- (2) In accordance with Article 14(1) of Regulation (EU) 2021/2116, the annual ceiling for the EAGF expenditure is to be constituted by the maximum amounts for the sub-ceiling for market related expenditure and direct payments set out in Annex I to Council Regulation (EU, Euratom) 2020/2093 ⁽³⁾.
- (3) In accordance with Article 17(5), second subparagraph, of Regulation (EU) 2021/2115 of the European Parliament and of the Council ⁽⁴⁾, one Member State decided in its CAP Strategic Plan to reduce the amount of direct payments to be granted to farmers for calendar years 2023 to 2026 and to transfer the resulting estimated product of reduction to the EAFRD.
- (4) In accordance with Article 103(1), point (a), and Article 103(2) of Regulation (EU) 2021/2115, several Member States decided in their CAP Strategic Plan to transfer for calendar years 2023 to 2026 a certain percentage of their allocations for direct payments to their allocations for the EAFRD.
- (5) In accordance with Article 103(1), point (b), and Article 103(3) of Regulation (EU) 2021/2115, several Member States decided in their CAP Strategic Plan to transfer to their allocations for direct payments a certain percentage of their EAFRD allocations for financial years 2024 to 2027.
- (6) The relevant Member States' allocations for direct payments set out in Annexes V and IX to Regulation (EU) 2021/2115, as well as the annual breakdown by Member State of the Union support for rural development set out in Annex XI to that Regulation, were adapted consequently through Commission Delegated Regulation (EU) 2023/813 ⁽⁵⁾.

⁽¹⁾ OJ L 435, 6.12.2021, p. 187.

⁽⁴⁾ Regulation (EU) 2021/2115 of the European Parliament and of the Council of 2 December 2021 establishing rules on support for strategic plans to be drawn up by Member States under the common agricultural policy (CAP Strategic Plans) and financed by the European Agricultural Guarantee Fund (EAGF) and by the European Agricultural Fund for Rural Development (EAFRD) and repealing Regulations (EU) No 1305/2013 and (EU) No 1307/2013 (OJ L 435, 6.12.2021, p. 1).

COMMISSION IMPLEMENTING DECISION (EU) 2023/901**of 28 April 2023****amending the Annex to Implementing Decision (EU) 2021/641 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States***(notified under document C(2023) 2993)***(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2016/429 of the European Parliament and of the Council of 9 March 2016 on transmissible animal diseases and amending and repealing certain acts in the area of animal health ('Animal Health Law') ⁽¹⁾, and in particular Article 259(1), point (c), thereof,

Whereas:

- (1) Highly pathogenic avian influenza (HPAI) is an infectious viral disease in birds and may have a severe impact on the profitability of poultry farming causing disturbance to trade within the Union and exports to third countries. HPAI viruses can infect migratory birds, which can then spread these viruses over long distances during their autumn and spring migrations. Therefore, the presence of HPAI viruses in wild birds poses a continuous threat for the direct and indirect introduction of these viruses into establishments where poultry or captive birds are kept. In the event of an outbreak of HPAI, there is a risk that the disease agent may spread to other establishments where poultry or captive birds are kept.
- (2) Regulation (EU) 2016/429 establishes a new legislative framework for the prevention and control of diseases that are transmissible to animals or humans. HPAI falls within the definition of a listed disease in that Regulation, and it is subject to the disease prevention and control rules laid down therein. In addition, Commission Delegated Regulation (EU) 2020/687 ⁽²⁾ supplements Regulation (EU) 2016/429 as regards the rules for the prevention and control of certain listed diseases, including disease control measures for HPAI.
- (3) Commission Implementing Decision (EU) 2021/641 ⁽³⁾ was adopted within the framework of Regulation (EU) 2016/429 and it lays down emergency measures at Union level in relation to outbreaks of HPAI.
- (4) More particularly, Implementing Decision (EU) 2021/641 provides that the protection, surveillance and further restricted zones established by the Member States following outbreaks of HPAI, in accordance with Delegated Regulation (EU) 2020/687, are to comprise at least the areas listed as protection, surveillance and further restricted zones in the Annex to that Implementing Decision.
- (5) The Annex to Implementing Decision (EU) 2021/641 was recently amended by Commission Implementing Decision (EU) 2023/816 ⁽⁴⁾ following outbreaks of HPAI in poultry or captive birds in Bulgaria, Czechia, Italy, Hungary and Poland that needed to be reflected in that Annex.

⁽¹⁾ OJ L 84, 31.3.2016, p. 1.

⁽²⁾ Commission Delegated Regulation (EU) 2020/687 of 17 December 2019 supplementing Regulation (EU) 2016/429 of the European Parliament and the Council, as regards rules for the prevention and control of certain listed diseases (OJ L 174, 3.6.2020, p. 64).

⁽³⁾ Commission Implementing Decision (EU) 2021/641 of 16 April 2021 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States (OJ L 134, 20.4.2021, p. 166).

⁽⁴⁾ Commission Implementing Decision (EU) 2023/816 of 5 April 2023 amending the Annex to Implementing Decision (EU) 2021/641 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States (OJ L 102, 17.4.2023, p. 22).

- (6) Since the date of adoption of Implementing Decision (EU) 2023/816, Czechia, Denmark, Germany, Italy, Hungary and Poland have notified the Commission of new outbreaks of HPAI in establishments where poultry or captive birds were kept, located in Central Bohemian Region in Czechia, in Sønderborg municipality in Denmark, in Baden-Württemberg and Saxony-Anhalt Lander in Germany, in Emilia-Romagna, Lombardy and Veneto Regions in Italy, in Bács-Kiskun and Csongrád-Csanád counties in Hungary, and in Greater Poland Voivodeship in Poland.
- (7) The competent authorities of Czechia, Denmark, Germany, Italy, Hungary and Poland have taken the necessary disease control measures required in accordance with Delegated Regulation (EU) 2020/687, including the establishment of protection and surveillance zones around those outbreaks.
- (8) In addition, the competent authority of Italy decided to establish further restricted zones in addition to the protection and surveillance zones established for certain outbreaks located in that Member State.
- (9) The Commission has examined the disease control measures taken by Czechia, Denmark, Germany, Italy, Hungary and Poland in collaboration with those Member States, and it is satisfied that the boundaries of the protection and surveillance zones in Czechia, Denmark, Germany, Italy, Hungary and Poland established by the competent authority of those Member States are at a sufficient distance from the establishments where the outbreaks of HPAI have been confirmed.
- (10) In the Annex to Implementing Decision (EU) 2021/641, there are currently no areas listed as further restricted zones for Italy.
- (11) In order to prevent any unnecessary disturbance to trade within the Union and to avoid unjustified barriers to trade being imposed by third countries, it is necessary to rapidly describe at Union level, in collaboration with Czechia, Denmark, Germany, Italy, Hungary and Poland, the protection and surveillance zones duly established by those Member States in accordance with Delegated Regulation (EU) 2020/687, as well as the further restricted zones established by Italy.
- (12) Therefore, the areas listed as protection and surveillance zones for Czechia, Denmark, Germany, Italy, Hungary and Poland, in the Annex to Implementing Decision (EU) 2021/641 should be amended.
- (13) In addition, further restricted zones should be listed for Italy in the Annex to Implementing Decision (EU) 2021/641.
- (14) Accordingly, the Annex to Implementing Decision (EU) 2021/641 should be amended to update regionalisation at Union level to take account of the protection and surveillance zones duly established by Czechia, Denmark, Germany, Italy, Hungary and Poland, and of the further restricted zones established by Italy in accordance with Delegated Regulation (EU) 2020/687, and the duration of the measures applicable therein.
- (15) Implementing Decision (EU) 2021/641 should therefore be amended accordingly.
- (16) Given the urgency of the epidemiological situation in the Union as regards the spread of HPAI, it is important that the amendments to be made to Implementing Decision (EU) 2021/641 by this Decision take effect as soon as possible.
- (17) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS DECISION:
