such information may include names, including aliases, date and place of birth, nationality, passport and identity card numbers, gender, address if known, and function or profession. With regard to entities, such information may include names, place and date of registration, registration number and place of business.

Article 7

1. The Council and the High Representative of the Union for Foreign Affairs and Security Policy (the 'High Representative') shall process personal data in order to carry out their tasks under this Decision, in particular:
 - (a) as regards the Council, for preparing and making amendments to the Annex;
 - (b) as regards the High Representative, for preparing amendments to the Annex.
2. The Council and the High Representative may process, where applicable, relevant data relating to criminal offences committed by listed natural persons, and to criminal convictions or security measures concerning such persons, only to the extent that such processing is necessary for the preparation of the Annex.
3. For the purposes of this Decision, the Council and the High Representative are designated as 'controller' within the meaning of Article 3, point (8), of Regulation (EU) 2018/1725 of the European Parliament and of the Council ⁽¹⁾, in order to ensure that the natural persons concerned can exercise their rights under that Regulation.

Article 8

This Decision shall be amended or repealed as appropriate, in accordance with determinations made by the Security Council.

Article 9

This Decision shall enter into force on the day of its publication in the *Official Journal of the European Union*.

⁽¹⁾ Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) No 45/2001 and Decision No 1247/2002/EC (OJ L 295, 21.11.2018, p. 39).

Done at Brussels, 25 November 2022.

For the Council
The President
J. SÍKELA

ANNEX

List of persons referred to in Article 1(1), Article 2(1) and Article 3(1), and of entities referred to in Articles 1(1) and 3(1)

PERSONS

1. **Jimmy Cherizier** (alias 'Barbeque') has engaged in acts that threaten the peace, security, and stability of Haiti and has planned, directed or committed acts that constitute serious human rights abuses.

Designation: 21 October 2022

Additional information from the narrative summary of reasons for listing provided by the Sanctions Committee:

Jimmy Cherizier is one of Haiti's most influential gang leaders and leads an alliance of Haitian gangs known as the 'G9 Family and Allies.'

While serving as an officer in the Haitian National Police (HNP), Cherizier planned and participated in the November 2018 deadly attack against civilians in a Port-au-Prince neighbourhood known as La Saline. During this attack, at least 71 people were killed, over 400 houses were destroyed and at least seven women were raped by armed gangs. Throughout 2018 and 2019, Cherizier led armed groups in coordinated, brutal attacks in Port-au-Prince neighbourhoods. In May 2020, Cherizier led armed gangs in a five-day attack in multiple Port-au-Prince neighbourhoods in which civilians were killed and houses were set on fire. As of 11 October 2022, Cherizier and his G9 gang confederation are actively blocking the free movement of fuel from the Varreux fuel terminal – the largest in Haiti. His actions have directly contributed to the economic paralysis and humanitarian crisis in Haiti.

COUNCIL DECISION (CFSP) 2022/2320**of 25 November 2022****on Union support for the implementation of a project 'Unlocking Innovation: Enabling Technologies and International Security'**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Articles 28(1) and 31(1) thereof,

Having regard to the proposal from the High Representative of the Union for Foreign Affairs and Security Policy,

Whereas:

- (1) The 2016 'Global Strategy for the European Union's Foreign and Security Policy' emphasises that the Union will step up its contribution to collective security.
- (2) The Union's 2018 Strategy against illicit firearms, small Arms and light weapons (SALW) and their ammunition, entitled 'Securing Arms, Protecting Citizens', noted that the Union will make use of relevant instruments to support research and development in the field of reliable and cost-effective technology to secure SALW and their ammunition and mitigate the risks of diversion. Furthermore, the Council, in its conclusions on the adoption of that Strategy, noted the evolved security context, including the threat of terrorism within the Union and developments in SALW design and technology affecting the capacity of governments to address that threat.
- (3) The Commission's 2018 Communication entitled 'Artificial Intelligence for Europe' notes that the guiding principle of all support for research related to artificial intelligence (AI) will be the development of 'responsible AI'. It further notes that, AI being easily tradeable across borders, only global solutions will be sustainable in that domain, and that the Union will promote the use of AI, and technologies in general, to help solve global challenges, support the implementation of the Paris Agreement and achieve the United Nations (UN) Sustainable Development Goals.
- (4) The UN Secretary-General noted in the 2021 report 'Current developments in science and technology and their potential impact on international security and disarmament efforts' the growing concerns that developments in science and technology of relevance to security and disarmament are outpacing the normative and governance frameworks to understand and manage the risks.
- (5) The Union wishes to contribute to collective security and the potential to benefit from the opportunities new technologies present, as well as to address the challenges they present, in particular for the multilateral disarmament and arms control system.
- (6) The Union should support the implementation of a project, 'Unlocking Innovation: Enabling Technologies and International Security',

HAS ADOPTED THIS DECISION:

Article 1

1. With a view to the implementation of the 'Global Strategy for the European Union's Foreign and Security Policy', and taking into account the Union's Strategy against illicit firearms, small arms and light weapons and their ammunition entitled 'Securing Arms, Protecting Citizens' as well as the Commission's Communication entitled 'Artificial Intelligence for Europe', the Union shall support the implementation of a project 'Unlocking Innovation: Enabling Technologies and International Security'.

2. The project activities to be supported by the Union shall have the specific objective to support the work that the United Nations Institute for Disarmament Research (UNIDIR) conducts within its Security and Technology Programme (SECTEC) with a view to enhancing knowledge and understanding of new and emerging technologies with relevance for international security.
3. The project activities shall, in particular:
 - (a) monitor, identify and improve understanding of new and emerging technologies, as well as novel applications of more established technologies, in order to provide policy- and decision-makers with accessible knowledge on the technology areas under examination, based on technically and scientifically sound evidence;
 - (b) seek to improve understanding as to how new enabling technologies could be used, and what effect they could achieve, in security contexts. Work conducted under this pillar shall focus also on the increasing convergence of different technologies and their cross-domain applications, and in particular on how advancements in enabling technologies will shape the future of conflict and of the battlefield;
 - (c) explore if novel enabling technologies pose new governance challenges and, if so, how the traditional arms control tool-box can be modernised to address such challenges. In addition, the project will also explore the complementarity of traditional arms control measures with broader technology governance measures that may contribute to achieving the same goals of security, stability, safety, risk reduction and non-proliferation.
4. A detailed description of the project is set out in the Annex.

Article 2

1. The High Representative of the Union for Foreign Affairs and Security Policy (the 'High Representative') shall be responsible for implementing this Decision.
2. The technical implementation of the project referred to in Article 1 shall be carried out by UNIDIR.
3. UNIDIR shall perform its task under the responsibility of the High Representative. For that purpose, the High Representative shall enter into the necessary arrangements with UNIDIR.

Article 3

1. The financial reference amount for the implementation of the project financed by the Union referred to in Article 1 shall be EUR 1 234 011.
2. The expenditure financed by the reference amount set out in paragraph 1 shall be managed in accordance with the procedures and rules applicable to the Union's budget.
3. The Commission shall supervise the proper management of the expenditure financed by the reference amount set out in paragraph 1. For that purpose, it shall conclude a contribution agreement with UNIDIR. That contribution agreement shall stipulate that UNIDIR is to ensure the visibility of the Union's contribution, appropriate to its size.
4. The Commission shall endeavour to conclude the contribution agreement referred to in paragraph 3 as soon as possible after the entry into force of this Decision. It shall inform the Council of any difficulties in that process and of the date of the conclusion of that agreement.

Article 4

1. The High Representative shall report to the Council on the implementation of this Decision on the basis of quarterly reports by UNIDIR. Those reports shall form the basis for the evaluation carried out by the Council.

2. The Commission shall provide information on the financial aspects of the implementation of the project referred to in Article 1.

Article 5

This Decision shall enter into force on the date of its adoption.

It shall expire 24 months after the conclusion of the contribution agreement referred to in Article 3(3). However, this Decision shall expire six months after the date of its entry into force if no such agreement has been concluded within that period.

Done at Brussels, 25 November 2022.

For the Council

The President

J. SÍKELA

ANNEX

PROJECT DOCUMENT

'Unlocking innovation: Enabling Technologies and International Security'

Introduction

Advancements in science and technology are key enablers of economic and social development and prosperity. However, as indicated by the UN Secretary-General in the 2021 report on '*Current developments in science and technology and their potential impact on international security and disarmament efforts*' there are growing concerns that 'developments in science and technology of relevance to security and disarmament are outpacing the capacity of normative and governance frameworks to understand and manage the risks'.

The United Nations Institute for Disarmament Research (UNIDIR) is an autonomous institution within the United Nations that conducts independent research on disarmament and related problems, particularly international security issues. Historically, UNIDIR has played a leading role in supporting efforts to understand and respond to the security implications of rapid and transformative technological advances. Today, this work is led by a dedicated, multi-year Security and Technology programme (SECTEC) which is a key knowledge provider for, and bridge-builder between, the international diplomatic community, private sector and civil society (over 13 000 publication downloads and over 6 500 event participants in the last two years alone). The work of SECTEC also achieved important policy impact including specific mentions in two consensus reports on international cyber security adopted by the UN General Assembly.

The proposed 2-year project entitled 'Unlocking innovation: Enabling Technologies and International Security' will focus on selected key enabling technologies and their potential impact on international security. The work under this project will be organised in three workstreams as described in detail the following section.

The project will be fully integrated in the wider SECTEC programme of work, leveraging knowledge assets and networks already established as part of the wider programme and contributing to the achievement of its overall objectives which are closely aligned with the core mandate of the Institute:

- **Shape policy and decision-making.** Technological innovation adds new layers of uncertainty to the global security environment and challenges traditional understandings of conflict as well as arms control concepts, and responses. The multilateral disarmament machinery, as well as regional and national mechanisms, will need to adapt their tools and processes to develop effective policy responses to new technologies. SECTEC's work will seek to contribute and inform the design of such policy responses through the production of knowledge, the provision of advice and the generation of ideas.
- **Reduce the knowledge gap on technological aspects of international security.** Many challenges and opportunities of new technologies are rooted in their technical characteristics, making it difficult to implement policy or regulatory action without adequate understanding of the technology in question, including risks and opportunities. This is further exacerbated by the inherent dual- (or all-) use nature of many of such innovations, which require a broader understanding of the possible cross-domain effects and dependencies of any policy or regulatory action.
- **Bridge communities.** At a time of increasing global instability and distrust, with an expansion of actors, an increased distribution of knowledge and expertise, and more limited options for traditional forms of regulation, there is an urgent need for different communities to come together and share insights to inform respective agendas. This applies to communities operating in different sectors (e.g. governments, industry, civil society), as well as to communities within the multilateral machinery that traditionally operate in different silos (e.g. international security, development, digital cooperation, crime). SECTEC will leverage UNIDIR's unique position to work across traditional silos in an effort to connect increasingly interdependent discourses, bridge communities and consolidate knowledge.

PROJECT

Responding to challenges and leveraging the opportunities presented by technological advancements in the context of peace and security is a complex task. In general terms, it requires being able to understand what the technology is, how it could be used and to what effect, and what governance tools are available to steer or control its development and use. The proposed project 'Unlocking innovation: Enabling Technologies and International Security' aims to explore the development, application and governance of selected key enabling technologies and their relevance for international peace and security through the three workstreams described below.

For the purpose of this project, enabling technologies are defined as those that enable or drive innovation, capability development and greater impact across other application areas within the scope of UNIDIR's SECTEC work, namely Cyber, AI & Autonomy and System Integration. This is consistent with the EU policy on key enabling technologies which recognises the fundamental role played by these cross-cutting technologies as drivers of innovation across sectors and applications.

This project will focus on the opportunities and challenges related to four enabling technologies that are considered as of particular relevance from a security perspective: advanced materials (e.g. semiconductors, micro- and nano-technologies), parts and components (e.g. microchips, sensors), infrastructure (e.g. next-gen connectivity infrastructure – 5G and 6G, internet of things, cloud, sovereign internet) and processing and computing (e.g. cloud, edge and quantum computing).

1. Workstream 1: Monitoring trends and increasing awareness of Science and Technology developments

1.1. Purpose

The purpose of this workstream is to identify and understand new and emerging technologies, as well as novel applications of more established ones. Work under this workstream will be primarily dedicated to providing policy and decision-makers with accessible knowledge on the technology areas under examination, built on technically and scientifically sound evidence.

1.2. Expected results:

- (a) Enhanced preparedness of policy and decision makers with respect to challenges and opportunities posed by new and emerging technologies.
- (b) Improved understanding of the links and convergences among different technologies.
- (c) Increased awareness of potential risks and benefits of new technologies and provision of early-warning capabilities for states with limited capacity to conduct horizon scanning.

1.3. Workstream description

This workstream will encompass two main activities. First, it will enable the set-up of a continuous technology horizon scanning function to ensure that the most relevant science and technology advancements are detected, screened and analysed at early stages of development or application. This activity will result in two annual compendiums of the most relevant trends in technological innovation as they pertain to international peace and security. The findings of this activity will be complementary to, and not duplicative of, the work conducted in official multilateral processes such as the CCW and its *Group of Governmental Experts on emerging technologies in the area of lethal autonomous weapons systems*, the *Open-ended Working Group on security of and in the use of information and communications technologies*, and will be used to contribute to the wider set of relevant multilateral activities such as the annual UN SG report on the role of science and technology in the context of international peace and security, the Common Agenda, including the new agenda for peace, and the 2023 Summit for the Future.

The second activity under this workstream will include the organisation of eight technology breakfasts designed to offer the opportunity, on a quarterly basis, to the diplomatic community in Geneva and New York to learn and discuss, in an informal setting and through a direct engagement with experts, specific enabling technologies relevant to international peace and security. Each event will be held twice: the first time in-person in Geneva and the second time virtually for the New York community.

2. Workstream 2: Understanding the impact of Science and Technology on international peace and security

2.1. Purpose

The purpose of this workstream is to understand how new enabling technologies could be used, and what effect they could achieve, in security contexts. Work conducted under this pillar will focus also on the increasing convergence of different technologies and their cross-domain applications. In particular, this workstream will highlight how advancements in enabling technologies will shape the future of conflict and of the battlefield.

2.2. Expected results:

- (a) Increased understanding by the policy making community of the impact on peace and security of new and emerging enabling technologies.
- (b) Increased ability to establish links and connections between application areas of different technologies, resulting in better informed policy discussions across domains and processes.
- (c) Increased ability to identify avenues for policy interventions aimed at reducing the risks posed by new technologies without hindering progress and innovation.

2.3. Workstream description

This workstream will include the conduct of **four research studies**, one for each of the sub-categories of enabling technologies under consideration. Each research study will aim at providing both an introduction to the technology itself and an analysis of the positive and negative impacts that such technology could have on international peace and security. The research methodology used to conduct such impact assessments will consider not only military capabilities but, where relevant and applicable, political, economic, social, technological, legal and environmental factors (PESTLE analysis). These research studies will result in written reports with executive summaries made available in all UN official languages to support greater reach and accessibility (translation of full reports will be conducted based on time and resource availability).

In addition, in recognition of the complex political, military, legal and technical ecosystem in which such technologies are developed and deployed, this workstream will organise four multi-stakeholder dialogues to complement the research activities and foster exchange of views and transfer of knowledge among different communities of stakeholders. The format of these convenings will be hybrid and timed to be accessible to audiences from all across the world.

3. Workstream 3: Modernising arms control and designing 21st century governance responses

3.1. Purpose

The purpose of this workstream is to explore if novel enabling technologies pose new governance challenges and, if so, how the traditional arms control tool-box can be modernised to address them. In addition, this workstream will also explore the complementarity of traditional arms control measures with broader technology governance measures that may contribute to achieving the same goals of security, stability, safety, risk reduction, and non-proliferation.

3.2. Expected results

- (a) Improved understanding of the possible strengths and limitations of the current arms control toolbox to deal with new and emerging technologies.
- (b) Improved understanding of the wider set of technology governance tools (e.g. industry standards, self-regulation mechanisms) and how such tools can be leveraged by the international security community to pursue a more peaceful, stable and secure world.
- (c) Cross-fertilisation of knowledge across sectors through informal exchange, open to all UN Member States, industry and civil society at large.

3.3. Workstream description

This workstream will build on the findings of Workstream 2 to further expand the analysis of the selected enabling technologies through four additional research studies focusing on the specific governance challenges and potential policy responses. Similarly, to Workstream 2, each research study will be complemented by a dedicated multi-stakeholder dialogue held in hybrid format with the purpose of extracting lessons identified across sectors that can be used to improve international security policy responses.

In addition, this workstream will include the conceptualisation and early design of an interactive infographic that enables the identification and mapping of relevant arms control and wider technology governance tools and instruments at regional and international level for selected enabling technologies. This activity will serve to test both the methodology to identify and prioritise applicable and relevant tools as well as different options for data visualisation. The infographic will be uploaded on a specific webpage on UNIDIR's webpage.

COUNCIL DECISION (CFSP) 2022/2321**of 25 November 2022**

in support of the South-Eastern and Eastern Europe Clearinghouse for the Control of Small Arms and Light Weapons (SEESAC) for the implementation of the Regional Roadmap on combating illicit arms trafficking in the Western Balkans and in support of disarmament and arms control activities in South-East and East Europe

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Articles 28(1) and 31(1) thereof,

Having regard to the proposal from the High Representative of the Union for Foreign Affairs and Security Policy,

Whereas:

- (1) The 2018 EU Strategy against illicit firearms, small arms and light weapons (SALW) and their ammunition entitled 'Securing Arms, Protecting Citizens' (the 'EU SALW Strategy') states that the Union gives particular prominence to regional cooperation as an efficient means of small arms control. The EU SALW Strategy mentioned the Western Balkans as a priority region for support.
- (2) On 17 May 2018, at the EU-Western Balkans Summit in Sofia, the leaders of the Union agreed on the Sofia Declaration, to which the Western Balkans partners aligned themselves, and which includes the commitment to enhance significantly operational cooperation in the fight against international organised crime in priority areas such as firearms, drugs, migrant smuggling and trafficking in human beings.
- (3) The Western Balkans region remains one of the sources of illicit arms trafficking into the Union.
- (4) On 10 July 2018, the United Kingdom of Great Britain and Northern Ireland hosted the 5th Western Balkans Summit in London, which adopted the 'Regional Roadmap for a sustainable solution to the illegal possession, misuse and trafficking of SALW/firearms and their ammunition in the Western Balkans by 2024' ('the Roadmap'), which was prepared by the SALW commissions of the Western Balkans in the framework of the Franco-German donor coordination initiative on illicit firearms trafficking in the Western Balkans. Those commissions are preparing their action plans for the implementation of the Roadmap.
- (5) The United Nations (UN) 2030 Agenda for Sustainable Development, adopted on 25 September 2015, affirmed that sustainable development cannot be realised without peace and security and that illicit arms flows are amongst the factors which give rise to violence, insecurity and injustice.
- (6) At the 8th Biennial meeting of States parties (BMS8) on the implementation of the Programme of Action to Prevent, Combat and Eradicate the Illicit Trade in Small Arms and Light Weapons in All Its Aspects, held in July 2022 at the UN in New York, UN Member States undertook to strengthen partnerships and cooperation at all levels in preventing and combating the illicit trade in SALW, and to promote and strengthen border cooperation and regional and sub-regional coordination.
- (7) The goals of the Roadmap agreed by the Western Balkans partners are consistent with the efforts within the Union and the UN to combat illicit accumulation and trafficking of SALW and their ammunition. Therefore, the Union should support the Western Balkans in implementing the Roadmap.

- (8) The South Eastern and Eastern Europe Clearinghouse for the Control of Small Arms and Light Weapons (SEESAC) was established in Belgrade in 2002 and functions under the joint mandate of the UN Development Programme (UNDP) and the Regional Cooperation Council (RCC). SEESAC is the successor to the Stability Pact for South-Eastern Europe, assists national and regional stakeholders in controlling and reducing the spread and misuse of SALW and ammunition, and thus contributes to enhanced stability, security and development in South-Eastern and Eastern Europe. SEESAC places particular emphasis on the development of regional projects to address the reality of cross-border flows of weapons.
- (9) The Union previously supported SEESAC by means of Council Decision 2002/842/CFSP ⁽¹⁾, extended and amended by Council Decisions 2003/807/CFSP ⁽²⁾ and 2004/791/CFSP ⁽³⁾, as well as by means of Council Decision 2010/179/CFSP ⁽⁴⁾, Council Decision 2013/730/CFSP ⁽⁵⁾, extended by Council Decision (CFSP) 2015/2051 ⁽⁶⁾, Council Decision (CFSP) 2016/2356 ⁽⁷⁾ and Council Decision (CFSP) 2018/1788 ⁽⁸⁾, extended by Council Decision (CFSP) 2021/2161 ⁽⁹⁾.
- (10) The Union considers SEESAC to be the preferred implementing partner for the implementation of the Roadmap in the Western Balkans, because of its proven experience and established network, the proven quality of its work and its coordinating role in the preparation of the Roadmap.
- (11) The action resulting from this Decision should build upon the basis created by the achievements under the previous Council Decisions in support of SEESAC.
- (12) In addition, this Union action should provide support for countering illicit arms trafficking in the Republic of Moldova and in Ukraine, states which are dealing with similar SALW control challenges. It should do so through the transfer of knowledge and experience gained and best practices developed in the Western Balkans since 2001,

⁽¹⁾ Council Decision 2002/842/CFSP of 21 October 2002 concerning the implementation of Joint Action 2002/589/CFSP with a view to a European Union contribution to combating the destabilising accumulation and spread of small arms and light weapons in South East Europe (OJ L 289, 26.10.2002, p. 1).

⁽²⁾ Council Decision 2003/807/CFSP of 17 November 2003 extending and amending Decision 2002/842/CFSP concerning the implementation of Joint Action 2002/589/CFSP with a view to a European Union contribution to combating the destabilising accumulation and spread of small arms and light weapons in South East Europe (OJ L 302, 20.11.2003, p. 39).

⁽³⁾ Council Decision 2004/791/CFSP of 22 November 2004 extending and amending Decision 2002/842/CFSP implementing Joint Action 2002/589/CFSP with a view to a European Union's contribution to combating the destabilising accumulation and spread of small arms and light weapons in South East Europe (OJ L 348, 24.11.2004, p. 46).

⁽⁴⁾ Council Decision 2010/179/CFSP of 11 March 2010 in support of SEESAC arms control activities in the Western Balkans, in the framework of the EU Strategy to combat the illicit accumulation and trafficking of SALW and their ammunition (OJ L 80, 26.3.2010, p. 48).

⁽⁵⁾ Council Decision 2013/730/CFSP of 9 December 2013 in support of SEESAC disarmament and arms control activities in South East Europe in the framework of the EU Strategy to Combat the Illicit Accumulation and Trafficking of SALW and their Ammunition (OJ L 332, 11.12.2013, p. 19).

⁽⁶⁾ Council Decision (CFSP) 2015/2051 of 16 November 2015 amending Decision 2013/730/CFSP in support of SEESAC disarmament and arms control activities in South East Europe in the framework of the EU Strategy to Combat the Illicit Accumulation and Trafficking of SALW and their Ammunition (OJ L 300, 17.11.2015, p. 19).

⁽⁷⁾ Council Decision (CFSP) 2016/2356 of 19 December 2016 in support of SEESAC disarmament and arms control activities in South-East Europe in the framework of the EU Strategy to combat illicit accumulation and trafficking of SALW and their ammunition (OJ L 348, 21.12.2016, p. 60).

⁽⁸⁾ Council Decision (CFSP) 2018/1788 of 19 November 2018 in support of the South-Eastern and Eastern Europe Clearinghouse for the Control of Small Arms and Light Weapons (SEESAC) for the implementation of the Regional Roadmap on combating illicit arms trafficking in the Western Balkans (OJ L 293, 20.11.2018, p. 11).

⁽⁹⁾ Council Decision (CFSP) 2021/2161 of 6 December 2021 amending Decision (CFSP) 2018/1788 in support of the South-Eastern and Eastern Europe Clearinghouse for the Control of Small Arms and Light Weapons (SEESAC) for the implementation of the Regional Roadmap on combating illicit arms trafficking in the Western Balkans (OJ L 436, 7.12.2021, p. 46).

HAS ADOPTED THIS DECISION:

Article 1

1. The Union shall support Western Balkans partners with the implementation of the 'Regional Roadmap for a sustainable solution to the illegal possession, misuse and trafficking of SALW/firearms and their ammunition in the Western Balkans by 2024'. The goals set out in the Roadmap are:

- (a) by 2023, to ensure that arms control legislation is in place, fully harmonised with the EU regulatory framework and other related international obligations and standardised across the region;
- (b) by 2024, to ensure that arms control policies and practices in the Western Balkans are evidence based and intelligence led;
- (c) by 2024, to significantly reduce illicit flows of firearms, ammunition and explosives (FAE) into, within and beyond the Western Balkans;
- (d) by 2024, to significantly reduce the supply, demand and misuse of firearms through increased awareness, education, outreach and advocacy;
- (e) by 2024, to substantially decrease the estimated number of firearms in illicit possession in the Western Balkans;
- (f) to systematically decrease the surplus, and destroy seized small arms and light weapons and ammunition;
- (g) to significantly decrease the risk of proliferation and diversion of firearms, ammunition and explosives.

2. In addition to the goals referred to in paragraph 1, this Union action shall provide support for countering illicit arms trafficking in the Republic of Moldova and Ukraine.

3. In order to achieve the goals referred to in paragraphs 1 and 2, the Union shall, by means of this Decision:

- (a) support the coordination and monitoring of the implementation of the Roadmap for a sustainable solution to the illegal possession, misuse and trafficking of SALW/firearms and their ammunition in the Western Balkans;
- (b) support authorities in the Western Balkans in fully harmonising their arms-control legislation with the Union regulatory framework and other related international obligations; and
- (c) provide support for countering illicit arms trafficking in the Western Balkans, in the Republic of Moldova and in Ukraine through capacity assessments and technical assistance to the law-enforcement and border-police authorities.

4. The project's geographic scope is the Western Balkans, with direct project beneficiaries being Albania, Bosnia and Herzegovina, Kosovo *, Montenegro, Serbia and North Macedonia.

In addition, for the goals referred to in paragraph 2, the project shall provide support to the Republic of Moldova and to Ukraine.

5. A detailed description of the project is set out in the Annex to this Decision.

Article 2

1. The High Representative of the Union for Foreign Affairs and Security Policy ('HR') shall be responsible for implementing this Decision.

(*) This designation is without prejudice to positions on status, and is in line with UNSCR 1244/1999 and the ICJ Opinion on the Kosovo declaration of independence.

2. The technical implementation of the project referred to in Article 1 shall be carried out by SEESAC, where necessary in coordination with the Driver of the European multidisciplinary platform against criminal threats (EMPACT) Firearms.
3. SEESAC shall perform its tasks under the responsibility of the HR. For that purpose, the HR shall enter into the necessary arrangements with UNDP, which shall act on behalf of SEESAC.

Article 3

1. The financial reference amount for the implementation of the project financed by the Union referred to in Article 1 shall be EUR 4 006 955,58.
2. The expenditure financed by the reference amount set out in paragraph 1 shall be managed in accordance with the procedures and rules applicable to the Union budget.
3. The Commission shall supervise the proper management of the expenditure referred to in paragraph 2. For that purpose, it shall conclude the necessary agreement with UNDP, which shall act on behalf of SEESAC. The agreement shall stipulate that SEESAC has to ensure the visibility of the Union's contribution, appropriate to its size.
4. The Commission shall endeavour to conclude the agreement referred to in paragraph 3 as soon as possible after the entry into force of this Decision. It shall inform the Council of any difficulties in that process and of the date of conclusion of the agreement.

Article 4

1. The HR shall report to the Council on the implementation of this Decision on the basis of regular quarterly reports prepared by SEESAC. Those reports shall form the basis of the evaluation carried out by the Council.
2. The Commission shall report on the financial aspects of the project referred to in Article 1.

Article 5

1. This Decision shall enter into force on the date of its adoption.
2. This Decision shall expire 36 months after the date of conclusion of the agreement referred to in Article 3(3). However, it shall expire six months after the date of its entry into force if no agreement has been concluded within that six-month period.

Done at Brussels, 25 November 2022.

For the Council
The President
J. SÍKELA

ANNEX

PROJECT DOCUMENT

**UNION CONTRIBUTION TO THE SEESAC PROJECT ON SALW CONTROL ACTIVITIES IN IMPLEMENTING THE
ROADMAP FOR A SUSTAINABLE SOLUTION TO THE ILLEGAL POSSESSION, MISUSE AND TRAFFICKING OF
SALW/FIREARMS AND THEIR AMMUNITION IN THE WESTERN BALKANS AND DISARMAMENT AND ARMS CONTROL
ACTIVITIES IN SOUTH-EAST AND EAST EUROPE**

1. Introduction and objectives

The objective of this contribution is to continue supporting the efforts in combatting the illegal possession, misuse and trafficking of SALW/firearms and their ammunition in South-East and East Europe and addressing the new and emerging challenges. Despite the progress made and in the light of the war in Ukraine, the South-East and East Europe remains an area of concern and an important challenge in the EU Strategy to combat illicit accumulation and trafficking of SALW and their ammunition ('the EU SALW Strategy'). While significant progress has been made in recent years, the accumulation of small arms and light weapons ('SALW') and ammunition, inadequate storage conditions, illicit possession, and policy-making and implementation capacity gaps coupled with fragile political systems, and the changing security environment continue to limit the effectiveness of SALW control efforts. Therefore, in order to ensure continuous progress, secure the gains made and pave the way for a long-term sustainable solution that includes full harmonisation with the Union legislative and regulatory framework and compliance with international standards, the continuation of support to combat the threat posed by the spread and illicit trafficking of SALW in and from South-East and East Europe forms an essential part of the Union's efforts to achieve the goals of the EU SALW Strategy.

To address the remaining challenges in SALW control and reinforce the commitment of the Western Balkans in combating illicit trafficking and misuse of firearms, a Roadmap for a sustainable solution to the illegal possession, misuse and trafficking of SALW/firearms and their ammunition in the Western Balkans by 2024 ('the Roadmap') was adopted by the SALW commissions of the Western Balkans on 29 May 2018 in Tirana, following a consultation process with relevant institutions and international organisations. It was endorsed in the framework of the Western Balkans Summit in London on 9 July 2018. The Roadmap envisions the Western Balkans as a safer region and an exporter of security, where comprehensive and sustainable oversight and control mechanisms, fully harmonised with Union and other international standards, are in place to identify, prevent, prosecute and control the illegal possession, misuse and trafficking of firearms, ammunition and explosives. The Roadmap has been developed as a guiding document and, as such, envisages agreed levels of performance and outlines the commitment required at strategic, policy and operational level amongst the beneficiaries, building on the political commitment of the Western Balkans authorities to the UN and Union arms-control commitments and strategic documents.

The South-Eastern and Eastern Europe Clearinghouse for the Control of Small Arms and Light Weapons (SEESAC), as the executive arm of the Regional Implementation Plan on Combating the Proliferation of Small Arms and Light Weapons, supported the development of the Roadmap and will coordinate and support its implementation. This action will thus increase the assistance for SALW control provided by means of Council Decisions 2010/179/CFSP, 2013/730/CFSP, 2016/2356/CFSP, and 2018/1788/CFSP and in complementarity with 2019/2111/CFSP. It will advance further the processes and measures necessary for achieving sustainable SALW control in the Western Balkans.

This action will support the coordination and monitoring of the Roadmap implementation; enhance interregional knowledge exchange; and further strengthen capacities of law enforcement services in South-East and East Europe for countering illicit trafficking and possession of firearms. The overall objective of the project is thus to contribute to European and global peace and security by combatting the threat posed by the accumulation or and illicit trafficking in SALW and their ammunition in and from South-East and East Europe. At the same time, it will enhance regional stability by working within the framework of the Regional Cooperation Council (RCC) and in partnership with other relevant international partners and initiatives.

The project will directly contribute to the implementation of the EU Security Strategy, the EU SALW Strategy, the EU Action plan on firearms trafficking 2020-2025, the operational action plans of EMPACT Firearms, the Arms Trade Treaty, the UN Programme of Action to Prevent, Combat and Eradicate the Illicit Trade in SALW in All Its Aspects, the International Tracing Instrument, the UN Firearms Protocol and UN Security Council Resolution 1325 (2000), and will specifically enhance regional cooperation in combating the threat posed by the spread of SALW and their ammunition. The project results will also directly contribute the implementation of Sustainable Development Goal 16 on peaceful and just societies, in particular targets 16.1 (significantly reduce all forms of violence and death rate everywhere) and 16.4 (significantly reduce illicit arms flows). The action will be implemented as part of UNDP Regional Programme Document for Europe and the Commonwealth of Independent States (2022-2025).

2. Selection of implementing agency and coordination with other relevant funding initiatives

SEESAC is a joint initiative of the United Nations Development Programme (UNDP) and the RCC, and as such is the focal point for SALW-related activities in South-East Europe. As the executive arm of the South-East Europe Regional Implementation Plan on Combating the Proliferation of SALW, SEESAC has been working since 2002 with national and inter national stakeholders in South-East Europe on implementing a holistic approach to SALW control through the execution of a wide spectrum of activities including: the facilitation of strategic and operational regional cooperation, supporting policy development and capacity enhancement for institutions, awareness-raising and SALW collection campaigns, stockpile management, surplus reduction, and improved marking and tracing capabilities, detection and investigation capacities, as well as improved arms-exports control. In this way, SEESAC has acquired a unique capacity and experience implementing multi-stakeholder regional interventions against the shared political and economic background of the partners in the region, ensuring national and regional ownership and the long-term sustainability of its actions and establishing itself as the primary regional authority in the SALW control field.

SEESAC continues to maintain bilateral and multilateral channels of communication with all relevant actors and organizations. In that regard, SEESAC continues to serve as the Secretariat of the Regional Steering Group for SALW (RSG) ⁽¹⁾ and coordinates and monitors the implementation of the Western Balkans Roadmap in close cooperation with the EU, Germany and France. In this context, SEESAC also performs the Secretariat functions of the Western Balkans SALW Control Roadmap Multi Partner Trust Fund.

SEESAC regularly contributes to relevant regional fora. SEESAC continues to maintain a wide network of formal and informal partnerships with organizations and initiatives, such as the South East Europe Defence Ministerial process (SEDM), the Centre for Security Cooperation of the Regional Arms Control Verification and Implementation Assistance Centre (RACVIAC) and the OSCE and NATO. Regular coordination meetings as well as information and data exchange with other UN agencies such as UNODC and UNODA take place through, inter alia, the UN Coordinating Action on Small Arms (CASA). SEESAC is part of the SALW and mine action (MA) coordination meetings, an informal coordination mechanism on SALW control activities involving NATO, the Union and the Organization for Security and Cooperation in Europe (OSCE) and SEESAC.

SEESAC serves as a regional hub and focal point for a wide spectrum of issues related to security-sector reform, with a particular focus on SALW control and stockpile management. SEESAC maintains close contact and provides support to relevant Union institutions for a more effective outreach to South-East Europe counterparts, primarily to DG Home of the Commission, and Europol, as well as Union-led initiatives such as EMPACT Firearms and the European Firearm Experts (EFE) group.

Based in Belgrade, SEESAC currently operates throughout South-East Europe, with activities in Albania, Bosnia and Herzegovina (BiH), Kosovo, Montenegro, Serbia, North Macedonia, the Republic of Moldova, as well as limited support to Ukraine. In the past, SEESAC also operated in Bulgaria, Croatia and Romania. Regional ownership is ensured through the RCC as well as through the Regional Steering Group, where representatives of all partners in South-East Europe provide the strategic guidance, initiatives and requests for SEESAC activities.

⁽¹⁾ Steering Group for the implementation of the South-East Europe Regional Implementation Plan on Combating the Proliferation of SALW.

SEESAC has pioneered an approach based on tackling shared problems through regional initiatives, which has yielded impressive results in South-East Europe not only because of the crucial information-sharing and promotion of healthy regional competition which it sparks, but also because it helps achieve consistent and easily measurable results at national and regional level through a holistic implementation modality. The organisation of the annual RSG meetings and participation by SEESAC in all relevant processes and initiatives provides timely and candid information exchange, strong situational awareness and the foresight necessary to ensure that implementation is not prone to overlap and is in line with the current needs of the governments and the regions as well as with developing trends.

SEESAC grounds all of its activities in counterparts' expressed needs and the collected baseline data, and secures endorsement and political support from national stakeholders as a precondition for action. In addition, all efforts are framed in support of Union-led processes and achievement of Union standards and criteria. SEESAC implemented its previous Union-funded projects with a very high delivery rate of the envisaged activities, delivering sustainable project results by developing and fostering partners' ownership of its projects and activities, and promoting regional coordination, experience and the sharing of best practices, as well as regional research. Its SALW expertise and in-depth knowledge of regional affairs and relevant stakeholders make SEESAC the most suitable implementing partner for this particular action.

The project also complements existing national and regional efforts, seeking maximum synergies. SEESAC will work in combination with the following ongoing international assistance efforts implemented under the UN framework:

- The regional project “Support to the implementation of the Roadmap for a sustainable solution to the illegal possession, misuse and trafficking of Small Arms and Light Weapons (SALW) and their ammunition in the Western Balkans” was established by UNDP in May 2019, in order to support a coordinated approach in the implementation of the Roadmap. The project is funded by the German Federal Foreign Office through a \$6.2 million (EUR 5.5 million) earmarked contribution to the UNDP Funding Window Governance for Inclusive and Peaceful Societies for arms control activities, for the period 2019-2022. The project is coordinated by the UNDP Istanbul Regional Hub, through UNDP SEESAC, and is implemented together with the UNDP Offices in the Western Balkans. Out of eight (8) sub-projects approved for funding within the Funding Windows by the Project Board in July 2019, implemented by the UNDP Offices in Albania, Bosnia and Herzegovina, Kosovo, Montenegro, North Macedonia and Serbia, four projects continued through 2022 and currently there are two (2) active sub-projects implemented in Albania and Bosnia and Herzegovina.
- In Albania: As part of the regional project, UNDP Albania implements a sub-project “*Support Albania's Law Enforcement Authorities to Strengthen Firearms Criminality Evidence Management and Investigation Capacities*”, aimed at enhancing the capabilities of the Albanian Institute of Scientific Police (AISP) through the improvement of its procedural framework, supporting Albanian State Police CSI units with standard and modern tools for daily work, and enhancing the technological infrastructure of the Albanian Ballistic Sector within AISP. The activities also entail the establishment of necessary databases for evidence recovery, open case files, and inventory management systems.
- In BiH: the UNDP BiH implements a sub-project “*Countering Illicit Arms Trafficking (CIAT)*”, with the overall objective to enhance the capacity of the Border Police and 14 entity and cantonal Police Agencies throughout Bosnia and Herzegovina to combat illicit arms trafficking. The project entails the development of a database on the legal transport of weapons, improving the SALW Identification Tool, providing specialized border control equipment, and strengthening inter-institutional cooperation. Additionally, the sub-project aims to provide specialized training on the use of standard operating procedures (SOPs) and specialized detection equipment for police in Bosnia and Herzegovina.
- The Western Balkans SALW Control Roadmap Multi-Partner Trust Fund (MPTF) is a key funding mechanism supporting the implementation of the Roadmap. The Trust Fund was set up in March 2019 by UNDP and UNODC as Participating UN Organizations, together with the MPTF Office, to contribute to a donor coordinated funding approach in the implementation of the Roadmap and provide a comprehensive risk and results-based management system. The Trust Fund has benefitted from a strong cooperation with Germany and France, as the

initiators of the Roadmap, and were joined by the United Kingdom, Sweden, Norway, and the Netherlands. Due to the generosity and commitment of these donors, the Trust Fund mobilized contributions exceeding US\$22.2 million. UNDP SEESAC functions as the Secretariat of the Trust Fund and is responsible for the overall coordination and monitoring of the Trust Fund, providing technical, management, planning and programming support to it. By September 2022, the Trust Fund supported 11 projects implemented by the Participating UN Organizations, and three more projects are upcoming.

- In Albania, UNDP implements a project that aims to strengthen national institutions and systems and improve collaboration and coordination between relevant institutions and affected communities for an effective and efficient response to SALW/firearms threats. [Title: Strengthening control, administration and social attitudes towards SALW, in Albania]
- In BiH:
 - UNDP and UNODC Global Firearms Program jointly support the Indirect Taxation Authority (ITA)/BiH Customs to better detect and respond to the illicit trafficking of SALW. Apart from ITA, several other BiH institutions benefit from the project implementation including BiH Border Police, Ministry of Foreign Trade and Economic Relations (MOFTER), and three postal agencies. [Title: Halting Arms and Lawbreaking Trade (HALT) in Bosnia and Herzegovina]
 - UNDP Urgent Action on Ammunition Destruction EXPLODE+ is designed as a multifunctional project platform, that enables multilateral approach to intervention in the field of Ammunition Reduction and Life-Cycle Management in support to the efforts of the Ministry of Defense and Armed Forces of Bosnia and Herzegovina (MoD/AF BiH), including activities related to Unsafe/Surplus Ammunition Disposal, Capacity Development, and Infrastructure Upgrades of Ammunition and Weapon Storage Sites.
 - UNDP Project PILLAR [Prevention and Illicit Arms Reduction in Bosnia and Herzegovina] seeks to implement a comprehensive response to raise awareness amongst the population regarding the dangers of illegal possession of firearms and to educate how to recognize individual and collective threats to security. Furthermore, the project aims to contribute to behavioural change and comprehensive understanding of the threats posed by SALW within families, community and society in general.
- In Kosovo, UNDP implemented until June 2022 a project to support the Kosovo Police in strengthening their capacities to better detect and increasingly confiscate firearms, components and ammunition, and improve the quality of investigations. [Title: Support to Combating Illicit Arms Trafficking in Kosovo* for Criminal Police (CPIAT)]
- In Montenegro, UNDP project aims to improve the capacities of the Police Directorate of Montenegro in the entire investigative cycle and in particular to advance the custody chain. More specifically, the project will raise the expert competencies, professionalism, accuracy, and preciseness of the Forensic Centre, the Arson and Explosives Laboratory and the Chemical Laboratory by supporting the development of standard operating procedures, providing specialized equipment for the crime scene investigation units, and training.
- In Serbia:
 - UNDP implements a project to further improve the capacities of the Ministry of Interior of the Republic of Serbia in the entire investigative cycle as related to the trafficking of firearms and firearms criminality, from crime scene and ballistic examination, through the whole custody chain, thus improving investigations leading to regular convictions. The project complements the results of its previous phase implemented outside the MPTF framework. [Title: Advancing the Capacities of the Ministry of Interior in the SALW Control-Related Field (Phase II)]
 - UNDP initiated another project as of September 2022, whereby it builds upon a previous project and seeks to create a comprehensive approach to strengthening the healthcare system's role in the prevention of firearms misuse for domestic violence and of committing suicides. [Title: Reduce Risk - Increase Safety II]

- As part of the Kosovo-North Macedonia cross-border project, UNDP aims to improve the capacities of the authorities in both jurisdictions to create more violence-resilient communities through series of closely coordinated activities such as joint trainings and sharing of experience and intelligence, joint investigation teams (JIT), support to joint police patrols at the border, joint analysis and developing problem and risk profiles, information sharing and joint actions in combating converted weapons trafficking as well as promote an integrated institutional approach towards dealing with firearms-related threats. Project activities build upon and complement the ongoing SALW projects in Kosovo and North Macedonia to achieve synergies, develop best practices and allow for more coherent and result-oriented investigations. [Title: Cross-Border Integrated Institutional Approach Towards Combating IAT and SALW]
- At the regional level:
 - The UNODC's Global Firearms Programme (GFP) supports the Western Balkans authorities with the criminal justice response against arms trafficking and in the process of harmonizing respective criminal and criminal procedural legislation with the provisions of the UN Firearms Protocol. [Title: Criminal Justice Response Against Arms Trafficking]
 - The project implemented by UNODC's GFP in partnership with INTERPOL aims to provide support to the Western Balkans jurisdictions to collect and analyze criminal justice data and facilitate and strengthen the cooperation and information exchange between criminal justice practitioners, thus supporting detection of illicit firearms trafficking. [Title: Support for increased international cooperation in criminal matters]
 - regionally, the Regional Security Sector Reform Platform (RSSRP), a well-established resource that delivers quick, effective and demand-driven responses to rule-of-law needs at the technical level across the globe; with a quick deployment mechanism based on SEESAC's unique network of security experts with experience in the area of security-sector reform, RSSRP provides tailor-made assistance with a particular focus on SALW control and gender mainstreaming in security policy.

SEESAC regularly liaises with the OSCE, NATO, Europol, Interpol, Frontex, EMPACT, as well as with other relevant actors, in order to secure complementarities of action, timeliness of intervention and cost-effectiveness in the use of resources.

3. Project description

The new phase of the SEESAC project will build upon the basis of the achievements under Decision 2013/730/CFSP, Decision (CFSP) 2016/2356, Decision (CFSP) 2018/1788 and in complementarity with Decision (CFSP) 2019/2111 and the IPA/2021/425-067 Support for enhancing the fight against the illegal possession, misuse and trafficking of small arms and light weapons (SALW) in the Western Balkans project implemented by SEESAC.

It will focus on three main areas, maintaining the holistic approach to tackling the threat posed by SALW in the region. Those three areas address the strategic/policy level as well as the operational aspects, thus directly assisting at all levels of SALW control, with a focus on: coordinating the regional approach and monitoring of the implementation of the Roadmap; strengthening of knowledge exchange and information sharing across regions; and strengthening the capacities of law enforcement services in Moldova and Ukraine to counter illegal possession, misuse and trafficking; as well as those in the Western Balkans, primarily the ballistic laboratories, and customs in line with the integrated border management principle.

In particular, the project will result in:

- coordinated implementation and monitoring of the implementation of the Roadmap for a sustainable solution to the illegal possession, misuse and trafficking of SALW/firearms and their ammunition in the Western Balkans;
- strengthened interregional cooperation, knowledge exchange and information-sharing on arms control;

- strengthened capacities of law enforcement services of Moldova and Ukraine for preventing/ countering illicit trafficking and possession of firearms;
- strengthened capacities of law enforcement services, primarily ballistic labs and customs services of the Western Balkans for preventing/countering illicit trafficking and possession of firearms.

The project's strategy is grounded in SEESAC's unique approach of fostering confidence and cooperation in the region as a prerequisite for achieving concrete and measurable transformational change. In particular, at the regional level, different cooperation processes facilitated by SEESAC, involving both policymakers and operational- level practitioners, have proven to be an essential ingredient in ensuring an enabling and competitive environment for knowledge transfer, expertise exchange and information-sharing. This has served not only to increase the capacities in the region, but more importantly to build confidence and establish direct cooperation among institutions and individual experts, which, among other, enabled the development and implementation of the Roadmap. The project will continue to foster regional cooperation and local ownership as the essential enabling elements for measurable results.

The project's geographic scope is the Western Balkans, with direct project beneficiaries being Albania, BiH, Kosovo, Montenegro, Serbia and North Macedonia. In addition, the project will seek to further the support to Eastern European countries, including the Republic of Moldova and Ukraine, currently dealing with an exacerbated SALW control challenge, due to the ongoing war in Ukraine. This will be done through the transfer of knowledge and experiences gained and best practices developed in the Western Balkans since 2001.

3.1. Coordination of the implementation of the Roadmap for a sustainable solution to the illegal possession, misuse and trafficking of SALW/firearms and their ammunition in the Western Balkans

Objective

To ensure the effective coordination and monitoring of the implementation of the Roadmap.

Description

Building upon the Decision (CFSP) 2018/1788, this component will ensure the continuation of coordination and monitoring of the implementation of the Roadmap. The Western Balkans partners reconfirmed at the Western Balkans Summit in London on 9 July 2018 the common determination and reinforced commitment to put an end to illicit possession, misuse and trafficking of firearms through the endorsement of the Roadmap. The regional Roadmap, developed through a thorough consultative process and with SEESAC's support, contributes to the existing Union activities to counter that threat, specifically the EU SALW strategy, the EU Action plan on firearms trafficking 2020-2025 that has integrated the Western Balkans Roadmap; and EMPACT work in the region. The Roadmap is a testimony to the consensus reached among all stakeholders in the region about the current challenges, the overall targets to be reached and the timeline of actions to be taken. It provides an overall platform for the achievement of commonly agreed KPIs at strategic, policy and operational level.

During the first three years of implementation at least seven regional narrative and Key Performance Indicators reports have been published, providing a measurable and up to date account on the progress of implementation of the Roadmap. In addition, biannual local and regional coordination meetings held have ensured an exemplary coordinated approach of implementation of efforts and resources among authorities, donors and implementing partners. As such, the work under this component will continue to ensure: an effective coordination of the implementation of the Roadmap at regional level; tailor-made support for SALW commissions and relevant authorities in the implementation of their Roadmap action plans; periodic monitoring and evaluation of progress against the jointly agreed KPIs; as well as a better understanding of progress in the implementation of the Roadmap.

Specifically, the project envisages the coordination and monitoring of the implementation of the Roadmap through:

- provision of expert and technical support to Roadmap coordination including regional Roadmap coordination meetings focusing on taking stock of progress and information exchange;

- the provision of expert and technical support to local Roadmap coordination meetings monitoring the implementation of partners' action plans;
- the development of biannual monitoring and evaluation reports documenting progress, challenges and needs in the implementation of the Roadmap based on the commonly agreed KPIs;
- the final review of the implementation of the Roadmap (2024), including support required for revision of the Roadmap;
- Roadmap outreach and visibility activities (including the maintenance of an online platform, stakeholder engagement and awareness raising).

Project results/implementation indicators:

- Organization of up to six regional Roadmap coordination meetings;
- Enabling taking stock of progress, information exchange, knowledge transfer and standardisation;
- Organisation of local coordination meetings (up to 36 in total);
- Development of biannual regional monitoring reports (up to six);
- Final review of the Roadmap;
- Maintenance of an online platform to ensure proper outreach and visibility of the Roadmap.

3.2. Contribute to strengthened interregional cooperation, knowledge exchange and information-sharing on arms control

Objective

This component will facilitate the interregional information sharing, knowledge exchange, replication of good practices and lessons learnt through provision of technical advice, meetings, workshops and study visits.

Description

South-East Europe has been implementing a comprehensive regional approach to SALW control for the last two decades, covering all the functional areas of SALW control: from development of institutional, legal and policy frameworks grounded on comprehensive and innovative data collection efforts, strengthening the physical security and stockpile management of SALW and ammunition; strengthening the SALW marking, recordkeeping, and tracing including through enhanced detection and investigation capacities; to awareness raising activities and mainstreaming gender perspective in SALW control. As such, the region stood at the forefront of innovative solutions for SALW control that inspired action and were replicated in other parts of the world.

SEESAC's **Regional Micro-Disarmament Standards and Guidelines** that were developed in 2006 to standardize SALW control procedures, practices and norms at the operational level, influenced the development of the International Small Arms Control Standards which then later transferred into the Modular Small-arms-control Implementation Compendium (MOSAIC). Further, the **Roadmap for a sustainable solution to the illegal possession, misuse and trafficking of SALW/firearms and their ammunition in the Western Balkans** has been highlighted by numerous stakeholders as one of the most successful regional efforts for SALW Control globally. It has been described as a positive example by the UN Secretary General in his Report to the Security Council in 2021, as "regional efforts remain critical", calling for elaboration and further development of Roadmaps.

The Roadmap has been replicated in the Caribbean, along with its coordination and monitoring mechanism, and it has also been integrated in the EU Action plan on firearms trafficking 2020-2025. Furthermore, SEESAC's **Armed Violence Monitoring Platform**, an innovative online data platform providing in depth information as well as visualization of data on incidents with firearms across South-East Europe, is also being replicated by the EU.

South-East Europe has also been paving the way for the practical integration of **gender in SALW control**. SEESAC shared the lessons learnt in mainstreaming gender in SALW control and the implementation of the women, peace and security agenda, among other, in several regional and subregional workshops in Africa, Asia, the Caribbean, Latin America and the Pacific. ⁽²⁾

Progress made in operationalization of **Firearms Focal Points** in South-East Europe is regularly shared with FFP's from across the EU member states in joint meetings.

Most of these new practices were developed and operationalized as part of implementation of EU Council Decisions in support of SEESAC's disarmament and arms control efforts in South-East Europe throughout the last two decades. This component will facilitate further the information sharing, knowledge exchange, replication of good practices and lessons learnt among the regions

It will do so through:

- Provision of technical and advisory support
- Organization of meetings, workshops, study visits

Project results/implementation indicators:

- Technical and advisory support provided
- Meetings, workshops or study visits organized

3.3. Capacity development of law enforcement services of Moldova and Ukraine for countering illicit trafficking and possession of firearms

Objective

To reduce the threat of illicit trafficking of firearms by enhancing the capacities of law-enforcement institutions including border police through advisory support and technical assistance based on identified needs.

Description

This component builds on the successful approach of including the authorities of the Republic of Moldova and Ukraine in the regional cooperation processes facilitated by SEESAC in South-East Europe, and previous or ongoing targeted SALW control measures supported in the Republic of Moldova. These include measures for physical security and stockpile management, including destruction of SALW and security upgrades of storages of weapons and ammunition, and evidence rooms. Support has also been provided for marking, record keeping and tracing; a marking machine has been procured and training for its use organized, and support for the establishment of the weapons registry system has been provided. SEESAC also provided the initial technical and advisory support in setting up the Firearms Focal Point. Additionally, awareness raising activities were supported on the dangers of misuse and illicit possession of firearms. Support has also been provided for the establishment of the national SALW commission; data collection has been supported to enhance the understanding of SALW control gaps, leading to the publication of the SALW survey for Republic of Moldova, while an up-to-date insight in to firearms incidents is provided through the Armed Violence Monitoring Platform. The representatives of Moldovan and Ukrainian institutions have been regularly taking part in meetings of SALW commissions and relevant institutions in South-East and East Europe; the meetings of the South-East Europe Firearms Experts Network, and thus benefitted from the information sharing and regional knowledge exchange at the strategic and operational levels. They have also benefitted from capacity building activities, such as those on harmonization of legislation with the EU acquis, online investigations and combatting arms trafficking on the darknet.

This component builds directly on the implementation of Decision 2018/1788 and will further strengthen the capacities of institutions in the Republic of Moldova and Ukraine to combat trafficking of firearms, ammunition and explosives. Assistance will focus on development of Standard Operating Procedures needed for enhanced detection and investigation, provision of equipment and training. Assistance will be based on detailed needs assessment

⁽²⁾ SEESAC has been supporting UNODA's implementation of project *Supporting gender mainstreamed policies, programmes and actions in the fight against small arms trafficking and misuse, in line with the Women, Peace and Security agenda* implementing the European Council Decision (CFSP) 2018/2011 of 17 December 2018.

conducted based on methodology developed by SEESAC and already implemented in the Western Balkans, analyzing legal and policy frameworks, existing procedures and equipment, and institutional and administrative capacities. The needs assessment of criminal police service in Moldova is currently ongoing. ⁽³⁾ This project envisages support to Moldova in line with the findings of the needs assessment, as well as a needs assessment for Ukraine and support in line with assessment findings. ⁽⁴⁾

The proposed activities will complement and be closely coordinated with the ongoing Union-supported actions in South-East Europe, primarily the Organization for Security Cooperation in Europe, Europol, Frontex and Interpol and the operational action plans of EMPACT Firearms. Finally, the activities under this component will contribute to the implementation of the EU Strategy Against Illicit Firearms, Small Arms and Light Weapons and their Ammunition and the EU Action plan on firearms trafficking 2020-2025.

It will do so through:

- Needs assessment of capacities for combatting illicit arms trafficking in Ukraine
- Provision of advisory support, equipment and training for institutions in Moldova and Ukraine, in line with the findings of the needs assessments.

Project results/implementation indicators

- Needs assessment of law enforcement institutions in Ukraine in countering illicit arms trafficking conducted;
- Relevant Standard Operating procedures developed;
- Equipment for suppression of arms trafficking procured;
- Training organized.

3.4. Capacity development of law enforcement services including ballistic laboratories and customs services of the Western Balkans for countering illicit trafficking and possession of firearms

Objective

To reduce the threat of illicit trafficking of firearms by enhancing the capacities of ballistic laboratories and identifying needs of customs services in the context of integrated border management.

Description

In line with recommendations of needs assessments of Criminal Police services in the Western Balkans conducted under Decision (CFSP) 2018/1778 and limited support provided to ballistic laboratories in the context of establishment of Firearms Focal Points under Decisions (CFSP) 2016/2356 and 2018/1778, and complementing the assistance provided to selected ballistic laboratories through projects implemented by UNDP ⁽⁵⁾, targeted support will be provided for capacity development of ballistic laboratories. Ballistic laboratories have a crucial role in analyzing evidence related to illegal possession, misuse and trafficking of SALW. This component will contribute to standardization of practices across the region and provide grounds for a more efficient adjudication of criminal cases related to illegal possession, misuse and trafficking of SALW.

Based on deliberations under the South-East Europe Firearms Experts Network, where customs officials from across South-East Europe are regularly taking part together with investigators, ballistic experts, border police officials and prosecutors; their regular participation in Regional Border Meetings that SEESAC is organizing annually; results and recommendations of the Needs Assessments of capacities of Border Polices Services in the Western Balkans region and following the EU standards on Integrated Border Management (IBM) adopted in the IBM Strategies of Western Balkan jurisdictions, a need has emerged, followed also by the specific requests of several Western Balkans customs authorities, to involve them into activities related to border control as a key part of combating illicit trafficking of

⁽³⁾ These assessments have been implemented as part of implementation of the EU Council Decision 2018/1788.

⁽⁴⁾ The assessment of capacities for countering illicit arms trafficking for Ukraine planned under EU Council Decision 2018/1788 has not been implemented.

⁽⁵⁾ Projects funded by the Western Balkans Multi Partner Trust Fund.

firearms. Apart from participation in regional processes, the Customs Authorities in most of the jurisdictions have not been involved in any capacity development activities related to detection of firearms, essential components, ammunition and explosives in border crossing points, and it is crucial that Border Police and Customs authorities have a joint and coordinated response to all criminal activities related to illicit trafficking of firearms. This why a similar approach has been envisaged for the customs authorities based on the best practices earlier implemented and ongoing, for border and criminal police, through EU CDs 2018/1788 and 2019/2111.

It will do so through:

- Support to capacity development of ballistic laboratories
- Needs assessment of capacities of Customs Authorities to counter trafficking of firearms.

Project results/implementation indicators

- Equipment and training to ballistic laboratories provided
- Needs assessment conducted.

4. **Beneficiaries**

The direct beneficiaries of the project will be the institutions responsible for SALW control in the Western Balkans. The authorities for home affairs, police services, border guards and customs authorities of the Republic of Albania, BiH, Kosovo, Montenegro, Serbia, North Macedonia, the Republic of Moldova and Ukraine will benefit from either advisory support, the coordination and monitoring efforts, or capacity development, knowledge advancement, improved procedures and cost-effective specialized equipment necessary for policy, operational and technical advancements in SALW control. The proposed activities are fully in line with the Roadmap, as well as partners' priorities on SALW control.

The general population of Western Balkans, Eastern Europe and the Union, at risk from the widespread proliferation of SALW, will benefit from this project indirectly.

5. **Union visibility**

SEESAC shall take all appropriate measures to publicise the fact that the action has been funded by the Union. Such measures will be carried out in accordance with the Commission's Communication and Visibility Manual for European Union External Actions. SEESAC will thus ensure the visibility of the Union's contribution with appropriate branding and publicity, highlighting the role of the Union, ensuring the transparency of its actions and raising awareness of the reasons for the Decision as well as Union support for the Decision and the results of this support. Material produced by the project will prominently display the European Union flag in accordance with Union guidelines for the accurate use and reproduction of the flag.

Given that planned activities vary greatly in scope and character, a range of promotional tools will be used, including: traditional media; websites; social media; and informational and promotional materials including infographics, leaflets, newsletters, press releases and others, as appropriate. Publications, public events, campaigns, equipment and construction works procured under the project will be branded accordingly. To further amplify the impact by raising awareness among various national governments and the public, the international community and local and international media, each of the project target groups will be addressed using the appropriate language. Particular focus will be placed on new media and online presence.

6. **Duration**

Based on the experience of implementing Decisions 2002/842/CFSP, 2010/179/CFSP, 2013/730/CFSP, 2016/2356/CFSP, 2018/1788/CFSP and taking into consideration the regional scope of the project, the number of beneficiaries and the number and the complexity of planned activities, the timeframe for implementation is 36 months.

7. General set-up

The technical implementation of this action has been entrusted to UNDP, acting on behalf of SEESAC, the regional initiative working under the mandate of UNDP and the RCC. As the executive arm of the Regional Implementation Plan on Combating the Proliferation of SALW, SEESAC acts as focal point for all SALW-related issues in the South-East Europe region, including facilitating coordination of the implementation of the regional Roadmap.

UNDP, acting on behalf of SEESAC, will have the overall responsibility for the implementation of project activities and accountability for project implementation. The project duration is three years (36 months).

8. Partners

SEESAC will directly implement the action in close cooperation with SALW commissions as well as with the authorities for home affairs of Albania, BiH, Kosovo, Montenegro, Serbia, North Macedonia and the Republic of Moldova, and relevant institutions in Ukraine. Other institutions will be closely involved in line with the established multi-stakeholder holistic approach to SALW control.

9. Reporting

Reporting, narrative as well as financial, shall cover the whole of the action described in the relevant contribution-specific agreement and its attached budget, regardless of whether this action is wholly financed or co-financed by the Commission.

On a quarterly basis, narrative progress reports shall be submitted to record and monitor progress towards the completion of key results.

COMMISSION IMPLEMENTING DECISION (EU) 2022/2322**of 21 November 2022****amending the Annex to Implementing Decision (EU) 2021/641 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States***(notified under document C(2022) 8542)***(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2016/429 of the European Parliament and of the Council of 9 March 2016 on transmissible animal diseases and amending and repealing certain acts in the area of animal health ('Animal Health Law') ⁽¹⁾, and in particular Article 259(1), point (c), thereof,

Whereas:

- (1) Highly pathogenic avian influenza (HPAI) is an infectious viral disease in birds and may have a severe impact on the profitability of poultry farming causing disturbance to trade within the Union and exports to third countries. HPAI viruses can infect migratory birds, which can then spread these viruses over long distances during their autumn and spring migrations. Therefore, the presence of HPAI viruses in wild birds poses a continuous threat for the direct and indirect introduction of these viruses into establishments where poultry or captive birds are kept. In the event of an outbreak of HPAI, there is a risk that the disease agent may spread to other establishments where poultry or captive birds are kept.
- (2) Regulation (EU) 2016/429 establishes a new legislative framework for the prevention and control of diseases that are transmissible to animals or humans. HPAI falls within the definition of a listed disease in that Regulation, and it is subject to the disease prevention and control rules laid down therein. In addition, Commission Delegated Regulation (EU) 2020/687 ⁽²⁾ supplements Regulation (EU) 2016/429 as regards the rules for the prevention and control of certain listed diseases, including disease control measures for HPAI.
- (3) Commission Implementing Decision (EU) 2021/641 ⁽³⁾ was adopted within the framework of Regulation (EU) 2016/429 and it lays down emergency measures at Union level in relation to outbreaks of HPAI.
- (4) More particularly, Implementing Decision (EU) 2021/641 provides that the protection, surveillance and further restricted zones established by the Member States following outbreaks of HPAI, in accordance with Delegated Regulation (EU) 2020/687, are to comprise at least the areas listed as protection, surveillance and further restricted zones in the Annex to that Implementing Decision.

⁽¹⁾ OJ L 84, 31.3.2016, p. 1.

⁽²⁾ Commission Delegated Regulation (EU) 2020/687 of 17 December 2019 supplementing Regulation (EU) 2016/429 of the European Parliament and the Council, as regards rules for the prevention and control of certain listed diseases (OJ L 174, 3.6.2020, p. 64).

⁽³⁾ Commission Implementing Decision (EU) 2021/641 of 16 April 2021 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States (OJ L 134, 20.4.2021, p. 166).

- (5) The Annex to Implementing Decision (EU) 2021/641 was recently amended by Commission Implementing Decision C(2022) 8308 (*) following outbreaks of HPAI in poultry or captive birds in Austria, Belgium, Denmark, Germany, France, Hungary, Italy and the Netherlands that needed to be reflected in that Annex.
- (6) Since the date of adoption of Implementing Decision C(2022) 8308, Belgium, Germany, France, Hungary, Italy and the Netherlands have notified the Commission of further outbreaks of HPAI in establishments where poultry or captive birds were kept, located in the Antwerp Province in Belgium, in the Bayern, Hessen, Lower Saxony and North Rhine-Westphalia Lander in Germany, in the Côtes-d'Armor, Deux-Sèvres, Eure, Finistère, Ile-et-Vilaine, Loiret, Mayenne, Morbihan, Nord, Pas-de-Calais and Vendée Departments in France, in the Bács-Kiskun and Csongrád-Csanád Counties in Hungary, in the Emilia-Romagna, Lombardy and Veneto Regions in Italy, and in the Noord-Brabant and Utrecht Provinces in the Netherlands.
- (7) In addition, Ireland has notified the Commission of an outbreak of HPAI in an establishment where poultry were kept, located in the Monaghan County of that Member State.
- (8) Moreover, Croatia has notified the Commission of an outbreak of HPAI in an establishment where poultry or captive birds were kept, located in the Zagreb County of that Member State.
- (9) The competent authorities of Belgium, Germany, Ireland, France, Croatia, Italy, Hungary and the Netherlands have taken the necessary disease control measures required in accordance with Delegated Regulation (EU) 2020/687, including the establishment of protection and surveillance zones around those outbreaks.
- (10) In addition, the competent authority of France decided to establish further restricted zones in addition to the protection and surveillance zones established for certain outbreaks located in that Member State.
- (11) Moreover, one outbreak confirmed in France is located in close proximity to the border with Belgium. Accordingly, the competent authorities of these Member States have duly collaborated with regard to the establishment of the necessary surveillance zone, in accordance with Delegated Regulation (EU) 2020/687, as the surveillance zone extends into the territory of Belgium.
- (12) Furthermore, the outbreak confirmed in Ireland is located in close proximity to the border with the United Kingdom in respect of Northern Ireland. In accordance with the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community ('Withdrawal Agreement'), and in particular Article 5(4) of the Protocol on Ireland/Northern Ireland in conjunction with Annex 2 to that Protocol, Regulation (EU) 2016/429, as well as the Commission acts based on it, apply to and in the United Kingdom in respect of Northern Ireland after the end of the transition period provided for in the Withdrawal Agreement.
- (13) Consequently, the emergency measures laid down in Implementing Decision (EU) 2021/641 apply in the United Kingdom in respect of Northern Ireland. Therefore, the competent authorities of Ireland and the United Kingdom in respect of Northern Ireland have duly collaborated with regard to the establishment of the necessary protection and surveillance zones in accordance with Delegated Regulation (EU) 2020/687, as the protection and surveillance zones related to the outbreak confirmed in Ireland extend into the territory of the United Kingdom in respect of Northern Ireland.
- (14) The Commission has examined the disease control measures taken by Belgium, Germany, Ireland, France, Croatia, Italy, Hungary, the Netherlands and the United Kingdom in respect of Northern Ireland, in collaboration with those Member States and the United Kingdom in respect of Northern Ireland, and it is satisfied that the boundaries of the protection and surveillance zones in Belgium, Germany, Ireland, France, Croatia, Italy, Hungary, the Netherlands and in the United Kingdom in respect of Northern Ireland, established by the competent authority of those Member States and of the United Kingdom in respect of Northern Ireland are at a sufficient distance from the establishments where the outbreaks of HPAI have been confirmed.

(*) Commission Implementing Decision C(2022) 8308 of 14 November 2022 amending the Annex to Implementing Decision 2021/641 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States.

- (15) In the Annex to Implementing Decision (EU) 2021/641, there are currently no areas listed as protection and surveillance zones for Ireland, Croatia and the United Kingdom in respect of Northern Ireland.
- (16) In order to prevent any unnecessary disturbance to trade within the Union and to avoid unjustified barriers to trade being imposed by third countries, it is necessary to rapidly describe at Union level, in collaboration with Belgium, Germany, Ireland, France, Croatia, Italy, Hungary, the Netherlands and the United Kingdom in respect of Northern Ireland, the protection and surveillance zones duly established by these Member States and the United Kingdom in respect of Northern Ireland in accordance with Delegated Regulation (EU) 2020/687, as well as the further restricted zones established by France.
- (17) Therefore, the areas listed as protection and surveillance zones for Belgium, Germany, France, Hungary, Italy and the Netherlands, as well as the areas listed as further restricted zones for France in the Annex to Implementing Decision (EU) 2021/641 should be amended.
- (18) In addition, protection and surveillance zones should be listed for Ireland, Croatia and for the United Kingdom in respect of Northern Ireland in the Annex to Implementing Decision (EU) 2021/641.
- (19) Accordingly, the Annex to Implementing Decision (EU) 2021/641 should be amended to update regionalisation at Union level to take account of the protection and surveillance zones duly established by Belgium, Germany, Ireland, France, Croatia, Italy, Hungary, the Netherlands and the United Kingdom in respect of Northern Ireland, and of the further restricted zones established by France in accordance with Delegated Regulation (EU) 2020/687, and the duration of the measures applicable therein.
- (20) Implementing Decision (EU) 2021/641 should therefore be amended accordingly.
- (21) Given the urgency of the epidemiological situation in the Union as regards the spread of HPAI, it is important that the amendments to be made to Implementing Decision (EU) 2021/641 by this Decision take effect as soon as possible.
- (22) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS DECISION:

Article 1

The Annex to Implementing Decision (EU) 2021/641 is replaced by the text set out in the Annex to this Decision.

Article 2

This Decision is addressed to the Member States.

Done at Brussels, 21 November 2022.

For the Commission
Stella KYRIAKIDES
Member of the Commission

ANNEX

‘ANNEX

Part A

Protection zones in the concerned Member States* as referred to in Articles 1 and 2:

Member State: Belgium

ADIS reference number of the outbreak	Area comprising:	Date until applicable in accordance with Article 39 of Delegated Regulation (EU) 2020/687
BE-HPAI(P)-2022-00009	Those parts of the municipalities Baarle-Hertog and Hoogstraten contained within a circle of a radius of 3 kilometres, centered on WGS84 dec. coordinates long 4,770673, lat 51,436901.	18.11.2022
BE-HPAI(P)-2022-00010	Those parts of the municipalities Kasterlee, Lille, Turnhout and Vosselaar contained within a circle of a radius of 3 kilometres, centered on WGS84 dec. coordinates long 4,930419, lat 51,27616.	30.11.2022

Member State: Bulgaria

ADIS reference number of the outbreak	Area comprising:	Date until applicable in accordance with Article 39 of Delegated Regulation (EU) 2020/687
<i>Region: Haskovo</i>		
BG-HPAI(P)-2022-00021	The following village in the Haskovo municipality: Krivo pole, Koren and Momino	23.11.2022

Member State: Denmark

ADIS reference number of the outbreak	Area comprising:	Date until applicable in accordance with Article 39 of Delegated Regulation (EU) 2020/687
DK-HPAI(P)-2022-00006	The parts of Slagelse municipality that are contained within a circle of radius 3 km, centered on GPS coordinates N 55,2347; E 11,3952	5.12.2022
DK-HPAI(NON-P)-2022-00148	The parts of Sønderborg municipality that are contained within a circle of radius 3 km, centered on GPS coordinates N 54,9365; E 9,9795	20.11.2022

Member State: Germany

ADIS reference number of the outbreak	Area comprising:	Date until applicable in accordance with Article 39 of Delegated Regulation (EU) 2020/687
BAYERN		
DE-HPAI(NON-P)-2022-01198	Kreis Miltenberg 3 km Radius um den Ausbruchsbetrieb GPS Koordinaten 9.178982 / 49.740677 Betroffen ist die Stadt Klingenberg a. Main mit der Gemarkung Trennfurt und Röllfeld sowie die Gemeinden Großheubach, Kleinheubach, Rüdenau und Laudenbach	28.11.2022

* In accordance with the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community, and in particular Article 5(4) of the Protocol on Ireland/Northern Ireland in conjunction with Annex 2 to that Protocol, for the purposes of this Annex, references to Member State include the United Kingdom in respect of Northern Ireland.'

COMMISSION IMPLEMENTING DECISION (EU) 2022/2323**of 22 November 2022****on the request for registration of the European citizens' initiative entitled 'European Day of "Whatever it Takes"', pursuant to Regulation (EU) 2019/788 of the European Parliament and of the Council****(Only the English text is authentic)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2019/788 of the European Parliament and of the Council of 17 April 2019 on the European citizens' initiative ⁽¹⁾, and in particular Article 6(2) and (3) thereof,

Whereas:

- (1) A request for registration of a European citizens' initiative entitled 'European Day of "Whatever it Takes"' was submitted to the Commission on 27 July 2022.
- (2) The objective of the initiative as expressed by the organisers is an 'appeal to the EU Commission for the institutionalization of the European Day of "Whatever it Takes" – 26 July 2012 to mark in history the institutional wisdom and game-changing capacity of the European Institutions during the Great Recession. An inspiring chapter of EU's functional resiliency and core capabilities for institutions, nations and societies to drive progress while sailing times of multiple-crisis management'.
- (3) An annex, as well as an additional document entitled 'Whatever it Takes Manifesto', provide further details on the subject matter, objectives and background to the initiative, by setting out and specifying the reasons to support the initiative. The initiative aims at celebrating a 'Whatever it Takes Day' as a 'symbolic act of pan Europeanism', in reference to the statement made by the former President of the European Central Bank Mario Draghi on 26 July 2012 which, according to the organisers, shaped the history of the euro area and economic integration by providing a comprehensive example of modern leadership and an inspiring vision. They further accompany their proposal with 'three key messages' in support of their plea for a 'WIT Day': '(a) to set in stone one of the most critical efforts to save the Euro, as an act of recognition of the EU institutional wisdom and resilience during the Great Recession that severely threatened Eurozone and national economies; (b) to bring EU voices together and celebrate the European values of democracy, cultural diversity, peace and human rights, in times of easy scorn, societal extremism, Euro-skepticism and populism rising throughout Europe; (c) to shed light on the adaptive power and crisis-solving capabilities that European institutions need to maintain to drive progress and face what lies ahead.'
- (4) On 26 August 2022, pursuant to Article 6(4) of Regulation (EU) 2019/788, the Commission informed the group of organisers of its assessment that the requirements laid down in Article 6(3), first subparagraph, points (a), (d) and (e), of that Regulation were fulfilled and that the requirement laid down in Article 6(3), point (b) was not applicable. The Commission also indicated that the text of the initiative as formulated in the request of 27 July 2022 did not allow it to conclude that it fulfilled the requirement set out in Article 6(3), first subparagraph, point (c) of Regulation (EU) 2019/788 and invited the organisers to clarify the specific objectives of the 'European Day of "Whatever it Takes"' and the concrete legal measures the Commission was invited to propose.
- (5) On 26 October 2022, the organisers notified the Commission of their decision to maintain their request for registration pursuant to Article 6(4) of Regulation (EU) 2019/788, without providing further clarifications on the scope of their initiative and the concrete legal measures the Commission is invited to propose.
- (6) It remains therefore unclear whether the institutionalisation of the 'Whatever it Takes' day is an event that is specifically related to the economic and monetary policy of the Union or one that aims to mark the capacity of the Union institutions as a whole to face and address challenges in general, or both.

⁽¹⁾ OJ L 130, 17.5.2019, p. 55.

- (7) There are no autonomous provisions in the Treaties providing for the establishment of commemorative days or years. In some cases, special commemorative European ‘days’ or ‘years’ have been formally established by legal acts adopted on the basis of substantive provisions in the Treaties relating to the subject matter of the special commemorations ⁽²⁾.
- (8) Insofar as the objective of the initiative appears, in substance, to be the institutionalisation of a European Day of ‘Whatever it Takes’ to celebrate the strength of the Union in facing economic and monetary challenges, the Commission cannot identify an appropriate legal basis in Title VIII TFEU concerning the economic and monetary policy which would allow the Commission to submit a proposal for a legal act exclusively establishing such a special commemorative European ‘day’.
- (9) However, the organisers’ description of the initiative contains a series of cross-cutting elements that indicate that the initiative is more general in scope, not targeting specific policy areas, and purely commemorative in nature. One of the key messages of the initiative is indeed ‘to bring EU voices together and celebrate the European values of democracy, cultural diversity, peace and human rights’ which correspond in part to the fundamental values of the Union expressed in Article 2 of the Treaty on European Union and in part to the general objectives of the Union laid down in Article 3 TEU.
- (10) Neither Articles 2 and 3 TEU nor Article 17 TEU, to which the organisers refer in their request for registration, provide the necessary concrete powers to the Commission to submit a proposal for a legal act of the Union, and thus cannot be used as a legal basis for a proposal for a legal act of the Union that would aim at pursuing the objectives of the initiative. However, actions aimed at increasing the awareness of the European Union and its values and communicating with its citizens in general have been adopted on the basis of Article 352 TFEU ⁽³⁾.
- (11) Considering that the objectives of the initiative seem to aim at enhancing respect for and promotion of several Union values and seem to target objectives corresponding to those of the Union as laid down in Article 3 TEU, and since the initiative does not seem to aim at the introduction or modification of legislation in any specific policy areas defined in the Treaties, it is concluded that, at least for the purpose of establishing whether the formal conditions for registration are met, it is not manifest that the Commission will be unable to make a proposal for a legal act establishing a commemorative day pursuing the attainment of the objectives of the Treaties on the basis of Article 352 TFEU. That provision allows the Commission to submit a proposal to the Council for measures necessary to attain one of the objectives set out in the Treaties, if the Treaties have not provided the necessary powers.
- (12) For those reasons, none of the parts of the initiative manifestly fall outside the framework of the Commission’s powers to submit a proposal for a legal act of the Union for the purpose of implementing the Treaties.
- (13) This conclusion is without prejudice to the assessment of whether the concrete substantive conditions required for the Commission to act, including compliance with the principles of proportionality and subsidiarity and compatibility with fundamental rights, would be met in this case.
- (14) The group of organisers has provided appropriate evidence that it fulfils the requirements laid down in Article 5(1) and (2) of Regulation (EU) 2019/788 and has designated the contact persons in accordance with Article 5(3), first subparagraph of that Regulation.
- (15) The initiative is not manifestly abusive, frivolous or vexatious, nor is it manifestly contrary to the values of the Union as set out in Article 2 of the Treaty on European Union and rights enshrined in the Charter of Fundamental Rights of the European Union.

⁽²⁾ See for instance Decision No 940/2011/EU of the European Parliament and of the Council of 14 September 2011 on the European Year for Active Ageing and Solidarity between Generations (2012) (OJ L 246, 23.9.2011, p. 5) based on Article 153(2) TFEU and Decision (EU) 2021/2316 of the European Parliament and of the Council of 22 December 2021 on a European Year of Youth (2022) (OJ L 462, 28.12.2021, p. 1), based on Article 165(2) TFEU.

⁽³⁾ See for instance Council Regulation (EU) No 390/2014 of 14 April 2014 establishing the ‘Europe for Citizens’ programme for the period 2014-2020 (OJ L 115, 17.4.2014, p. 3).

- (16) The initiative entitled 'European Day of "Whatever it Takes"' should therefore be registered.
- (17) The conclusion that the conditions for registration under Article 6(3) of Regulation (EU) 2019/788 are fulfilled does not imply that the Commission in any way confirms the factual correctness of the content of the initiative, which is the sole responsibility of the group of organisers of the initiative. The content of the initiative only expresses the views of the group of organisers, and can in no way be taken to reflect the views of the Commission,

HAS ADOPTED THIS DECISION:

Article 1

The European citizens' initiative entitled 'European Day of "Whatever it Takes"' shall be registered.

Article 2

This Decision is addressed to the group of organisers of the citizens' initiative entitled 'European Day of "Whatever it Takes"', represented by Mr Rui Pedro GONÇALVES DUARTE and Mr David Jorge FERREIRA DA SILVA acting as contact persons.

Done at Strasbourg, 22 November 2022.

For the Commission
Věra JOUROVÁ
Vice-President

COMMISSION IMPLEMENTING DECISION (EU) 2022/2324**of 23 November 2022****amending Decision 2008/294/EC, to include additional access technologies and measures for the operation of mobile communications services on aircraft (MCA services) in the Union***(notified under document C(2022) 8321)***(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Decision No 676/2002/EC of the European Parliament and of the Council of 7 March 2002 on a regulatory framework for radio spectrum policy in the European Community (Radio Spectrum Decision) ⁽¹⁾, and in particular Article 4(3) thereof,

Whereas:

- (1) Commission Decision 2008/294/EC ⁽²⁾ allows the operation of mobile communication services on board aircraft (MCA services) in the European Union with GSM, UMTS and LTE technologies and sets out the applicable harmonised technical conditions for MCA services.
- (2) Adding 5G connectivity on aircraft enhances communications services for passengers during travel, whilst making use of the latest available technology and ensuring efficient spectrum use. This contributes to the achievement of the objectives set out in the Commission's strategy on connectivity as set out by the Commission's Communication 'Connectivity for a Competitive Digital Single Market – towards a European Gigabit Society' ⁽³⁾ and updated with the Commission Communication '2030 Digital Compass: the European way for the Digital Decade' ⁽⁴⁾.
- (3) Furthermore, the current regulatory framework requires the operation of a network control unit (NCU) as part of MCA equipment on board aircraft to prevent mobile terminals on board from attempting to register with UMTS terrestrial mobile communications networks.
- (4) On 14 October 2020, the European Commission gave a mandate to the European Conference of Postal and Telecommunications Administrations (CEPT), pursuant to Article 4(2) of Decision No 676/2002/EC, to undertake technical studies on the potential use of 5G technology and on making use of the network control unit optional on board MCA-enabled aircraft.
- (5) In response to that mandate, on 5 November 2021 the CEPT adopted its Report 81, which provides for harmonised technical conditions to operate 5G non-active antenna system (non-AAS) connectivity for MCA in the 1800 MHz (1710-1785 MHz and 1805-1880 MHz) frequency band and sets out conditions for the usage of a network control unit in MCA.
- (6) CEPT Report 81 concluded that the usage of NCU in MCA operations in the downlink portion of the 900 MHz band (925-960 MHz) to prevent connection to ground-based 3G UMTS networks should currently remain mandatory. It further concluded that the usage of NCU in MCA operations in the 3G downlink portion of the paired terrestrial 2 GHz band (2110-2170 MHz) could be made optional in the near future. As a result of new technical developments, it was no longer necessary to prevent through an NCU the connection of mobile terminals to terrestrial mobile networks operating in the UMTS 1800 MHz frequency band.

⁽¹⁾ OJ L 108, 24.4.2002, p. 1.

⁽²⁾ Commission Decision 2008/294/EC of 7 April 2008 on harmonised conditions of spectrum use for the operation of mobile communication services on aircraft (MCA services) in the Community (OJ L 98, 10.4.2008, p. 19).

⁽³⁾ COM(2016) 587.

⁽⁴⁾ COM(2021) 118.

- (7) CEPT Report 81 did not report any interference (e.g., increased signalling load, capacity degradation) suffered by mobile network operators on their terrestrial UMTS networks using the 900 MHz or the paired terrestrial 2 GHz frequency bands from mobile terminals on board aircraft (regardless of whether an aircraft is equipped with an MCA system including an NCU or not). According to Report 81, such absence of reporting was attributed particularly to the complexity of the impact and of the measurement of that impact.
- (8) The difficulty of assessing interference from mobile phones on board MCA-equipped aircraft to 3G UMTS ground networks and the related lack of evidence in CEPT Report 81 as regards the necessity of NCU deployment for 3G UMTS should be duly considered. However, subsequent to CEPT Report 81 the CEPT, taking into account further inputs and developments, has decided that the use of an NCU on board MCA-equipped aircraft in the 900 MHz and in the paired terrestrial 2 GHz bands should no longer be mandatory as of 1 January 2026, in line with the ongoing pace of upgrading networks to 4G and 5G and of phasing out 3G networks. ⁽³⁾
- (9) MCA technical specifications should remain under review to ensure that they continuously match technological progress and market developments.
- (10) Decision 2008/294/EC should therefore be amended accordingly.
- (11) The measures provided for in this Decision are in accordance with the opinion of the Radio Spectrum Committee,

HAS ADOPTED THIS DECISION:

Article 1

The Annex to Decision 2008/294/EC is replaced by the text in the Annex to this Decision.

Article 2

As early as possible, and in any case by 30 June 2023, the Member States shall make the frequency bands for 5G non-AAS indicated in Table 1 in the Annex available for MCA services on a non-interference and non-protected basis, provided such services meet the conditions set out in the Annex.

Article 3

This Decision is addressed to the Member States.

Done at Brussels, 23 November 2022.

For the Commission
Margrethe VESTAGER
Member of the Commission

⁽³⁾ With the amendment of ECC Decision (06)07 adopted on 1.7.2022, following a CEPT public consultation.

ANNEX

1. Frequency bands and systems allowed for MCA Services

Table 1

Type	Frequency	System
GSM 1 800	1 710-1 785 MHz (uplink) 1 805-1 880 MHz (downlink)	GSM complying with the GSM standards as published by ETSI, in particular EN 301 502, EN 301 511 and EN 302 480, or equivalent specifications.
UMTS 2 100 (FDD)	1 920-1 980 MHz (uplink) 2 110-2 170 MHz (downlink)	UMTS complying with the UMTS standards as published by ETSI, in particular EN 301 908-1, EN 301 908-2, EN 301 908-3 and EN 301 908-11, or equivalent specifications.
LTE 1 800 (FDD)	1 710-1 785 MHz (uplink) 1 805-1 880 MHz (downlink)	LTE complying with LTE standards, as published by ETSI, in particular EN 301 908-1, EN 301 908-13, EN 301 908-14, and EN 301 908-15, or equivalent specifications.
5G NR non-AAS	1 710-1 785 MHz (uplink) 1 805-1 880 MHz (downlink)	5G NR non-AAS complying with the 5G NR standards as published by ETSI, in particular EN 301 908-24 and EN 301 908-25, or equivalent specifications.

2. Prevention of connection of mobile terminals to ground networks

(a) Until 1 January 2026, mobile terminals receiving within the frequency bands and systems listed in Table 2 must be prevented from attempting to register with UMTS mobile networks on the ground:

- by the inclusion, in the MCA system, of a network control unit (NCU), which raises the noise floor inside the cabin in mobile receive bands, and/or
- by aircraft fuselage shielding to further attenuate the signal entering and leaving the fuselage.

Table 2

Frequency bands (MHz)	Systems on the ground
925-960 MHz	UMTS
2 110-2 170 MHz	UMTS

After this date, MCA operators may decide to continue implementing an NCU in the frequency bands and systems listed in Table 2.

(b) In addition to the provisions in paragraph a), MCA operators may decide to implement an NCU for terrestrial systems providing electronic communications services in the frequency bands listed in Table 3.

Table 3

Frequency bands (MHz)
460-470 MHz
791-821 MHz
925-960 MHz

1 805-1 880 MHz
2 110-2 170 MHz
2 620-2 690 MHz
2 570-2 620 MHz

3. Technical parameters

(a) Equivalent isotropic radiated power (EIRP) limits, outside the aircraft, resulting from the NCU/aircraft Base Station (BS)

Table 4

Height above ground (m)	Maximum EIRP outside the aircraft in dBm/(channel bandwidth)			
	NCU ⁽¹⁾	Aircraft GSM and LTE BS	Aircraft 5G NR non-AAS BS	Aircraft UMTS BS and NCU
	Band: 900 MHz	Band: 1 800 MHz	Band: 1 800MHz	Band: 2 100 MHz
	Channel Bandwidth = 3,84 MHz	Channel Bandwidth = 200 kHz ⁽²⁾	Channel Bandwidth = 5 MHz ⁽³⁾	Channel Bandwidth = 3,84 MHz
3 000	- 6,2	- 13,0	10	1,0
4 000	- 3,7	- 10,5	13	3,5
5 000	- 1,7	- 8,5	15	5,4
6 000	- 0,1	- 6,9	16	7,0
7 000	1,2	- 5,6	18	8,3
8 000	2,3	- 4,4	19	9,5

⁽¹⁾ The aircraft BS is not in operation at 900 MHz, however, an NCU is needed to prevent terminals using other MCA channels from connecting to the 900 MHz UMTS terrestrial networks.

⁽²⁾ For channel bandwidth other than 200 kHz, a correction, calculated by the formula $10 \times \log_{10} (\text{channel bandwidth}/(200 \text{ kHz}))$ dB, shall be added to the EIRP values.

⁽³⁾ For channel bandwidth other than 5 MHz, a correction, calculated by the formula $10 \times \log_{10} (\text{channel bandwidth}/(5 \text{ MHz}))$ dB, shall be added to the EIRP values.

(b) EIRP limits outside the aircraft, resulting from the mobile terminal operating on board

Table 5

Height above ground	Maximum EIRP, outside the aircraft, from the GSM mobile terminal in dBm/200 kHz	Maximum EIRP, outside the aircraft, from the LTE mobile terminal in dBm/5 MHz ⁽¹⁾	Maximum EIRP, outside the aircraft, from the LTE and 5G NR mobile terminal in dBm/5 MHz ⁽²⁾ ⁽³⁾ ⁽⁴⁾	Maximum EIRP, outside the aircraft, from the UMTS mobile terminal in dBm/3,84 MHz
(m)	GSM 1 800 MHz	LTE 1 800 MHz	LTE and 5G NR 1 800 MHz	UMTS 2 100 MHz
3 000	- 3,3	1,7	0	3,1
4 000	- 1,1	3,9	2	5,6
5 000	0,5	5	4	7
6 000	1,8	5	6	7
7 000	2,9	5	7	7

8 000	3,8	5	8	7
-------	-----	---	---	---

(¹) These conditions apply to the operation of MCA systems installed until 31 December 2022.

(²) These conditions apply to the operation of MCA systems installed after 31 December 2022.

(³) For channel bandwidth other than 5 MHz, a correction, calculated by the formula $10 \times \log_{10} (\text{channel bandwidth}/5 \text{ MHz})$ dB, shall be added to the EIRP values.

(⁴) The EIRP is specified per channel regardless of the used channel bandwidth due to the fact that multiple mobile terminals could be operated.

(c) EIRP limits outside the aircraft, resulting from the NCU, in other relevant frequency bands

When MCA operators decide to use an NCU to prevent mobile terminals from attempting to register with non UMTS mobile networks on the ground in the frequency bands listed in Table 3, the maximum values indicated in Table 6 apply for the total EIRP outside the aircraft, resulting from the NCU, in conjunction with the values mentioned in Table 4.

Table 6

Height above ground (m)	Maximum EIRP outside the aircraft, resulting from the NCU			
	460-470 MHz	791-821 MHz	1 805-1 880 MHz	2 570-2 690 MHz
	dBm/1,25 MHz	dBm/10 MHz	dBm/200 kHz	dBm/4,75 MHz
3 000	- 17,0	- 0,87	- 13,0	1,9
4 000	- 14,5	1,63	- 10,5	4,4
5 000	- 12,6	3,57	- 8,5	6,3
6 000	- 11,0	5,15	- 6,9	7,9
7 000	- 9,6	6,49	- 5,6	9,3
8 000	- 8,5	7,65	- 4,4	10,4

(d) Operational requirements

- (1) The minimum height above ground for any transmission from an MCA system in operation must be 3 000 metres.
- (2) The aircraft Base Station, while in operation, must limit the transmit power of all GSM mobile terminals transmitting in the 1 800 MHz band to a nominal value of 0 dBm/200 kHz at all stages of communication, including initial access.
- (3) The aircraft Base Station, while in operation, must limit the transmit power of all LTE mobile terminals transmitting in the 1 800 MHz band to a nominal value of 5 dBm/5 MHz at all stages of communication.
- (4) The aircraft Base Station, while in operation, must limit the transmit power of all UMTS mobile terminals transmitting in the 2 100 MHz band to a nominal value of -6 dBm/3,84 MHz at all stages of communication and the maximum number of users should not exceed 20.
- (5) The aircraft Base Station, during operation, must limit the transmit power of all 5G NR mobile terminals transmitting in the 1 800 MHz band to a nominal value of 5 dBm/channel at all stages of communication, including initial access.

COMMISSION IMPLEMENTING DECISION (EU) 2022/2325**of 24 November 2022****not approving 1,2-benzisothiazol-3(2H)-one (BIT) as an active substance for use in biocidal products of product-type 10 in accordance with Regulation (EU) No 528/2012 of the European Parliament and of the Council****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 528/2012 of the European Parliament and of the Council of 22 May 2012 concerning the making available on the market and use of biocidal products ⁽¹⁾, and in particular Article 9(1), point (b), thereof,

Whereas:

- (1) Pursuant to Article 11(1) of Directive 98/8/EC of the European Parliament and of the Council ⁽²⁾, an application for approval of 1,2-benzisothiazol-3(2H)-one (BIT) for use in biocidal products of product-type 10, masonry preservatives, as described in Annex V of that Directive, corresponding to product-type 10, construction material preservatives, as described in Annex V to Regulation (EU) No 528/2012, was submitted to the competent authority of Spain on 22 December 2009.
- (2) Pursuant to Article 90(2), first subparagraph, of Regulation (EU) No 528/2012, applications submitted for the purposes of Directive 98/8/EC for which the Member States' evaluation in accordance with Article 11(2) of Directive 98/8/EC has not been completed by 1 September 2013 are to be evaluated by the competent authorities in accordance with the provisions of that Regulation.
- (3) On 1 October 2019, during the evaluation of the active substance by the evaluating competent authority, the applicant withdrew its application and no longer requests the approval of BIT as an active substance for use in biocidal products of product-type 10.
- (4) BIT is not included for product-type 10 in Annex II to Commission Delegated Regulation (EU) No 1062/2014 ⁽³⁾, which lists the active substance/product-type combinations included in the work programme for the examination of existing biocidal active substances contained in biocidal products. Biocidal products of product-type 10 containing BIT are therefore not covered by the transitional provisions laid down in Article 89(2) of Regulation (EU) No 528/2012 and may therefore not be made available or used on the Union market.
- (5) However, in accordance with the transitional provision set out in Article 94(1), point (a), of Regulation (EU) No 528/2012, a treated article treated with or intentionally incorporating one or more biocidal products containing only active substances that are under examination for the relevant product-type in the work programme referred to in Article 89(1) of that Regulation on 1 September 2016 or for which an application for approval for the relevant product-type is submitted by that date, or containing only a combination of such substances and active substances included in the list drawn up in accordance with Article 9(2) of that Regulation for the relevant product-type and use or included in Annex I, may be placed on the market until the date falling 180 days after a decision not to approve one of the active substances for the relevant use, when such decision is adopted after 1 September 2016.

⁽¹⁾ OJ L 167, 27.6.2012, p. 1.

⁽²⁾ Directive 98/8/EC of the European Parliament and of the Council of 16 February 1998 concerning the placing of biocidal products on the market (OJ L 123, 24.4.1998, p. 1).

⁽³⁾ Commission Delegated Regulation (EU) No 1062/2014 of 4 August 2014 on the work programme for the systematic examination of all existing active substances contained in biocidal products referred to in Regulation (EU) No 528/2012 of the European Parliament and of the Council (OJ L 294, 10.10.2014, p. 1).

- (6) As the applicant has withdrawn the application for approval of BIT for use in biocidal products of product-type 10, there is no biocidal product to be evaluated. Consequently, the competent authority did not finalise the assessment report and the European Chemicals Agency did not prepare an opinion. Finally, as there is no biocidal product of product-type 10 containing BIT that may be expected to meet the criteria laid down in Article 19(1), point (b), of Regulation (EU) No 528/2012, the conditions laid down in Article 4(1) of that Regulation are not met. Considering also the need to ensure that treated articles treated with or intentionally incorporating BIT for product-type 10 are no longer placed on the Union market, it is appropriate not to approve BIT for use in biocidal products of product-type 10.
- (7) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Biocidal Products,

HAS ADOPTED THIS DECISION:

Article 1

1,2-benzisothiazol-3(2H)-one (BIT) (EC No: 220-120-9; CAS No: 2634-33-5) is not approved as an active substance for use in biocidal products of product-type 10.

Article 2

This Decision shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

COMMISSION IMPLEMENTING DECISION (EU) 2022/2326**of 24 November 2022****not approving epsilon-metofluthrin as an active substance for use in biocidal products of product-type 19 in accordance with Regulation (EU) No 528/2012 of the European Parliament and of the Council****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 528/2012 of the European Parliament and of the Council of 22 May 2012 concerning the making available on the market and use of biocidal products ⁽¹⁾, and in particular Article 9(1), point (b), thereof,

Whereas:

- (1) Pursuant to Article 11(1) of Directive 98/8/EC of the European Parliament and of the Council ⁽²⁾, an application for approval of epsilon-metofluthrin for use in biocidal products of product-type 19, repellents and attractants, as described in Annex V of that Directive, corresponding to product-type 19, repellents and attractants, as described in Annex V to Regulation (EU) No 528/2012, was in January 2011 submitted to the competent authority of the United Kingdom, replaced by the competent authority of Spain as of 1 February 2020.
- (2) Pursuant to Article 90(2), first subparagraph, of Regulation (EU) No 528/2012, applications submitted for the purposes of Directive 98/8/EC for which the Member States' evaluation in accordance with Article 11(2) of Directive 98/8/EC has not been completed by 1 September 2013 are to be evaluated by the competent authorities in accordance with the provisions of that Regulation.
- (3) On 24 October 2019, during the preparation of the opinion on the approval by the European Chemicals Agency, the applicant withdrew its application and no longer requests the approval of epsilon-metofluthrin as an active substance for use in biocidal products of product-type 19.
- (4) Epsilon-metofluthrin is not included for product-type 19 in Annex II to Commission Delegated Regulation (EU) No 1062/2014 ⁽³⁾, which lists the active substance/product-type combinations included in the work programme for the examination of existing biocidal active substances contained in biocidal products. Biocidal products of product-type 19 containing epsilon-metofluthrin are therefore not covered by the transitional provisions laid down in Article 89(2) of Regulation (EU) No 528/2012 and may therefore not be made available or used on the Union market.
- (5) However, in accordance with the transitional provision set out in Article 94(1), point (a), of Regulation (EU) No 528/2012, a treated article treated with or intentionally incorporating one or more biocidal products containing only active substances that are under examination for the relevant product-type in the work programme referred to in Article 89(1) of that Regulation on 1 September 2016 or for which an application for approval for the relevant product-type is submitted by that date, or containing only a combination of such substances and active substances included in the list drawn up in accordance with Article 9(2) of that Regulation for the relevant product-type and use or included in Annex I, may be placed on the market until the date falling 180 days after a decision not to approve one of the active substances for the relevant use, when such decision is adopted after 1 September 2016.

⁽¹⁾ OJ L 167, 27.6.2012, p. 1.

⁽²⁾ Directive 98/8/EC of the European Parliament and of the Council of 16 February 1998 concerning the placing of biocidal products on the market (OJ L 123, 24.4.1998, p. 1).

⁽³⁾ Commission Delegated Regulation (EU) No 1062/2014 of 4 August 2014 on the work programme for the systematic examination of all existing active substances contained in biocidal products referred to in Regulation (EU) No 528/2012 of the European Parliament and of the Council (OJ L 294, 10.10.2014, p. 1).

- (6) As the applicant has withdrawn the application for approval of epsilon-metofluthrin for use in biocidal products of product-type 19, there is no biocidal product to be evaluated. Consequently, the European Chemicals Agency did not prepare an opinion. Finally, as there is no biocidal product of product-type 19 containing epsilon-metofluthrin that may be expected to meet the criteria laid down in Article 19(1), point (b), of Regulation (EU) No 528/2012, the conditions laid down in Article 4(1) of that Regulation are not met. Considering also the need to ensure that treated articles treated with or intentionally incorporating epsilon-metofluthrin for product-type 19 are no longer placed on the Union market, it is appropriate not to approve epsilon-metofluthrin for use in biocidal products of product-type 19.
- (7) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Biocidal Products,

HAS ADOPTED THIS DECISION:

Article 1

Epsilon-metofluthrin (CAS No: 240494-71-7) is not approved as an active substance for use in biocidal products of product-type 19.

COMMISSION IMPLEMENTING DECISION (EU) 2022/2327**of 24 November 2022****not approving chloramin B as an active substance for use in biocidal products of product-types 2, 3, 4 and 5 in accordance with Regulation (EU) No 528/2012 of the European Parliament and of the Council****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 528/2012 of the European Parliament and of the Council of 22 May 2012 concerning the making available on the market and use of biocidal products ⁽¹⁾, and in particular Article 9(1), point (b), thereof,

Whereas:

- (1) Pursuant to Article 11(1) of Directive 98/8/EC of the European Parliament and of the Council ⁽²⁾, applications for approval of chloramin B for use in biocidal products of product-types 2, 3, 4 and 5 (private area and public health area disinfectants and other biocidal products, veterinary hygiene biocidal products, food and feed area disinfectants, drinking water disinfectants) as described in Annex V of that Directive, corresponding to product-types 2, 3, 4 and 5 (disinfectants and algaecides not intended for direct application to humans or animals, veterinary hygiene, food and feed area, drinking water) as described in Annex V to Regulation (EU) No 528/2012, were submitted to the competent authority of the Czech Republic on 25 October 2008.
- (2) Pursuant to Article 90(2), first subparagraph, of Regulation (EU) No 528/2012, applications submitted for the purposes of Directive 98/8/EC for which the Member States' evaluation in accordance with Article 11(2) of Directive 98/8/EC has not been completed by 1 September 2013 are to be evaluated by the competent authorities in accordance with the provisions of that Regulation.
- (3) On 25 October 2021, during the evaluation of the active substance by the evaluating competent authority, the applicant withdrew its applications and no longer requests the approval of chloramin B as an active substance for use in biocidal products of product-types 2, 3, 4 and 5.
- (4) Chloramin B is not included for product-types 2, 3, 4 and 5 in Annex II to Commission Delegated Regulation (EU) No 1062/2014 ⁽³⁾, which lists the active substance/product-type combinations included in the work programme for the examination of existing biocidal active substances contained in biocidal products. Biocidal products of product-types 2, 3, 4 and 5 containing chloramin B are therefore not covered by the transitional provisions laid down in Article 89(2) of Regulation (EU) No 528/2012 and may therefore not be made available or used on the Union market.
- (5) However, in accordance with the transitional provision set out in Article 94(1), point (a), of Regulation (EU) No 528/2012, a treated article treated with or intentionally incorporating one or more biocidal products containing only active substances that are under examination for the relevant product-type in the work programme referred to in Article 89(1) of that Regulation on 1 September 2016 or for which an application for approval for the relevant product-type is submitted by that date, or containing only a combination of such substances and active

⁽¹⁾ OJ L 167, 27.6.2012, p. 1.

⁽²⁾ Directive 98/8/EC of the European Parliament and of the Council of 16 February 1998 concerning the placing of biocidal products on the market (OJ L 123, 24.4.1998, p. 1).

⁽³⁾ Commission Delegated Regulation (EU) No 1062/2014 of 4 August 2014 on the work programme for the systematic examination of all existing active substances contained in biocidal products referred to in Regulation (EU) No 528/2012 of the European Parliament and of the Council (OJ L 294, 10.10.2014, p. 1).

substances included in the list drawn up in accordance with Article 9(2) of that Regulation for the relevant product-type and use or included in Annex I, may be placed on the market until the date falling 180 days after a decision not to approve one of the active substances for the relevant use, when such decision is adopted after 1 September 2016.

- (6) As the applicant has withdrawn the applications for approval of chloramin B for use in biocidal products of product-types 2, 3, 4 and 5, there are no biocidal products to be evaluated. Consequently, the competent authority did not finalise the assessment reports and the European Chemicals Agency did not prepare any opinion. Finally, as there are no biocidal products of product-types 2, 3, 4 and 5 containing chloramin B that may be expected to meet the criteria laid down in Article 19(1), point (b), of Regulation (EU) No 528/2012, the conditions laid down in Article 4(1) of that Regulation are not met. Considering also the need to ensure that treated articles treated with or intentionally incorporating chloramin B for product-types 2, 3, 4 and 5 are no longer placed on the Union market, it is appropriate not to approve chloramin B for use in biocidal products of product-types 2, 3, 4 and 5.
- (7) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Biocidal Products,

HAS ADOPTED THIS DECISION:

Article 1

Chloramin B (EC No: 204-847-9; CAS No: 127-52-6) is not approved as an active substance for use in biocidal products of product-types 2, 3, 4 and 5.
